Information or summaries of information included herein with respect to the Underlying(s), has been extracted from general databases released publicly or by any other available information.   - (ii) **Admission to trading:** Application has been made for the Notes to be admitted to trading on the regulated market of the Luxembourg Stock Exchange with effect from or as soon as practicable after the Issue Date.
  
2. **RATINGS**

**Ratings:** The Notes to be issued have not been rated.
  
3. **NOTIFICATION AND AUTHORISATION**

The *Commission de Surveillance du Secteur Financier (CSSF)*, Luxembourg, has provided the *Autorité des marchés financiers (AMF)*, France, with a certificate of approval attesting that the Debt Issuance Programme Prospectus has been drawn up in accordance with the Prospectus Directive.

The Issuer and the Guarantor have authorised the use of these Final Terms and the Debt Issuance Programme Prospectus dated 28 April 2009 by the Dealer/Managers and the entities in charge of the distribution of the Notes (the **Distributors** and, together with the Dealer/Managers, the **Financial Intermediaries**) in connection with offers of the Notes to the public in France for the period set out in paragraph 13 below, being specified that names and addresses of the Distributors, if any, are available upon request to the Dealer (specified above in the item 40 of the Part A).
  
4. **INTERESTS OF NATURAL AND LEGAL PERSONS INVOLVED IN THE ISSUE**

Save for any fees payable to the Dealer, and except as mentioned below, so far as the Issuer is aware, no person involved in the issue of the Notes has an interest material to the offer.

The Issuer and Société Générale expect to enter into hedging transactions in order to hedge the Issuer's obligations under the Notes. Should any conflicts of interest arise between (i) the responsibilities of Société Générale as Calculation Agent for the Notes and (ii) the responsibilities of Société Générale as counterparty to the above mentioned hedging transactions, the Issuer and Société Générale hereby represent that such conflicts of interest will be resolved in a manner which respects the interests of the Noteholders.
  
5. **REASONS FOR THE OFFER, ESTIMATED NET PROCEEDS AND TOTAL EXPENSES**
  - (i) **Reasons for the offer:** See "Use of Proceeds" wording in Debt Issuance Programme Prospectus

**7. HISTORIC INTEREST RATES (Floating Rate Notes only)**

**8. PERFORMANCE OF INDEX/FORMULA, EXPLANATION OF EFFECT ON VALUE OF INVESTMENT AND ASSOCIATED RISKS AND OTHER INFORMATION CONCERNING THE UNDERLYING (Index Linked Notes only)**

Under these Notes, the Noteholders will not receive any coupons during the term of the Notes. At maturity, the Noteholders are entitled to receive at least the amount initially invested on the Issue Date (the « Minimum Redemption Amount »). The actual redemption date of these Notes is directly related to the performance of the Underlying(s): the better the performance, the sooner the redemption date and conversely, the worse the performance and the later the redemption date. The return under these Notes is totally linked to the performance of the Underlying(s): the higher the performance, the higher the return. The return depends upon the fact that the performance of the Underlying(s) reaches or does not reach a pre-determined threshold. Accordingly, a small downward or upward movement of the Underlying(s) close to the threshold may result in a significantly larger increase or decrease of the return of the Notes. Some of the performances used to calculate the return of the Notes are capped at a pre-determined level, i.e. the Noteholders may not benefit from any future performance, if any, above that level. The return of these Notes is linked to the performances of the Underlying(s) as calculated on pre-determined Valuation Dates, and regardless of the level of such Underlying(s) between these dates. As a result, the Closing Price of the Underlying(s) on these dates will affect the value of the Notes more than any other single factor. Under these Notes, at maturity, the Noteholders will receive at least 100% of the amount initially invested on the Issue Date. The Notes are different from conventional debt securities in that there will be no periodic payment of interest on the Notes, and the effective yield to maturity of the Notes based on the Minimum Redemption Amount may be less than that which would be payable on such a conventional debt security. Noteholders should realize that the return of only the Minimum Redemption Amount at maturity will not compensate for any opportunity cost implied by inflation and other factors relating to the time value of money.

Pursuant to the provisions of the Commodities Technical Annex, upon the occurrence of certain Extraordinary Events and Adjustments affecting the Underlying, the Calculation Agent may decide an Early Redemption of the Notes on the basis of Market Value.

**PUBLIC OFFERS**

13. The Notes issued on the Issue Date will be fully subscribed by Société Générale and thereafter offered to the public in the secondary market, in France, from 25 February 2010 to 30 April 2010.

The Offer Price of the Notes evolves at a rate of 2% between the Issue Date and the 30 April 2010 in order to reach 100% on 30 April 2010 in accordance with the following formula :

$$99,65\% \times \left( 1 + 2\% \times \frac{Nb(t)}{360} \right)$$

Where :

“Nb(t)” means, the number of calendar days between the Issue Date and such date “t” on which the Market Value of the Note will be calculated (both dates included).

**Post-issuance information:** The Issuer does not intend to provide any post-issuance information in relation to any assets underlying issues of Notes constituting derivative securities.
