Due from one day from the date of original issue

Under the Euro Medium Term Note Programme (the **Programme**) described in this Base Prospectus (the **Base Prospectus**), Société Nationale des Chemins de Fer Français (the **Issuer**), subject to compliance with all relevant laws, regulations and directives, may from time to time issue outside the Republic of France Euro Medium Term Notes (the **Notes**). The aggregate nominal amount of Notes outstanding will not at any time exceed €12,000,000,000 (or its equivalent in other currencies) subject to increase as described herein.

Any Notes issued under the Programme on or after the date of this Base Prospectus are issued subject to the provisions described herein.

Notes will be issued in one or more series (each a **Series**). Each Series shall be in bearer form and may be issued in one or more tranches (each a **Tranche**) on different issue dates and on terms otherwise identical (except in relation to the interest commencement dates and matters related thereto). The Notes may be issued on a continuing basis to one or more of the Dealers specified under "Summary of the Programme" and any additional Dealer appointed under the Programme from time to time by the Issuer (each a **Dealer** and together the **Dealers**), which appointment may be for a specific issue or on an ongoing basis. References in this Base Prospectus to the "relevant Dealer" shall be, in the case of an issue of Notes being (or intended to be) subscribed by more than one Dealer, to all Dealers agreeing to subscribe such Notes.

An investment in Notes issued under the Programme involves certain risks. For a discussion of these risks see "Risk Factors".

Application has been made for approval of this Base Prospectus to the *Autorité des marchés financiers* (the **AMF**) in France in its capacity as competent authority pursuant to article 212-2 of its *Règlement Général* which implements the Directive 2003/71/EC of 4 November 2003 (as amended by Directive 2010/73/EC (except as otherwise specified herein) (the **2010 PD Amending Directive**)) on the prospectus to be published when securities are offered to the public or admitted to trading (the **Prospectus Directive**).

Application may be made (i) to Euronext Paris S.A. for Notes issued under the Programme during a period of 12 months after the date of this Base Prospectus to be listed and admitted to trading on Euronext Paris S.A. and/or (ii) to the listing authority of any other member state of the European Economic Area (**EEA**) for Notes issued under the Programme to be admitted to trading on a Regulated Market (as defined below) in such member state. Euronext Paris S.A. is a regulated market for the purposes of the Markets in Financial Instruments Directive 2004/39/EC of 21 April 2004 (a **Regulated Market**).

Notice of the aggregate nominal amount of Notes, interest (if any) payable in respect of Notes, the issue price of Notes and any other terms and conditions not contained herein which are applicable to each Tranche (as defined under "Terms and Conditions of the Notes") of Notes will be set out in a final terms document (the **Final Terms**) which, with respect to Notes to be admitted to trading on any Regulated Market and/or offered to the public, will be filed with the AMF. However, unlisted Notes may be issued pursuant to the Programme. The applicable Final Terms in respect of the issue of any Notes will specify whether or not such Notes will be listed and, if so, the relevant stock exchange(s).

Notes will be in such denomination(s) as may be specified in the relevant Final Terms, save that the minimum denomination of each Note listed and admitted to trading on a Regulated Market or offered to the public in a Member State of the EEA in circumstances which require the publication of a prospectus under the Prospectus Directive will be €1,000 and, if the Notes are denominated in a currency other than euro, the equivalent amount in such currency at the issue date, or such higher amount as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the relevant specified currency.

Notes of each Tranche of each Series of Notes will initially be represented by a temporary global note in bearer form (each a **Temporary Global Note**) or a permanent global note in bearer form (each a **Permanent Global Note** and, collectively with any Temporary Global Note, the **Global Notes**), each without interest coupons. Global Notes may be deposited (a) in the case of a Tranche intended to be cleared through Euroclear (as defined below) and/or Clearstream Banking, *société anonyme* (**Clearstream, Luxembourg**), on the issue date of the relevant Tranche of each Series with a common depositary on behalf of Euroclear Bank S.A./N.V., (**Euroclear**) and Clearstream, Luxembourg, (b) in the case of a Tranche intended to be cleared through Euroclear France and the *Intermédiaires financiers habilités*, authorised to maintain accounts therein (together, **Euroclear France**), on the issue date with Euroclear France, acting as central depositary, and (c) in the case of a Tranche intended to be cleared through a clearing system other than or in addition to Euroclear, Clearstream, Luxembourg or Euroclear France or delivered outside a clearing system, as agreed between the Issuer and the relevant Dealer. The provisions governing the exchange of interests in Global Notes for other Global Notes and definitive Notes are described in "Form of Notes".

Any person (an **Investor**) intending to acquire or acquiring any securities from any person (an **Offeror**) should be aware that, in the context of an offer to the public as defined in the Prospectus Directive, the Issuer may be responsible to the Investor for the Base Prospectus only if the Issuer is acting in association with that Offeror to make the offer to the Investor. Each Investor should therefore verify with the Offeror whether or not the Offeror is acting in association with the Issuer. If the Offeror is not acting in association with the Issuer, the Investor should check with the Offeror whether anyone is responsible for the Base Prospectus for the purposes of Article 6 of the Prospectus Directive as implemented by the national legislation of each EEA Member State in the context of the offer to the public, and, if so, who that person is. If the Investor is in any doubt about whether it can rely on the Base Prospectus and/or who is responsible for its contents it should take legal advice.

The Issuer's long term debt has been rated AA+ by Standard & Poor's, Aaa by Moody's Investors Service Limited and AAA by Fitch Ratings Ltd and its short term debt has been rated A-1+ by Standard & Poor's, P-1 by Moody's Investors Service Limited and F1+ by Fitch Ratings. Notes issued under the Programme may be unrated or rated differently from the current ratings of the Issuer. Whether or not each credit rating applied for in relation to relevant Series of Notes will be issued by a credit rating agency established in the European Union and registered under Regulation (EU) No 1060/2009 (the **CRA Regulation**) will be disclosed in the Final Terms. In general, European regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued by a credit rating agency established in the European Union and registered under the CRA Regulation unless the rating is provided by a credit rating agency operating in the European Union before 7 June 2010 which has submitted an application for registration in accordance with the CRA Regulation and such registration is not refused. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change, or withdrawal at any time by the assigning rating agency. THE INVESTOR MUST LOOK TO THE OFFEROR AT THE TIME OF SUCH OFFER FOR THE PROVISION OF SUCH INFORMATION. THE ISSUER HAS NO RESPONSIBILITY TO AN INVESTOR IN RESPECT OF SUCH INFORMATION

This Base Prospectus is to be read in conjunction with any supplement hereto and all documents which are deemed to be incorporated herein by reference (see "*Documents Incorporated by Reference*"). This Base Prospectus shall be read and construed on the basis that such documents are incorporated and form part of this Base Prospectus.

No person is or has been authorised by the Issuer to give any information or to make any representation not contained in or not consistent with this Base Prospectus or any other information supplied in connection with the Programme or the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer or any of the Dealers or the Arranger (as defined in "*Summary of the Programme*"). Neither the delivery of this Base Prospectus nor the offering, sale or delivery of any Notes shall, under any circumstances, create any implication that there has been no change in the affairs of the Issuer or the Group since the date hereof or the date upon which this Base Prospectus has been most recently amended or supplemented or that there has been no adverse change in the financial position of the Issuer or the Group since the date hereof or the date upon which this Base Prospectus has been most recently amended or supplemented or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same. The distribution of this Base Prospectus and the offering or sale of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Base Prospectus comes are required by the Issuer, the Dealers and the Arranger to inform themselves about and to observe any such restrictions. The Notes have not been and will not be registered under the Securities Act and include Notes in bearer form that are subject to U.S. tax law requirements. Notes may not be offered, sold or delivered within the United States or to, or for the account or benefit of U.S. persons. For a description of certain restrictions on offers and sales of Notes and on distribution of this Base Prospectus, see "*Subscription and Sale*".

Neither this Base Prospectus nor any other information supplied in connection with the Programme or the issue of the Notes constitutes an offer of, or an invitation by or on behalf of the Issuer or the Dealers to subscribe for, or purchase, any Notes.

Neither the Dealers nor the Arranger have independently verified the information contained in this Base Prospectus. Accordingly, no representation, warranty or undertaking, express or implied, is

made and no responsibility or liability is accepted by the Arranger or the Dealers as to the accuracy or completeness of the information contained or incorporated in this Base Prospectus or any other information provided by the Issuer in connection with the Programme. Neither the Arranger nor any Dealer accepts any liability in relation to the information contained or incorporated by reference in this Base Prospectus or any other information provided by the Issuer in connection with the Programme. Neither this Base Prospectus nor any document incorporated by reference nor any other financial statements nor any other information supplied in connection with the Programme or any Notes (a) are intended to provide the basis of any credit or other evaluation and (b) should be considered as a recommendation by any of the Issuer, the Arranger or the Dealers that any recipient of this Base Prospectus or any other financial statements or any document incorporated by reference or any other information supplied in connection with the Programme or any Notes should purchase any Notes. Each investor contemplating purchasing any Notes should make its own independent investigation of the financial conditions and affairs, and its own appraisal of the creditworthiness, of the Issuer. None of the Dealers or the Arranger undertakes to review the financial condition or affairs of the Issuer during the life of the arrangements contemplated by this Base Prospectus nor to advise any investor or potential investor in the Notes of any information coming to the attention of any of the Dealers or the Arranger.

This Base Prospectus does not constitute an offer to sell or the solicitation of an offer to buy any Notes in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction. The distribution of this Base Prospectus and the offer or sale of Notes may be restricted by law in certain jurisdictions. The Issuer and the Dealers do not represent that this Base Prospectus may be lawfully distributed, or that any Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. Accordingly, no Notes may be offered or sold, directly or indirectly, and neither this Base Prospectus nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Accordingly any person making or intending to make an offer in that Relevant Member State of Notes which are the subject of an offering contemplated in this Base Prospectus as completed by final terms in relation to the offer of those Notes may only do so (i) in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive, in each case, in relation to such offer, or (ii) if a prospectus for such offer has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State and (in either case) published, all in accordance with the Prospectus Directive, provided that any such prospectus has subsequently been completed by final terms which specify that offers may be made other than pursuant to Article 3(2) of the Prospectus Directive in that Relevant Member State and such offer is made in the period beginning and

ending on the dates specified for such purpose in such prospectus or final terms, as applicable. Except to the extent sub-paragraph (ii) above may apply, neither the Issuer nor any Dealer have authorised, nor do they authorise, the making of any offer of Notes in circumstances in which an obligation arises for the Issuer or any Dealer to publish or supplement a prospectus for such offer.

In this Base Prospectus, unless otherwise specified or the context otherwise requires, references to €, EUR and euro are to the currency introduced at the start of the third stage of European economic and monetary union pursuant to the Treaty on the Functioning of the European Union, as amended. Its duration is unlimited. As from 1 January 1983, SNCF became the successor of the corporation created pursuant to the Law of 31 August 1937 and took over the

The telephone number of SNCF's registered office is (+33) (0)1 53 25 60 00. SNCF is registered with the Registre du commerce et des sociétés de Paris under the registration number 552 049 447.

The Reform Law n°. 97-135 dated 13 February 1997, Law n° 2006-10 dated 5 January 2006 on the opening of the French rail freight to the competition and Law n°2009-1503 dated 8 December 2009 relating to the organisation and regulation on railways transport modified Law n°82-1153 dated 30 December 1982 which, inter alia, sets out SNCF's purpose (article 18, recently codified in articles L.2141-1 to L.2141-5 of the Code of Transports).

SNCF's capital is totally owned by the French State. SNCF has no shares.

II. RISK FACTORS

Risk factors relating to the Issuer:

There are certain factors that may affect the Issuer's ability to fulfil its obligations under Notes issued under the Programme. These include, notably, the following:

1. Legal, operational and economic risks

The Issuer is a French public entity of an industrial and commercial character (*établissement public à caractère industriel et commercial*) with autonomous management created under Law N°. 82-1153 dated 30 December 1982 lastly modified by Law N°. 2010-788 dated 12 July 2010 relating to national commitment to the environment (*loi portant engagement national pour l'environnement*) and recently codified in the Code of Transports by article 7 of Ordinance n°2010-1307 relating to the legislative part of the Code of Transports.

Change in legislation, government regulation or policy may have a material impact on the Issuer. The Issuer is exposed to other legislative, regulatory or political developments producing social instability or legal uncertainty which

could affect the demands for the Issuer's products and services and have an adverse effect on the Issuer, notably the liberalisation of the French rail freight market, the regional public transports and the domestic passenger traffic railway lines.

2. Financial risks

The assessment/management of market risks is governed by a general framework, approved by the Issuer's Board of Directors, setting out the management principles for parent company risks that may be hedged by financial instruments. Interest rate risk management, foreign currency risk management, commodity risk management and counterparty risk management are addressed within the limits defined by the aforementioned general framework.

3. Insurance policy

Historically the Issuer was self insured, until some 10 years ago when it was decided to place a number of covers on the market.

Currently the Issuer's insurance programme includes four major contracts

- Motor Fleet
- Liability (public and professional)
- Construction liability
- Property and Consequential Loss

From 1st January 2010 a Property and Consequential Loss cover is also available to the subsidiaries, also on a voluntary basis.

4. Rating risks

The Issuer's long term debt has been rated AA+ by Standard & Poor's, Aaa by Moody's Investors Service Limited and AAA by Fitch Ratings Ltd and its short term debt has been rated A-1+ by Standard & Poor's, P-1 by Moody's Investors Service Limited and F1+ by Fitch Ratings.

Risk factors relating to the Notes:

In addition, there are certain factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme. These include the following:

- the Notes may not be a suitable investment for all investors
- certain risks relating to the structure of particular Series of Notes (including Notes subject to optional redemption of the Issuer, Floating Rate Notes, Index-Linked Notes, structured Notes, Zero Coupon Notes)
- risks of modification, waivers or substitutions of the conditions of the Notes by a meeting of holders of the Notes binding all holders of the Notes including those who did not attend or voted in a manner contrary to the majority
- risks relating to taxation (including changes to the EU Savings Directive)

- risks relating to changes in legislation
- risks relating to the liquidity and trading of the Notes on the secondary market
- risks relating to exchange rates and exchange controls
- risks relating to credit ratings
- risks relating to the legality of purchase of the Notes and to regulatory restrictions

II. FACTEURS DE RISQUES :

Facteurs de risques
relatifs à l'Emetteur :

Il existe certains facteurs qui peuvent affecter la capacité de l'Emetteur à honorer ses obligations relatives aux Titres émis dans le cadre du Programme. Cela inclut notamment les facteurs de risques suivants :

1. Risques légaux, risques économiques et opérationnels

L'Emetteur est un établissement public à caractère industriel et commercial doté de l'autonomie financière créé par la loi n° 82-1153 du 30 décembre 1982, dernièrement modifié par la loi n°2010-788 portant engagement national pour l'environnement et récemment codifiée dans le Code des Transports par l'Ordonnance n°2010-1307 relative à la partie législative du Code des Transports. Conformément à l'article L.2141-10 du Code des Transports, l'Emetteur est soumis aux règles de gestion financière et de comptabilité applicables aux sociétés commerciales. L'Emetteur conserve ses livres et ses archives comptables en

conformité avec la législation et la réglementation françaises en vigueur.

Des changements de législation, de réglementation ou de politique gouvernementale peuvent avoir un impact significatif sur l'Emetteur. L'Emetteur est exposé à d'autres évolutions législatives, réglementaires ou politiques susceptible d'affecter sa stabilité sociale ou de créer une insécurité juridique qui pourraient affecter la demande des produits et services commercialisés par l'Emetteur et avoir un effet négatif sur ses résultats, notamment la libéralisation du marché français du fret ferroviaire, des transports publics régionaux et des lignes nationale de transport de passagers.

2. Risques financiers

L'analyse et la gestion des risques de marché sont organisées par un cadre général approuvé par le Conseil d'Administration de l'Emetteur, fixant les principes de gestion des risques de la maison mère qui peuvent être couvert par des instruments financiers. La gestion du risque du taux d'intérêt, la gestion du risque de change, la gestion du risque des matières premières et la gestion du risque de contrepartie sont effectuées dans les limites fixées par le cadre général mentionné ci-dessus.

3. Polices d'assurance

Historiquement, l'Emetteur était auto-assuré jusqu'à ce que, il y a une dizaine d'années, il décide de placer un certain nombre de couvertures d'assurance sur le marché.

Actuellement, son programme d'assurance comprend quatre contrats principaux :

- Parc automobile
- Responsabilité (publique et professionnelle)
- Responsabilité construction
- Dommages matériels et préjudice indirect

Depuis le 1er janvier 2010, une couverture relative aux dommages matériels est aussi disponible pour les filiales, également sur une base volontaire.

4. Risques liés à la notation

La dette long terme de l'Emetteur a été notée AA+ par Standard & Poor's, Aaa par Moody's Investors Service Limited et AAA par Fitch Ratings Ltd et sa dette court terme a été notée A-1+ par Standard & Poor's, P-1 par Moody's Investors Service Limited et F1+ par Fitch Ratings.

Facteurs de risques
relatifs aux Titres :

En outre, il y a certains facteurs qui sont importants pour évaluer les risques de marché liés aux Titres émis dans le cadre du Programme. Ils comprennent le fait que les Titres puissent ne pas être un investissement convenant à tous les investisseurs.

- les Titres peuvent ne pas être un investissement approprié pour tous les investisseurs
- certains risques relatifs à la structure de Souches particulières de Titres

(notamment les Titres pouvant être remboursés de façon anticipée à l'initiative de l'Émetteur, Titres portant intérêt à taux flottant, Titres Liés à des Indices, Titres structurés, Titres à coupon zéro)

- risques de modification, renonciation ou substitution des modalités des Titres par une décision de l'assemblée des porteurs de Titres par laquelle les porteurs non présents au vote ou en désaccord avec la majorité se retrouveront liés
- risques liés à la fiscalité (y compris les modifications relatives à la Directive européenne sur l'Épargne)
- risques liés à un changement législatif
- risques liés à la liquidité/la négociation des Titres sur le marché secondaire
- risques liés aux taux de change et au contrôle des change
- risques liés aux notations de crédit
- risques liés à l'acquisition légale des Titres et à des restrictions réglementaires

RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under Notes issued under the Programme. All of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring.

In addition, factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

The Issuer believes that the factors described below represent the principal risks inherent in investing in Notes issued under the Programme, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons which may not be considered significant risks by the Issuer based on information currently available to it or which it may not currently be able to anticipate. The Issuer does not represent that the statements below regarding the risks involved in holding any Notes are exhaustive. Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus and reach their own views prior to making any investment decision.

Factors that may affect the Issuer's ability to fulfil its obligations under Notes issued under the Programme

1. Legal, operational and economic risks

The Issuer is a French public entity of an industrial and commercial character (*établissement public à caractère industriel et commercial*) with autonomous management created under Law N°. 82-1153 dated 30 December 1982 lastly modified by Law N°. 2010-788 dated 12 July 2010 relating to national commitment to the environment (*loi portant engagement national pour l'environnement*) and recently codified in the Code of Transports by article 7 of Ordinance n°2010-1307 relating to the legislative part of the Code of Transports. Pursuant to Article L.2141-10 of the Code of Transports (formerly article 25 of Law N°82-1153), the Issuer is subject to the financial management and accounting rules applicable to commercial companies. The Issuer keeps its accounting books and records in accordance with prevailing legislation and regulations in France.

Its articles of association were incorporated by the decree N°. 83-109 dated 18 February 1983.

Its management is organised by two decrees (N°. 83-3 dated 5 January 1983, and N°. 83-38 dated 24 January 1983) that provide for the method of designation of the members of the Board of Directors of the Issuer, as representatives of the employees or as representatives of the French State. The Issuer is administered by a Board of Directors (*Conseil d'administration*) consisting of 18 members. Seven of these are representatives of the State and appointed by the Government, five (including two representing users) are appointed by the Government for their relevant expertise and six (of whom one represents senior management) are appointed by the employees of the Issuer. All the Directors are appointed for five years and reside in Paris or in the Paris metropolitan area. The Chairman of the Board of Directors, selected from among the Directors and on their recommendation, is appointed for a term of five years by Decree of the Council of Ministers. He is the chief executive officer of the Issuer.

A third decree (N°. 83-110 dated 18 February 1983) deals with the economic and financial control carried out *a priori* by the French State on the Issuer.

Such control is carried out by the railway's economic and financial control Commission, a permanent body at the Issuer's head office. The members formulate written advice on all questions submitted to the Board of Directors and on any question or decision-making project impacting the Issuer's financial stability.

Moreover, as a public services company, the Issuer is subject to the supervision of the *Cour des Comptes* (French national audit office) *a posteriori*.

An Operating Agreement entered into between the Republic of France and the Issuer, was approved by Decree N°. 83-817 dated 13 September 1983 as modified by Decree N°.99-11 dated 7 January 1999, Decree N°. 2003-194 dated 7 March 2003 and Decree N°. 2007-1051 dated 28 June 2007.

The Operating Agreement sets out the financial support offered to the Issuer by the French State and sets out the conditions and general principles under which the Issuer shall provide its services to the public and the basis of the contractual relationship of the Issuer with both the French State and Local Authorities.

Change in legislation, government regulation or policy may have a material impact on the Issuer.

The Issuer is exposed to other legislative, regulatory or political developments producing social instability or legal uncertainty which could affect the demands for the Issuer's products and services and have an adverse effect on the Issuer.

Since 31 March 2006, the French domestic rail freight market has been completely open to competition. From 13 December 2009 in France, international passenger traffic with "*cabotage*" (i.e. ability to pick up and drop passengers on domestic portions of the international railway line) is available, provided that international rail services remain the main purpose of the railway line. Criteria to assess the main objectives of international railway lines are being set up by the French transport administration and will be overseen by the new French rail regulator.

Regarding regional public services, the OSP European regulation came into force on 3 December 2009. The French Government has set up a stakeholders' Commission to assess the possibilities of a trial programme opening up regional transport, to be subsidised by French regions.

According to the French Ministry of Transport's opinion, as it has recently been expressed by several ministerial responses, the liberalization of regional public transport service requires that prior amendments be made to former article 21-4 of law N° 82-1153, now codified in article L.2121-4 of the Code of Transports.

The opening of a purely domestic passenger traffic railway line is planned to be addressed under a new "Railway Package", the planning of which will depend on the new strategic work programme of the European Commission after its renewal.

2. Financial risks

The assessment/management of market risks is governed by a general framework, approved by the Issuer's Board of Directors, setting out the management principles for parent company risks that may be hedged by financial instruments.

This general framework defines the principles governing the selection of financial products, counterparties and underlyings for derivative products.

More specifically, the general framework defines risk limits for the management of euro and foreign currency cash balances and long term net indebtedness. In addition, it details the delegation and decision-making system and its frequency (daily, twice-monthly, monthly and annually).

Interest rate risk management

The cost of long-term net indebtedness is optimised, with regard to interest rates, by managing the mix of fixed and floating rate borrowings. The Issuer uses firm and optional interest rate swap instrument within the limits defined, for the parent company, by the aforementioned general framework.

Foreign currency risk management

The commercial activities of the Issuer do not expose it to material currency risk.

Except for subsidiaries operating in their own country, the Issuer indebtedness denominated in currencies other than euro is managed in line with the acceptable risk limit defined, for the parent company, in the same general framework. The Issuer uses currency swaps for this purpose, generally set-up when the borrowing is issued.

Given the small percentage of unhedged foreign currency-denominated borrowings, net profit or loss is not, in the Issuer's opinion, sensitive to foreign currency risk.

Commodity risk management

The Issuer's production requirements exposes it to the risk of fluctuations in the price of petroleum products. This risk is managed using firm and optional derivatives (swaps, options, caps, floors).

Counterparty risk management

The main transactions which could generate counterparty risk are: financial investments which are diversified (certificates of deposit, commercial paper, note repos and UCITS) and transactions on derivatives.

The aforementioned general framework defines, for the parent company, the counterparty approval procedure, which is based on a quantitative and qualitative analysis of counterparties. Investments volume and term limits are also defined for each counterparty. The counterparty approval procedure for derivatives also involves a signature of a framework agreement. A collateral agreement is also signed with certain counterparties in order to limit counterparty risk.

3. Insurance policy

Historically the Issuer was self insured, until some 10 years ago when it was decided to place a number of covers on the market.

Currently the Issuer's insurance programme includes four major contracts:

- Motor Fleet
- Liability (public and professional)
- Construction liability
- Property and Consequential Loss

A Liability cover was underwritten, effective 1st October 2009, for the subsidiaries on a voluntary basis.

Since 1st January 2010 a Property and Consequential Loss cover is also available to the subsidiaries, also on a voluntary basis.

The Motor Fleet cover, renewed on 1st January 2010, are subject to specific terms and conditions to be able to include more subsidiaries in the future. Group subsidiaries can now benefit from specially designed covers which have been placed for both Property and Liability risks, and that tie in with the Group's policies. This Group approach aims, not only to achieve better rates, but also to minimize the risk for the subsidiaries to be let down by their insurers, should their claims experience deteriorate. The Issuer has opted for high deductibles, in order to optimise insurance costs.

An Alternative Risk Transfer study was undertaken in 2010, as a mean to improve insurance and risk management in the future.

4. Rating risks

The Issuer's long term debt has been rated AA+ by Standard & Poor's, Aaa by Moody's Investors Service Limited and AAA by Fitch Ratings Ltd and its short term debt has been rated A-1+ by Standard & Poor's, P-1 by Moody's Investors Service Limited and F1+ by Fitch Ratings.

Any downgrading which could be due to a gradually increasing exposure to competitive markets or important adverse changes in the national or European regulatory, statutory and legal framework, may adversely affect the marketability of the Notes issued under this programme in the secondary market.

Factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme

The Notes may not be a suitable investment for all investors

Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Base Prospectus or any applicable supplement;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- (iv) understand thoroughly the terms of the Notes and be familiar with the behaviour of any relevant indices and financial markets; and
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Notes are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how the Notes

will perform under changing conditions, the resulting effects on the value of the Notes and the impact this investment will have on the potential investor's overall investment portfolio.

Potential Conflicts of Interest

Each of the Issuer, the Dealer(s) or their respective affiliates may deal with and engage generally in any kind of commercial or investment banking or other business with any issuer of the securities taken up in an index, their respective affiliates or any guarantor or any other person or entities having obligations relating to any issuer of the securities taken up in an index or their respective affiliates or any guarantor in the same manner as if any index-linked Notes issued under the Programme did not exist, regardless of whether any such action might have an adverse effect on any issuer of the securities included in the index, any of their respective affiliates or any guarantor.

The Issuer may from time to time be engaged in transactions involving an index or related derivatives which may affect the market price, liquidity or value of the Notes and which could be deemed to be adverse to the interests of the Noteholders.

Potential conflicts of interest may arise between the calculation agent, if any, for a Tranche of Notes and the Noteholders, including with respect to certain discretionary determinations and judgements that such calculation agent may make pursuant to the Terms and Conditions that may influence the amount receivable upon redemption of the Notes.

Risks related to the structure of a particular issue of Notes

A wide range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of the most common such features:

Notes subject to optional redemption by the Issuer

An optional redemption feature of Notes is likely to limit their market value. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Index Linked Notes and Dual Currency Notes

The Issuer may issue Notes with principal or interest determined by reference to an index or formula, to changes in the prices of securities or commodities, to movements in currency exchange rates or to other factors (each, a **Relevant Factor**). In addition, the Issuer may issue Notes with principal or interest payable in one or more currencies which may be different from the currency in which the Notes are denominated. Potential investors should be aware that:

- (i) the market price of such Notes may be volatile;
- (ii) they may receive no interest;
- (iii) payment of principal or interest may occur at a different time or in a different currency than expected;

- (iv) they may lose all or a substantial portion of their principal;
- (v) a Relevant Factor may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices;
- (vi) if a Relevant Factor is applied to Notes in conjunction with a multiplier greater than one or contains some other leverage factor, the effect of changes in the Relevant Factor on principal or interest payable will likely be magnified; and
- (vii) the timing of changes in a Relevant Factor may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the Relevant Factor, the greater the effect on yield.

The historical experience of an index should not be viewed as an indication of the future performance of such index during the term of any Index Linked Notes. Accordingly, each potential investor should consult its own financial and legal advisers about the risk entailed by an investment in any Index Linked Notes and the suitability of such Notes in light of its particular circumstances.

None of the Issuer, the Dealer(s) or any of their respective affiliates makes any representation as to an index. Any of such persons may have acquired, or during the term of the Notes may acquire, non-public information with respect to an index that is or may be material in the context of index-linked Notes. The issue of index-linked Notes will not create any obligation on the part of any such persons to disclose to the Noteholders or any other party such information (whether or not confidential).

Partly-paid Notes

The Issuer may issue Notes where the issue price is payable in more than one instalment. Failure to pay any subsequent instalment could result in an investor losing all of his investment.

Variable rate Notes with a multiplier or other leverage factor

Notes with variable interest rates can be volatile investments. If they are structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features or other similar related features, their market values may be even more volatile than those for securities that do not include those features.

Inverse Floating Rate Notes

Inverse Floating Rate Notes have an interest rate equal to a fixed rate minus a rate based upon a reference rate such as LIBOR. The market values of those Notes typically are more volatile than market values of other conventional floating rate debt securities based on the same reference rate (and with otherwise comparable terms). Inverse Floating Rate Notes are more volatile because an increase in the reference rate not only decreases the interest rate of the Notes, but may also reflect an increase in prevailing interest rates, which further adversely affects the market value of these Notes.

Fixed/Floating Rate Notes

Fixed/Floating Rate Notes may bear interest at a rate that converts from a fixed rate to a floating rate, or from a floating rate to a fixed rate. Where the Issuer has the right to effect such a conversion, this will affect the secondary market and the market value of the Notes since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from a fixed rate to a floating rate in such circumstances, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the Issuer converts from a

floating rate to a fixed rate in such circumstances, the fixed rate may be lower than then prevailing rates on its Notes.

Zero coupon Notes

The prices at which Zero Coupon Notes trade in the secondary market tend to fluctuate more in relation to general changes in interest rates than do the prices for conventional interest-bearing securities of comparable maturities.

Notes issued at a substantial discount or premium

The market values of securities issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

Risks related to Notes generally

Set out below is a brief description of certain risks relating to the Notes generally:

Modification and waivers

The conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders, including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

EU Savings Directive

Under EC Council Directive 2003/48/EC on the taxation of savings income, Member States are required to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within their jurisdictions to an individual resident in that other Member State. However, for a transitional period, Luxembourg and Austria are instead required to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories, including Switzerland, have adopted similar measures (a withholding system in the case of Switzerland) with effect from the same date.

On 15 September 2008 the European Commission issued a report to the Council of the European Union on the operation of the Directive, which included the Commission's advice on the need for changes to the Directive. On 13 November 2008 the European Commission published a more detailed proposal for amendments to the Directive, which included a number of suggested changes. The European Parliament approved an amended version of this proposal on 24 April 2009. If any of those proposed changes are made in relation to the Directive, they may amend or broaden the scope of the requirements described above.

If, a payment were to be made or collected through a Member State which has opted for a withholding system and an amount of, or in respect of, tax were to be withheld from that payment, neither the Issuer nor any Paying Agent nor any other person would be obliged to pay additional amounts with respect to any Note as a result of the imposition of such withholding tax. The Issuer is required to maintain a Paying Agent in a Member State that will not be obliged to withhold or deduct tax pursuant to the Directive.

Taxation

Potential purchasers and sellers of the Notes should be aware that they may be required to pay taxes or other documentary charges or duties in accordance with the laws and practices of the country where the Notes are transferred or other jurisdictions. In some jurisdictions, no official statements of the tax authorities or court decisions may be available for financial instruments such as the Notes. Potential investors are advised not to rely upon the tax summary contained in this Base Prospectus and/or in the Final Terms but should ask for their own tax adviser's advice on their individual taxation with respect to the acquisition, holding, sale and redemption of the Notes. Only these advisers are in a position to duly consider the specific situation of the potential investor. This investment consideration has to be read in connection with the taxation sections of this Base Prospectus and the additional tax sections, if any, contained in the relevant Final Terms.

Change of law

The conditions of the Notes are based on English law in effect as at the date of this Base Prospectus. No assurance can be given as to the impact of any possible judicial decision or change to English law or administrative practice after the date of this Base Prospectus.

Notes where denominations involve integral multiples: definitive Notes

In relation to any issue of Notes which have denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that such Notes may be traded in amounts that are not integral multiples of such minimum Specified Denomination. In such a case a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in his account with the relevant clearing system at the relevant time may not receive a definitive Note in respect of such holding (should definitive Notes be printed) and would need to purchase a principal amount of Notes such that its holding amounts to a Specified Denomination.

If definitive Notes are issued, holders should be aware that definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

Risks related to the market generally

Set out below is a brief description of the principal market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

Risks relating to the liquidity or trading of the Notes on the secondary market

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be very liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investor. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Notes.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the **Investor's Currency**) other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's

Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency-equivalent yield on the Notes, (2) the Investor's Currency-equivalent value of the principal payable on the Notes and (3) the Investor's Currency-equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Interest rate risks

Investment in Fixed Rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of the Fixed Rate Notes.

Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to legal investment laws and regulations, or to review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Notes are legal investments for it, (2) Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

Independent Review and Advice

Each prospective investor of Notes must determine, based on its own independent review and such professional advice as it deems appropriate under the circumstances, that its acquisition of the Notes is fully consistent with its financial needs, objectives and condition, complies and is fully consistent with all investment policies, guidelines and restrictions applicable to it and is a fit, proper and suitable investment for it, notwithstanding the clear and substantial risks inherent in investing in or holding the Notes.

A prospective investor may not rely on the Issuer or the Dealer(s) or any of their respective affiliates in connection with its determination as to the legality of its acquisition of the Notes or as to the other matters referred to above.

GENERAL DESCRIPTION OF THE PROGRAMME

Payments of interest and other revenues made by the Issuer on such Notes will not be subject to the withholding tax set out under Article 125 A III of the French <i>Code général des impôts</i> unless such payments are made outside France in a non-</p>

cooperative State or territory (*Etat ou territoire non coopératif*) within the meaning of Article 238-0 A of the French *Code général des impôts* (a **Non-Cooperative State**). If such payments under the Notes are made in a Non-Cooperative State, a 50 per cent. withholding tax will be applicable (subject to certain exceptions described below and the more favourable provisions of an applicable double tax treaty) by virtue of Article 125 A III of the French *Code général des impôts*.

Furthermore, in application of Article 238 A of the French *Code général des impôts*, interest and other revenues on such Notes will no longer be deductible from the Issuer's taxable income, as from the fiscal years starting on or after 1 January 2011, if they are paid or accrued to persons established in a Non-Cooperative State or paid in such a Non-Cooperative State. Under certain conditions, any such non-deductible interest and other revenues may be recharacterised as constructive dividends pursuant to Article 109 of the French *Code général des impôts*, in which case such non-deductible interest and other revenues may be subject to the withholding tax set out under Article 119 *bis* of the French *Code général des impôts*, at a rate of 25 per cent. or 50 per cent. (subject to the more favourable provisions of an applicable tax treaty).

Notwithstanding the foregoing, the Law provides that neither the 50 per cent. withholding tax set out under Article 125 A III of the French *Code général des impôts*, nor the non-deductibility provided under Article 238 A of the French *Code général des impôts* will apply in respect of a particular issue of Notes if the Issuer can prove that the principal purpose and effect of such issue of Notes was not that of allowing the payments of interest or other revenues to be made in a Non-Cooperative State (the **Exception**). Pursuant to the ruling (*rescrit*) n°2010/11 (FP and FE) of the French tax authorities dated 22 February 2010, an issue of Notes will benefit from the Exception without the Issuer having to provide any proof of the purpose and effect of such issue of Notes, if such Notes are:

- (i) offered by means of a public offer within the meaning of Article L.411-1 of the French *Code monétaire et financier* or pursuant to an equivalent offer in a State other than a Non-Cooperative State. For this purpose, an "equivalent offer" means any offer requiring the registration or submission of an offer document by or with a foreign securities market authority; or

TERMS AND CONDITIONS OF THE NOTES

*The following is the text of the terms and conditions that, subject to completion and amendment and as supplemented or varied in accordance with the provisions of the applicable Final Terms, shall be applicable to the Notes, in definitive form (if any) issued in exchange for the Global Note(s) representing each Series. Either (i) the full text of these terms and conditions together with the relevant provisions of the Final Terms or (ii) these terms and conditions as so completed, amended, supplemented or varied (and subject to simplification by the deletion of non-applicable provisions), shall be endorsed on such Notes. All capitalised terms that are not defined in these Conditions will have the meanings given to them in the applicable Final Terms. Those definitions will be endorsed on the definitive Notes, as the case may be. References in the Conditions to **Notes** are to the Notes of one Series only, not to all Notes that may be issued under the Programme.*

The Notes are issued by Société Nationale des Chemins de fer Français (the **Issuer**) pursuant to an amended and restated Agency Agreement dated 20 December 2010 (as further amended or supplemented as at the date of issue of the Notes (the **Issue Date**) between the Issuer, Deutsche Bank AG, London Branch, as successor to Bankers' Trust Company, London Branch, as *inter alia* fiscal agent and principal paying agent and the other agents named in it, (the **Agency Agreement**)) with the benefit of a deed of covenant (as amended or supplemented at the Issue Date, the **Deed of Covenant**) dated 20 December 2010 and executed by the Issuer in relation to the Notes. The fiscal agent, the paying agents and the calculation agent(s) for the time being (if any) are referred to below respectively as the **Fiscal Agent**, the **Paying Agents** (which expression shall include the Fiscal Agent) and the **Calculation Agent(s)**. The Noteholders (as defined below), the holders of the interest coupons (the **Coupons**) relating to interest bearing Notes and, where applicable in the case of such Notes, talons for further Coupons (the **Talons**) (the **Couponholders**) and the holders of the receipts for the payment of instalments of principal (the **Receipts**) relating to Notes of which the principal is payable in instalments are deemed to have notice of all of the provisions of the Agency Agreement applicable to them.

Copies of the Agency Agreement and the Deed of Covenant are available for inspection at the specified offices of each of the Paying Agents.

Words and expressions defined in the Agency Agreement or used in the applicable Final Terms shall have the same meanings where used in the Conditions unless the context otherwise requires or unless otherwise stated and provided that, in the event of inconsistency between the Agency Agreement and the applicable Final Terms, the applicable Final Terms will prevail.

1. **Form, Denomination, Title, Currency and Redenomination**

(a) *Form, Denomination and Title:*

The Notes are issued in bearer form in the Specified Denomination(s) shown in the applicable Final Terms.

This Note is a Fixed Rate Note, a Floating Rate Note, a Zero Coupon Note, an Index Linked Interest Note, an Index Linked Redemption Note, an Instalment Note, a Dual Currency Note or a Partly Paid Note, a combination of any of the foregoing or any other kind of Note, depending upon the Interest and Redemption/Payment Basis shown in the applicable Final Terms.

Notes are serially numbered and are issued with Coupons (and, where appropriate, a Talon) attached, save in the case of Zero Coupon Notes, in which case references to interest (other than in the case of late payment), Coupons and Talons in these Conditions are not applicable. Instalment Notes are issued with one or more Receipts attached.

Title to the Notes and the Receipts, Coupons and Talons shall pass by delivery. Except as ordered by a court of competent jurisdiction or as required by law, the holder (as defined below) of any Note, Receipt, Coupon or Talon shall be deemed to be and may be treated as its absolute owner for all purposes, whether or not it is overdue and regardless of any notice of ownership, trust or an interest in it, any writing on it (or on the Certificate representing it) or its theft or loss (or that of the related Certificate) and no person shall be liable for so treating the holder.

Notes which are represented by a Global Note will be transferable only in accordance with the rules and procedures for the time being of Euroclear and Clearstream, Luxembourg, as the case may be.

In these Conditions, **Noteholder** means the bearer of any Note and the Receipts relating to it, **holder** (in relation to a Note, Receipt, Coupon or Talon) means the bearer of any Note, Receipt, Coupon or Talon, **Series** means a series of Notes comprising one or more Tranches (as defined below), whether or not issued on the same date, that except in respect of the first payment of interest and their issue price, have identical terms on issue and are expressed to have the same series number, **Tranche** means, in relation to a Series, those Notes of that Series that are issued on the same date at the same issue price and in respect of which the first payment of interest is identical, and capitalised terms have the meanings given to them hereon, the absence of any such meaning indicating that such term is not applicable to the Notes.

(b) *Redenomination:*

The Issuer may (if so specified in the applicable Final Terms) without the consent of the holder of any Note, Receipt, Coupon or Talon, redenominate all, but not some only, of the Notes of any Series on or after the date on which the Member State of the European Union in whose national currency such Notes are denominated has become a participating Member State in the third stage of the European economic and monetary union (**EMU**), all as more fully provided in the applicable Final Terms.

2. Status

The Notes and the Receipts and Coupons relating to them constitute direct, unconditional, unsubordinated and (subject to Condition 3 (*Negative Pledge*)) unsecured obligations of the Issuer and rank *pari passu* without any preference among themselves and, save for statutorily preferred exceptions, equally with all its other obligations which are unsecured and unsubordinated, from time to time outstanding.

3. Negative Pledge

So long as any of the Notes, Receipts or Coupons remain outstanding (as defined in the Agency Agreement) the Issuer will not secure or allow to be secured any loan, debt, guarantee or other obligation, now or hereafter existing, by any mortgage, lien (other than liens arising by operation of law), pledge or other charge upon any of the present or future revenues or assets of the Issuer (except for any mortgage, lien, pledge or other charge on property purchased by the Issuer as security for all or part of the purchase price thereof) without at the same time according to the Notes the same or equivalent security.

4. Interest and other Calculations

(a) *Interest on Fixed Rate Notes:*

Each Fixed Rate Note bears interest from (and including) the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable

in arrears on the Interest Payment Date(s) (specified in the applicable Final Terms) in each year up to (and including) the Maturity Date.

If the Notes are in definitive form, except as provided in the applicable Final Terms, the amount of interest payable on each Interest Payment Date in respect of the Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount. Payments of interest on any Interest Payment Date will, if so specified in the applicable Final Terms, amount to the Broken Amount so specified.

Except in the case of Notes in definitive form where an applicable Fixed Coupon Amount or Broken Amount is specified in the applicable Final Terms, interest shall be calculated in respect of any period by applying the Rate of Interest to:

- (A) in the case of Fixed Rate Notes which are represented by a Global Note, the aggregate outstanding nominal amount of the Fixed Rate Notes represented by such Global Note (or, if they are Partly Paid Notes, the aggregate amount paid up); or
- (B) in the case of Fixed Rate Notes in definitive form, the Calculation Amount;

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Fixed Rate Note in definitive form is a multiple of the Calculation Amount, the amount of interest payable in respect of such Fixed Rate Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination without any further rounding.

(b) *Interest on Floating Rate Notes and Index Linked Interest Notes:*

(i) *Interest Payment Dates:*

Each Floating Rate Note and Index Linked Interest Note bears interest from (and including) the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date. Such Interest Payment Date(s) is/are either shown in the applicable Final Terms as Specified Interest Payment Dates or, if no Specified Interest Payment Date(s) is/are shown in the applicable Final Terms, **Interest Payment Date** shall mean each date which falls the number of months or other period shown in the applicable Final Terms as the Specified Period after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

(ii) *Business Day Convention:*

If any date referred to in these Conditions that is specified to be subject to adjustment in accordance with a Business Day Convention would otherwise fall on a day that is not a Business Day, then, if the Business Day Convention specified in the applicable Final Terms is (A) the Floating Rate Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event (x) such date shall be brought forward to the immediately preceding Business Day and (y) each such subsequent date shall be the last Business Day of the month in which such date would have fallen had it not been subject to adjustment, (B) the Following Business Day Convention, such date shall be postponed to the next day that is a Business Day, (C) the Modified Following Business Day Convention, such date shall be postponed to the next day

that is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Business Day or (D) the Preceding Business Day Convention, such date shall be brought forward to the immediately preceding Business Day.

(iii) *Rate of Interest for Floating Rate Notes:*

The Rate of Interest in respect of Floating Rate Notes for each Interest Accrual Period shall be determined in the manner specified in the applicable Final Terms and the provisions below relating to either ISDA Determination or Screen Rate Determination shall apply, depending upon which is specified in the applicable Final Terms.

(A) *ISDA Determination for Floating Rate Notes*

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this sub-paragraph (A), **ISDA Rate** for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (x) the Floating Rate Option is as specified in the applicable Final Terms;
- (y) the Designated Maturity is a period specified in the applicable Final Terms; and
- (z) the relevant Reset Date is the first day of that Interest Accrual Period unless otherwise specified in the applicable Final Terms.

For the purposes of this sub-paragraph (A), **Floating Rate**, **Calculation Agent**, **Floating Rate Option**, **Designated Maturity**, **Reset Date**, and **Swap Transaction** have the meanings given to those terms in the ISDA Definitions.

(B) *Screen Rate Determination for Floating Rate Notes*

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent at or about the Relevant Time on the Interest Determination Date in respect of such Interest Accrual Period in accordance with the following:

- (x) if the Primary Source for the Floating Rate is a Page, subject as provided below, the Rate of Interest shall be:
 - I. the Relevant Rate (where such Relevant Rate on such Page is a composite quotation or is customarily supplied by one entity); or
 - II. the arithmetic mean of the Relevant Rates of the persons whose Relevant Rates appear on that Page, in each case appearing on such Page at the Relevant Time on the Interest Determination Date;

- (y) if the Primary Source for the Floating Rate is Reference Banks or if sub-paragraph (x)I above applies and no Relevant Rate appears on the Page at the Relevant Time on the Interest Determination Date or if sub-paragraph (x)II above applies and fewer than two Relevant Rates appear on the Page at the Relevant Time on the Interest Determination Date, subject as provided below, the Rate of Interest shall be the arithmetic mean of the Relevant Rates that each of the Reference Banks is quoting to leading banks in the Relevant Financial Centre at the Relevant Time on the Interest Determination Date, as determined by the Calculation Agent;
- (z) if sub-paragraph (y) above applies and the Calculation Agent determines that fewer than two Reference Banks are so quoting Relevant Rates, subject as provided below, the Rate of Interest shall be the arithmetic mean of the rates per annum (expressed as a percentage) that the Calculation Agent determines to be the rates (being the nearest equivalent to the Benchmark) in respect of a Representative Amount of the Specified Currency that at least two out of five leading banks selected by the Calculation Agent in the principal financial centre of the country of the Specified Currency or, if the Specified Currency is euro, in the Euro-zone as selected by the Calculation Agent, (the **Principal Financial Centre**) are quoting at or about the Relevant Time on the date on which such banks would customarily quote such rates for a period commencing on the Effective Date for a period equivalent to the Specified Duration (I) to leading banks carrying on business in Europe, or (if the Calculation Agent determines that fewer than two of such banks are so quoting to leading banks in Europe) (II) to leading banks carrying on business in the Principal Financial Centre; except that, if fewer than two of such banks are so quoting to leading banks in the Principal Financial Centre, the Rate of Interest shall be the Rate of Interest determined on the previous Interest Determination Date (after readjustment for any difference between any Margin, Rate Multiplier or Maximum or Minimum Rate of Interest applicable to the preceding Interest Accrual Period and to the relevant Interest Accrual Period);

(iv) *Rate of Interest for Index Linked Notes:*

The Rate of Interest in respect of Index Linked Notes for each Interest Accrual Period shall be determined in the manner specified in the applicable Final Terms and interest will accrue by reference to an Index or Formula as specified in the applicable Final Terms.

(c) *Zero Coupon Notes:*

Where a Note the Interest Basis of which is specified to be Zero Coupon is repayable prior to the Maturity Date and is not paid when due, the amount due and payable prior to the Maturity Date shall be the Early Redemption Amount of such Note. As from the Maturity Date, the Rate of Interest for any overdue principal of such a Note shall be a rate per annum (expressed as a percentage) equal to the Amortisation Yield (as defined in Condition 5(b)).

(d) *Dual Currency Notes:*

In the case of Dual Currency Notes, if the rate or amount of interest fails to be determined by reference to a Rate of Exchange or to a method of calculating a Rate of Exchange, the rate or amount of interest payable shall be determined in the manner specified in the applicable Final Terms.

(e) *Partly Paid Notes:*

In the case of Partly Paid Notes (other than Partly Paid Notes which are Zero Coupon Notes), interest will accrue as aforesaid on the paid-up nominal amount of such Notes and otherwise as specified in the applicable Final Terms.

(f) *Accrual of Interest:*

Interest shall cease to accrue on each Note on the due date for redemption unless, upon due presentation, payment is improperly withheld or refused, in which event interest shall continue to accrue (after as well as before judgment) at the Rate of Interest in the manner provided in this Condition 4 (*Interest and other Calculations*), to the Relevant Date (as defined in Condition 7 (*Taxation*)).

(g) *Margin, Maximum/Minimum Rates of Interest, Instalment Amounts and Redemption Amounts, Rate Multipliers and Rounding:*

- (i) If any Margin or Rate Multiplier is specified in the applicable Final Terms (either (x) generally, or (y) in relation to one or more Interest Accrual Periods), an adjustment shall be made to all Rates of Interest, in the case of (x), or the Rates of Interest for the specified Interest Accrual Periods, in the case of (y), calculated in accordance with Condition 4(b) above by adding (if a positive number) or subtracting the absolute value (if a negative number) of such Margin or multiplying by such Rate Multiplier, subject always to the next paragraph.
- (ii) If any Maximum or Minimum Rate of Interest, Instalment Amount or Redemption Amount is specified in the applicable Final Terms, then any Rate of Interest, Instalment Amount or Redemption Amount shall be subject to such maximum or minimum, as the case may be.
- (iii) For the purposes of any calculations required pursuant to these Conditions (unless otherwise specified), (x) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred thousandth of a percentage point (with halves being rounded up), (y) all figures shall be rounded to seven significant figures (with halves being rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with halves being rounded up), save in the case of yen, which shall be rounded down to the nearest yen. For these purposes **unit** means the lowest amount of such currency that is available as legal tender in the country or countries of such currency.

(h) *Calculations:*

The amount of interest payable in respect of any Note for any period shall be calculated by multiplying the product of the Rate of Interest and the outstanding nominal amount of such Note by the Day Count Fraction, unless an Interest Amount (or a formula for its calculation) is specified in respect of such period, in which case the amount of interest payable in respect of such Note for such period shall equal such Interest Amount (or be calculated in accordance with such formula). Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable in respect of such Interest Period shall be the sum of the amounts of interest payable in respect of each of those Interest Accrual Periods.

(i) *Determination and Publication of Rates of Interest, Interest Amounts, Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts and Instalment Amounts:*

As soon as practicable after the Relevant Time on such date as the Calculation Agent may be required to calculate any rate or amount, obtain any quotation or make any determination or

calculation, it shall determine such rate and calculate the Interest Amounts in respect of each Specified Denomination of the Notes for the relevant Interest Accrual Period, calculate the Final Redemption Amount, Early Redemption Amount, Optional Redemption Amount or Instalment Amount, obtain such quotation or make such determination or calculation, as the case may be, and cause the Rate of Interest and the Interest Amounts for each Interest Period and the relevant Interest Payment Date and, if required to be calculated, the Final Redemption Amount, Early Redemption Amount, Optional Redemption Amount or any Instalment Amount to be notified to the Fiscal Agent, the Issuer, each of the Paying Agents, the Noteholders, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are listed on a stock exchange and the rules of such exchange so require, such exchange as soon as possible after their determination but in no event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification to such exchange of a Rate of Interest and Interest Amount, or (ii) in all other cases, the fourth Business Day after such determination. Where any Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Condition 4(b)(ii), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 9 (*Events of Default*), the accrued interest and the Rate of Interest payable in respect of the Notes shall nevertheless continue to be calculated as previously in accordance with this Condition but no publication of the Rate of Interest or the Interest Amount so calculated need be made. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.

- (j) *Definitions: In these Conditions, unless the context otherwise requires, the following defined terms shall have the meanings set out below:*

Benchmark means the benchmark source specified in the applicable Final Terms for the purposes of calculating the Relevant Rate in respect of Floating Rate Notes;

Business Day means:

- (i) in the case of a currency other than euro, a day (other than a Saturday or Sunday) on which commercial banks and foreign exchange markets settle payments in the principal financial centre for such currency; and/or
- (ii) in the case of euro, a day on which the TARGET2 System is operating (a **TARGET2 Business Day**); and/or
- (iii) in the case of a currency and/or one or more additional Business Centres, a day (other than a Saturday or a Sunday) on which commercial banks and foreign exchange markets settle payments in such currency in the additional Business Centre(s) or, if no currency is indicated, generally in each of the additional Business Centres;

Day Count Fraction means, in respect of the calculation of an amount of interest on any Note for any period of time (from and including the first day of such period to but excluding the last) (whether or not constituting an Interest Period, the **Calculation Period**):

If any Reference Bank (acting through its relevant office) is unable or unwilling to continue to act as a Reference Bank, then the Issuer shall appoint another Reference Bank with an office in the Relevant Financial Centre to act as such in its place. Where more than one Calculation Agent is appointed in respect of the Notes, references in these Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under the Conditions.

If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent fails duly to establish the Rate of Interest for an Interest Period or Interest Accrual Period or to calculate any Interest Amount, Instalment Amount, Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, or to comply with any other requirement, the Issuer shall appoint a leading bank or investment banking firm engaged in the interbank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the calculation or determination to be made by the Calculation Agent (acting through its principal London office or any other office actively involved in such market) to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid.

5. Redemption, Purchase and Options

(a) *Redemption by Instalments and Final Redemption:*

- (i) Unless previously redeemed, purchased and cancelled as provided in this Condition 5 (*Redemption, Purchase and Options*) or unless the relevant Instalment Date (being one of the dates so specified in the applicable Final Terms) is extended pursuant to any Issuer's or Noteholder's option in accordance with Condition 5(d) or 5(e), each Note that provides for Instalment Dates and Instalment Amounts shall be partially redeemed on each Instalment Date at the related Instalment Amount specified in the applicable Final Terms. The outstanding nominal amount of each such Note shall be reduced by the Instalment Amount (or, if such Instalment Amount is calculated by reference to a proportion of the nominal amount of such Note, such proportion) for all purposes with effect from the related Instalment Date, unless payment of the Instalment Amount is improperly withheld or refused on presentation of the related Receipt, in which case such amount shall remain outstanding until the Relevant Date relating to such Instalment Amount.
- (ii) Unless previously redeemed, purchased and cancelled as provided below or unless its maturity is extended pursuant to any Issuer's or Noteholder's option in accordance with Condition 5(d) or 5(e), each Note shall be finally redeemed on the Maturity Date specified in the applicable Final Terms at its Final Redemption Amount (which, unless otherwise provided, is its nominal amount) or, in the case of a Note falling within sub-paragraph (i) above, its final Instalment Amount.

(b) *Early Redemption:*

(i) *Zero Coupon Notes:*

- (A) The Early Redemption Amount payable in respect of any Zero Coupon Note, the Early Redemption Amount of which is not linked to an index and/or a formula, upon redemption of such Note pursuant to Condition 5(c) or upon it becoming due and payable as provided in Condition 9 (*Events of Default*), shall be the Amortised Face Amount (calculated as provided below) of such Note unless otherwise specified in the applicable Final Terms.
- (B) Subject to the provisions of sub-paragraph (C) below, the Amortised Face Amount of any such Note shall be the scheduled Final Redemption Amount of such Note on the Maturity Date discounted at a rate per annum (expressed as a percentage) equal to the Amortisation Yield (which, if none is shown in the applicable Final Terms, shall be such rate as would produce an Amortised Face Amount equal to the issue price of the Notes if they were discounted back to their issue price on the Issue Date) compounded annually.

- (C) If the Early Redemption Amount payable in respect of any such Note upon its redemption pursuant to Condition 5(c) or upon it becoming due and payable as provided in Condition 9 (*Events of Default*) is not paid when due, the Early Redemption Amount due and payable in respect of such Note shall be the Amortised Face Amount of such Note as defined in sub-paragraph (B) above, except that such sub-paragraph shall have effect as though the reference therein to the date on which the Note becomes due and payable were replaced by a reference to the Relevant Date. The calculation of the Amortised Face Amount in accordance with this sub-paragraph shall continue to be made (as well after as before judgment) until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the scheduled Final Redemption Amount of such Note on the Maturity Date together with any interest that may accrue in accordance with Condition 4(c).

Where such calculation is to be made for a period of less than one year, it shall be made on the basis of the Day Count Fraction specified in the applicable Final Terms.

(ii) *Other Notes:*

The Early Redemption Amount payable in respect of any Note (other than Notes described in (i) above), upon redemption of such Note pursuant to Condition 5(c) or upon it becoming due and payable as provided in Condition 9 (*Events of Default*), shall be the Final Redemption Amount unless otherwise specified in the applicable Final Terms.

(c) *Redemption for Taxation Reasons:*

- (i) If by reason of any change in, or amendment to, the laws and regulations of the Republic of France or any political subdivision or any authority therein or thereof having power to tax, or any change in the official application or interpretation thereof, becoming effective after the Issue Date, the Issuer would become obliged to pay additional amounts as provided or referred to in Condition 7 (*Taxation*), the Issuer may (having given not more than 60 nor less than 30 days' notice to the Noteholders, which notice shall be irrevocable) redeem at their Early Redemption Amount (as described in Condition 5(b) above) together with interest accrued (if any) to the date fixed for redemption all (but not some only) of the Notes on any Interest Payment Date, or, if so specified in the applicable Final Terms, at any time, at their Early Redemption Amount (together with interest accrued to the date fixed for redemption), provided that the due date for redemption of which notice hereunder shall be given shall be the latest practicable date at which the Issuer could make payment of principal and interest without withholding for French taxes.
- (ii) If, on the occasion of the next payment due in respect of the Notes, the Issuer would be prevented by French law from making payment to the Noteholders and the Couponholders of the full amount then due and payable, notwithstanding the undertaking to pay additional amounts as provided in Condition 7 (*Taxation*), then the Issuer shall forthwith give notice of such fact to the Fiscal Agent and shall redeem all, but not some only, of the Notes then outstanding at their Early Redemption Amount, together with interest accrued (if any) to the date of such redemption on (A) the latest practicable Interest Payment Date on which the Issuer could make payment of the full amount then due and payable in respect of the Notes, provided that if such notice would expire after such Interest Payment Date the date for redemption pursuant to such notice of Noteholders shall be the later of (i) the latest practicable date on which the Issuer could make payment of the full amount then due and payable in respect of the Notes and (ii) 14 days after giving notice to the Fiscal Agent as aforesaid or (B) if so specified on this Note, at any time, provided that the due date for redemption of which notice hereunder shall be given shall be the latest practicable date on

which the Issuer could make payment of the full amount payable in respect of the Notes, Receipts or Coupons or, if that date is passed, as soon as practicable thereafter.

(d) *Redemption at the Option of the Issuer and Exercise of Issuer's Options:*

If Issuer Call is specified in the applicable Final Terms, the Issuer may, on giving not less than 15 nor more than 30 days' irrevocable notice to the Noteholders (or such other notice period as may be specified in the applicable Final Terms) redeem, or exercise any Issuer's option (as may be described in the applicable Final Terms) in relation to, all or, if so provided, some of the Notes on any Optional Redemption Date or Option Exercise Date, as the case may be. Any such redemption of Notes shall be at their Optional Redemption Amount together with interest accrued to the date fixed for redemption. Any such redemption or exercise must relate to Notes of a nominal amount at least equal to the minimum nominal amount to be redeemed (the **Minimum Redemption Amount**) specified in the applicable Final Terms and no greater than the maximum nominal amount to be redeemed (the **Maximum Redemption Amount**) specified in the applicable Final Terms.

All Notes in respect of which any such notice is given shall be redeemed, or the Issuer's option shall be exercised, on the date specified in such notice in accordance with this Condition.

In the case of a partial redemption or a partial exercise of an Issuer's option, the notice to Noteholders shall also contain the certificate numbers of the Notes to be redeemed or in respect of which such option has been exercised, which shall have been drawn in such place and in such manner as may be fair and reasonable in the circumstances, taking account of prevailing market practices, subject to compliance with any applicable laws and stock exchange requirements.

So long as the Notes are admitted to trading on Euronext Paris, the Issuer shall, once in each year in which there has been a partial redemption of the Notes, cause to be published in accordance with Articles 221-3 and 221-4 of the *Règlement Général* of the *Autorité des marchés financiers* and on the website of any other competent authority and/or Regulated Market of the EEA Member State where the Notes are listed and admitted to trading, a notice specifying the aggregate nominal amount of Notes outstanding and, in the case of Definitive Notes, a list of any Definitive Notes drawn for redemption but not surrendered.

(e) *Redemption at the Option of Noteholders and Exercise of Noteholders' Options:*

If Investor Put is specified in the applicable Final Terms, the Issuer shall, at the option of the holder of any such Note, upon the holder of such Note giving not less than 15 nor more than 30 days' notice to the Issuer (or such other notice period as may be specified in the applicable Final Terms) redeem such Note on the Optional Redemption Date(s) at its Optional Redemption Amount together with interest accrued to the date fixed for redemption. It may be that before an Investor Put can be exercised, certain conditions and/or circumstances will need to be satisfied. Where relevant, the provisions will be set out in the applicable Final Terms.

To exercise such option or any other Noteholders' option that may be set out in the applicable Final Terms (which must be exercised on an Option Exercise Date) the holder must deposit such Note (together with all unmatured Receipts and Coupons and unexchanged Talons) with any Paying Agent at its specified office, together with a duly completed option exercise notice (**Exercise Notice**) in the form obtainable from any Paying Agent within the notice period. No Note so deposited and option exercised may be withdrawn (except as provided in the Agency Agreement) without the prior consent of the Issuer.

(f) *Partly Paid Notes:*

Partly Paid Notes will be redeemed whether at maturity, early redemption or otherwise, in accordance with the provisions of this Condition and the provisions specified in the applicable Final Terms.

(g) *Purchases:*

The Issuer may at any time purchase Notes (provided that all unmatured Receipts and Coupons and unexchanged Talons relating thereto are attached thereto or surrendered therewith) in the open market or by tender or by private treaty or otherwise at any price.

(h) *Cancellation:*

All Notes purchased by or on behalf of the Issuer will, subject to applicable laws and regulations, at the option of the Issuer, either (i) be kept by or on behalf of the Issuer, or (ii) be cancelled by surrendering the Notes in question together with all unmatured Receipts and Coupons and all unexchanged Talons to the Fiscal Agent and, in each case, if so surrendered, shall, together with all Notes redeemed by the Issuer, be cancelled forthwith (together with all unmatured Receipts and Coupons and unexchanged Talons attached thereto or surrendered therewith). Any Notes so cancelled or surrendered for cancellation may not be reissued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.

6. Payments and Talons

(a) *Payments:*

Payments of principal and interest in respect of Notes shall, subject as mentioned below, be made against presentation and surrender of the relevant Receipts (in the case of payments of Instalment Amounts other than on the due date for redemption and provided that the Receipt is presented for payment together with its relative Note), Notes (in the case of all other payments of principal and, in the case of interest, as specified in Condition 6(e)(v)) or Coupons (in the case of interest, save as specified in Condition 6(e)(v)), as the case may be, at the specified office of any Paying Agent outside the United States by a cheque payable in the relevant currency drawn on, or, at the option of the holder, by transfer to an account denominated in such currency with, a bank in the principal financial centre for such currency, or, in the case of euro, in a city in which banks have access to the TARGET2 System.

(b) *Payments in the United States:*

Notwithstanding the foregoing, if any Notes are denominated in U.S. dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law, without involving, in the opinion of the Issuer, any adverse tax consequence to the Issuer.

(c) *Payments Subject to Fiscal Laws:*

All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives, but without prejudice to the provisions of Condition 7 (*Taxation*). No commission or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.

(d) *Appointment of Agents:*

The Fiscal Agent, the Paying Agents and the Calculation Agent initially appointed by the Issuer and their respective specified offices are listed below. The Fiscal Agent, the Paying Agents and the Calculation Agent(s), act solely as agents of the Issuer and do not assume any obligation or relationship of agency or trust for or with any Noteholder or Couponholder. The Issuer reserves the right at any time to vary or terminate the appointment of the Fiscal Agent, any other Paying Agent, or the Calculation Agent(s) and/or approve any change in the specified office through which any Paying Agent acts and to appoint additional or other Paying Agents, provided that the Issuer shall at all times maintain (i) a Fiscal Agent, (ii) one or more Calculation Agent(s) where the Conditions so require, (iii) a Redenomination Agent and a Consolidation Agent where the Conditions so require (and further provided that on a redenomination of the Notes pursuant to Condition 1(b) and a consolidation of the Notes with a further issue of Notes pursuant to Condition 11 (*Further Issues and Consolidation*), the Issuer shall procure that the same entity shall be appointed as the Redenomination Agent and the Consolidation Agent in respect of both the Notes and such other issues of notes, (iv) the Issuer will maintain such other agents as may be required by the rules of any other stock exchange on which the Notes may be listed (or any other relevant authority) and (v) a Paying Agent in a Member State of the European Union (a **Member State**) that is not obliged to withhold or deduct tax pursuant to European Council Directive 2003/48/EC, or any law implementing or complying with, or introduced in order to conform to, such Directive (any such Directive or law, an **EU Savings Directive Tax Law**) to the extent that any Member State does not maintain any obligation to so withhold or deduct pursuant to any EU Savings Directive Tax Law.

In addition, the Issuer shall forthwith appoint a Paying Agent in New York City in respect of any Notes denominated in U.S. dollars in the circumstances described in Condition 6(b) above.

Notice of any such change or of any change of any specified office shall promptly be given to the Noteholders.

(e) *Unmatured Coupons and Receipts and unexchanged Talons:*

Unless the Notes provide that the relative Coupons are to become void upon the due date for redemption of those Notes, Notes should be surrendered for payment together with all unmaturing Coupons (if any) appertaining thereto, failing which an amount equal to the face value of each missing unmaturing Coupon (or, in the case of payment not being made in full, that proportion of the amount of such missing unmaturing Coupon that the sum of principal so paid bears to the total principal due) shall be deducted from the Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, due for payment. Any amount so deducted shall be paid in the manner mentioned above against surrender of such missing Coupon within a period of 10 years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 8).

- (i) If the Notes so provide, upon the due date for redemption of any Note, unmaturing Coupons relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of them.
- (ii) Upon the due date for redemption of any Note, any unexchanged Talon relating to such Note (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.
- (iii) Upon the due date for redemption of any Note that is redeemable in instalments, all Receipts relating to such Note having an Instalment Date falling on or after such due date (whether or not attached) shall become void and no payment shall be made in respect of them.

- (iv) Where any Note that provides that the relative unmatured Coupons are to become void upon the due date for redemption of those Notes is presented for redemption without all unmatured Coupons, and where any Note is presented for redemption without any unexchanged Talon relating to it, redemption shall be made only against the provision of such indemnity as the Issuer may require.
- (v) If the due date for redemption of any Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be, shall only be payable against presentation (and surrender if appropriate) of the relevant Note or Certificate representing it, as the case may be. Interest accrued on a Note that only bears interest after its Maturity Date shall be payable on redemption of such Note against presentation of the relevant Note or Certificate representing it, as the case may be.

(f) *Talons:*

On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Bearer Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Fiscal Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 8 (*Prescription*)).

(g) *Non-Business Days:*

If any date for payment in respect of any Note, Receipt or Coupon is not a business day, the holder shall not be entitled to payment until the next following business day nor to any interest or other sum in respect of such postponed payment. In this paragraph, **business day** means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for business in the relevant place of presentation, in such jurisdictions as shall be specified as "Additional Financial Centres" in the applicable Final Terms and:

- (i) in the case of a payment in a currency other than euro, where payment is to be made by transfer to an account maintained with a bank in the relevant currency, a day on which foreign exchange transactions may be carried on in the relevant currency in the principal financial centre of the country of such currency; or
- (ii) in the case of a payment in euro, a day which is a TARGET2 Business Day.

7. **Taxation**

All payments of principal, interest and other revenues by or on behalf of the Issuer in respect of the Notes shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within France or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law.

If French law should require that payments of principal or interest in respect of any Note be subject to withholding or deduction with respect to any taxes or duties whatsoever, the Issuer will, to the fullest extent then permitted by French law, pay such additional amounts as may be necessary in order that the net amounts received by the holders of Notes, Receipts and Coupons after such withholding or deduction shall equal the respective amounts of principal and interest which would have been receivable in respect of the Notes, Receipts or Coupons, in the absence of such withholding or deduction; except that no such additional amounts shall be payable with respect to any Note, Receipt or Coupon:

- (i) presented for payment by or on behalf of a holder who is liable to such taxes or duties in respect of such Note or Coupon by reason of his having some connection with the Republic of France other than the mere holding of the Note, Receipt or Coupon; or
- (ii) where such withholding or deduction is imposed on a payment to an individual and is required to be made pursuant to the new European Council Directive 2003/48/EC on the taxation of savings income, or any law implementing or complying with, or introduced in order to conform to, such Directive; or
- (iii) presented for payment by or on behalf of a holder who would be able to avoid such withholding or deduction by presenting the relevant Note, Receipt or Coupon to another Paying Agent in a Member State of the European Union; or
- (iv) presented for payment more than 30 days after the Relevant Date, except to the extent that the holder thereof would have been entitled to such additional amounts on presenting the same for payment on the last day of such period of 30 days.

As used in these Conditions, **Relevant Date** in respect of any Note, Receipt or Coupon means the date on which payment in respect of it first becomes due or (if any amount of the money payable is improperly withheld or refused) the date on which payment in full of the amount outstanding is made or (if earlier) the date seven days after that on which notice is duly given to the Noteholders that, upon further presentation of the Note (or relative Certificate), Receipt or Coupon being made in accordance with the Conditions, such payment will be made, provided that payment is in fact made upon such presentation. References in these Conditions to (i) **principal** shall be deemed to include any premium payable in respect of the Notes, all Instalment Amounts, Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts, Amortised Face Amounts and all other amounts in the nature of principal payable pursuant to Condition 5 (*Redemption, Purchase and Options*) or any amendment or supplement to it, (ii) **interest** shall be deemed to include all Interest Amounts and all other amounts payable pursuant to Condition 4 (*Interest and other Calculations*) or any amendment or supplement to it and (iii) **principal** and/or **interest** shall be deemed to include any additional amounts that may be payable under this Condition.

8. Prescription

Claims against the Issuer for payment in respect of the Notes, Receipts and Coupons (which for this purpose shall not include Talons) shall become void unless made within 10 years (in the case of principal) or five years (in the case of interest) from the appropriate Relevant Date in respect of them.

9. Events of Default

Upon any of the following events (each an **Event of Default**) taking place, the holder of any Note may give written notice to the Issuer through the Fiscal Agent at its specified office that such Note is immediately due and payable, whereupon the Early Redemption Amount of such Note together with accrued interest to the date of payment shall become immediately due and payable, unless such Event of Default shall have been remedied prior to the receipt of such notice by the Fiscal Agent:

- (a) default is made for more than 15 days in the payment of any principal and interest due in respect of the Notes; or
- (b) default by the Issuer in the performance or observance of any other obligation on its part under the Notes and such default continues for 30 days after written notice requiring such default to be remedied has been given by the holder of any Note through the Fiscal Agent to the Issuer; or

- (c) any other indebtedness for money borrowed by the Issuer becoming prematurely repayable following a default, or steps being taken to enforce any security in respect thereof, or the Issuer defaulting in the repayment of any such indebtedness at the maturity thereof as extended by any applicable grace period, or any guarantee of any indebtedness for money borrowed given by the Issuer not being honoured when due and called upon; or
- (d) the Issuer being dissolved or merged into a company, unless in such event the obligations of the Issuer pursuant to the Notes are assumed by such company either expressly by contract or by virtue of applicable law.

10. Replacement of Notes, Receipts, Coupons and Talons

If a Note, Receipt, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws, regulations and stock exchange regulations, at the specified office of the Paying Agent in London or such other Paying Agent, as the case may be, as may from time to time be designated by the Issuer for the purpose and notice of whose designation is given to Noteholders, in each case on payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence, security and indemnity (which may provide, *inter alia*, that if the allegedly lost, stolen or destroyed Note, Receipt, Coupon or Talon is subsequently presented for payment or, as the case may be, for exchange for further Coupons, there shall be paid to the Issuer on demand the amount payable by the Issuer in respect of such Notes, Receipts, Coupons or further Coupons) and otherwise as the Issuer may require. Mutilated or defaced Notes, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

11. Further Issues and Consolidation

(a) Further Issues

The Issuer may from time to time without the consent of the Noteholders or Couponholders create and issue further notes ranking *pari passu* with the Notes and having the same terms and conditions as the Notes in all respects (or in all respects except for the first payment of interest on them). References in these Conditions to **Notes** shall be construed accordingly.

(b) Consolidation

The Issuer may also from time to time upon not less than 30 days' prior notice to Noteholders, without the consent of the holders of the Notes or Coupons of any Series, consolidate the Notes with notes of one or more other Series issued by it provided that, in respect of all periods subsequent to such consolidation, the notes of all such other Series are denominated in the same currency as such Notes (irrespective of the currency in which any notes of such other Series were originally issued) and otherwise have the same terms and conditions as such Notes. Notice of any such consolidation will be given to the Noteholders in accordance with Condition 13 (*Notices*). The Fiscal Agent shall act as the consolidation agent (in such capacity, the **Consolidation Agent**).

With effect from their consolidation, the Notes and the notes of such other Series will (if listed prior to such consolidation) be listed on at least one European stock exchange on which either such Notes or the notes of such other Series were listed immediately prior to consolidation.

The Issuer shall in dealing with the holders of such Notes following a consolidation pursuant to this Condition 11 (*Further Issues and Consolidation*) have regard to the interests of the holders of such Notes and the holders of the notes of such other Series, taken together as a class, and shall treat them alike.

12. Meetings of Noteholders and Modifications

(a) *Meetings of Noteholders:*

The Agency Agreement contains provisions for convening meetings of Noteholders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution (as defined in the Agency Agreement) of a modification of any of these Conditions. Such a meeting may be convened by Noteholders holding not less than 10 per cent. in nominal amount of the Notes for the time being outstanding. The quorum for any meeting convened to consider an Extraordinary Resolution shall be two or more persons holding or representing a clear majority in nominal amount of the Notes for the time being outstanding, or at any adjourned meeting two or more persons being or representing Noteholders whatever the nominal amount of the Notes held or represented, unless the business of such meeting includes consideration of proposals, *inter alia* (other than as specifically provided in these Conditions) (i) to amend the dates of maturity or redemption of the Notes, any Instalment Date or any date for payment of interest or Interest Amounts on the Notes, (ii) to reduce or cancel the nominal amount of, or any Instalment Amount of, or any premium payable on redemption of, the Notes, (iii) to reduce the rate or rates of interest in respect of the Notes or to vary the method or basis of calculating the rate or rates or amount of interest or the basis for calculating any Interest Amount in respect of the Notes, (iv) if a Minimum and/or a Maximum Rate of Interest, Instalment Amount or Redemption Amount is shown in the applicable Final Terms, to reduce any such Minimum and/or Maximum, (v) to vary any method of, or basis for, calculating the Final Redemption Amount, the Early Redemption Amount or the Optional Redemption Amount, including the method of calculating the Amortised Face Amount, (vi) to vary the currency or currencies of payment or denomination of the Notes, (vii) to take any steps that are specified in the applicable Final Terms may only be taken following approval by an Extraordinary Resolution to which the special quorum provisions apply or (viii) to modify the provisions concerning the quorum required at any meeting of Noteholders or the majority required to pass the Extraordinary Resolution, in which case the necessary quorum shall be two or more persons holding or representing not less than 75 per cent., or at any adjourned meeting not less than 25 per cent., in nominal amount of the Notes for the time being outstanding. Any Extraordinary Resolution duly passed shall be binding on Noteholders (whether or not they were present at the meeting at which such resolution was passed) and on all Couponholders.

(b) *Modification of Agency Agreement:*

The Issuer shall only permit any modification (including for the purposes of giving effect to the provisions of Conditions 1(b) and 11 (*Further Issues and Consolidation*)) of, or any waiver or authorisation of any breach or proposed breach of or any failure to comply with, the Agency Agreement, if to do so could not reasonably be expected to be prejudicial to the interests of the Noteholders.

13. Notices

Notices to the holders of Notes shall be valid if published (i) in a daily newspaper of general circulation in London (which is expected to be the *Financial Times*), and (ii) so long as the Notes are listed on Euronext Paris S.A. and the rules of that exchange so require, in a daily newspaper with general circulation in France, (which is expected to be the *La Tribune* or *Les Echos*) or in accordance with articles 221-3 and 221-4 of the General Regulation (*Règlement Général*) of the *Autorité des marchés financiers*). If any such publication is not practicable, notice shall be validly given if published in another leading daily English language newspaper with general circulation in Europe. Any such notice shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the date of the first publication as provided above. Couponholders shall be deemed for all purposes to have notice of the contents of any notice given to the holders of Notes in accordance with this Condition 13 (*Notices*). The Issuer shall also ensure that

notices are duly published in a manner which complies with the rules and regulations of any other stock exchange (or other relevant authority) on which the Notes are for the time being listed. Any such notice will be deemed to have been given on the date of the first publication or, where required to be published in more than one newspaper, on the date of the first publication in each such newspaper.

Except in the case of Notes listed on Euronext Paris S.A., until such time as any definitive Notes are issued, there may (provided that in the case of Notes listed on any stock exchange, the rules of such stock exchange (or other relevant authority) so permit), so long as the global Note(s) is or are held in its/their entirety on behalf of Euroclear and Clearstream, Luxembourg, be substituted for such publication in such newspaper(s) the delivery of the relevant notice to Euroclear and Clearstream, Luxembourg for communication by them to the Noteholders. Any such notice shall be deemed to have been given to the holders of the Notes on the seventh day after the day on which the said notice was given to Euroclear and Clearstream, Luxembourg.

Notices to be given by any holder of the Notes shall be in writing and given by lodging the same, together with the relative Note or Notes, with the Agent. Whilst any of the Notes are represented by a global Note, such notice may be given by any holder of a Note to the Agent via Euroclear and/or Clearstream, Luxembourg, as the case may be, in such manner as the Agent and Euroclear and/or Clearstream, Luxembourg, as the case may be, may approve for this purpose.

14. Contracts (Rights of Third Parties) Act 1999

No person shall have any right to enforce any term or condition of the Notes under the Contracts (Rights of Third Parties) Act 1999 except and to the extent (if any) that the Notes expressly provide for such Act to apply to any of their terms.

15. Governing Law and Jurisdiction

(a) *Governing Law:*

The Notes, the Receipts, the Coupons, the Talons and the Agency Agreement (including a dispute relating to any non-contractual obligations arising out of or in connection with the Notes, the Receipts, the Coupons, the Talons and/or the Agency Agreement) are governed by, and shall be construed in accordance with, English law.

(b) *Jurisdiction:*

The courts of England are to have jurisdiction to settle any disputes that may arise out of or in connection with any Notes, Receipts, Coupons or Talons and accordingly any legal action or proceedings arising out of or in connection with any Notes, Receipts, Coupons or Talons (**Proceedings**) (including a dispute relating to any non-contractual obligations arising out of or in connection with the Notes, the Receipts, the Coupons and/or the Talons) may be brought in such courts. The Issuer irrevocably submits to the jurisdiction of such courts and waives any objection to Proceedings in such courts on the ground of venue or on the ground that the Proceedings have been brought in an inconvenient forum. This submission is made for the benefit of each of the holders of the Notes, Receipts, Coupons and Talons (including any Proceedings relating to any non-contractual obligations arising out of or in connection with the Notes, the Receipts, the Coupons and/or the Talons), and shall not affect the right of any of them to take Proceedings in any other court of competent jurisdiction nor shall the taking of Proceedings in one or more jurisdictions preclude the taking of Proceedings in any other jurisdiction (whether concurrently or not).

(c) *Service of Process:*

The Issuer irrevocably appoints Rail Europe Limited of 34 Tower View, West Malling, Kent ME19 4ED, its authorised agent in England, to receive, for it and on its behalf, service of process in any Proceedings in England. Such service shall be deemed completed on delivery to such process agent (whether or not it is forwarded to and received by the Issuer). If for any reason such process agent ceases to be able to act as such or no longer has an address in London, the Issuer irrevocably agrees to appoint a substitute process agent and shall immediately notify Noteholders of such appointment in accordance with Condition 13 (*Notices*). Nothing shall affect the right to serve process in any manner permitted by law.

(d) *Immunity from Attachment:*

The assets and properties of the Issuer cannot be subject to any attachment or other enforcement proceedings in the Republic of France.

USE OF PROCEEDS

The net proceeds of each issue of Notes will be applied by the Issuer in refinancing existing debt and financing its operations.

FORM OF NOTES

The Notes of each Series will be in bearer form, with or without coupons attached and will be issued outside the United States in reliance on Regulation S under the Securities Act (**Regulation S**).

Initial Issue of Notes

Each Tranche of Notes will be initially issued in the form of a temporary global note (a **Temporary Global Note**) or, if so specified in the applicable Final Terms, a permanent global note (a **Permanent Global Note**) which, in either case, will:

- (i) if the Global Notes are intended to be issued in new global note (NGN) form, as stated in the applicable Final Terms, be delivered on or prior to the original issue date of the Tranche to a common safekeeper (the **Common Safekeeper**) for Euroclear Bank SA/NV (**Euroclear**) and Clearstream Banking, société anonyme (**Clearstream, Luxembourg**); and
- (ii) if the Global Notes are not intended to be issued in NGN Form, be delivered on or prior to the original issue date of the Tranche to a common depositary (the **Common Depositary**) for, Euroclear and Clearstream Luxembourg.

Upon the initial deposit of a Global Note with the Common Depositary or Common Safekeeper, as the case may be, the Common Depositary or the Common Safekeeper will credit each subscriber with a nominal amount of Notes equal to the nominal amount thereof for which it has subscribed and paid.

Upon the initial deposit of a Global Note with Euroclear France (including where Euroclear France is acting as central depositary), the *intermédiaires financiers habilités* (French banks or brokers authorised to maintain securities accounts on behalf of their clients (each an **Approved Intermediary**)) who are entitled to such Notes according to the records of Euroclear France will credit each subscriber with a principal amount of Notes equal to the nominal amount thereof for which it has subscribed and paid.

Notes that are initially deposited with the Common Depositary (or Common Safekeeper, as the case may be) may also be credited to the accounts of subscribers with Approved Intermediaries or (if indicated in the applicable Final Terms) other clearing systems through direct or indirect accounts with Euroclear and Clearstream, Luxembourg held by Euroclear France or other clearing systems. Conversely, Notes that are initially deposited with Euroclear France or any other clearing system may similarly be credited to the accounts of subscribers with Euroclear, Clearstream, Luxembourg, or other clearing systems.

The following legend will appear on all Notes which have an original maturity of more than 365 days and on all receipts and interest coupons relating to such Notes:

"ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE."

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Notes, receipts or interest coupons and will not be entitled to capital gains treatment of any gain on any sale, disposition, redemption or payment of principal in respect of such Notes, receipts or interest coupons.

Relationship of Accountholders with Clearing Systems

Each of the persons shown in the records of Euroclear, Clearstream, Luxembourg, an Approved Intermediary or any other clearing system (an **Alternative Clearing System**) as the holder of a Note represented by a Global Note must look solely to Euroclear, Clearstream, Luxembourg, such Approved Intermediary or such Alternative Clearing System (as the case may be) for his share of each payment made by the Issuer to the bearer of such Global Note and in relation to all other rights arising under the Global Notes, subject to and in accordance with the respective rules and procedures of Euroclear, Clearstream, Luxembourg, Euroclear France or such Alternative Clearing System (as the case may be). Such persons shall have no claim directly against the Issuer in respect of payments due on the Notes for so long as the Notes are represented by such Global Note and such obligations of the Issuer will be discharged by payment to the bearer of such Global Note in respect of each amount so paid.

Exchange of Interests in Global Notes

1. Temporary Global Notes

Each Temporary Global Note will be exchangeable, free of charge to the holder, on or after its Exchange Date (as defined below):

- (i) if the applicable Final Terms indicates that such Global Note is issued in compliance with the C Rules or in a transaction to which TEFRA is not applicable (as to which, see "Summary of the Programme-Selling Restrictions"), in whole, but not in part, for the Definitive Notes defined and described below; and
- (ii) otherwise, in whole or in part upon certification as to non-U.S. beneficial ownership in the form set out in the Agency Agreement for interests in a Permanent Global Note or, if so provided in the applicable Final Terms, for Definitive Notes, provided that purchasers in the United States and certain U.S. persons will not be able to receive Definitive Notes in bearer form.

2. Permanent Global Notes

Each Permanent Global Note will be exchangeable, free of charge to the holder, on or after its Exchange Date in whole but not, except as provided under "Partial Exchange of Permanent Global Notes", in part for Definitive Notes:

- (i) unless principal in respect of any Notes is not paid when due, by the Issuer giving notice to the Noteholders and the Fiscal Agent of its intention to effect such exchange;
- (ii) if the applicable Final Terms provides that such Global Note is exchangeable at the request of the holder, by the holder giving notice to the Fiscal Agent of its election for such exchange; and
- (iii) otherwise, (1) if the Permanent Global Note is held on behalf of Euroclear, Clearstream, Luxembourg, Euroclear France or an Alternative Clearing System, and any such clearing system is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or in fact does so or (2) if principal in respect of any Notes is not paid when due, by the holder giving notice to the Fiscal Agent of its election for such exchange.

3. **Partial Exchange of Permanent Global Notes**

For so long as a Permanent Global Note is held on behalf of a clearing system and that clearing system so permits, such Permanent Global Note will be exchangeable in part on one or more occasions for Definitive Notes (i) if principal in respect of any Notes is not paid when due or (ii) if so provided in, and in accordance with, the Conditions (which will be set out in the applicable Final Terms) relating to Partly-paid Notes.

4. **Delivery of Notes**

On or after any due date for exchange the holder of a Global Note may surrender such Global Note or, in the case of a partial exchange, present it for endorsement to or to the order of the Fiscal Agent. In exchange for any Global Note, or the part thereof to be exchanged, the Issuer will (i) in the case of a Temporary Global Note exchangeable for a Permanent Global Note, deliver, or procure the delivery of, a Permanent Global Note in an aggregate nominal amount equal to that of the whole or that part of a Temporary Global Note that is being exchanged or, in the case of a subsequent exchange, endorse, or procure the endorsement of, a Permanent Global Note to reflect such exchange or (ii) in the case of a Global Note exchangeable for Definitive Notes, deliver, or procure the delivery of, an equal aggregate nominal amount of duly executed and authenticated Definitive Notes. In this Base Prospectus, **Definitive Notes** means, in relation to any Global Note, the definitive Notes for which such Global Note may be exchanged (if appropriate, having attached to them all Coupons and Receipts in respect of interest or Instalment Amounts that have not already been paid on the Global Note and a Talon). Definitive Notes will be security printed in accordance with any applicable legal and stock exchange requirements in or substantially in the form set out in the Schedules to the Agency Agreement. On exchange in full of each Permanent Global Note, the Issuer will, if the holder so requests, procure that it is cancelled and returned to the holder together with the relevant Definitive Notes.

5. **Exchange Date**

Exchange Date means, in relation to a Temporary Global Note, the day falling after the expiry of 40 days after its issue and, in relation to a Permanent Global Note, a day falling not less than 60 days, or in the case of failure to pay principal in respect of any Notes when due, 30 days, after that on which the notice requiring exchange is given and on which banks are open for business in the city in which the specified office of the Fiscal Agent is located and in the city in which the relevant clearing system is located.

Modification of the Conditions of the Notes while in Global Form

The Global Notes contain provisions that apply to the Notes that they represent, some of which modify the effect of the terms and conditions of the Notes set out in this Base Prospectus. The following is a summary of certain of those provisions:

1. **Payments**

No payment falling due after the Exchange Date will be made on any Global Note unless exchange for an interest in a Permanent Global Note or for Definitive Notes is improperly withheld or refused. Payments on any Temporary Global Note issued in compliance with the D Rules before the Exchange Date will only be made against presentation of certification as to non-U.S. beneficial ownership in the form set out in the Agency Agreement. All payments in respect of Notes represented by a Global Note will be made against presentation for endorsement and, if no further payment falls to be made in respect of the Notes, surrender of that Global Note to or to the order of the Fiscal Agent or such other Paying Agent as shall have been notified to the Noteholders for such

purpose. A record of each payment so made will be endorsed on each Global Note, which endorsement will be prima facie evidence that such payment has been made in respect of the Notes.

2. Prescription

Claims against the Issuer in respect of principal and interest in respect of Notes that are represented by a Global Note will become void unless it is presented for payment within a period of ten years (in the case of principal) and five years (in the case of interest) from the appropriate Relevant Date (as defined in Condition 7 (*Taxation*)).

3. Meetings

The holder of a Permanent Global Note shall (unless such Permanent Global Note represents only one Note) be treated as being two persons for the purposes of any quorum requirements of a meeting of Noteholders and at any such meeting, as having one vote in respect of each minimum Specified Denomination of Notes for which such Global Note may be exchanged.

4. Cancellation

Cancellation of any Note represented by a Global Note that is required by the Conditions to be cancelled (other than upon its redemption) will be effected by reduction in the nominal amount of the relevant Global Note.

5. Purchase

Notes represented by a Permanent Global Note may only be purchased by the Issuer if they are purchased together with the rights to receive all future payments of interest and Instalment Amounts (if any) thereon.

6. Events of Default

Each Global Note provides that the holder may cause such Global Note, or a portion of it, to become due and repayable in the circumstances described in Condition 9 (*Events of Default*) by stating in the notice to the Fiscal Agent the nominal amount of such Global Note which is becoming due and repayable. If principal in respect of any Note is not paid when due, the holder of a Global Note may elect for direct enforcement rights against the Issuer under the terms of a Deed of Covenant executed as a deed by the Issuer on 20 December 2010 (as supplemented from time to time) to come into effect in relation to the whole or a part of such Global Note, as accountholders with a clearing system. Following any such acquisition of direct rights, the Global Note will become void as to the specified portion.

7. Issuer's Option

Any option of the Issuer provided for in the Conditions of any Notes while such Notes are represented by a Permanent Global Note shall be exercised by the Issuer giving notice to the Noteholders within the time limits set out in and containing the information required by the Conditions, except that the notice shall not be required to contain the serial numbers of Notes drawn in the case of a partial exercise of an option and accordingly no drawing of Notes shall be required. If any option of the Issuer is exercised in respect of some but not all of the Notes of any Series, the rights of accountholders with a clearing system or an Approved Intermediary in respect of the Notes will be governed by the standard procedures of Euroclear, Clearstream, Luxembourg, Euroclear France or other relevant clearing system (as the case may be). In the case of a Permanent Global Note in NGN form, such a redemption will be reflected in the records of the ICSDs as either a nominal reduction or as a pool factor, at the discretion of the ICSDs.

8. Noteholders' Options

Any option of the Noteholders provided for in the Conditions of any Notes while such Notes are represented by a Permanent Global Note and such Global Note is held on behalf of Euroclear and/or Clearstream, Luxembourg, may be exercised by the holder of the Global Note giving a notice of exercise in relation to the principal amount of the Notes in respect of which such option is exercised within the time limits set forth in that Condition and/or as required by the relevant clearing system and at the same time presenting or procuring the presentation of the Global Note to the Principal Paying Agent for notation accordingly. Whilst all of the Notes are represented by a Permanent Global Note and such Global Note is held on behalf of Euroclear and/or Clearstream, Luxembourg, notices of exercise shall be given in accordance with the standard procedures of Euroclear and/or Clearstream, Luxembourg (which may include notice being given on the instruction of the relevant holder by the relevant clearing system or any common depository therefor to the Principal Paying Agent by electronic means) in a form acceptable to the relevant clearing system from time to time.

9. Notices

Notices to the holders of Notes shall be valid if published (i) in a daily newspaper of general circulation in London (which is expected to be the *Financial Times*), and (ii) so long as the Notes are admitted to trading on, and listed on Euronext Paris S.A. and the rules of that exchange so require, in a daily newspaper with general circulation in France (which is expected to be the *La Tribune* or *Les Echos*) and/or the Autorité des marchés financiers' website at www.amf-france.org. If any such publication is not practicable, notice shall be validly given if published in another leading daily English language newspaper with general circulation in Europe. Any such notice shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the date of the first publication as provided above. Couponholders shall be deemed for all purposes to have notice of the contents of any notice given to the holders of Notes in accordance with Condition 13 (*Notices*). The Issuer shall also ensure that notices are duly published in a manner which complies with the rules and regulations of any other stock exchange (or other relevant authority) on which the Notes are for the time being listed. Any such notice will be deemed to have been given on the date of the first publication or, where required to be published in more than one newspaper, on the date of the first publication in each such newspaper.

Except in the case of Notes listed on Euronext Paris S.A., until such time as any definitive Notes are issued, there may (provided that in the case of Notes listed on any stock exchange, the rules of such stock exchange (or other relevant authority) so permit), so long as the global Note(s) is or are held in its/their entirety on behalf of Euroclear and Clearstream, Luxembourg, be substituted for such publication in such newspaper(s) the delivery of the relevant notice to Euroclear and Clearstream, Luxembourg for communication by them to the Noteholders. Any such notice shall be deemed to have been given to the holders of the Notes on the seventh day after the day on which the said notice was given to Euroclear and Clearstream, Luxembourg.

Notices to be given by any holder of the Notes shall be in writing and given by lodging the same, together with the relative Note or Notes, with the Fiscal Agent. Whilst any of the Notes are represented by a global Note, such notice may be given by any holder of a Note to the Fiscal Agent via Euroclear and/ or Clearstream, Luxembourg, as the case may be, in such manner as the Agent and Euroclear and/or Clearstream, Luxembourg, as the case may be, may approve for this purpose.

10. Partly-Paid Notes

The provisions relating to Partly-Paid Notes are not set out in this Base Prospectus, but will be contained in the applicable Final Terms and thereby in the Global Notes. While any instalments of the subscription moneys due from the holder of Partly-Paid Notes are overdue, no interest in a Global Note representing such Notes may be exchanged for an interest in a Permanent Global Note

or for Definitive Notes (as the case may be). If any Noteholder fails to pay any instalment due on any Partly-Paid Notes within the time specified, the Issuer may forfeit such Notes and shall have no further obligation to their holder in respect of them.

11. Redenomination and Consolidation

A Global Note may be amended or replaced by the Issuer (in such manner as it considers necessary after consultation with the Redenomination Agent and/or the Consolidation Agent, as the case may be) for the purposes of taking account of the redenomination and/or consolidation of the Notes pursuant to Conditions 1(b) and 11 (*Further Issues and Consolidation*). Any consolidation may, in such circumstances, require a change in the relevant common depositary or central depositary, as the case may be.

RECENT DEVELOPMENTS

Parent Company

TRAINS D'EQUILIBRE DU TERRITOIRE (TET)

On 13 December 2010, the French State and SNCF signed an agreement for regional land use planning trains, economically loss-making, but which respond to a public service need by servicing stations throughout the country (*trains d'équilibre du territoire* comprising TEOZ, Intercity and Lunéa).

Under this public service contract, the French State will be the Organising Authority of SNCF in relation to these trains and will define the public services mission to be assumed by SNCF. This agreement will come into force on 1 January 2011 and has been concluded for a three-year period.

SNCF Group

100 PER CENT. TAKEOVER OF GIRAUD BY GEODIS

In September 2010 following the approval of such transaction by the European Commission on 15 July 2010, Geodis completed the 100 per cent. takeover of Giraud.

SEAFRANCE

In August 2010, SNCF obtained the European Commission's approval for a "rescuing State aid" in favour of SeaFrance allowing SNCF to grant SeaFrance a temporary credit facility.

The SeaFrance's "observation period" which was extended by the Commercial Court of Paris until 15 December 2010 in September 2010 has been re-extended until 28 April 2011.

At the end of September 2010, SNCF appointed Crédit Agricole CIB to act as a financial advisor with respect to a contemplated divestiture of the shares held in SeaFrance S.A. and its subsidiaries and participations.

SYSTRA

On 28 October 2010, RATP and SNCF announced a draft agreement aiming at developing the transport engineering in all its components around their joint venture SYSTRA. This draft agreement would consist in bringing to SYSTRA, at the end of a progressive process, their own subsidiary companies of engineering: INEXIA for SNCF and XELIS for RATP. It is also agreed that the two companies would remain with parity with the capital of SYSTRA. Each company could thus develop within SYSTRA its dominant expert testimony: the subway for RATP and high speed and very high speed for SNCF. In accordance with this agreement, the national competition authority will be approached to come to a conclusion about the respect of the applicable competition rules.

LORRY-RAIL

Transports and Logistique Partenaires, a subsidiary of SNCF Geodis, the Group Transport of Goods and Logistics branch, has acquired the shares held by Caisse des Dépôts et Consignations and Vinci Concessions in Lorry-Rail, increasing its holding from 12.5% to over 50% alongside Chemins de Fer Luxembourgeois (CFL) and Modalhor.

Lorry-Rail transports unaccompanied semi-trailers and swap bodies via rail and motorway between Perpignan and Luxembourg.

SNCF GROUP FINANCIAL INFORMATION FOR THE THIRD QUARTER OF 2010 (UNAUDITED)

- Revenue up 4.8 per cent. at a constant currency and consolidation scope (up 24.0 per cent. including currency and consolidation scope impact).
- Upward revenue trend consistent with 1st half year observations, growth in all divisions in line with forecasts.
- October pension reform strikes will negatively affect last quarter figures and economic recovery remains fragile. These factors prompt a cautious year end 2010 operations, especially for the rail freight, business activity which suffered the most from the impact of social conflicts.

Group SNCF Revenue as at 30 September 2010 (Unaudited)

Millions of Euros	9 months 2010	9 months 2009	Change	Change Constant currency & consolidation scope
SNCF Infra (infrastructure & engineering)	3,781	3,620	4.4%	4.4%
SNCF Proximités (local & regional transport)	7,958	4,848	64.1%	10.1%
SNCF Voyages (long distance transport)	5,497	5,100	7.8%	7.0%(1)
SNCF Geodis (freight transport & logistics)	6,540	5,297	23.5%	7.5%
Gares & Connexions (station management & development) (1)	826	638	-	-
Total SNCF group (2)	22,702	18,311	24.0%	4.8%

(1) Individual financial statements for the new Gares & Connexions division have been published along with the other four divisions since 1 January 2010. However, to facilitate comparison with 2010, this report presents 2009 station activity figures separately, though they were partially included in SNCF Voyages division statements in 2009. The founding of this new division has generated additional invoicing on behalf of SNCF Voyages and SNCF Proximités.

(2) Including common functions and shares, and excluding inter-Division revenue.

Group revenue amounted to a total of €22,702 million at the end of September 2010, representing a 4.8 per cent. increase over the first nine months of 2009 at a constant currency and consolidation scope (a 24.0 per cent. increase including currency and consolidation scope impact).

Growth in revenue can be broken down as follows:

- Growth at a constant currency and consolidation scope of €887 million (+4.8 per cent.).
- The impact of changes in scope linked to development amounting to €3,384 million :
- SNCF Proximités up €2,620 million (Keolis integration as from 1 February 2010);
- SNCF Geodis up €735 million

- **The corporate entity Eurostar International Limited was created as a totally separate Railway Undertaking as from 1 September 2010.**
- A positive exchange rate impact of €120 million, of which €110 million for *SNCF Geodis*.

Activity by Division

- ***SNCF Infra (infrastructure & engineering)***: revenue of €3,781 million, up 4.4 per cent. over the first nine months of 2009. This growth in revenue is primarily due to investments in rail network upgrades on behalf of *Réseau Ferré de France* (owner of the French rail infrastructure).
- ***SNCF Proximités (local & regional transport)***: revenue rose to €7,958 million, an increase of 64.1 per cent. compared to the first half year 2009, linked to the integration of Keolis representing €2,620 million. At a constant currency and consolidation scope, excluding the impact of the founding of the new *Gares & Connexions* division, growth was €228 million or 4.7 per cent., mainly thanks to increased contributions paid by the Organising Authorities (+€194 million).
- ***SNCF Voyages (long distance transport)***: revenue of €5,497 million, up 7.8 per cent. compared to the first half year 2009 and 7.0 per cent. at a constant currency and consolidation scope. Excluding the impact of the founding of the new *Gares & Connexions* division, this represents a progression of €263 million, or 5.2 per cent.. In a more favourable economic context than the same period in 2009, this upward trend was driven by dynamic international activity (strong Eurostar sales, commissioning of the Dutch high speed line for Thalys, development of the Lyria offer) and sustained domestic revenue (TGV and idTGV), which have offset the negative impact of social conflicts (mostly in April for the first nine months) and ongoing works on the railway network.
- ***SNCF Geodis (freight transport & logistics)***: revenue of €6,540 million, a progression of 23.5 per cent. (+€1,243 million) over the first half year 2009. Development operations contributed to growth in the amount of +€735 million. At a constant currency and consolidation scope, revenue is up 7.5 per cent. Growth has been particularly strong in Freight Forwarding, where business operations have especially been driven by recovery in freight rates.
- ***Gares & Connexions (station management & development)***: revenue amounted to €826 million, of which 66.5 per cent. came from station access fees paid by carriers. These fees are paid in return for basic services required by law which are made available to all rail operators using the network, in a transparent and non-discriminatory manner. In 2009, station management activities fell within the scope of the *SNCF Voyages* and *SNCF Proximités* divisions.

TAXATION

The statements herein regarding taxation are based on the laws in force in the Republic of France and the Grand Duchy of Luxembourg as of the date of this Base Prospectus and are subject to any changes in law. The following summary does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to purchase, own or dispose of the Notes. Each prospective holder or beneficial owner of Notes should consult its tax advisor as to the tax consequences of any investment in or ownership and disposition of the Notes under the laws of the Republic of France, the Grand Duchy of Luxembourg and/or any other jurisdiction.

All prospective Noteholders should seek independent advice as to their tax positions.

EU Savings Directive

Under EC Council Directive 2003/48/EC on the taxation of savings income, Member States are required to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to an individual resident in that other Member State. However, for a transitional period, Luxembourg and Austria are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories including Switzerland have adopted similar measures (a withholding system in the case of Switzerland).

On 15 September 2008 the European Commission issued a report to the Council of the European Union on the operation of the Directive, which included the Commission's advice on the need for changes to the Directive. On 13 November 2008 the European Commission published a more detailed proposal for amendments to the Directive, which included a number of suggested changes. The European Parliament approved an amended version of this proposal on 24 April 2009. If any of those proposed changes are made in relation to the Directive, they may amend or broaden the scope of the requirements described above.

France

Withholding tax

Notes issued from 1 March 2010 which are not assimilated (assimilées for the purpose of French law) with Notes issued before 1 March 2010

Following the introduction of the French *loi de finances rectificative pour 2009* n°3 (n° 2009-1674 dated 30 December 2009) (the **Law**), payments of interest and other revenues made by the Issuer with respect to Notes issued from 1 March 2010 will not be subject to the withholding tax set out under article 125 A III of the French *Code général des impôts* unless such payments are made outside France in a non-cooperative State or territory (*Etat ou territoire non coopératif*) within the meaning of article 238-0 A of the French *Code général des impôts* (a **Non-Cooperative State**). If such payments under the Notes are made in a Non-Cooperative State, a 50 per cent. withholding tax will be applicable (subject to certain exceptions and to the more favourable provisions of an applicable double tax treaty) by virtue of article 125 A III of the French *Code général des impôts*.

Furthermore, according to article 238 A of the French *Code général des impôts*, interest and other revenues on such Notes will no longer be deductible from the Issuer's taxable income, as from the fiscal years starting on or after 1 January 2011, if they are paid or accrued to persons domiciled or established in a Non-Cooperative State or paid in such a Non-Cooperative State. Under certain conditions, any such non-deductible interest and other revenues may be recharacterised as constructive dividends pursuant to article 109 of the French *Code général des impôts*, in which case such non-deductible interest and other revenues

may be subject to the withholding tax set out under article 119 *bis* of the French *Code général des impôts*, at a rate of 25 per cent. or 50 per cent. (subject to the more favourable provisions of an applicable double tax treaty).

Notwithstanding the foregoing, the Law provides that neither the 50 per cent. withholding tax set out under article 125 A III of the French *Code général des impôts* nor the non-deductibility provided under article 238 A of the French *Code général des impôts* will apply in respect of an issue of Notes if the Issuer can prove that the principal purpose and effect of such issue of Notes was not that of allowing the payments of interest or other revenues to be made in a Non-Cooperative State (the **Exception**). Pursuant to the ruling (*rescrit*) n° 2010/11 (FP and FE) of the French tax authorities dated 22 February 2010, an issue of Notes will benefit from the Exception without the Issuer having to provide any proof of the purpose and effect of such issue of Notes, if such Notes are:

- (i) offered by means of a public offer within the meaning of article L.411-1 of the French *Code monétaire et financier* or pursuant to an equivalent offer in a State other than a Non-Cooperative State. For this purpose, an "equivalent offer" means any offer requiring the registration or submission of an offer document by or with a foreign securities market authority; or
- (ii) admitted to trading on a regulated market or on a French or foreign multilateral securities trading system provided that such market or system is not located in a Non-Cooperative State, and the operation of such market is carried out by a market operator or an investment services provider, or by such other similar foreign entity, provided further that such market operator, investment services provider or entity is not located in a Non-Cooperative State; or
- (iii) admitted, at the time of their issue, to the clearing operations of a central depository or of a securities clearing and delivery and payments systems operator within the meaning of article L.561-2 of the French *Code monétaire et financier*, or of one or more similar foreign depositories or operators provided that such depository or operator is not located in a Non-Cooperative State.

Notes issued from 1 March 2010 which are assimilated (assimilées for the purpose of French law) with Notes issued before 1 March 2010

Interest and other revenues on Notes issued from 1 March 2010 and which are to be consolidated (*assimilables* for the purpose of French law) and form a single series with Notes issued before 1 March 2010 having the benefit of Article 131 *quater* of the French *Code général des impôts* will continue to be exempt from the withholding tax set out under Article 125 A III of the French *Code général des impôts*.

Notes issued before 1 March 2010, whether denominated in Euro or in any other currency, and constituting *obligations* under French law, or *titres de créances négociables* within the meaning of rulings (*rescrits*) 2007/59 (FP) and 2009/23 (FP) of the French tax authorities dated 8 January 2008 and 7 April 2009, respectively, or other debt securities issued under French or foreign law and considered by the French tax authorities as falling into similar categories, are deemed to be issued outside the Republic of France for the purpose of Article 131 *quater* of the *Code général des impôts*, in accordance with Circular 5 I-11-98 of the French tax authorities dated 30 September 1998 and the aforementioned rulings (*rescrits*) 2007/59 (FP) and 2009/23 (FP).

In addition, interest and other revenues on Notes issued from 1 March 2010 and which are to be consolidated (*assimilables* for the purpose of French law) and form a single series with Notes issued before 1 March 2010 will not be subject to the withholding tax set out in Article 119 *bis* of the French *Code général des impôts* solely on account of their being paid in a Non-Cooperative State or accrued or paid to persons established or domiciled in a Non-Cooperative State.

EU Savings Directive

The EC Council Directive 2003/48/EC on the taxation of savings income was implemented into French law under Article 242 *ter* of the *Code général des impôts*, which imposes on paying agents based in France an obligation to report to the French tax authorities certain information with respect to interest payments made to beneficial owners domiciled in another Member State, including, among other things, the identity and address of the beneficial owner and a detailed list of the different categories of interest payments.

General

The Issuer assumes responsibility for withholding taxes to the extent set forth in Condition 7 (*Taxation*) of the Conditions.

SUBSCRIPTION AND SALE

Subject to the terms and on the conditions contained in an amended and restated Dealer Agreement dated 20 December 2010 (the **Dealer Agreement**), between the Issuer, the Permanent Dealers and the Arrangers, the Notes will be offered by the Issuer to the Permanent Dealers. However, the Issuer has reserved the right to issue Notes directly on its own behalf to Dealers that are not Permanent Dealers and who agree to be bound by the restrictions below. The Notes may be resold at prevailing market prices, or at prices related thereto, at the time of such resale, as determined by the relevant Dealer. The Notes may also be sold by the Issuer through the Dealers, acting as agents of the Issuer. The Dealer Agreement also provides for Notes to be issued in syndicated Tranches that are jointly and severally underwritten by two or more Dealers.

The Issuer will pay each relevant Dealer a commission as agreed between them in respect of Notes subscribed by it. The Issuer has agreed to reimburse the Arranger for certain of its expenses incurred in connection with the update of the Programme. The commissions in respect of an issue of Notes on a syndicated basis will be stated in the relevant subscription agreement.

The Issuer has agreed to indemnify the Dealers and the Arrangers against certain liabilities in connection with the offer and sale of the Notes. The Dealer Agreement entitles the Dealers to terminate any agreement that they make to subscribe Notes in certain circumstances prior to payment for such Notes being made to the Issuer.

United States

The Notes have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the **Securities Act**) and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

The Notes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986, as amended and regulations thereunder.

Each Dealer has agreed that neither it nor its affiliates, nor any person acting on its or their behalf and each further Dealer appointed under the Programme will be required to agree that, except as permitted by the Dealer Agreement, it will not offer, sell or deliver Notes (i) as part of their distribution at any time and (ii) otherwise until 40 days after completion of the distribution of an identifiable Tranche of which such Notes are a part as determined, and certified to the Issuer and the relevant Dealer by the Fiscal Agent or, in the case of Notes issued on a syndicated basis, by the Lead Manager, within the United States or to, or for the account or benefit of, U.S. persons, and it will have sent to each Dealer to which it sells Notes during the distribution compliance period a confirmation or other notice setting out the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons. Terms used in the preceding sentence have the meanings given to them by Regulation S.

In addition, until 40 days after the commencement of the offering of any identifiable tranche of Notes, an offer or sale of such Notes within the United States by any dealer (whether or not participating in the offering of the Notes) may violate the registration requirements of the Securities Act.

Each issuance of index-, commodity- or currency-linked Notes may be subject to such additional U.S. selling restrictions as the relevant Dealer(s) may agree with the Issuer as a term of the issuance and purchase or, as the case may be, subscription of such Notes. Each Dealer agrees that it shall offer, sell and deliver such Notes only in compliance with such additional U.S. selling restrictions.

Public Offer Selling Restriction under the Prospectus Directive

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a **Relevant Member State**), each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the **Relevant Implementation Date**) it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Base Prospectus as contemplated by the final terms in relation thereto to the public in that Relevant Member State, except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Notes to the public in that Relevant Member State:

- (a) if the final terms in relation to the Notes specify that an offer of those Notes may be made other than pursuant to Article 3(2) of the Prospectus Directive in that relevant Member State (a **Non-exempt Offer**), following the date of publication of a prospectus in relation to such Notes which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, provided that any such prospectus has subsequently been completed by the final terms contemplating such Non-exempt Offer, in accordance with the Prospectus Directive in the period beginning and ending on the dates specified in such prospectus or final terms, as applicable;
 - (b) at any time to any legal entity which is a qualified investor as defined under the Prospectus Directive;
 - (c) at any time no fewer than 100 or, if the Relevant Member State has implemented the relevant provision of the 2010 PD Amending Directive, 150, natural or legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
 - (d) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,
