The Certificates are Turbo Open End Certificates (the “**OET Call Certificates**” or “**OET Certificates**”) denominated in EUR and relate to the Dow Jones Eurostoxx 50[®] Index.

The OET Call Certificates are undated Certificates and may be redeemed at a date designated as such by the Issuer, in its sole and absolute discretion and notified to the Holders in accordance with Condition 17 and subject to the provisions of the definition of “Valuation Date”.

The percentage comprising the Financing Rate may be revised in the sole discretion of the Calculation Agent in accordance with the provisions of Part A §19(k). Investors should be aware that these modifications may have a significant effect, adverse or positive, on the price of the OET Certificates and consequently on the cash amount to be received by the investors.

The OET Call Certificates can also be automatically early redeemed upon the occurrence of an Automatic Early Redemption Event. An Automatic Early Redemption Event shall be deemed to

occur if the Observation Price of the Underlying during the Observation Time(s) is less than or equal to the Security Threshold (see Part A §19(k)).

Upon redemption at the discretion of the Issuer or upon the occurrence of an Automatic Early Redemption Event, the Holder will receive on the Redemption Date a Cash Settlement Amount equals to the excess (if any) - adjusted by Parity - of the Final Price over the Capitalised Exercise Price, as set out in definition of Cash Settlement Amount in Part A §26. Such amount will be paid in EUR.

The OET Certificates include a leverage factor which increases the exposure to the Underlying compared to a conventional investment in the Underlying.

The OET Certificate are not capital-protected. Accordingly, the investor should be aware that it may sustain a partial or total loss (a residual part of its purchase price per OET Certificate may be payable) of the purchase price of its OET Certificate.

During the secondary market period, the price of the OET Certificate will depend upon market conditions and may be subject to significant fluctuations.

Therefore, an investment in the OET Certificates is highly speculative, and could involve significant risk and should only be considered by persons who can afford a loss of their entire investment.
