("**RBS Holdings**"), which is incorporated as a limited liability company under Dutch law by deed of 30 May 1990. The articles of association of RBS Holdings were last amended by deed of 1 April 2010 executed before Mr. M.W. Gajaart, a deputy of Mr. B.J. Kuck, a notary public in Amsterdam. The registered office of RBS Holdings is at Gustav Mahlerlaan 10, 1082 PP Amsterdam, The Netherlands.

RBS Holdings owns 100 per cent. of RBS N.V.'s shares and is jointly and severally liable for all our liabilities in respect of the structured products pursuant to a declaration under

Article 2:403 of the Dutch Civil Code.

RBS Holdings and the Issuer form part of The Royal Bank of Scotland Group plc (referred to as the “**Group**”, “**RBS**” or “**RBS Group**”).

Overview

The Issuer is a bank licensed by the Dutch Central Bank (*De Nederlandsche Bank*) and constitutes a strong and stable wholesale banking enterprise. RBS Group targets the highest possible credit rating for RBS N.V.

The Issuer operates on a significant scale across Europe, Middle East and Africa (EMEA), the Americas and Asia. At legal separation from the ABN AMRO group on 1 April 2010 (see the paragraph “Separation from the ABN AMRO group” below), RBS N.V. has a sizeable balance sheet, a significant staff presence and a broad set of products; provided by a sales force operating in approximately 50 countries (reducing over time following intended asset sales or exits of selected network countries). As at 31 December 2009, the RBS acquired businesses within RBS N.V. reported total consolidated assets of €275 billion and had more than 27,000 full time staff through a network of 264 offices and branches.

Headquartered in Edinburgh, the RBS Group operates in the United Kingdom, the United States and internationally through its two principal subsidiaries, RBS and Natwest. Both RBS and Natwest are major United Kingdom clearing banks whose origins go back over 275 years. In the United States, RBS Group's subsidiary Citizens is a large commercial banking organization. RBS Group has a large and diversified customer base and provides a wide range of products and services to personal, commercial and large corporate and institutional customers.

Group Organisational Structure

RBS N.V. comprises the following core businesses:

- Global Banking & Markets: Global Lending, Equities, Short Term Markets & Funding, and Local Markets;
- Global Transaction Services: Global Lending, Transaction Banking and International Cash Management;
- Risk & Restructuring: The Non-Core Division in Risk

& Restructuring contains assets that are no longer core to RBS Group's strategic objectives and include Trading, Wholesale Banking and Retail & Commercial Business Units, as well as selected network countries. The assets will reduce over time through wind-down, sale or transfer.

These RBS N.V. businesses are part of global business units in the RBS Group that operate across multiple legal entities. The strategy of RBS N.V. is part of the overall businesses' strategies of the RBS Group.

Separation from the ABN AMRO group

On 17 October 2007 85.6% of the shares in ABN AMRO Holding N.V. was acquired through RFS Holdings B.V. ("**RFS Holdings**"), a company incorporated by a consortium consisting of the RBS, Fortis N.V., Fortis SA/NV ("**Fortis**") and Banco Santander S.A. each a 'Consortium Member'.

On 3 October 2008, the State of the Netherlands ("**Dutch State**") acquired all Fortis' businesses in The Netherlands, including the Fortis share in RFS Holdings. On 24 December 2008, the Dutch State purchased from Fortis Bank Nederland (Holding) N.V. its investment in RFS Holdings, to become a direct shareholder in RFS Holdings.

Agreement as to separation and debt instrument allocation

RBS and the Dutch State agreed that the Dutch State acquired businesses would be legally separated from the residual RBS acquired businesses into a new bank.

As part of the separation process the Consortium Members also came to an agreement on the economic allocation of issued debt instruments within ABN AMRO Bank N.V. to the individual Consortium Members' acquired businesses.

A list of the allocation of the issued debt instruments to the RBS and the Dutch State acquired businesses can be found in the Registration Document on pages 10 to 13, as supplemented.

The LaunchPAD Programme has been economically allocated to RBS N.V.

Legal demerger and legal separation process

On 30 September 2009 ABN AMRO Holding N.V. announced

that a two-step approach would be taken to effect the legal separation of the assets and liabilities acquired by the Dutch State:

Step 1 – "**Legal Demerger**": Transfer of the majority of the Dutch State acquired businesses from ABN AMRO Bank N.V. (the "**Demerging Company**") to a new legal entity, ABN AMRO II N.V. (the "**Acquiring Company**"). Following the demergers and the transfer of the Dutch State acquired businesses into the new bank, the Demerging Company was to be renamed The Royal Bank of Scotland N.V. The Acquiring Company, comprising the Dutch State acquired businesses, was to then be renamed ABN AMRO Bank N.V.

The Legal Demerger and the consequent name changes were successfully effected on 6th February 2010.

Step 2 – "**Legal Separation**": Transfer of the shares of the renamed ABN AMRO Bank N.V. from ABN AMRO Holding N.V. to a new holding company fully owned by the Dutch State and independent of ABN AMRO Holding N.V. Following the transfer of the shares in ABN AMRO Bank N.V. to a new holding company, ABN AMRO Holding N.V. was to be renamed RBS Holdings N.V.

The Legal Separation and the consequent name change were successfully effected on 1 April 2010. This represents the final major milestone in the integration of the businesses and assets acquired by RBS.

Following Legal Separation, the Issuer's activities continue to be subject to Dutch Central Bank (*De Nederlandsche Bank*) and the Dutch Authority for the Financial Markets (*Autoriteit Financiële Markten*) supervision and on a consolidated basis as part of the RBS Group subject to UK Financial Services Authority supervision. Due to the change in the operating model of RBS N.V. compared to pre-acquisition ABN AMRO Bank N.V. a licence renewal has been granted by the Dutch Central Bank on 3 February 2010.

Following Legal Separation a new managing board and

supervisory board of RBS N.V. were appointed.

Risk factors relating to the Securities	In addition, there are certain factors which are material for the purpose of assessing the market risks associated with the Securities. Several factors beyond the control of the Issuer which may influence the value of the Securities are, among others: (i) the value of the Securities may fluctuate based on the value of the Underlying; (ii) there may not be a secondary market in the Securities, (iii) Holders have no ownership interest in the Underlying and (iv) there may be limitations on a Holder's right to exercise the Securities or there may be delays in effecting settlement, see " <i>Risk Factors</i> " in this Prospectus.
Calculation Agent and Principal Agent	The Royal Bank of Scotland N.V. acting through its London branch or any other branch as it may determine from time to time.
Listing and Admission to Trading	The Securities have been admitted to trading and listed on a regulated market of Euronext Amsterdam by NYSE Euronext on or around the Issue Date. Application has or shall be made for the Securities to be admitted to trading and listed on Euronext Paris by NYSE Euronext on or around the date of this Prospectus.
Description of the Securities	A range of Single Stock Turbo Certificates may be listed under this Prospectus. The terms and conditions applicable to such certificates are contained in the general conditions of the Securities (the " General Conditions ") and the product conditions of the Securities (including the annex thereto) (the " Product Conditions " and together with the General Conditions, the " Conditions ") applicable to the particular Single Stock Turbo Certificate.
Single Stock Turbo Certificates	Single Stock Turbo certificates are investment instruments

without a fixed maturity or expiration date, which can either be terminated by the Issuer, exercised by the Holder, and may automatically terminate if the Underlying (as defined below) reaches a pre-determined level. Following any such event, the turbo certificates pay an amount determined by reference to the value of the underlying share (the “**Underlying**”) on one or more specified days, subject to a conversion ratio (where applicable). A range of shares may become the Underlying of a Single Stock Turbo Certificate.

Turbo certificates track in a linear manner the Underlying and give the same participation rate in the Underlying as a direct investment in the Underlying. However, the amount needed to invest in a turbo certificate is considerably less as RBS N.V. finances a portion of the Underlying. Therefore the percentage gain if the Underlying rises (in the case of turbo long certificates) or falls (in the case of turbo short certificates) and the percentage loss if the Underlying falls is much higher in Turbo certificates than as a direct investment in the Underlying.

**Turbo Long and Short
Certificates:**

Turbo long certificates enable the investor to profit from rising markets. Turbo long certificates track the Underlying. If the value of the Underlying rises, the value of the turbo long certificate will rise by an equivalent amount, taking into account any applicable foreign exchange rate. The difference between a turbo long certificate and an ordinary certificate is that in the case of the turbo long certificate, the amount needed to invest to give the same participation rate in the Underlying is usually considerably less.

Turbo short certificates enable the investor to profit from declining markets. Turbo short certificates track the Underlying in an inverse manner. If the value of the Underlying drops, the value of the turbo short certificate will rise by an equivalent amount, taking into account any applicable foreign exchange rate. The difference between a turbo short certificate and an ordinary certificate is that in the case of the turbo short certificate, the amount needed to invest to give the same inverse participation rate in the Underlying is usually considerably less.

Stop-loss:

The maximum loss to an investor in turbo certificates is the initial amount invested. A feature of turbo certificates is the Stop-loss which, if breached, will result in the early

termination of the turbo certificate.

Maturity:

The Securities do not have any fixed maturity date.

Interest:

The Securities do not bear interest.

General Conditions

Set out below is a summary of certain significant provisions of the General Conditions applicable to the turbo certificates issued under this Prospectus.

Status of the Securities:

The Securities constitute unsecured and unsubordinated obligations of the Issuer and rank pari passu among themselves and with all other present and future unsecured and unsubordinated obligations of the Issuer save for those preferred by mandatory provisions of law.

Early Termination:

The Issuer may terminate any Securities if it shall have determined in its absolute discretion that for reasons beyond its control its performance thereunder shall have become unlawful in whole or in part as a result of compliance in good faith by the Issuer with any applicable law. In such circumstances the Issuer will, to the extent permitted by law, pay to each Holder in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination (ignoring such illegality) less the cost to the Issuer of unwinding any related hedging arrangements.

Hedging Disruption:

If a Hedging Disruption Event (as defined in General Condition 5) occurs, the Issuer will at its discretion (i) terminate the Securities and pay to each Holder in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination less the cost to the Issuer of unwinding any related hedging arrangements or (ii) make a good faith adjustment to the relevant reference asset as described in General Condition 5(c) or (iii) make any other adjustment to the Conditions as it considers appropriate in order to maintain the theoretical value of the Securities after adjusting for the relevant Hedging Disruption Event.

Substitution:

The Issuer may at any time, without the consent of the Holders substitute for itself as principal obligor under the Securities any company, being any subsidiary or affiliate of the Issuer, subject to certain conditions including the obligations of the substitute issuer under the Securities being guaranteed by Holding (unless Holding is the Substitute). In

certain cases, substitution may be required to be effected in accordance with the rules of Euroclear.

Taxation:

The Holder (and not the Issuer) shall be liable for and/or pay any tax, duty or charge in connection with, the ownership of and/or any transfer, payment or delivery in respect of the Securities held by such Holder. The Issuer shall have the right, but shall not be obliged, to withhold or deduct from any amount payable to any Holder such amount as shall be necessary to account for or to pay any such tax, duty, charge, withholding or other payment.

Adjustments for European Monetary Union:

The Issuer may, without the consent of any Holder, on giving notice to the Holders elect that, with effect from the date specified in such notice, certain terms of the Securities shall be redenominated in euro, see General Condition 11.

Product Conditions:

Set out below is a summary of certain significant provisions of the Product Conditions applicable to the Turbo certificates issued under this Prospectus.

Form of Certificates:

Except in the case of turbo certificates issued in dematerialised form, turbo certificates will be issued in global form.

Exercise of Certificates:

Turbo certificates may be exercised on any Exercise Date specified in the Product Conditions. The turbo certificates will be exercised automatically upon a Stop Loss Event (as defined in the Conditions) occurring and may be called by the Issuer at any time. Notification of the occurrence of a Stop Loss Event will be made to Euronext Amsterdam and the Stop Loss Cash Amount (as defined in the Conditions) of the relevant turbo certificates will be posted on the Issuer's website at www.rbs.nl/markets.

Settlement of Certificates:

The turbo certificates referred to in this Prospectus will be cash settled only. It is possible that in the future physically settled turbo certificates may be issued and, in that case, a supplement to this Prospectus will be prepared describing the relevant turbo certificates.

Market Disruption Events:

If a Market Disruption Event occurs Holders of turbo Certificates may experience a delay in settlement and the cash price paid on settlement may be adversely affected. Market Disruption Events are defined in Product Condition 4.

Emerging Market Disruption

The Emerging Market Disruption Events reflect the

Events:

substantial risks associated with investing in emerging markets in addition to those risks normally associated with making investments in other countries. Potential investors should note that the securities markets in emerging market jurisdictions are generally substantially smaller and at all times have been more volatile and illiquid than the major securities markets in more developed countries. If an Emerging Market Disruption Event occurs Holders of the turbo certificates may experience a delay in settlement or delivery and the cash price paid on settlement may be adversely affected. Emerging Market Disruption Events are defined in Product Condition 1.

Governing Law:

English law.

English courts:

The courts of England have exclusive jurisdiction to settle any dispute (a “**Dispute**”) arising from or in connection with the turbo certificates.

RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under the Securities. Most of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring.

In addition, factors which are material for the purpose of assessing the market risks associated with Securities issued are also described below.

The Issuer believes that the factors described below represent the principal risks inherent in investing in Securities issued, but the inability of the Issuer to pay principal or other amounts on or in connection with any Securities, or to perform any delivery obligations in relation to the Securities, may occur for other reasons and the Issuer does not represent that the statements below regarding the risks of holding any Securities are exhaustive. Prospective investors in the Securities should also read the detailed information set out elsewhere in this Prospectus and reach their own views prior to making any investment decision.

Before making an investment decision with respect to any Securities, prospective investors in the Securities should consult their own stockbroker, bank manager, lawyer, accountant or other financial, legal and tax advisers and carefully review the risks entailed by an investment in the Securities and consider such an investment decision in the light of the prospective investor's personal circumstances.

The Issuer disclaims any responsibility to advise prospective investors in the Securities regarding any matters arising under the laws of the country in which they reside that may affect the purchase of, or holding of, or the receipt of payments on, the Securities. Prospective investors in the Securities should consult their own legal and financial advisors concerning these matters.

Words and expressions defined elsewhere in this Prospectus shall have the same meaning in this section.

PART A – GENERAL RISK FACTORS

FACTORS THAT MAY AFFECT THE ISSUER'S ABILITY TO FULFIL ITS OBLIGATIONS UNDER SECURITIES ISSUED

Each potential investor in the Securities should refer to the Risk Factors section of the Registration Document incorporated by reference in this Prospectus for a description of those factors which may affect the Issuer's ability to fulfil its obligations under the Securities.

FACTORS WHICH ARE MATERIAL FOR THE PURPOSE OF ASSESSING THE MARKET RISKS ASSOCIATED WITH THE SECURITIES

The Securities are short or long turbo certificates which entail particular risks.

Turbo certificates are investment instruments without a fixed maturity or expiration date, which can either be terminated by the Issuer, exercised by the Holder, and may automatically terminate if the Underlying reaches a pre-determined level. Following any such event, the turbo certificates pay an amount determined by reference to the level of the Underlying subject to the certificate entitlement. Investors should be aware that their entire investment may be lost if the Underlying is at an unfavourable level.

The price at which a holder will be able to sell turbo certificates may be at a potentially substantial discount to the market value of the turbo certificates at the issue date, if, at such time and in addition to any other factors, the value of the Underlying is at an unfavourable level.

Turbo certificates track in a linear manner the Underlying. The amount needed to invest in a turbo certificate to give the same participation rate in the Underlying as a direct investment in the Underlying is considerably less. Therefore the percentage gain if the Underlying rises (in the case of turbo long certificates) or falls (in the case of turbo short certificates) and the percentage loss if the Underlying falls or rises, respectively, is higher in turbo certificates than in a direct investment in the Underlying. This is the leverage effect. Investors should be aware that the leverage effect from holding turbo certificates could result in gaining or losing a greater percentage of the investment than would occur through a direct investment in the Underlying. The maximum loss to the investor is the initial amount invested. Investors must expect to suffer a loss if the market price or value of the Underlying falls (in the case of turbo long certificates) or rises (in the case of turbo short certificates). A feature of turbo certificates is the Stop-loss which, if breached, will result in the early termination of the certificate.

Turbo short certificates enable the investor to profit from declining markets. Turbo short certificates track the Underlying in an inverse manner. If the value of the Underlying drops, the value of the turbo short certificate will rise by an equivalent amount, taking into account any applicable foreign exchange rate.

Turbo long certificates enable the investor to profit from rising markets. Turbo long certificates track the Underlying. If the value of the Underlying rises, the value of the turbo long certificate will rise by an equivalent amount, taking into account any applicable foreign exchange rate.

The Securities may not be a suitable investment for all investors. The purchase of the Securities involves substantial risks.

Each potential investor in the Securities must determine the suitability of an investment in the Securities in light of its own circumstances. In particular, each potential investor in the Securities should:

- (a) have sufficient knowledge and experience to make a meaningful evaluation of the Securities, the merits and risks of investing in the Securities and the information and/or documents contained or incorporated by reference in this Prospectus or any applicable supplement;

- (b) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Securities and the impact the Securities will have on its overall investment portfolio;
- (c) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Securities where the currency for principal or other payments is different from the potential investor's currency;
- (d) understand thoroughly the terms of the Securities and be familiar with the behaviour of the relevant stocks and financial markets; and
- (e) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment in the Securities and its ability to bear the applicable risks.

The Securities are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor in the Securities should not invest in the Securities which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how the Securities will perform under changing conditions, the resulting effects on the value of the Securities and the impact this investment will have on the potential investor's overall investment portfolio.

The value of the Securities may fluctuate

The value of the Securities may move up and down between their date of purchase and their exercise date or maturity date (as the case may be). Holders may sustain a total loss of their investment. Prospective purchasers should therefore ensure that they understand fully the nature of the Securities before they invest in the Securities. Several factors, many of which are beyond the Issuer's control, will influence the value of the Securities at any time, including the following:

- (a) **Valuation of the Underlying.** The market price of the Securities at any time is expected to be affected primarily by changes in the level of the Underlying to which the Securities are linked. It is impossible to predict how the value of the relevant Underlying will vary over time. Factors which may have an affect on the value of the Underlying include the rate of return of the Underlying and the financial position and prospects of the issuer of the Underlying or any component thereof. In addition, the level of the Underlying may depend on a number of interrelated factors, including economic, financial and political events and their effect on the capital markets generally and relevant stock exchanges. Potential investors should also note that whilst the market value of the Securities is linked to the relevant Underlying and will be influenced (positively or negatively) by it, any change may not be comparable and may be disproportionate. It is possible that while the Underlying is increasing in value, the value of the Securities may fall. Further, if there is no market value available for the relevant Underlying, the Calculation Agent may determine its value to be zero notwithstanding the fact that there may be no Market Disruption Event (including an Emerging Market Disruption Event) and/or no Potential Adjustment Events and/or no De-Listing which apply.

- (b) **Interest Rates.** Investments in the Securities may involve interest rate risk with respect to the currency of denomination of the Underlying and/or the Securities. A variety of factors influence interest rates such as macro economic, governmental, speculative and market sentiment factors. Such fluctuations may have an impact on the value of the Securities at any time prior to valuation of the Underlying of the Securities.
- (c) **Volatility.** The term “volatility” refers to the actual and anticipated frequency and magnitude of changes of the market price with respect to an Underlying. Volatility is affected by a number of factors such as macro economic factors, speculative trading and supply and demand in the options, futures and other derivatives markets. Volatility of the Underlying will move up and down over time (sometimes more sharply than others) and different Underlyings will most likely have separate volatilities at any particular time.
- (d) **Exchange Rates.** Even where payments in respect of the Securities are not expressly linked to a rate or rates of exchange between currencies, the value of the Securities could, in certain circumstances, be affected by such factors as fluctuations in the rates of exchange between any currency in which any payment in respect of the Securities is to be made and any currency in which the Underlying is traded, appreciation or depreciation of any such currencies and any existing or future or governmental or other restrictions on the exchangeability of such currencies. There can be no assurance that rates of exchange between any relevant currencies which are current rates at the date of issue of any Securities will be representative of the relevant rates of exchange used in computing the value of the Securities at any time thereafter.
- (e) **Disruption.** If so indicated in the Conditions, the Calculation Agent may determine that a Market Disruption Event (which includes Emerging Market Disruption Events) has occurred or exists at a relevant time. Any such determination may affect the value of the Securities and/or may delay settlement in respect of the Securities. Prospective purchasers should review the Conditions to ascertain whether and how such provisions apply to the Securities.
- (d) **Creditworthiness.** Any person who purchases the Securities is relying upon the creditworthiness of the Issuer and of RBS Holdings (pursuant to its declaration under Article 2:403 of the Netherlands Civil Code) and has no rights against any other person. The Securities constitute general, unsecured, contractual obligations of the Issuer and of no other person. The Securities rank pari passu among themselves. If the Issuer becomes unable for any reason to fulfil its obligations then the Holder may suffer a total loss of principal.

There may not be a secondary market in the Securities

Potential investors should be willing to hold the Securities through their life. The nature and extent of any secondary market in the Securities cannot be predicted. As a consequence any person intending to hold the Securities should consider liquidity in the Securities as a risk. If the Securities are listed or quoted on an exchange or quotation system this does not imply greater or lesser liquidity than if equivalent Securities were not so listed or quoted. However, if Securities are not listed or quoted there may be a lack of transparency with regard to pricing information. Liquidity may also be affected by legal restrictions on offers for sale in certain jurisdictions. The Issuer may affect the liquidity of the

Securities by purchasing and holding the Securities for its own account during trading in the secondary market. Any such Securities may be resold at any time into the market.

The Issuer may, in its sole and absolute discretion, decide to offer a secondary market in the Securities. In the event that the Issuer elects to offer such secondary market, the Issuer shall be entitled to impose such conditions as it, in its sole and absolute discretion, shall deem fit, including but not limited to:

- (a) providing a large bid/offer spread determined by the Issuer in its sole and absolute discretion by reference to the Issuer's own appreciation of the risks involved in providing such secondary market;
- (b) normal market conditions prevailing at such date; and
- (c) limiting the number of Securities in respect of which it is prepared to offer such secondary market.

Holders should note that the imposition of any of the above conditions may severely limit the availability of any such secondary market and may result in Holders receiving significantly less than otherwise would have received if the Securities were redeemed at maturity.

In the event that such a secondary market does not develop, it is unlikely that an investor in the Securities will be able to sell his Securities or at prices that will provide him with a yield comparable to similar investments that have a developed secondary market.

Purchasing the Securities as a hedge may not be effective

Any person intending to use the Securities as a hedge instrument should recognise the correlation risk. The Securities may not be a perfect hedge to an Underlying or portfolio of which the Underlying forms a part. In addition, it may not be possible to liquidate the Securities at a level which directly reflects the price of the Underlying or portfolio of which the Underlying forms part.

Actions taken by the Issuer may affect the value of the Securities

The Issuer and/or any of its affiliates may carry out activities that minimise its and/or their risks related to the Securities, including effecting transactions for their own account or for the account of their customers and hold long or short positions in the Underlying whether for risk reduction purposes or otherwise. In addition, in connection with the offering of any Securities, the Issuer and/or any of its affiliates may enter into one or more hedging transactions with respect to the Underlying. In connection with such hedging or market-making activities or with respect to proprietary or other trading activities by the Issuer and/or any of its affiliates, the Issuer and/or any of its affiliates may enter into transactions in the Underlying which may affect the market price, liquidity or value of the Underlying and/or the Securities and which could be deemed to be adverse to the interests of the Holders. The Issuer and/or its affiliates are likely to modify their hedging positions throughout the life of the Securities whether by effecting transactions in the Underlying or in derivatives linked to the Underlying. Further, it is possible that the advisory services which the Issuer and/or its affiliates provide in the ordinary course of its/their business could lead to an adverse impact on the value of the Underlying.

Holders have no ownership interest in the Underlying

The Securities convey no interest in the Underlying. The Issuer may choose not to hold the Underlying or any derivatives contracts linked to the Underlying. There is no restriction through the issue of the Securities on the ability of the Issuer and/or its affiliates to sell, pledge or otherwise convey all right, title and interest in the Underlying or any derivatives contracts linked to the Underlying.

Actions taken by the Calculation Agent may affect the Underlying

The Calculation Agent is the agent of the Issuer and not the agent of the Holders or any of them. The Issuer may itself act as the Calculation Agent. The Calculation Agent will make such adjustments as it considers appropriate as a consequence of certain corporate actions affecting the Underlying. In making these adjustments the Calculation Agent is entitled to exercise substantial discretion and may be subject to conflicts of interest in exercising this discretion. The Calculation Agent is not required to make adjustments with respect to each and every corporate action.

There may be delays in effecting settlement

If the Securities are subject to provisions relating to exercise, then upon their exercise, there will be a time lag between the time a Holder gives instructions to exercise and the time the applicable Cash Amount relating to such exercise is determined. Any such delay between the time of exercise and the determination of the Cash Amount will be specified in the Conditions. However, such delay could be significantly longer, particularly in the case of a delay in exercise of such Securities arising from, as described above, any daily maximum exercise limitation or, as described above, any delay consequent upon the determination by the Calculation Agent that a Market Disruption Event (which includes Emerging Market Disruption Events) occurred at any relevant time. The applicable Cash Amount could decrease or increase from what it would have been but for such delay. Prospective purchasers should review the Conditions to ascertain how such provisions apply to the Securities.

If the Securities are subject to provisions concerning delivery of a Notice (as defined in the Product Conditions) and such notice is received by either the Clearing Agent (as defined in the Product Conditions), with a copy to the Principal Agent after the latest time specified in the Conditions, it will be deemed to be duly delivered on the next following Business Day. Such deemed delay may increase or decrease the Cash Amount from what it would have been but for such deemed delivery. In the case of Securities which are exercisable on one day only or only during an exercise period any Notice, if not delivered by the latest time specified in the Conditions, shall be void.

The failure to deliver any certifications required by the Conditions could result in the loss or inability to receive amounts or deliveries otherwise due under the Securities.

Prospective purchasers should review the Conditions to ascertain whether and how such provisions apply to the Securities.

Securities not exercised in accordance with the Conditions will (where exercise is required) expire worthless.

Taxes may be payable by investors

Potential purchasers and sellers of the Securities should be aware that they may be required to pay stamp taxes or other documentary charges in accordance with the laws and practices of the country where the Securities are transferred. Holders are subject to the provisions of General Condition 9 and payment and/or delivery of any amount due in respect of the Securities will be conditional upon the payment of any Expenses (as defined in the Conditions) as provided in the Product Conditions.

Potential purchasers who are in any doubt as to their tax position should consult their own independent tax advisers. In addition, potential purchasers should be aware that tax regulations and their application by the relevant taxation authorities change from time to time. Accordingly, it is not possible to predict the precise tax treatment which will apply at any given time.

No tax gross-up

If payments on the Securities are or become subject to a withholding or deduction required by law on account of any present or future taxes, duties, assessments or governmental charges of whatever nature, the Issuer will make the required withholding or deduction, as the case may be, and neither the Issuer nor the Principal Agent nor any other person shall pay any additional amounts to the Holders in respect of such withholding or deduction. Please refer to section “General Condition 9 – (*Taxation*)”.

The Securities may be terminated prior to their stated date

If the Issuer determines that the performance of its obligations under the Securities has become illegal or impractical in whole or in part for any reason or determines that it is no longer legal or practical for it to maintain its hedging arrangement with respect to the Securities for any reason, the Issuer may at its discretion and without obligation terminate the Securities.

If the Issuer terminates the Securities, the Issuer will, if and to the extent permitted by applicable law, pay the Holder of each such Security an amount determined by the Calculation Agent to be its fair value less the cost to the Issuer of unwinding any underlying related hedging arrangements notwithstanding the illegality or impracticality.

Risks associated with Securities held in global form

The Securities will initially be held by or on behalf of Euroclear, either in the form of a global Security which will be exchangeable for definitive Securities only in the event of the closure of Euroclear. For as long as any Securities are held by or on behalf of Euroclear, payments of principal and any other amounts will be made through Euroclear, where required, against presentation or surrender (as the case may be) of any relevant global Security. The risk is that the bearer of the relevant global Security, typically a depositary or a nominee for a depositary for Euroclear and not the Holder itself, shall be treated by the Issuer and any Agent (as defined in the Conditions) as the sole holder of the relevant Securities with respect to the payment of principal (if any) and any other amounts payable in respect of the Securities or any securities deliverable in respect of the Securities. Holders therefore are required to look to Euroclear in respect of payments made to it by the Issuer in respect of Securities in global or dematerialised form.

Securities which are held by or on behalf of Euroclear will be transferable only in accordance with the rules and procedures for the time being of Euroclear.

Risk associated with nominee arrangements

Where a nominee service provider is used by an investor to hold Securities or such investor holds interests in any Security through accounts with Euroclear, such investor will receive payments in respect of principal or any other amounts due, or securities deliverable, as applicable, solely on the basis of the arrangements entered into by the investor with the relevant nominee service provider or Euroclear, as the case may be. Furthermore, such investor must rely on the relevant nominee service provider or Euroclear to distribute all payments or securities attributable to the relevant Securities which are received from the Issuer. Accordingly, such an investor will be exposed to the credit risk of, and default risk in respect of, the relevant nominee service provider or Euroclear, as well as the Issuer.

None of the Issuer or any Agent shall be responsible for the acts or omissions of any relevant nominee service provider or Euroclear nor makes any representation or warranty, express or implied, as to the service provided by any relevant nominee service provider or Euroclear.

The return on an investment in Securities will be affected by charges incurred by investors

An investor's total return on an investment in any Securities will be affected by the level of fees charged by the nominee service provider and/or Euroclear used by the investor. Such a person or institution may charge fees for the opening and operation of an investment account, transfers of Securities, custody services and on payments of principal and other amounts or delivery of securities. Potential investors are therefore advised to investigate the basis on which any such fees will be charged on the relevant Securities.

Change of law and jurisdiction

The Conditions are based on English law in effect as at the date of this Prospectus. No assurance can be given as to the impact of any possible change to English law or administrative practice after the date of this Prospectus. Prospective investors in the Securities should note that the courts of England and Wales shall have jurisdiction in respect of any disputes involving the Securities. Holders may, however, take any suit, action or proceedings arising out of or in connection with the Securities against the Issuer in any court of competent jurisdiction. English law may be materially different from the equivalent law in the home jurisdiction of prospective investors in its application to the Securities.

Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to the Issuer or the Securities. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Securities. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

Legal investment considerations may restrict certain investments

The investment activities of certain investors in the Securities are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor in the Securities should consult its legal advisers to determine whether and to what extent (i) Securities are legal investments for it, (ii) Securities can be used as collateral for various types of borrowing and (iii) other

restrictions apply to its purchase or pledge of any Securities. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Securities under any applicable risk-based capital or similar rules.

Modification, waivers and substitution

The Issuer may decide to make modifications to the Securities without the consent of the Holders which may affect the Holders' interest either:

- (a) for the purpose of curing any ambiguity or of curing, correcting or supplementing any manifest error or other defective provision; or
- (b) in any other manner which is not materially prejudicial to the interests of the Holders; or
- (c) for the purpose of the substitution of another company as principal debtor under any Securities in place of the Issuer, in the circumstances described in "General Condition 8 – (*Substitution*)".

Securities are unsecured obligations - no shareholder or equivalent rights

The Securities represent general contractual obligations of the Issuer. The Securities will not be secured by any property of the Issuer and, with the exception of certain obligations given priority by applicable law, will rank equally with all other unsecured and unsubordinated obligations of the Issuer.

Risks relating to Substitution

In the event that the Issuer is to be substituted as principal obligor under the Securities by RBS (as defined in the Conditions), any such substitution must comply with the requirements of the substitution clause in the terms and conditions of the Securities. Please refer to "General Condition 8 – (*Substitution*)". Holders should be aware that as a result of a substitution (if any) the Securities will be subject to different risks in relation to the Substitute (as defined in the Conditions) assuming the obligations of RBS N.V. under the Securities. Such risks may include the credit risks of the Substitute, certain modifications being made to the terms and conditions of the Securities and other risks specific to the Substitute. Investors should note that following a substitution, Holders will no longer have any claim or recourse against RBS N.V. In addition, Holders should be aware that the consent of the Holders will not be required if the Issuer elects to exercise its substitution right in accordance with "General Condition 8 – (*Substitution*)". However, no assurance is given that any substitution will occur in respect of the Securities.

PART B - CONFLICTS OF INTEREST

Conflicts of Interest with respect to the Securities

RBS N.V. as the Issuer, Principal Agent and Calculation Agent and is acting in more than one capacity with respect to the Securities and in its role as Calculation Agent could make determinations that influence the amount that Holders receive in respect of the Securities upon an early termination or any day on which they sell their Securities. In doing so it is not necessarily obliged to act in the interests of Holders.

Potential conflicts of interest may exist between the interests of RBS N.V. and the Holders with respect to the Securities and with respect to the other businesses of RBS N.V. RBS N.V. or its respective affiliates may enter into other business dealings from which they may derive revenues and profits in addition to the fees described herein, and none of those parties has any duty to account to the Holders for such other revenues and profits. In addition, RBS N.V. or its respective affiliates may invest, for their own accounts (whether for hedging purposes or otherwise) or for the accounts of their affiliates or clients, in the Underlying and in making such investments, neither RBS N.V. nor any such affiliate has any duty to do so in a way that is favourable to the Holders. RBS N.V. may, from time to time, negotiate, for its own account (and not for the account of the Holders), any discount or rebate with respect to the fees and costs associated with an investment in the Underlying. At any time, RBS N.V. or their affiliates may sell or buy investments in the Underlying for its own account, or the account of its affiliates or clients. All of such market activities may, but are not intended to, affect the market price of the Underlying, possibly, the payments that Holders will receive upon an early termination at the Issuer's option or any day on which they sell their Securities. RBS N.V. may also introduce products that compete with the Securities in the marketplace (which may or may not be linked to or track the Underlying), and the related market activity with respect to such products could adversely affect the value of the Securities.

The Issuer and/or its affiliates are likely to modify their hedging positions throughout the life of the Securities whether by effecting transactions in the Underlying or in derivatives linked to the Underlying. Further, it is possible that the advisory services which the Issuer and/or its affiliates provide in the ordinary course of its/their business could lead to an adverse impact on the value of the Underlying. The Issuer may also make adjustments to the Conditions if it determines that an event has occurred which, whilst not a Hedging Disruption Event (as defined in the General Conditions) or other disruption event is likely to have a material adverse effect on the Issuer's Hedge Position (as defined in the General Conditions). Any such determination may affect the value of the Securities and/or may delay settlement in respect of the Securities.

ESSENTIAL CHARACTERISTICS OF THE ISSUER

History and incorporation

The origin of RBS N.V. can be traced to the formation of “Nederlandsche Handel-Maatschappij, N.V.” in 1825 pursuant to a Dutch Royal Decree of 1824. RBS N.V.’s articles of association were last amended by deed of 1 April 2010 executed before Mr. B.J Koek, Notary Public in Amsterdam. RBS N.V. is registered in the Commercial Register of Amsterdam under number 33002587. RBS N.V.’s registered office is at Gustav Mahlerlaan 10, 1082 PP Amsterdam, The Netherlands.

RBS N.V. is a wholly-owned subsidiary of RBS Holdings N.V. (previously named ABN AMRO Holding N.V.) (“**RBS Holdings**”), which is incorporated as a limited liability company under Dutch law by deed of 30 May 1990. The articles of association of RBS Holdings were last amended by deed of 1 April 2010 executed before Mr. M.W. Gajaart, a deputy of Mr. B.J. Kuck, a notary public in Amsterdam. The registered office of RBS Holdings is at Gustav Mahlerlaan 10, 1082 PP Amsterdam, The Netherlands.

RBS Holdings owns 100 per cent. of RBS N.V.’s shares and is jointly and severally liable for all our liabilities in respect of the structured products pursuant to a declaration under Article 2:403 of the Dutch Civil Code.

RBS Holdings and the Issuer form part of The Royal Bank of Scotland Group plc (referred to as the “**Group**”, “**RBS**” or “**RBS Group**”).

Overview

The Issuer is a bank licensed by the Dutch Central Bank (*De Nederlandsche Bank*) and constitutes a strong and stable wholesale banking enterprise. RBS Group targets the highest possible credit rating for RBS N.V.

The Issuer operates on a significant scale across Europe, Middle East and Africa (EMEA), the Americas and Asia. At legal separation from the ABN AMRO group on 1 April 2010 (see the paragraph “Separation from the ABN AMRO group” below), RBS N.V. has a sizeable balance sheet, a significant staff presence and a broad set of products; provided by a sales force operating in approximately 50 countries (reducing over time following intended asset sales or exits of selected network countries). As at 31 December 2009, the RBS acquired businesses within RBS N.V. reported total consolidated assets of €275 billion and had more than 27,000 full time staff through a network of 264 offices and branches.

Headquartered in Edinburgh, the RBS Group operates in the United Kingdom, the United States and internationally through its two principal subsidiaries, RBS and Natwest. Both RBS and Natwest are major United Kingdom clearing banks whose origins go back over 275 years. In the United States, RBS Group’s subsidiary Citizens is a large commercial banking organization. RBS Group has a large and diversified customer base and provides a wide range of products and services to personal, commercial and large corporate and institutional customers.

Group Organisational Structure

RBS N.V. comprises the following core businesses:

- Global Banking & Markets: Global Lending, Equities, Short Term Markets & Funding, and Local Markets;
- Global Transaction Services: Global Lending, Transaction Banking and International Cash Management;
- Risk & Restructuring: The Non-Core Division in Risk & Restructuring contains assets that are no longer core to RBS Group's strategic objectives and include Trading, Wholesale Banking and Retail & Commercial Business Units, as well as selected network countries. The assets will reduce over time through wind-down, sale or transfer.

These RBS N.V. businesses are part of global business units in the RBS Group that operate across multiple legal entities. The strategy of RBS N.V. is part of the overall businesses' strategies of the RBS Group.

Separation from the ABN AMRO group

On 17 October 2007 85.6% of the shares in ABN AMRO Holding N.V. was acquired through RFS Holdings B.V. ("**RFS Holdings**"), a company incorporated by a consortium consisting of the RBS, Fortis N.V., Fortis SA/NV ("**Fortis**") and Banco Santander S.A. each a "**Consortium Member**".

On 3 October 2008, the State of the Netherlands ("**Dutch State**") acquired all Fortis' businesses in The Netherlands, including the Fortis share in RFS Holdings. On 24 December 2008, the Dutch State purchased from Fortis Bank Nederland (Holding) N.V. its investment in RFS Holdings, to become a direct shareholder in RFS Holdings.

Agreement as to separation and debt instrument allocation

RBS and the Dutch State agreed that the Dutch State acquired businesses would be legally separated from the residual RBS acquired businesses into a new bank.

As part of the separation process the Consortium Members also came to an agreement on the economic allocation of issued debt instruments within ABN AMRO Bank N.V. to the individual Consortium Members' acquired businesses.

A list of the allocation of the issued debt instruments to the RBS and the Dutch State acquired businesses can be found in the Registration Document on pages 10 to 13, as supplemented.

The LaunchPAD Programme has been economically allocated to RBS N.V.

Legal demerger and legal separation process

On 30 September 2009 ABN AMRO Holding N.V. announced that a two-step approach would be taken to effect the legal separation of the assets and liabilities acquired by the Dutch State:

Step 1 – "**Legal Demerger**": Transfer of the majority of the Dutch State acquired businesses from ABN AMRO Bank N.V. (the "**Demerging Company**") to a new legal entity, ABN AMRO II N.V. (the

“**Acquiring Company**”). Following the demergers and the transfer of the Dutch State acquired businesses into the new bank, the Demerging Company was to be renamed The Royal Bank of Scotland N.V. The Acquiring Company, comprising the Dutch State acquired businesses, was to then be renamed ABN AMRO Bank N.V.

The Legal Demerger and the consequent name changes were successfully effected on 6th February 2010.

Step 2 – “**Legal Separation**”: Transfer of the shares of the renamed ABN AMRO Bank N.V. from ABN AMRO Holding N.V. to a new holding company fully owned by the Dutch State and independent of ABN AMRO Holding N.V. Following the transfer of the shares in ABN AMRO Bank N.V. to a new holding company, ABN AMRO Holding N.V. was to be renamed RBS Holdings N.V.

The Legal Separation and the consequent name change were successfully effected on 1 April 2010. This represents the final major milestone in the integration of the businesses and assets acquired by RBS.

Following Legal Separation, the Issuer's activities continue to be subject to Dutch Central Bank (*De Nederlandsche Bank*) and the Dutch Authority for the Financial Markets (*Autoriteit Financiële Markten*) supervision and on a consolidated basis as part of the RBS Group subject to UK Financial Services Authority supervision. Due to the change in the operating model of RBS N.V. compared to pre-acquisition ABN AMRO Bank N.V. a licence renewal has been granted by the Dutch Central Bank on 3 February 2010.

Following Legal Separation a new managing board and supervisory board of RBS N.V. were appointed.

SUMMARY OF PROVISIONS RELATING TO THE SECURITIES IN GLOBAL FORM

The Securities will be in the form of the Global Note which will be deposited on or around the Issue Date with a common depository for Euroclear. The Global Note will become exchangeable in whole, but not in part, for Securities in definitive form ("**Definitive Securities**") at the request of the bearer of the Global Note (acting on the instructions of a Holder in the case of (a) below, or on the instructions of the Issuer in the case of (b) below) against presentation and surrender of the Global Note to the Principal Agent (as defined in the Conditions) if any of the following events (each, an "**Exchange Event**") occurs: (a) Euroclear is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business; or (b) a change occurs in the practice of Euroclear as a result of which the Issuer would suffer a disadvantage which would not be suffered if the Securities were in definitive form. Whenever the Global Note is to be exchanged for Definitive Securities, the Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Securities, duly authenticated in an aggregate principal amount equal to the principal amount of the Global Note outstanding at such time to the bearer of the Permanent Global Note against the surrender of the Permanent Global Note at the specified office of the Principal Agent (as defined in the Conditions) within 30 days of the occurrence of the relevant Exchange Event.

If:

- a) Definitive Securities have not been delivered by 17:00 hours (London time) on the forty-fifth day after the bearer has duly requested exchange of the Global Note for Definitive Securities; or
- b) the Global Note (or any part of it) has become due and payable in accordance with the Conditions or the date for final redemption of the Securities has occurred and, in either case, payment in full of the amount of principal falling due has not been made to the bearer in accordance with the terms of the Global Note on the due date for payment,

then the Global Note (including the obligation to deliver Definitive Securities) will become void at 17:00 hours (London time) on such forty-fifth day (in the case of (a) above) or at 17:00 hours (London time) on such due date (in the case of (b) above) and the bearer of the Global Note will have no further rights thereunder (but without prejudice to the rights which the bearer of the Global Note or others may have under an instrument dated on or about the Issue Date (the "**Instrument**") executed by the Issuer). Under the Instrument, persons shown in the records of Euroclear as being entitled to an interest in the Global Note will acquire directly against the Issuer all those rights to which they would have been entitled if, immediately before the Global Note became void, they had been the holders of Definitive Securities in an aggregate principal amount equal to the principal amount of Securities they were shown as holding in the records of Euroclear.

PERSONS RESPONSIBLE

RBS N.V. accepts responsibility for the information contained in this document. To the best of the knowledge and belief of the Issuer (which has taken all reasonable care to ensure that such is the case) the information contained in this document is in accordance with the facts and does not omit anything likely to affect the import of such information.

THIRD PARTY INFORMATION

Where information has been sourced from a third party, the Issuer confirms that this information has been accurately reproduced and that as far as the Issuer is aware and is able to ascertain from information published by that third party, no facts have been omitted which would render the reproduced information inaccurate or misleading.

USE OF ISSUE PROCEEDS

The gross proceeds of the issue of the Securities will be used by the Issuer for general corporate purposes.

US PERSONS

The Securities may not be legally or beneficially owned by US Persons at any time. Each Holder and each beneficial owner of a Security hereby represents, as a condition to purchasing or owning the Securities or any beneficial interest therein, that neither it nor any person for whose account or benefit the Securities are being purchased is located in the United States, is a US Person or was solicited to purchase or did purchase the Securities while present in the United States. Each Holder and each beneficial owner of a Security hereby agrees not to offer, sell or deliver any of the Securities, at any time, directly or indirectly in the US or to any US Person. The term "US Person" will have the meaning ascribed to it in section "*Selling Restrictions*".

TAXATION

Potential purchasers who are in any doubt about their tax position on purchase, ownership, transfer, exercise or non-exercise of any Security should consult their professional tax advisers.

1. **GENERAL**

Purchasers of the Securities may be required to pay stamp taxes and other charges in accordance with the laws of practices of the country of purchase in addition to the issue or purchase price of each Security.

The Issuer shall not be liable for or otherwise obliged to pay any tax, duty or other payment which may arise as a result of the ownership, transfer or exercise of any Securities.

The Purchasers should be aware that tax treatment depends on the individual circumstances of each client and may be subject to change in future.

2. **EU SAVINGS DIRECTIVE**

Under EC Council Directive 2003/48/EC (the “**Directive**”) on the taxation of savings income, Member States (as defined in the Directive) are required to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to an individual resident in that other Member State. However, for a transitional period, Belgium, Luxembourg and Austria are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories including Switzerland have adopted similar measures (a withholding system in the case of Switzerland).

On 15 September 2008 the European Commission issued a report to the Council of the European Union on the operation of the Directive, which included the Commission’s advice on the need for changes to the Directive. On 13 November 2008 the European Commission published a more detailed proposal for amendments to the Directive, which included a number of suggested changes. The European Parliament approved an amended version of this proposal on 24 April 2009. If any of those proposed changes are made in relation to the Directive, they may amend or broaden the scope of the requirements described above.

3. **THE NETHERLANDS**

The following paragraph, which is intended as a general guide only, is based on current law and practice in The Netherlands. It summarises certain aspects of taxation in The Netherlands only which may be applicable to the Securities but do not purport to be a comprehensive description of all tax considerations which may be of relevance.

All payments by the Issuer in respect of the Securities will be made free of withholding or deduction for or on account of any taxes of whatsoever nature imposed, levied, withheld, or assessed by The Netherlands or any political subdivision or taxing authority thereof or therein, unless such withholding is, in the future, required by law.

4. **UNITED KINGDOM**

The following applies only to persons who are beneficial owners of the Securities and is a summary of the Issuer's understanding of current law and practice in the United Kingdom relating to certain aspects of United Kingdom taxation. Some aspects do not apply to certain classes of persons (such as dealers) to whom special rules apply. Prospective Holders who are in any doubt as to their own tax position or who may be subject to tax in a jurisdiction other than the United Kingdom should consult their professional advisers.

Withholding Tax

Securities issued otherwise than through the Issuer

Payments on these Securities may be made without withholding on account of United Kingdom income tax.

Securities issued by the Issuer

Payments made in respect of the Securities may be made without deduction or withholding for or on account of United Kingdom income tax where such payments are not regarded as either interest or annual payments for United Kingdom tax purposes.

Even if such payments were to be regarded as interest or annual payments for United Kingdom tax purposes, the Issuer should not be required to withhold or deduct sums for or on account of United Kingdom income tax from payments made in respect of the Securities provided that the Securities are derivative contracts, the profits and losses arising from which are calculated in accordance with the provisions of Part 7 of the Corporation Tax Act 2009 (which broadly they should be provided that they are derivatives for the purposes of FRS25 (or International Accounting Standard 32) and are not excluded for the purposes of Part 7 of that Act by virtue of their underlying subject matter).

Interest on the Security

If interest is payable on the Securities or if payments made in respect of the Securities were to be regarded as interest for United Kingdom tax purposes, provided the Issuer's London branch continues to qualify as a bank for United Kingdom tax purposes, such payments may be made without withholding or deduction for or on account of United Kingdom income tax where the interest is paid in the ordinary course of the Issuer's London branch's business; this would include all payments of interest by the Issuer's London branch except where those Securities concerned conform to the definition of tier 1, 2 or 3 capital for regulatory purposes or where there is an intention to avoid United Kingdom tax.

Payments of interest on these Securities may also be made without deduction or withholding for or on account of United Kingdom income tax if these Securities are and continue to be

listed on a “recognised stock exchange”, as defined in section 1005 of the Income Tax Act 2007. The Euronext Amsterdam is a recognised stock exchange. These Securities will satisfy this requirement if they are (a) officially listed in Amsterdam in accordance with provisions corresponding to those generally applicable in EEA states and are admitted to trading on the Euronext Amsterdam, or (b) listed and admitted to trading on another “recognised stock exchange”. Provided, therefore, that these Securities are and remain so listed, interest on these Securities will be payable without withholding or deduction for or on account of United Kingdom income tax whether or not the Issuer’s London branch carries on a banking business in the United Kingdom and whether or not the interest is paid in the ordinary course of its business.

Interest on these Securities may be paid without withholding or deduction for or on account of United Kingdom income tax where interest on these Securities is paid by a company and, at the time the payment is made, the Issuer’s London branch reasonably believes (and any person by or through whom interest on these Securities is paid reasonably believes) that the beneficial owner is within the charge to United Kingdom corporation tax as regards the payment of interest; provided that HM Revenue & Customs (**HMRC**) has not given a direction (in circumstances where it has reasonable grounds to believe that the above exemption is not available in respect of such payment of interest at the time the payment is made) that the interest should be paid under deduction of tax.

Interest on these Securities may also be paid without withholding or deduction for or on account of United Kingdom tax where the maturity of these Securities is less than 365 days and those Securities do not form part of a scheme or arrangement of borrowing intended to be capable of remaining outstanding for more than 364 days.

In other cases, an amount must generally be withheld from payments of interest on these Securities on account of United Kingdom income tax at the basic rate (currently 20%). However, where an applicable double tax treaty provides for a lower rate of withholding tax (or for no tax to be withheld) in relation to a Holder of these Securities, HMRC can issue a notice to the Issuer’s London branch to pay interest to the Holder on these Securities without deduction of tax (or for interest to be paid with tax deducted at the rate provided for in the relevant double tax treaty).

Holders of the Securities may wish to note that, in certain circumstances, HMRC has power to obtain information (including the name and address of the beneficial owner of the interest) from any person in the United Kingdom who either pays or credits interest to or receives interest for the benefit of a Holder of the Securities. HMRC also has power, in certain circumstances, to obtain information from any person in the United Kingdom who pays amounts payable on the redemption of Securities (which are deeply discounted securities for the purposes of the Income Tax (Trading and Other Income) Act 2005) to or receives such amounts for the benefit of another person, although HMRC published practice indicates that HMRC will not exercise the power referred to above to require this information in respect of

amounts payable on the redemption of deeply discounted securities where such amounts are paid on or before 5 April 2010. Such information may include the name and address of the beneficial owner of the amount payable on redemption. Any information obtained may, in certain circumstances, be exchanged by HMRC with the tax authorities of the jurisdiction in which the Holder of the Securities is resident for tax purposes.

Stamp Taxes

Subject to what follows, no stamp duty, capital duty, stamp duty reserve tax or other similar tax is payable in the United Kingdom on the issue or transfer by delivery of any Securities.

In relation to Securities which are denominated in sterling, a charge to stamp duty at 1.5 per cent. of the value of such Securities will arise if issued in the United Kingdom. No stamp duty liability will arise on the issue of such Securities if issued outside the United Kingdom. However, in relation to such Securities originally issued outside the United Kingdom, on the first transfer by delivery in the United Kingdom of any such Security a stamp duty liability at 1.5 per cent. of the value of such Security will arise.

Stamp duty and stamp duty reserve tax may also be payable on the transfer of an asset on physical settlement of the Securities.

SELLING RESTRICTIONS

The statements which follow are of a general nature. Potential purchasers in each jurisdiction must ensure that they are able validly to take delivery of the Securities and any assets into which they may convert or be settled. Additional certifications may be required by the Issuer and/or any clearance system at the time of exercise and/or settlement.

1. **GENERAL**

No action has been or will be taken by the Issuer that would permit a public offering of the Securities or possession or distribution of any offering material in relation to the Securities in any jurisdiction where action for that purpose is required. No offers, sales or deliveries of any Securities, or distribution of any offering material relating to the Securities, may be made in or from any jurisdiction except in circumstances which will result in compliance with any applicable laws and regulations and will not impose any obligation on the Issuer.

In addition, these Securities may not be offered or sold (i) to any person/entity listed on sanctions lists of the European Union, United States or any other applicable local competent authority; (ii) within the territory of Cuba, Sudan, Iran and Myanmar; (iii) to residents in Cuba, Sudan, Iran or Myanmar; (iv) to Cuban Nationals, wherever located.

2. **THE NETHERLANDS**

Securities which qualify as savings certificates as defined in the Savings Certificates Act (*Wet inzake spaarbewijzen*) may only be transferred or accepted through the mediation of either the Issuer or an admitted institution of Euronext Amsterdam N.V. with due observance of the Savings Certificates Act and its implementing regulations (including registration requirements), provided that no mediation is required in respect of:

- (a) the initial issue of those Securities to the first holders thereof;
- (b) any transfer and delivery by individuals who do not act in the conduct of a profession or trade; and
- (c) the issue and trading of those Securities, if they are physically issued outside The Netherlands and are not distributed in The Netherlands in the course of primary trading or immediately thereafter.

3. **PUBLIC OFFER SELLING RESTRICTION UNDER THE PROSPECTUS DIRECTIVE**

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a “**Relevant Member State**”), the Issuer represents and agrees that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the “**Relevant Implementation Date**”) it has not made and will not make an offer of Securities which are the subject of the offering contemplated by this Prospectus to the public in that Relevant Member State except that it may, with effect from

and including the Relevant Implementation Date, make an offer of Securities to the public in that Relevant Member State:

- a) if the prospectus in relation to the Securities specify that an offer of those Securities may be made other than pursuant to Article 3(2) of the Prospectus Directive in that Relevant Member State (a “**Non-exempt Offer**”), following the date of publication of a prospectus in relation to such Securities which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State in accordance with the Prospectus Directive, in the period beginning and ending on the dates specified in such prospectus;
- b) at any time to legal entities which are authorised or regulated to operate in the financial markets or, if not so authorised or regulated, whose corporate purpose is solely to invest in securities;
- c) at any time to any legal entity which has two or more of (i) an average of at least 250 employees during the last financial year; (ii) a total balance sheet of more than €43,000,000 and (iii) an annual net turnover of more than €50,000,000, as shown in its last annual or consolidated accounts; or
- d) at any time to fewer than 100 natural or legal persons (other than qualified investors as defined in the Prospectus Directive); or
- e) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive;

provided that no such offer of Securities referred to in (b) to (e) above shall require the Issuer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an “**offer of Securities to the public**” in relation to any Securities in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Securities to be offered so as to enable an investor to decide to purchase or subscribe the Securities, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression “**Prospectus Directive**” means Directive 2003/71/EC and includes any relevant implementing measure in each Relevant Member State.

4. **UNITED STATES OF AMERICA**

No Security has been, or will be, registered under the United States Securities Act of 1933, as amended (the “**Securities Act**”) and trading in the Securities has not been approved by the United States Commodity Futures Trading Commission (“**CFTC**”) under the United States Commodity Exchange Act as amended the (“**CEA**”). directly or indirectly, in the United States or to, or for the account or benefit of, any U.S. person.

Offers, sales, resales or deliveries of Security, or interests therein, directly or indirectly, in the United States or to, or for the account or benefit of U.S. persons would constitute a violation of United States securities laws unless made in compliance with the registration requirements of the Securities Act or pursuant to an exemption therefrom. In addition, in the absence of relief from the CFTC, offers, sales, resales, trades or deliveries of Securities, or interests therein, directly or indirectly, in the United States or to, or for the account or benefit of, U.S. Persons, may constitute a violation of United States law governing commodities trading.

The Securities having a maturity of more than one year will be issued in compliance with U.S. Treas. Reg. §1.163-5(c)(2)(i)(C) (the “**C Rules**”). Securities having a maturity of one year or less are not subject to the C Rules.

The Securities subject to the C Rules may not be offered, sold or delivered within the United States, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986 (the “**Code**”) and the U.S. Treasury regulations thereunder.

The Issuer will require each dealer participating in the distribution of the Securities subject to the C Rules to agree that it will not at any time offer, sell, resell or deliver, directly or indirectly, the Securities in the United States or to others for offer, sale, resale or delivery, directly or indirectly, in the United States. Further, the Issuer and each dealer to which it sells the Securities will represent and agree that in connection with the original issuance of such Securities that it has not communicated, and will not communicate, directly or indirectly, with a prospective purchaser if such purchaser is within the United States and will not otherwise involve its U.S. office in the offer or sale of such Securities. The terms used in the preceding sentence (and not otherwise defined below) have the meanings given to them by the Code and the U.S. Treasury regulations thereunder, including the C Rules.

As used herein, “**United States**” means the United States of America (including the States and the District of Columbia), its territories, its possessions and other areas subject to its jurisdiction; and “**U.S. person**” means (i) an individual who is a citizen or resident of the United States; (ii) a corporation, a partnership or other entity organized in or under the laws of the United States or any political subdivision thereof or which has its principal place of business in the United States; (iii) any estate or trust which is subject to United States federal income taxation regardless of the source of its income; (iv) any trust if a court within the United States is able to exercise primary supervision over the administration of the trust and if one or more United States trustees have the authority to control all substantial decisions of the trust; (v) a pension plan for the employees, officers or principals of a corporation, partnership or other entity described in (ii) above; (vi) any entity organized principally for passive investment, 10% (ten per cent.) or more of the beneficial interests in which are held by persons described in (i) to (v) above if such entity was formed principally for the purpose of investment by such persons in a commodity pool the operator of which is exempt from certain

requirements of Part 4 of the CFTC's regulations by virtue of its participants being non-U.S. persons; or (vii) any other "U.S. Person" as such term may be defined in Regulation S under the Securities Act or in regulations adopted under the Commodity Exchange Act.

Notice to purchasers and holders of restricted securities and transfer restrictions

- (a) that trading in the Securities has not been and will not be approved by the CFTC under the CEA;
- (b) that it will not at any time offer, sell, resell or deliver, directly or indirectly, any Securities of so purchased in the United States or to, or for the account or benefit of, any U.S. person or to others for offer, sale, resale or delivery, directly or indirectly, in the United States or to, or for the account or benefit of, any U.S. person;
- (c) that it is not purchasing any Securities for the account or benefit of any U.S. person;
- (d) that it will not make offers, sales, resales or deliveries of any Security (otherwise acquired), directly or indirectly, in the United States or to, or for the account or benefit of, any U.S. person;
- (e) that it will send each person who purchases any Securities of such issue from it a written confirmation (which shall include the definitions of United States and U.S. person set forth herein) stating that the Securities have not been registered under the Securities Act, that trading in the Securities has not been approved by the CFTC under the CEA and stating that such purchaser agrees that it will not at any time offer, sell, resell or deliver any of such Securities, directly or indirectly, in the United States or to, or for the account or benefit of, any U.S. person;

Description of the Securities

A range of Single Stock Turbo Certificates may be listed under this Prospectus. The terms and conditions applicable to such certificates are contained in the general conditions of the Securities and the product conditions of the Securities (including the annex thereto) applicable to the particular Single Stock Turbo Certificate.

Single Stock Turbo Certificates are investment instruments without a fixed maturity or expiration date, which can either be terminated by the Issuer, exercised by the Holder, and may automatically terminate if the Underlying reaches a pre-determined level (the Stop Loss Price). Following any such event (Stop Loss Event), the turbo certificates pay an amount determined by reference to the value of the underlying share (Share) on one or more specified days, subject to a conversion ratio (where applicable) (the Entitlement). The conversion ratio enables investors to invest with a relative small amount in an Underlying representing a larger amount. A range of shares may become the

Underlying of a Single Stock Turbo Certificate. The company which has issued the Shares is referred to as the Share Company.

Turbo certificates track in a linear manner the Underlying and give the same participation rate in the Underlying as a direct investment in the Underlying. However, the amount needed to invest in a turbo certificate is considerably less as RBS N.V. finances a portion of the Underlying (the Current Financing Level). The currency in which the financing is provided is referred to as the Financing Level Currency. As a result of the financing by RBS NV the percentage gain if the Underlying rises (in the case of turbo long certificates) or falls (in the case of turbo short certificates) and the percentage loss if the Underlying falls is much higher in Turbo certificates than as a direct investment in the Underlying.

Turbo long certificates enable the investor to profit from rising markets. Turbo long certificates track the Underlying. If the value of the Underlying rises, the value of the turbo long certificate will rise by an equivalent amount, taking into account any applicable foreign exchange rate. The difference between a turbo long certificate and an ordinary certificate is that in the case of the turbo long certificate, the amount needed to invest to give the same participation rate in the Underlying is usually considerably less.

Turbo short certificates enable the investor to profit from declining markets. Turbo short certificates track the Underlying in an inverse manner. If the value of the Underlying drops, the value of the turbo short certificate will rise by an equivalent amount, taking into account any applicable foreign exchange rate. The difference between a turbo short certificate and an ordinary certificate is that in the case of the turbo short certificate, the amount needed to invest to give the same inverse participation rate in the Underlying is usually considerably less.

Prior to the listing and the issue of Single Stock Turbo Certificates the economics of a specific Series (such as the Issue Price, Current Financing Level and Stop Loss Price) are fixed and the settlement process (which usually takes 3 Business Days) is initiated. This date is referred to as the Launch Date. Single Stock Turbo Certificates are listed on Euronext Amsterdam by NYSE Euronext (the Securities Exchange).

CONDITIONS: GENERAL CONDITIONS

The General Conditions which follow relate to the Securities and must be read in conjunction with, and are subject to, the Product Conditions and the Annex hereto. The Product Conditions, the Annex hereto and the General Conditions together constitute the Conditions of the Securities and will be printed on any Definitive Securities and attached to any Global Security representing the Securities.

1. DEFINITIONS

Terms in capitals which are not defined in these General Conditions shall have the meanings ascribed to them in the Product Conditions or the Annex hereto and, if not so defined, shall be inapplicable. References in these General Conditions to interest and Coupons (and related expressions) shall be ignored in the case of Securities which do not bear interest. References in these General Conditions to the Conditions shall mean these General Conditions and, in relation to any Securities, the Product Conditions applicable to those Securities.

2. STATUS

The Securities constitute unsecured and unsubordinated obligations of the Issuer and rank *pari passu* among themselves and with all other present and future unsecured and unsubordinated obligations of the Issuer save for those preferred by mandatory provisions of law.

3. EARLY TERMINATION

The Issuer shall have the right to terminate the Securities if it shall have determined in its absolute discretion that its performance thereunder shall have become unlawful in whole or in part as a result of compliance in good faith by the Issuer with any applicable present or future law, rule, regulation, judgement, order or directive of any governmental, administrative, legislative or judicial authority or power ("**Applicable Law**"). In such circumstances the Issuer will, however, if and to the extent permitted by the Applicable Law, pay to each Holder in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination (ignoring such illegality) less the cost to the Issuer of unwinding any related hedging arrangements. Payment will be made to the Holder in such manner as shall be notified to the Holder in accordance with General Condition 4.

4. NOTICES

- (a) Validity. Announcements to Holders will be valid if delivered by the Issuer to the Clearing Agent with an instruction from the Issuer to the Clearing Agent to communicate such announcement to the Holders.

- (b) Delivery. Any such announcement issued pursuant to General Condition 4(a) shall be deemed to be effective on the day following its delivery to the Clearing Agent (and if delivered to more than one Clearing Agent on the day following the date first delivered to a Clearing Agent) or, if published on the date of such publication (and if published in more than one country then on the date first published).

5. HEDGING DISRUPTION

- (a) Notification. The Issuer shall as soon as reasonably practicable give instructions to the Calculation Agent to notify the Holders in accordance with General Condition 4(a):
 - (i) if it determines that a Hedging Disruption Event has occurred; and
 - (ii) of the consequence of such Hedging Disruption Event as determined by the Issuer pursuant to General Condition 5(c).
- (b) Hedging Disruption Event. A “**Hedging Disruption Event**” shall occur if the Issuer determines that it is or has become not reasonably practicable or it has otherwise become undesirable, for any reason, for the Issuer wholly or partially to establish, re-establish, substitute or maintain a relevant hedging transaction (a “**Relevant Hedging Transaction**”) it deems necessary or desirable to hedge the Issuer's obligations in respect of the Securities. The reasons for such determination by the Issuer may include, but are not limited to, the following:
 - (i) any material illiquidity in the market for the relevant instruments (the “**Disrupted Instrument**”) which from time to time are included in the reference asset to which the Securities relate; or
 - (ii) a change in any applicable law (including, without limitation, any tax law) or the promulgation of, or change in, the interpretation of any court, tribunal or regulatory authority with competent jurisdiction of any applicable law (including any action taken by a taxing authority); or
 - (iii) a material decline in the creditworthiness of a party with whom the Issuer has entered into any such Relevant Hedging Transaction; or
 - (iv) the general unavailability of: (A) market participants who will agree to enter into a Relevant Hedging Transaction; or (B) market participants who will so enter into a Relevant Hedging Transaction on commercially reasonable terms.
- (c) Consequences. The Issuer, in the event of a Hedging Disruption Event, may determine to:
 - (i) terminate the Securities. In such circumstances the Issuer will, however, if and to the extent permitted by the Applicable Law, pay to each Holder in respect of each Security held by such Holder an amount calculated by it as the fair market value of the Security immediately prior to such termination less the cost to the Issuer of unwinding any related hedging arrangements. Where the Securities contain provisions which provide a minimum assured return of principal, howsoever expressed, on the Settlement Date or Maturity Date as applicable,

or a minimum assured return of interest or coupons, howsoever expressed, on a relevant Interest Payment Date (if applicable), any such amount to be paid under this General Condition shall not be less than the present value of such minimum assured return of principal and/or interest or coupons, such present value being determined by the Calculation Agent. Payment will be made to the Holder in such manner as shall be notified to the Holder in accordance with General Condition 4;

- (ii) make an adjustment in good faith to the relevant reference asset by removing the Disrupted Instrument at its fair market value (which may be zero). Upon any such removal the Issuer may: (A) hold any notional proceeds (if any) arising as a consequence thereof and adjust the terms of payment and/or delivery in respect of the Securities; or (B) notionally reinvest such proceeds in other reference asset(s) if so permitted under the Conditions (including the reference asset(s) to which the Securities relate);
- (iii) make any other adjustment to the Conditions as it considers appropriate in order to maintain the theoretical value of the Securities after adjusting for the relevant Hedging Disruption Event. Where the Securities contain provisions which provide a minimum assured return of principal, howsoever expressed, on the Settlement Date or Maturity Date as applicable, or a minimum assured return of interest or coupons, howsoever expressed, on a relevant Interest Payment Date, any such adjustment will in no way affect the Issuer's obligations to make payment to the Holders not less than the minimum assured return of principal and/or interest or coupons on the relevant Settlement Date or Maturity Date, or Interest Payment Date, as applicable.

In the event of any substitution of the Issuer, any reference in the Conditions to the Issuer shall from such time be construed as a reference to the Substitute.

In relation to each Security the relevant Holder shall pay all Expenses as provided in the Product Conditions. All payments or, as the case may be, deliveries in respect of the Securities will be subject in all cases to all applicable fiscal and other laws and regulations (including, where applicable, laws requiring the deduction or withholding for, or on account of, any tax duty or other charge whatsoever). The Holder shall be liable for and/or

pay any tax, duty or charge in connection with the ownership of and/or any transfer, payment or delivery in respect of the Securities held by such Holder. - (c) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Share Company, the Issuer in its sole and absolute discretion may take the action described in (i), (ii) or (iii) below:

- (i) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. After the delivery of a Notice, the Securities which are the subject of such notice may not be transferred.
- (l) Exercise and Settlement Risk. Exercise and settlement of the Securities is subject to all applicable laws, regulations and practices in force at the relevant time and neither the Issuer nor any Agent shall incur any liability whatsoever if it is unable to effect the transactions contemplated, after using all reasonable efforts, as a result of any such laws, regulations or practices. Neither the Issuer nor the Agents shall under any circumstances be liable for any acts or defaults of any Clearing Agent in relation to the performance of its duties in relation to the Securities.

4. ADJUSTMENTS

- (a) Market Disruption. The Calculation Agent shall as soon as reasonably practicable under the circumstances notify the Holders in accordance with General Condition 4 if it determines that a Market Disruption Event has occurred.

“Market Disruption Event” means:

- (i) the occurrence or existence on any Trading Day during the one hour period that ends at the official close of trading on the Exchange or any Related Exchange of any suspension of or limitation imposed on trading or the disruption or impairment in the ability of market participants in general to effect transactions in (by reason of movements in price reaching or exceeding limits permitted by the relevant exchange or otherwise): (A) the Shares on the Exchange or any other exchange on which the Shares are listed; or (B) any options contracts or futures contracts or other derivatives contracts relating to the Share on any Related Exchange, if, in the determination of the Calculation Agent, such suspension or limitation is material; or
- (ii) a general moratorium is declared in respect of banking activities in the country in which the Exchange or any Related Exchange is located.

For the purposes of this definition, a limitation on the hours and number of days of trading will not constitute a Market Disruption Event if it results from an announced

change in the regular business hours of the Exchange or any Related Exchange, but a limitation on trading imposed during the course of the day by reason of movements in price otherwise exceeding levels permitted by the Exchange or any Related Exchange may, if so determined by the Calculation Agent, constitute a Market Disruption Event.

- (b) Potential Adjustment Events. Following a declaration by the Share Company of the terms of any Potential Adjustment Event, the Calculation Agent will determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Share and, if so, will:
- (i) make the corresponding adjustment, if any, to any one or more of the Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
 - (ii) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Shares traded on that options exchange. Upon making any such adjustment, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the adjustment to be made to the Conditions and giving brief details of the Potential Adjustment Event.

“Potential Adjustment Event” means any of the following: (i) a subdivision, consolidation or reclassification of relevant Shares (unless a Merger Event) or a free distribution or dividend of such Shares to existing holders by way of bonus, capitalisation, recapitalisation or similar issue; (ii) a distribution or dividend to existing holders of the relevant Shares of (A) such Shares, or (B) other share capital or securities granting the right to payment of dividends and/or the proceeds of liquidation of the Share Company equally or proportionately with such payments to holders of such Shares, or (C) any other type of securities, rights or warrants or other assets, in any case for payment (cash or other) at less than the prevailing market price as determined by the Calculation Agent; (iii) an extraordinary dividend; (iv) a distribution of cash dividends on the Shares equal to or greater than 8 per cent. per annum of the then current market value of the Shares; (v) a call by the Share Company in respect of relevant Shares that are not fully paid; (vi) a repurchase by the Share Company of relevant Shares whether out of profits or capital and whether the consideration for such repurchase is cash, securities or otherwise; or (vii) any other similar event that may have a diluting or concentrative effect on the theoretical value of the relevant Shares.

- (c) De-listing, Merger Event, Nationalisation and Insolvency. If a De-listing, Merger Event, Nationalisation or Insolvency occurs in relation to the Share Company, the Issuer in its sole and absolute discretion may take the action described in (i), (ii) or (iii) below:

- (i) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any of the other terms of these Conditions to account for the De-listing, Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but is under no obligation to) determine the appropriate adjustment by reference to the adjustment in respect of the De-listing, Merger Event, Nationalisation or Insolvency made by any Related Exchange to options contracts or futures contracts or other derivatives contracts on the Shares traded on such Related Exchange; or
- (ii) cancel the Securities by giving notice to Holders in accordance with General Condition 4. If the Securities are to be cancelled the Issuer will pay an amount to each Holder in respect of each Security held by him which amount shall be the fair market value of a Security (taking into account the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be)) on the day selected for cancellation as shall be selected by the Issuer in its sole and absolute discretion adjusted to fully account for any losses, expenses and costs to the Issuer and/or any affiliate of the Issuer of unwinding or adjusting any underlying or related hedging arrangements (including but not limited to any equity options or selling or otherwise realising any Shares or other instruments of any type whatsoever which the Issuer and/or any of its affiliates may hold as part of such hedging arrangements), all as determined by the Calculation Agent in its sole and absolute discretion. Payment will be made in such manner as shall be notified to the Holders in accordance with General Condition 4; or
- (iii) following any adjustment to the settlement terms of options contracts or futures contracts or any other derivatives contracts on the Shares traded on any Related Exchange, require the Calculation Agent to make a corresponding adjustment to any of the other terms of these Conditions, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Related Exchange. If options contracts or futures contracts or other derivatives contracts on the Shares are not traded on the Related Exchange, the Calculation Agent will make such adjustment, if any, to any of the other terms of these Conditions as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Related Exchange to account for the De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) that in the determination of the Calculation Agent would have given rise to an adjustment by the Related Exchange if such options contracts or futures contracts or other derivatives contracts were so traded.

Upon the occurrence of a De-listing, Merger Event, Nationalisation or Insolvency, the Calculation Agent shall notify the Holders in accordance with General Condition 4, stating the occurrence of such De-listing, Merger Event, Nationalisation or Insolvency (as the case may be) and action proposed to be taken in relation thereto.

“De-listing” means a Share for any reason ceases to be listed or is suspended from listing on the Exchange or any other exchanges on which the Shares are listed (and such cessation or suspension is continuing and such Share is not subsequently listed or quoted on another stock exchange or quotation system acceptable to the Issuer).

“Merger Date” means the date upon which all holders of the Shares of a Share Company (other than, in the case of a take-over offer, Shares owned or controlled by the offeror) have agreed or have irrevocably become obliged to transfer their Shares.

“Merger Event” means any (i) reclassification or change to the Shares of a Share Company that results in a transfer of or an irrevocable commitment to transfer all outstanding Shares of such Share Company; (ii) consolidation, amalgamation or merger of a Share Company with or into another entity (other than a consolidation, amalgamation or merger in which such Share Company is the continuing entity and which does not result in any such reclassification or change to all the outstanding Shares of a Share Company); or (iii) other take-over offer for the Shares of a Share Company that results in a transfer of or an irrevocable commitment to transfer the Shares of a Share Company (other than any such Shares owned or controlled by the offeror), in each case if the Merger Date is on or before the Valuation Date, Issuer Call Date or before or during the Stop Loss Termination Valuation Period.

“Nationalisation” means that all the Shares of a Share Company or all the assets or substantially all the assets of a Share Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity.

“Insolvency” means that by reason of the voluntary or involuntary liquidation, bankruptcy or insolvency of or any analogous proceeding affecting a Share Company, (i) all the Shares are required to be transferred to a receiver, trustee, liquidator or other similar official or (ii) holders of the Shares of that Share Company become legally prohibited from transferring them.

The Calculation Agent may make adjustments to the Conditions in order to account for any such event if it considers it appropriate to do so. The Calculation Agent shall, as soon as practicable after receipt of any written request to do so, advise a Holder of any determination made by it pursuant to this Product Condition 4 on or before the date of receipt of such request. The Calculation Agent shall make available for inspection by Holders copies of any such determinations. In making any such determinations and calculations in respect of the Securities, the Calculation Agent shall act at all times in good faith and a commercially reasonable manner.
