§ 4 (Exercise)

The Exercise Right will be automatically exercised on the Exercise Date, if the Differential Amount is positive.

§ 5 (intentionally left out)

§ 6 (Index Concept, Adjustments, Issuer's Irregular Call Right)

- (1) The basis for the calculation or specification of the Differential Amount and the Ratio shall be the Underlying with its provisions applicable from time to time, as developed and continued by the Index Sponsor or the Index Calculation Agent, as well as the respective method of calculation, determination and publication of the price of the Underlying (the "**Index Concept**") by the Index Sponsor or the Index Calculation Agent. The same shall apply if during the term of the Warrants changes are made or occur in respect of the Index Concept on the basis on which the Underlying is calculated, or if other measures are taken, which have an impact on the Index Concept, unless otherwise provided in below provisions.
- (2) A "**Index Adjustment Event**" occurs, if
 - a. changes in the relevant Index Concept or the calculation of the Underlying result in the reasonable discretion (§ 315 BGB) of the Calculation Agent in a new relevant Index Concept or calculation of the Underlying being no longer economically equivalent to the original relevant Index Concept or the calculation of the Underlying;
 - b. the calculation or publication of the Underlying is finally discontinued or replaced by another index or no longer occurs in Euro;
 - c. the Issuer is due to circumstances which it cannot justify no longer entitled to use the Underlying as basis for the calculation or specification of the Differential Amount and the Ratio; likewise the Issuer cannot justify the termination of the license to use the Underlying due to an unacceptable increase in license fees; or
 - d. an event occurs which is economically equivalent to one of the above-mentioned events with regard to its consequences on the Underlying.
- (3) Upon the occurrence of an Index Adjustment Event the Calculation Agent shall in its reasonable discretion (§ 315 BGB), if necessary, adjust the method for the calculation or specification of the Differential Amount and the Ratio so that the

economic situation of the Warrantholder remains unchanged to the largest extent possible. Any adjustment will be made by the Calculation Agent taking into account the adjustments of the there traded Derivatives linked to the Underlying actually performed by the Determining Futures Exchange and the remaining term of the Warrants as well as the latest available price of the Underlying. If the Calculation Agent determines that, pursuant to the rules of the Determining Futures Exchange, no adjustments are made to the Derivatives linked to the Underlying, the Terms and Conditions of the Warrants will regularly remain unchanged. The adjusted method for the calculation or specification of the Differential Amount and the Ratio and the time of its initial application shall be published in accordance with § 13.

- (4) In cases of paragraph (2) (b) and (c), the adjustment pursuant to paragraph (3) usually occurs by the Calculation Agent in its reasonable discretion (§ 315 BGB) determining, which index should in the future be used as the basis for the calculation or specification of the Differential Amount and the Ratio shall be the Underlying (the "**Replacement Underlying**"). If necessary, the method for calculation or specification of the Differential Amount and the Ratio shall be adjusted by the Calculation Agent in its reasonable discretion (§ 315 BGB) so that the economic situation of the Warrantholder remains unchanged to the largest extent possible. The Replacement Underlying and the performed adjustment and the time of its initial application shall be published in accordance with § 13. Commencing with the first application of the Replacement Underlying, any reference to the Underlying in these Terms and Conditions, depending on the context, shall be deemed to refer to the Replacement Underlying.
- (5) If the Underlying is no longer determined and published by the Index Sponsor but rather by another person, company or institution (the "**New Index Sponsor**"), then the calculation or specification of the Differential Amount and the Ratio shall occur on the basis of the Underlying as determined and published by the New Index Sponsor. In this case, any reference to the Index Sponsor shall be deemed as referring to the New Index Sponsor, if so permitted by context. If the Underlying is no longer calculated by the Index Calculation Agent but rather by another person, company or institution (the "**New Index Calculation Agent**"), then the calculation or specification of the Differential Amount and the Ratio shall occur on the basis of the Underlying as calculated by the New Index Calculation Agent. In this case, any reference to the Index Calculation Agent shall be deemed as referring to the New Index Calculation Agent, if so permitted by context.
- (6) In the event that
- a. an adjustment pursuant to paragraphs (3) or (4) is not possible or not justifiable with regard to the Issuer and/or the Warrantholder,
 - b. in the reasonable discretion (§ 315 BGB) of the Calculation Agent no suitable Replacement Underlying or in the reasonable discretion (§ 315 BGB) of the Calculation Agent no suitable substitute for the Index Sponsor and/or the Index Calculation Agent is available,
 - c. a Change in Law and/or a Hedging Disruption and/or Increased Cost of Hedging (all as defined in § 2) occurs,

(in each case a "**Termination Event**"),

the Issuer is entitled to terminate the Warrants early by giving notice pursuant to § 13 and to repay the Warrants at their "**Cancellation Amount**". Such termination shall become effective at the time of the notice pursuant to § 13 or at the time indicated in the notice. In that case, the Calculation Agent shall within ten Banking Days before the termination becomes effective determine in its reasonable discretion (§ 315 BGB) the reasonable market value of the Warrants. The Cancellation Amount will be published pursuant to § 13 and be paid pursuant to the provisions in § 8 to the Clearing System or to its order with the instruction for immediate forwarding to the Warrantholder.

- (7) If a price of the Underlying published by the Index Sponsor and which is used by the Calculation Agent as the basis for the calculation or specification of the Differential Amount and the Ratio is subsequently corrected and the correction (the "**Corrected Value**") is published by the Index Sponsor after the original publication, but still within one Settlement Cycle, then the Calculation Agent will notify the Issuer of the Corrected Value as soon as reasonably practicable and shall again specify and publish pursuant to § 13 the relevant value (the "**Replacement Determination**") by using the Corrected Value.

- (1) Notwithstanding the conditions of § 6 above, if a Market Disruption occurs on the Valuation Date, the Valuation Date will be postponed to the next following Calculation Date on which the Market Disruption no longer exists. Any payment date relating to such Valuation Date shall be postponed accordingly if applicable. No interest is due because of such postponement.
- (2) Should the Market Disruption continue for more than four consecutive Calculation Dates, the Issuer, in its reasonable discretion (§ 315 BGB), shall determine, or cause the Calculation Agent to determine in its reasonable discretion (§ 315 BGB), the Reference Price. The Reference Price required for the calculation or specification of the Differential Amount and the Ratio shall be determined in accordance with prevailing market conditions around 10:00 a.m. (Munich time) on this fifth Calculation Day on the basis of the last such Reference Price immediately prior to the occurrence of the Market Disruption available to the Issuer or the Calculation Agent, taking into account the economic position of the Warranholder.

If within these 5 Calculation Dates traded derivatives linked to the Underlying expire and are paid on the Determining Futures Exchange, the settlement price established by the Determining Futures Exchange for the there traded Derivatives will be taken into account in calculating or specifying the Differential Amount and the Ratio. In that case, the expiration date for those Derivatives will be taken as the Valuation Date.

- (3) **"Market Disruption"** means:
 - a. in general the suspension or restriction of trading on the exchanges or the markets on which the securities that form the basis of the Underlying are listed or traded, or on the respective futures exchanges or on the markets on which Derivatives linked to the Underlying are listed or traded,
 - b. in relation to individual securities which form the basis of the Underlying, the suspension or restriction of trading on the respective futures exchanges or on the markets on which such securities are traded or on the respective futures exchange or the markets, on which Derivatives linked to such securities are traded,
 - c. in relation to individual derivatives on the Underlying, the suspension or restriction of trading on the futures exchanges or the markets on which such derivatives are traded, or
 - d. the suspension of or failure to calculate or the non-publication of the calculation of the Underlying as a result of a decision by the Index Sponsor or the Index Calculation Agent,

to the extent that such Market Disruption occurs in the last hour prior to the normal calculation of the Reference Price and continues at the point of time of the normal calculation and is material in the reasonable discretion (§ 315 BGB) of the Calculation Agent. A restriction of the trading hours or the number of days on which trading takes place on the Relevant Exchange or, as the case may be, the Determining Futures Exchange, does not constitute a Market Disruption provided that the restriction is due to a prior announced change in the rules of the Relevant Exchange.

§ 8 (Payments)

- (1) The Issuer undertakes
 - a. to pay the Differential Amount within five Banking Days following the Valuation Date, and
 - b. to pay the Cancellation Amount within ten Banking Days following the Notice as described in § 6 (6).

The amounts mentioned in this paragraph and all further amounts payable under these Terms and Conditions shall be rounded up or down to the nearest 0.01 Euro, with 0.005 Euro being rounded upwards.

- (2) If the due date for any payment under the Warrants (the **"Payment Date"**) is not a Banking Day then the Warrant Holders shall not be entitled to payment until the next Banking Day.
- (3) All payments shall be made to the Principal Paying Agent (as defined in § 9). The Principal Paying Agent shall pay the amounts due to the Clearing System for credit to the respective accounts of the depository banks for transfer to the Warranholder. The payment to the Clearing System shall discharge the Issuer from its obligations under the Warrants in the amount of such payment.

- (4) If the Issuer fails to make any payment under the Warrants when due, accrual of interest on due amounts continues on the basis of the default interest rate established by law. Such accrual of interest starts on the due date of that payment (including) and ends at the end of the day preceding the effective date of payment (including).

- (1) The Principal Paying Agent is UniCredit Bank AG, (the "**Principal Paying Agent**"). The French Paying Agent for Euroclear France S.A. is CACEIS Bank S.A., 1-3 rue place Valhubert, 75206 Paris Cedex 13, France (the "**French Paying Agent**"). - (2) The Calculation Agent is UniCredit Bank AG (the "**Calculation Agent**").
- (3) Should any event occur which results in the Principal Paying Agent or Calculation Agent being unable to continue in its function as Principal Paying Agent or Calculation Agent, the Issuer is obligated to appoint another bank of international standing as Principal Paying Agent or another person or institution with the relevant expertise as Calculation Agent. Any such transfer of the functions of the Principal Paying Agent or Calculation Agent shall be notified promptly by the Issuer pursuant to § 13.

- a. the New Issuer assumes all obligations of the Issuer in respect of the Warrants,

Any gap arising as a result of invalidity or unenforceability of these Terms and Conditions of the Warrants is to be filled with a provision that corresponds to the meaning and intent of these Terms and Conditions of the Warrants and is in the interest of the parties.
- (2) Obvious typing and calculation errors or similar obvious errors in the Terms and Conditions entitle the Issuer to contestation vis-à-vis the Warranholder. The contestation must be declared promptly upon obtaining knowledge of such cause for contestation in accordance with § 13. Following such contestation by the Issuer, the Warranholder can order his custodian to submit a duly completed redemption declaration to the Principal Paying Agent on a form available there and by giving all information and declarations required by the form (the "**Redemption Declaration**") and demand the refunding of the Acquisition Price against transfer of the Warrants to the account of the Principal Paying Agent with the Clearing System. The Issuer will until at the latest 30 calendar days after receipt of the of the Redemption Declaration as well as the Warrants by the Principal Paying Agent (whatever is the later date) make the Acquisition Price available to the Principal Paying Agent, which will transfer it to the account listed in the Redemption Declaration. With the payment of the Acquisition Price all rights deriving from the submitted Warrants cease to exist.
- (3) The Issuer may combine the Redemption Declaration pursuant to paragraph (2) above with an offer to continue the Warrants under amended Terms and Conditions. The Warranholder will be informed of such an offer as well as the amended provisions in accordance with § 13. Such an offer is deemed accepted by the Warranholder (with the effect that the consequences of the contestation do not become effective) if the Warranholder does not within four weeks after the offer becoming effective pursuant to § 13 demand the repayment of the Acquisition Price by submitting a duly completed Redemption Declaration via his custodian to the Principal Paying Agent and transferring the Warrants to the account of Principal Paying Agent with the Clearing System in accordance with paragraph (2) above. The Issuer will refer to this effect in the notice.

- (4) As used in paragraphs (2) and (3) above, the "**Acquisition Price**" is the actual acquisition price paid by each Warrantholder (as stated and confirmed in the Redemption Declaration) or the arithmetic mean of the trading prices of the Warrants, as determined by the Issuer in its reasonable discretion (§ 315 BGB), on the Banking Day preceding the declaration of contestation pursuant to paragraph (2) above, respectively, depending on which of these amounts is the higher one. If a Market Disruption pursuant to § 7 exists on the Banking Day preceding the declaration of contestation pursuant to paragraph (2) above, the last Banking Day preceding the contestation pursuant to paragraph (2) above on which no Market Disruption existed shall be decisive for the determination of the price in accordance with the preceding sentence.
- (5) The Issuer is entitled to correct or supplement incomplete provisions in the Terms and Conditions in its reasonable discretion (§ 315 BGB). Only corrections and supplementations that are reasonable with regard to the interests of the Issuer and the Warrantholder and that in particular do not materially impair the legal and financial situation of the Warrantholder will be permitted. The Warrantholder will be informed of such corrections and supplementations pursuant to § 13.
- (6) If the Warrantholder was aware of typing or calculation errors or similar errors in the Terms and Conditions when purchasing the Warrants, the Issuer is entitled to adhere to the Terms and Conditions amended accordingly irrespective of paragraphs (2) to (5) above.

§ 17 (Applicable Law, Place of Performance, Place of Jurisdiction)

- (1) The Warrants, as to form and content, and all rights and obligations of the Issuer and the Warrantholder shall be governed by the laws of the Federal Republic of Germany.
- (2) The place of performance is Munich.
- (3) To the extent permitted by law, all legal disputes arising from or in connection with the matters governed by the Terms and Conditions of these Warrants shall be brought before the court in Munich.
