COMMERZBANK 

* The Dow Jones Industrial AverageSM is a product of Dow Jones Indexes, a licensed trademark of CME Group Index Services LLC ("CME"), and has been licensed for use. "Dow Jones[®]", "Dow Jones Industrial AverageSM", "DJIASM" and "Dow Jones Indexes" are service marks of Dow Jones Trademark Holdings, LLC ("Dow Jones"), have been licensed to CME and have been sublicensed for use for certain purposes by Commerzbank Aktiengesellschaft ("Licensee"). Licensee's Products based on the Dow Jones Industrial AverageSM, are not sponsored, endorsed, sold or promoted by Dow Jones, CME or their respective affiliates and none of them makes any representation regarding the advisability of investing in such products.

In addition to the information relevant to individual issues, these Final Terms repeat some of the information set out in the Base Prospectus dated 05 March 2010 regarding the Warrants where the Issuer deems such information necessary in order to satisfy the investor's need for information in relation to the respective issue of Warrants.

RISK FACTORS

The purchase of warrants issued (the "**Warrants**") is associated with certain risks. The information set forth hereinafter merely describes the major risks that are associated with an investment in the Warrants in the Issuer's opinion. In this regard, however, **the Issuer expressly points out that the description of the risks associated with an investment in the Warrants is not exhaustive.**

In addition, the order in which such risks are presented does not indicate the extent of their potential commercial effects in the event that they are realised, or the likelihood of their realisation. The realisation of one or more of said risks may adversely affect the assets, finances and profits of Commerzbank Aktiengesellschaft or the value of the Warrants themselves.

Moreover, additional risks that are not known at the date of preparation of the Base Prospectus and this Final Terms or currently believed to be immaterial could likewise have an adverse effect on the value of the Warrants.

The occurrence of one or more of the risks disclosed in the Base Prospectus, any supplement and/or this Final Terms or any additional risks may lead to a material and sustained loss and, depending on the structure of the Warrant, even result in the **total loss** of the investor's capital.

Investors should purchase the Warrants only if they are able to bear the risk of losing the capital invested, including any transaction costs incurred.

Potential investors in the Warrants must in each case determine the suitability of the relevant investment in light of their own personal and financial situation. In particular, potential investors should in each case:

- have sufficient knowledge and experience to make a meaningful evaluation of the Warrants, the merits and risks of investing in the Warrants and/or the information contained or incorporated by reference in the Base Prospectus or any applicable supplement and all the information contained in this Final Terms;
- have sufficient financial resources and liquidity to bear all of the risks associated with an investment in the Warrants;
- understand thoroughly the Terms and Conditions pertaining to the Warrants and be familiar with the behaviour of any relevant Underlying and the financial markets; and
- be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect the value of their investment and be able to bear the associated risks.

These risk warnings do not substitute advice by the investor's bank or by the investor's legal, business or tax advisers, which should in any event be obtained by the investor in order to be able to assess the consequences of an investment in the Warrants. Investment decisions should not be made solely on the basis of the risk warnings set out in the Base Prospectus, any supplement and/or this Final Terms since such information cannot serve as a substitute for individual advice and information which is tailored to the requirements, objectives, experience, knowledge and circumstances of the investor concerned.

The Warrants are subject to - potentially major - price fluctuations and may involve the risk of a **complete or partial loss** of the invested capital (including any costs incurred in connection with the

purchase of the Warrants). Since, in the case of Warrants, the Cash Amount is linked to an Underlying, Warrants are investments that might not be suitable for all investors.

The Warrants may have complex structures, which the investor might not fully understand. The investor might therefore underestimate the actual risk that is associated with a purchase of the Warrants. Therefore, potential investors should study carefully the risks associated with an investment in the Warrants (with regard to the Issuer, the type of Warrants and/or the Underlying, as applicable), as well as any other information contained in the Base Prospectus, any supplements thereto as well as this Final Terms, and possibly consult their personal (including tax) advisors. Prior to purchasing Warrants, potential investors should ensure that they fully understand the mechanics of the relevant Warrants and that they are able to assess and bear the risk of a **(total)** loss of their investment. Prospective purchasers of Warrants should in each case consider carefully whether the Warrants are suitable for them in the light of their individual circumstances and financial position.

It is possible that the performance of the Warrants is adversely affected by several risk factors at the same time. The Issuer, however, is unable to make any reliable prediction on such combined effects.

Other general risks associated with the purchase of the Warrants (such as factors influencing the price of the Warrants at the time of issue and in the secondary market, conflicts of interest, hedging risks, interest rate and inflationary risks, as well as currency risks) are set out in the detailed provisions of the Base Prospectus dated 05 March 2010.

Special risks relating to plain Warrants

- **General**

Warrants will grant the investor to the right to receive the payment of a Cash Amount corresponding to the difference, possibly converted into EUR, multiplied by the Ratio by which the Reference Price of the Underlying (e.g. a share, index, commodity (e.g. a precious metal), exchange rate, bond or futures contract) on the Valuation Date exceeds (in the case of Call Warrants) or is exceeded by (in the case of Put Warrants) the Strike set out in the Terms and Conditions. Whether the holder of the Warrants is entitled to a relevant payment will to a significant extent depend upon the performance of the Underlying during the term of the Warrants.

The value of the Warrant in the secondary market will normally undergo a corresponding development: A call warrant will normally (i.e. by leaving out of account any other factors relevant for the formation of Warrant prices) lose value if the price of its Underlying falls. Conversely, the value of a put warrant will fall if the price of its Underlying rises.

"European warrants" are Warrants that will be deemed automatically exercised on the Exercise Date, provided that the Cash Amount is positive (Automatic Exercise). It is not possible to exercise these Warrants prior to the Exercise Date.

The right to receive the Underlying itself instead of the Cash Amount is excluded.

- **Loss risks**

Warrants are particularly risky investment instruments that entail the risk of a complete loss of the purchase price paid for the Warrants. This will specifically be the case if the Underlying's Reference Price does not exceed (in the case of Call Warrants) or is not below (in the case of Put Warrants) the Strike and, in view of the remaining term of the Warrants, it can no longer be expected that the Underlying's Reference Price will move in the desired direction once more in time before the expiry of the Warrants. It must be noted that a change in the price of the Warrants' Underlying (e.g. a share), or even the non-materialisation of an expected change therein, may result in a disproportionate change in the Warrants' value and may even render them worthless.

In addition, any economic considerations regarding an investment in the Warrants must also take into account the costs associated with their purchase or sale.

In addition, investors bear the risk that the Issuer's financial situation may deteriorate - or that insolvency proceedings might be instituted with regard to its assets - and that the Issuer might therefore default on the payments due under the Warrants.

- **Adjustments and termination by the Issuer**

The Issuer may be entitled to perform adjustments in accordance with the Terms and Conditions. Such adjustments may have an adverse effect on the value of the Warrants.

In addition, the Issuer may be entitled to early terminate the Warrants in accordance with the Terms and Conditions. In that case, the Warrants shall expire prematurely. The Early Termination Amount per Warrant payable to the holders of the Warrants shall be determined by the Issuer in its reasonable discretion (§ 315 of the German Civil Code (*BGB*)).

- **No regular income**

The Warrants neither represent a claim as to interest nor dividend payments and thus do **not** generate any regular income. This means that it may not be possible to compensate for potential value losses associated with an investment in the Warrants through income generated in connection therewith.

- **Risk factors relating to the Underlying**

The value of a Warrant's Underlying depends upon a number of factors that may be interconnected. These may include economic, financial and political events beyond the Issuer's control.

The past performance of an Underlying should not be regarded as an indicator of its future performance during the term of the Warrants.

Particular risks of Warrants with indices as Underlying

Warrants that are linked to one or several indices involve, in particular, the following risks:

Dependency on the value of the index components

The value of an index is calculated on the basis of the value of its components. Changes in the prices of index components, the composition of an index as well as factors that (may) influence the value of the index components also influence the value of the Warrants that relate to the relevant index and can thus influence the yield from an investment in the relevant Warrants. Fluctuations in the value of one index component may be compensated or aggravated by fluctuations in the value of other index components. The past performance of an index does not represent any guarantee of its future performance. Under certain circumstances, an index used as an Underlying may (i) not be available for the full term of the Warrants, (ii) be substituted or (iii) continue to be calculated by the Issuer itself. In these or other cases mentioned in the Terms and Conditions, Warrants may also be terminated by the Issuer.

An index may reflect the performance of assets of some countries or some industries only. In that case, investors are exposed to a concentration risk. In the event of an unfavourable economic development in a country or in relation to a particular industry, investors may be adversely affected. If several countries or industries are represented in an index, it is possible that the industries contained in the relevant index are weighted unevenly. This means that, in the event of an unfavourable development in one country or industry with a high index weighting, the value of the index may be affected disproportionately by this adverse development.

Investors should note that the selection of an index is not based on the expectations or estimates of the Issuer in respect of the future performance of the selected index. Investors should therefore make their own estimates in respect of the future performance of an index on the basis of their own knowledge and sources of information.

Price index – dividends are not taken into account

The index referred to in the relevant Terms and Conditions of the Warrants may be a price index. Unlike in the case of performance indices, dividend distributions in relation to the shares contained in price indices will result in a reduction of the index level. This means that investors will not participate in dividends or other distributions in relation to shares contained in price indices.

No influence of the Issuer

As a general rule, the Issuer has no influence on the composition and performance of an index underlying a Warrant or the performance of the relevant index components, unless the Issuer and the index sponsor are identical.

No liability of the index sponsor

If the Warrants relate to an index that is not calculated by the Issuer, the issue, marketing and distribution of the Warrants will normally not be supported by the relevant index sponsor. In that regard, the relevant index is composed and calculated by the respective index sponsor without taking into account the interests of the Issuer or the holders of the Warrants. In that case, the index sponsors do not assume any obligation or liability in respect of the issue, sale and/or trading of the Warrants.

No recognised financial indices, no independent third party

The Warrants may relate to one or more indices which are not recognised financial indexes but indices that have been specially created for the issuance of the relevant Warrant. The index sponsors of such indices might not be independent from the Issuer and may thus favour the interests of the Issuer over the interests of the holders of the Warrants.

Currency risks

The prices of the index components may be expressed in a currency (e.g. USD) that is different from the currency in which the Warrants were issued (e.g. EUR). In that case, the Cash Amount of the Warrants, during their term, may not only depend on the performance of the Underlying, but also on the development of the exchange rates of one or more foreign currencies against the currency of issue.

Index fees

Certain fees, costs, commissions or other composition and calculation charges may be deducted when calculating the value of an index. As a result, the performance of the individual index components is not acknowledged in full when calculating the performance of the respective index, but instead the performance is reduced by the amount of such fees, costs, commissions and other charges, which may to some extent erode any positive performance displayed by the individual components. It should also be noted that such costs may well also be incurred if the index returns negative performance, which will reinforce the negative performance even further.

Index composition publication

The composition of the indices may have to be published on a website or in other media mentioned in the terms and conditions. The publication of the updated composition of the respective index on the website of the relevant index sponsor might, however, be delayed considerably, sometimes even by several months. In those cases, the published composition may not always correspond to the actual composition of the relevant index.

TERMS AND CONDITIONS

§ 1 FORM

1. The Warrants (the "**Warrants**") of each series issued by Commerzbank Aktiengesellschaft, Frankfurt am Main, Federal Republic of Germany (the "**Issuer**") will be issued in bearer dematerialized form. Title to the Warrants will be evidenced by book entries (*dématérialisation*) in accordance with the provisions of the French Monetary and Financial Code relating to Holding of Securities (*inscription en compte*) (currently, Articles L. 211-3 et seq. and R. 211-1 et seq. of the French Monetary and Financial Code). No physical document of title (including *certificats représentatifs* pursuant to Article R. 211-7 of the French Monetary and Financial Code) will be issued in respect of the Warrants.
2. Transfers of the Warrants and other registration measures shall be made in accordance with the French Monetary and Financial Code, the regulations, rules and operating procedures applicable to and/or issued by Euroclear France (the "**Clearing System**"; the "**Clearing Rules**").
3. The term "**Warrantholder**" in these Terms and Conditions refers to any person holding warrants through a financial intermediary entitled to hold accounts with the Clearing System on behalf of its customers (the "**Warrant Account Holder**") or, in the case of a Warrant Account Holder acting for its own account, such Warrant Account Holder.
4. The Issuer reserves the right to issue from time to time without the consent of the Warrantholders another tranche of Warrants with substantially identical terms, so that the same shall be consolidated to form a single Series and increase the total volume of the Warrants. The term "Warrants" shall, in the event of such consolidation, also comprise such additionally issued Warrants.

§ 2 DEFINITIONS

1. For the purposes of these Terms and Conditions, the following definitions shall apply (subject to an adjustment in accordance with § 4):

"**Exercise Date**" shall be the day set out in paragraph 2.

"**Index Business Day**" shall be a day on which the level of the Index is usually determined and published by the Index Sponsor.

"**Market Disruption Event**" means the occurrence or existence of any suspension of, or limitation imposed on, trading in the securities contained in the Index on the stock exchanges or trading systems the prices of which are the basis for the calculation of the Index, or the suspension of or limitation imposed on trading in option or futures contracts on the Index on the options or futures exchange with the highest trading volume of option or future contracts relating to the Index, provided that any such suspension or limitation is material in the reasonable discretion of the Issuer (§ 315 German Civil Code (*BGB*)). The occurrence of a Market Disruption Event shall be published in accordance with § 9.

A limitation regarding the office hours or the number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the relevant exchange. A limitation on trading imposed during the course of a day by reason of movements in price exceeding permitted limits shall only be deemed to be a Market Disruption Event in the case that such limitation is still prevailing at the time of termination of the trading hours on such date.

"Payment Business Day" means a day, on which the Trans-European Automated Real-Time Gross Settlement Express Transfer System (TARGET) and the Clearing System settle payments in EUR.

"Ratio" shall be expressed as a decimal figure and be 0.001.

"Relevant Conversion Rate" shall be the price of EUR 1.00 in USD, as actually traded on the *International Interbank Spot Market* on the Valuation Date at such point of time, at which the Reference Price of the Underlying is determined and published.

"Reference Price" shall be the price of the Index last determined and published by the Index Sponsor on any day (closing price).

"Strike" shall be the price set out in paragraph 2.

"Underlying" shall be the Dow Jones Industrial AverageSM (ISIN US2605661048) (the "Index"); as determined and published by CME Group Index Services LLC (the "**Index Sponsor**").

The "**Valuation Date**" shall be the Exercise Date.

If on the Valuation Date the Reference Price of the Index is not determined and published or on the Valuation Date a Market Disruption Event occurs, the Valuation Date shall be postponed to the next following Index Business Day on which the Reference Price of the Index is determined and published again and on which a Market Disruption Event does not occur.

If, according to the before-mentioned, the Valuation Date is postponed for ten consecutive Index Business Days, and if also on such day the Reference Price of the Index is not determined and published or a Market Disruption Event occurs on such day, then this day shall be deemed to be the Valuation Date and the Issuer shall estimate the Reference Price of the Index in its reasonable discretion (§ 315 German Civil Code (*BGB*)), and in consideration of the prevailing market conditions on such day and make a notification thereof in accordance with § 9.

2. For each series of Warrants the terms "Strike" and "Exercise Date", shall have the following meaning:

Type	ISIN	Strike in index points	Exercise Date
Put	DE000CM43FA5	10,000.00	15.09.2010
Put	DE000CM43FB3	9,500.00	15.12.2010

§ 3 OPTION RIGHT

1. The Warrants grant to the Warrantholder the right (the "**Option Right**"), to receive from the Issuer the payment of the Cash Amount (rounded, if necessary, to the next eurocent (EUR 0.01) with eurocent 0.005 rounded upwards) in accordance with these Terms and Conditions.

The "**Cash Amount**" shall be equal to the product of (i) the amount by which the Reference Price on the Valuation Date exceeds the Strike (in the case of Call Warrants) or is exceeded by the Strike (in the case of Put Warrants) and (ii) the Ratio, the result being converted in EUR.

For the purposes of calculations made in connection with these Terms and Conditions, one point of the Index level shall be equal to USD 1.00.

The conversion shall be made at the Relevant Conversion Rate.

2. The Option Right shall be deemed to be automatically exercised on the Exercise Date, provided that the Cash Amount is a positive amount at that time.
3. The Issuer shall pay the Cash Amount to the Warrant holders not later than the fifth Payment Business Day following the Exercise Date to the Clearing System for crediting the accounts of the depositors of the Warrants with the Clearing System.

§ 4

ADJUSTMENTS; EARLY TERMINATION RIGHT OF THE ISSUER

1. If the Index is no longer calculated and published by the Index Sponsor but by another person, company or institution acceptable to the Issuer as the new Sponsor (the "**Successor Sponsor**"), the Cash Amount will be determined on the basis of the Index being calculated and published by the Successor Sponsor and any reference made to the Index Sponsor in these Terms and Conditions shall, if the context so admits, then refer to the Successor Sponsor.
2. If at any time the Index is cancelled or replaced, the Issuer will determine in its reasonable discretion (§ 315 German Civil Code (*BGB*)) another index on the basis of which the Cash Amount will be determined (the "**Successor Index**"). The respective Successor Index as well as the time of its first application will be notified pursuant to § 9. Any reference made to the Index in these Terms and Conditions shall, if the context so admits then refers to the Successor Index. All related definitions shall be deemed to be amended accordingly. Furthermore, the Issuer will make all necessary adjustments to the Terms and Conditions resulting from a substitution of the Index.
3. In the case that the occurrence of an Adjustment Event with respect to a share contained in the Index (the "**Index Share**") has a material effect on the price of the Index, the Issuer shall be entitled to make adjustments to, inter alia, the Strike as well as the Ratio in its reasonable discretion (§ 315 German Civil Code (*BGB*)) and give notification pursuant to § 9. Such adjustment shall become effective on the date on which the occurrence of the Adjustment Event with respect to the Index Share has its effect on the price of the Index.

"**Adjustment Event**" means:

- a) the substitution of the Index by a Successor Index pursuant to paragraph 2;
- b) any of the following actions taken by the company issuing the Index Share (the "**Index Company**"): capital increases through issuance of new shares against capital contribution and issuance of subscription rights to the shareholders, capital increases out of the Index Company's reserves, issuance of securities with option or conversion rights related to the Index Share, distributions of extraordinary dividends, stock splits or any other split, consolidation or alteration of category;
- c) a spin-off of a part of the Index Company in such a way that a new independent entity is formed, or that the spun-off part of the Index Company is absorbed by another entity;
- d) the adjustment of option or futures contracts relating to the Index Share on the exchange with the highest trading volume in such option or futures contracts (the "**Futures Exchange**") or the announcement of such adjustment;
- e) a takeover-bid, i.e. an offer to take over or to swap or any other offer or any other act of an individual person or a legal entity that results in the individual person or legal entity buying, otherwise acquiring or obtaining a right to buy more than 10% of the outstanding shares of the Index Company as a consequence of a conversion or otherwise, as

determined by the Issuer based on notifications to the competent authorities or on other information determined as relevant by the Issuer;

- f) the termination of trading in, or early settlement of, option or futures contracts relating to the Index Share on the Futures Exchange or relating to the Index itself or the announcement of such termination or early settlement;
 - g) the becoming known of the intention of the Index Company or of the exchange on which the respective Index Share are traded (provided that the quotations of the prices of the Index Share on such exchange are taken for the calculation of the Index) (the "**Relevant Exchange**") to terminate the listing of the Index Share on the Relevant Exchange due to a merger by absorption or by creation, a change of legal form into a company without shares or any other reason or the termination of the listing of the Index Share at the Relevant Exchange or the announcement of the Relevant Exchange that the listing of the Index Share at the Relevant Exchange will terminate immediately or at a later date and that the Index Share will not be admitted, traded or listed at any other exchange which is comparable to the Relevant Exchange (including the exchange segment, if applicable) immediately following the termination of the listing;
 - h) the Issuer and/or its affiliates (§ 15 of the German Stock Corporation Act (*AktG*)) are, even following economically reasonable efforts, not in the position (i) to enter, re-enter, replace, maintain, liquidate, acquire or dispose of any transactions or investments that the Issuer considers necessary to hedge its risks resulting from the assumption and performance of its obligations under the Warrants or (ii) to realize, regain or transfer the proceeds resulting from such transactions or investments;
 - i) a procedure is introduced or ongoing pursuant to which all shares or the substantial assets of the Index Company are or are liable to be nationalized or expropriated or otherwise transferred to public agencies, authorities or organizations;
 - j) the application for insolvency proceedings or for comparable proceedings with regard to the assets of a Index Company according to the applicable law of such company; or
 - k) any other event being economically comparable to the afore-mentioned events with regard to their effects.
4. If (i) the determination of a Successor Index in accordance with the paragraph 2 is not possible or is unreasonable (*unzumutbar*) for the Issuer or (ii) if the Index Sponsor materially modifies the calculation method of an Index with effect on or after the issue date, or materially modifies the Index in any other way (except for modifications which are contemplated in the calculation method of the Index relating to a change with respect to shares comprising the Index, the market capitalisation or with respect to any other routine measures), then the Issuer is entitled to (a) continue the calculation of the Index on the basis of the former concept of the Index and its last determined level or (b) to terminate the Warrants prematurely on the early termination date (the "**Early Termination Date**") with a prior notice of seven Payment Business Days in accordance with § 9. Any termination of the Warrants in part shall be excluded.
5. In the case of an early termination of the Warrants pursuant to paragraph 4 the Warrants shall be redeemed on the Early Termination Date at the early termination amount (the "**Early Termination Amount**") which shall be calculated by the Issuer in its reasonable discretion (§ 315 German Civil Code (*BGB*)). The Early Termination Amount shall be notified in accordance with § 9. The rights arising from the Warrants will terminate upon the payment of the Early Termination Amount.

§ 5 TAXES

All present and future taxes, fees or other duties in connection with the Warrants shall be borne and paid by the Warrantheolders. The Issuer is entitled to withhold from payments to be made under the Warrants any taxes, fees and/or duties payable by the Warrantheolder in accordance with the previous sentence.

§ 6 STATUS

The obligations under the Warrants constitute direct, unconditional and unsecured obligations of the Issuer and rank at least *pari passu* with all other unsecured and unsubordinated obligations of the Issuer (save for such exceptions as may exist from time to time under applicable law).

§ 7 WARRANT AGENT

1. BNP Paribas Securities Services, Grands Moulins de Pantin, 9 rue du Débarcadère, 93500 Pantin, France, shall be the warrant agent (the "**Warrant Agent**").
2. The Issuer shall procure that there will at all times be a Warrant Agent. The Issuer shall be entitled at any time to appoint another bank of international standing as Warrant Agent. Such appointment and the effective date shall be notified in accordance with § 9.

§ 11 FINAL CLAUSES

1. Warrants and the rights and duties of the Warranholders, the Issuer, the Warrant Agent and the Guarantor (if any) shall in all respects be governed by the laws of the Federal Republic of Germany except for § 1 paragraph 1 to 3 of the Terms and Conditions which shall be governed by the laws of the French Republic.
2. In the event of manifest typing or calculation errors or similar manifest errors in the Terms and Conditions, the Issuer shall be entitled to declare rescission (*Anfechtung*) to the Warranholders. The Issuer shall refer to this effect in the notification.
4. The Issuer, however, shall only be entitled to make such corrections or amendments which are reasonably acceptable to the Warranholders having regard to the interests of the Issuer and in particular which do not materially adversely affect the legal or financial situation of the Warranholders. Notice of any such correction or amendment shall be given to the Warranholders in accordance with § 9.
6. If the Warranholder was aware of typing or calculation errors or similar errors at the time of the acquisition of the Warrants, then, notwithstanding paragraphs 2 to 5, the Warranholders can be bound by the Issuer to the corrected Terms and Conditions.
