

SCHNEIDER ELECTRIC SA

Euro 6,000,000,000

Euro Medium Term Note Programme

Due from seven days from the date of original issue

Under the Euro Medium Term Note Programme described in this Base Prospectus (the “Programme”), Schneider Electric SA (the “Company” or the “Issuer”), subject to compliance with all relevant laws, regulations and directives, may from time to time issue Euro medium term notes (the “Notes”). The aggregate nominal amount of Notes outstanding will not at any time exceed Euro 6,000,000,000 (or the equivalent in other currencies).

This Base Prospectus supersedes and replaces the Base Prospectus dated 19 June 2009.

Application has been made (i) to the Commission de Surveillance du Secteur Financier as competent authority in Luxembourg (the “CSSF”) for approval of this Base Prospectus and (ii) to the Luxembourg Stock Exchange for Notes issued under the Programme to be listed on the official list of the Luxembourg Stock Exchange and admitted to trading on the Regulated Market (as defined below) of the Luxembourg Stock Exchange during a period of twelve months after the date of this Base Prospectus and application may be made to the competent authority of any other Member State of the European Economic Area (“EEA”) for Notes issued under the Programme to be listed and admitted to trading on a Regulated Market in such Member State. The Luxembourg Stock Exchange is a regulated market for the purposes of the Markets in Financial Instruments Directive 2004/39/EC (a “Regulated Market”). However, Notes may be issued pursuant to the Programme which are not listed and admitted to trading on a Regulated Market. The relevant final terms (the “Final Terms”) (forms of which are contained herein) in respect of the issue of any Notes will specify whether or not such Notes will be listed and admitted to trading, and, if so, the relevant Regulated Market in the EEA. Application has been made to the CSSF for approval of this Base Prospectus in its capacity as competent authority under the loi relative aux Prospectus pour valeurs mobilières dated 10 July 2005.

Notes issued under the Programme will be governed by French law and may be issued either in dematerialised form (“Dematerialised Notes”) or in materialised form (“Materialised Notes”) as more fully described herein. Dematerialised Notes will at all times be in book-entry form in compliance with Articles L.211-3 and R.211-1 of the French Code monétaire et financier. No physical documents of title will be issued in respect of the Dematerialised Notes.

Dematerialised Notes may, at the option of the Issuer, be (a) in bearer dematerialised form (au porteur) inscribed as from the issue date in the books of Euroclear France (“Euroclear France”) (acting as central depository) which shall credit the accounts of Account Holders (as defined in “Terms and Conditions of the Notes - Form, Denomination and Title”) including Euroclear Bank S.A./N.V. (“Euroclear”) and the depository bank for Clearstream Banking, société anonyme (“Clearstream, Luxembourg”) or (b) in registered dematerialised form (au nominatif) and, in such latter case, at the option of the relevant Noteholder (as defined in Condition 1(c)(iv)), in either fully registered form (nominatif pur), in which case they will be inscribed with the registration agent (designated in the relevant Final Terms) for the Issuer, or in administered registered form (nominatif administré) in which case they will be inscribed in the accounts of the Account Holders designated by the relevant Noteholders.

Materialised Notes will be in bearer materialised form only and may only be issued outside France. A temporary global certificate in bearer form without interest coupons attached (a “Temporary Global Certificate”) will initially be issued in connection with Materialised Notes. Such Temporary Global Certificate will be exchanged for definitive Materialised Notes in bearer form with, where applicable, coupons for interest attached on or after a date expected to be on or about the 40th day after the issue date of the Notes (subject to postponement as described in “Temporary Global Certificates issued in respect of Materialised Notes”) upon certification as to non-US beneficial ownership as more fully described herein.

Temporary Global Certificates will (a) in the case of a Tranche (as defined in “Summary” below) intended to be cleared through Euroclear and/or Clearstream, Luxembourg, be deposited on the issue date with a common depository on behalf of Euroclear and Clearstream, Luxembourg and (b) in the case of a Tranche intended to be cleared through a clearing system other than or in addition to Euroclear and/or Clearstream, Luxembourg or delivered outside a clearing system, be deposited as agreed between the Issuer and the relevant Dealer(s) (as defined below).

The final terms of the relevant Notes will be determined at the time of the offering of each Tranche and will be set out in the relevant Final Terms.

Tranches of Notes issued under the Programme may be rated or unrated. Where a Tranche of Notes is rated, such rating will not necessarily be the same as ratings assigned to the Programme. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

This Base Prospectus (together with any Supplements hereto (each a “**Supplement**” and together the “**Supplements**”) comprises a Base Prospectus for the purposes of Article 5.4 of Directive 2003/71/EC (the “**Prospectus Directive**”) and for the purposes of giving information with regard to the Issuer, the Issuer and its subsidiaries taken as a whole (the “**Group**”) and the Notes which, according to the particular nature of the Issuer and the Notes, is necessary to enable investors to make an informed assessment of the assets and liabilities, financial position, profit and losses and prospects of the Issuer.

This Base Prospectus is to be read in conjunction with any document and/or information which is or may be incorporated herein by reference in accordance with Article 11 of the Prospectus Directive.

This Base Prospectus is to be read in conjunction with all documents which are deemed to be incorporated herein by reference (see “Documents Incorporated by Reference” below).

No person has been authorised to give any information or to make any representation other than those contained in this Base Prospectus in connection with the issue or sale of the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer or any of the Dealers or the Arranger (each as defined in “**Summary**”). Neither the delivery of this Base Prospectus nor any sale made in connection herewith shall, under any circumstances, create any implication that there has been no change in the affairs of the Issuer since the date hereof or the date upon which this Base Prospectus has been most recently supplemented or that there has been no adverse change in the financial position of the Issuer or the Group since the date hereof or the date upon which this Base Prospectus has been most recently supplemented or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

The distribution of this Base Prospectus and the offering or sale of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Base Prospectus comes are required by the Issuer, the Dealers and the Arranger to inform themselves about and to observe any such restriction. The Notes have not been and will not be registered under the United States Securities Act of 1933 (the “**Securities Act**”) or with any securities commission or regulatory authority of any state or other jurisdiction of the United States and include Notes in bearer form that are subject to U.S. tax law requirements. Subject to certain exceptions, Notes may not be offered, sold or, in the case of Notes in bearer form, delivered within the United States or its possessions or to U.S. persons. For a description of certain restrictions on offers and sales of Notes and on distribution of this Base Prospectus, see “Subscription and Sale”.

This Base Prospectus does not constitute an offer of, an offer to sell, or an invitation by or on behalf of the Issuer or the Dealers to subscribe for, or purchase, any Notes.

The Arranger and the Dealers have not separately verified the information contained in this Base Prospectus. None of the Dealers or the Arranger makes any representation, express or implied, or accepts any responsibility, with respect to the accuracy or completeness of any of the information in this Base Prospectus. Neither this Base Prospectus nor any other financial statements are intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by any of the Issuer, the Arranger or the Dealers that any recipient of this Base Prospectus or any other financial statements should purchase the Notes. Each potential purchaser of Notes should determine for itself the relevance of the information contained in this Base Prospectus and its purchase of Notes should be based upon such investigation as it deems necessary. None of the Dealers or the Arranger undertakes to review the financial condition or affairs of the Issuer or the Group during the life of the arrangements contemplated by this Base Prospectus nor to advise any investor or potential investor in the Notes of any information coming to the attention of any of the Dealers or the Arranger.

In connection with the issue of any Tranche, one of the Dealers may act as a stabilising manager (the “**Stabilising Manager**”). The identity of such Stabilising Manager will be disclosed in the relevant Final Terms.

In connection with the issue of any Tranche, the Dealer or Dealers (if any) named as the Stabilising Manager(s) (or persons acting on behalf of any Stabilising Manager(s)) in the applicable Final Terms may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, there is no assurance that the Stabilising Manager(s) (or person(s) acting on behalf of a Stabilising Manager) will undertake stabilisation action. Any stabilisation action may begin on or after the date on which adequate public disclosure of the Final Terms of the offer of the relevant Tranche is made and, if begun, may be ended at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche and 60 days after the date of the allotment of the relevant Tranche. Any stabilisation action or over-allotment must be conducted by the relevant Stabilising Manager(s) (or person(s) acting on behalf of Stabilising Manager(s)) in accordance with all applicable laws and rules.

In this Base Prospectus, unless otherwise specified or the context otherwise requires, references to “**EURO**” or “**Euro**” are to the single currency of the participating Member States of the European Union, references to “**Yen**” or “**JPY**” are to the lawful currency of Japan and references to “**£**”, “**pounds sterling**” or “**Sterling**” are to the lawful currency of the United Kingdom.

PERSONS RESPONSIBLE FOR THE INFORMATION GIVEN IN THE BASE PROSPECTUS

To the best knowledge of the Issuer (having taken all reasonable care to ensure that such is the case), the information contained in this Base Prospectus is in accordance with the facts and contains no omission likely to affect its import. The Issuer accepts responsibility accordingly.

SUMMARY

*This summary is provided for purposes of the issue of Notes of a denomination less than Euro 50,000. Investors in Notes of a denomination greater than Euro 50,000 should not rely on this summary in any way, and the Issuer accepts no liability to such investors. This summary must be read as an introduction to this Base Prospectus. Any decision to invest in any Notes should be based on a consideration of this Base Prospectus as a whole, including the documents incorporated by reference, by any investor. The Issuer may have civil liability in respect of this summary, including any translation thereof, if it is misleading, inaccurate or inconsistent to a significant extent when read together with the other parts of this Base Prospectus. Where a claim relating to the information contained in this Base Prospectus is brought before a court in a European Economic Area State (an “**EEA State**”), the plaintiff may, under the national legislation of the EEA State where the claim is brought, be required to bear the costs of translating this Base Prospectus before the legal proceedings are initiated.*

Words and expressions defined in “Terms and Conditions of the Notes” below shall have the same meanings in this summary.

1 Notes to be issued under the Programme

Description of the Programme	Euro Medium Term Note Programme (the “ Programme ”)
Programme Size	The Issuer may, subject to compliance with all relevant laws, regulations and directives, from time to time issue Notes denominated in any currency. The aggregate principal amount of Notes outstanding will not at any time exceed Euro 6,000,000,000 (or the equivalent in other currencies at the date of issue), subject to any duly authorised increase.
Arranger of the Programme	BNP PARIBAS
Dealers under the Programme	Barclays Bank PLC, BNP PARIBAS, Crédit Agricole Corporate and Investment Bank, Deutsche Bank AG, London Branch, Natixis, Société Générale and The Royal Bank of Scotland plc.
Types of Notes	The Issuer may issue Fixed Rate Notes, Floating Rate Notes, Zero Coupon Notes, Dual Currency Notes and Index Linked Notes as specified in the relevant Final Terms.
Status of Notes	The Notes issued under the Programme will be unsubordinated and unsecured obligations of the Issuer and will have the benefit of a negative pledge and the events of default set out in the “Terms and Conditions of the Notes”. The Issuer may also issue Subordinated Notes, including deeply subordinated Notes pursuant to the provisions of Article L.228-97 of the French <i>Code de commerce</i> , as described in Condition 3(b). See “Terms and Conditions of the Notes – Status of the Notes”.
Form of Notes	Notes may be issued in either dematerialised form (“ Dematerialised Notes ”) or in materialised form (“ Materialised Notes ”). Dematerialised Notes may be issued in bearer dematerialised form (<i>au porteur</i>) or in registered dematerialised form (<i>au nominatif</i>).

	<p>Materialised Notes will be in bearer form only and may only be issued outside France.</p>
Final Terms of Notes	<p>The aggregate principal amount, any interest rate or interest calculation, the issue price, maturity and any other terms and conditions not contained herein with respect to each Tranche of Notes will be established at the time of issuance and set forth in the relevant Final Terms.</p>
Method of Issue	<p>The Notes will be issued on a syndicated or non-syndicated basis. The Notes will be issued in series (each a “Series”) having one or more issue dates and on terms otherwise identical (or identical other than in respect of the first payment of interest), the Notes of each Series being intended to be interchangeable with all other Notes of that Series. Each Series may be issued in tranches (each a “Tranche”) on the same or different issue dates. The specific terms of each Tranche (which will be supplemented, where necessary, with supplemental terms and conditions and, save in respect of the issue date, issue price, first payment of interest and nominal amount of the Tranche, will be identical to the terms of other Tranches of the same Series) will be set out in the relevant Final Terms.</p>
Listing and admission to trading	<p>Application may be made to list each series of Notes issued under the Programme on the official list of the Luxembourg Stock Exchange and admit such Notes to trading on the regulated market of the Luxembourg Stock Exchange and/or as otherwise specified in the relevant Final Terms. As specified in the relevant Final Terms, a Series of Notes may or may not be listed and admitted to trading.</p>
Clearing Systems	<p>Euroclear France acts as central depository in relation to Dematerialised Notes, and Clearstream, Luxembourg, Euroclear or any other clearing system (provided proper clearing and settlement procedures have previously been put in place) that may be agreed between the Issuer, the Fiscal Agent and the relevant Dealer in relation to Materialised Notes.</p>
Redemption	<p>The Notes may be redeemed prior to maturity at par or at such other redemption amount as may be specified in the relevant Final Terms. For tax reasons, in certain circumstances the Issuer may, and in certain circumstances the Issuer shall be required to, redeem the Notes in whole (but not in part).</p> <p>If a Change of Control Put Option is specified in the relevant Final Terms, following the occurrence of a Change of Control, the Noteholders will be entitled to request the Issuer to redeem the Notes or, at the Issuer’s option, procure the purchase of their Notes, as more fully set out in “Terms and Conditions of the Notes - Redemption, Purchase and Options”.</p>
Currencies	<p>Subject to compliance with all relevant laws, regulations and directives, Notes may be issued in any currency agreed between</p>

	the Issuer, and the relevant Dealers, including Euros.
Denominations	The Notes will be in such denominations as may be specified in the relevant Final Terms, save that in respect of any Notes that are offered to the public and/or admitted to trading on a Regulated Market in the EEA, such Notes will have a minimum denomination of Euro 1,000 (or its equivalent in other currencies).
Negative Pledge	The terms and conditions of the Notes will contain a negative pledge as set out in Condition 4 in “Terms and Conditions of the Notes – Negative Pledge”.
Events of Default	The terms and conditions of the Notes will contain events of default as set out in Condition 10 in “Terms and Conditions of the Notes – Events of Default”, including a Cross-Default Provision.
Withholding Tax	<p>1. All payments of principal and interest by or on behalf of the Issuer in respect of the Notes shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within France or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law.</p> <p>2. Notes issued on or after 1 March 2010 (except Notes that are issued on or after 1 March 2010 and which are to be assimilated (<i>assimilées</i>) and form a single series with Notes issued before 1 March 2010 having the benefit of Article 131 <i>quater</i> of the French <i>Code général des impôts</i>) fall under the new French withholding tax regime pursuant to the French <i>loi de finances rectificative pour 2009</i> no. 3 (n°2009-1674 dated 30 December 2009), applicable as from 1 March 2010 (the “Law”). Payments of interest and other revenues made by the Issuer on such Notes will not be subject to the withholding tax set out under Article 125 A III of the French <i>Code général des impôts</i> unless such payments are made outside France in a non-cooperative State or territory (<i>Etat ou territoire non coopératif</i>) within the meaning of Article 238-0 A of the French <i>Code général des impôts</i> (a “Non-Cooperative State”). If such payments under the Notes are made in a Non-Cooperative State, a 50 per cent. withholding tax will be applicable (subject to certain exceptions described below and the more favourable provisions of any applicable double tax treaty) by virtue of Article 125 A III of the French <i>Code général des impôts</i>.</p> <p>Furthermore, interest and other revenues on such Notes will no longer be deductible from the Issuer's taxable income, as from the fiscal years starting on or after 1 January 2011, if they are paid or accrued to persons established in a Non-Cooperative State or paid in such a Non-Cooperative State. Under certain conditions, any such non-deductible interest and other revenues</p>

may be recharacterised as constructive dividends pursuant to Article 109 of the French *Code général des impôts*, in which case such non-deductible interest and other revenues may be subject to the withholding tax set out under Article 119 *bis* of the French *Code général des impôts*, at a rate of 25 per cent. or 50 per cent.

Notwithstanding the foregoing, the Law provides that neither the 50 per cent. withholding tax nor the non-deductibility will apply in respect of a particular issue of Notes if the Issuer can prove that the principal purpose and effect of such a particular issue of Notes was not that of allowing the payments of interest or other revenues to be made in a Non-Cooperative State (the “**Exception**”). Pursuant to the ruling (*rescrit*) 2010/11 (FP and FE) of the *Direction générale des impôts* dated 22 February 2010, an issue of Notes will benefit from the Exception without the Issuer having to provide any proof of the purpose and effect of such issue of Notes, if such Notes are:

- offered by means of a public offer within the meaning of Article L.411-1 of the French *Code monétaire et financier* or pursuant to an equivalent offer in a State other than in a Non-Cooperative State. For this purpose, an “**equivalent offer**” means any offer requiring the registration or submission of an offer document by or with a foreign securities market authority; or
- admitted to trading on a regulated market or on a French or foreign multilateral securities trading system provided that such market or system is not located in a Non-Cooperative State, and the operation of such market is carried out by a market operator or an investment services provider, or by such other similar foreign entity, provided further that such market operator, investment services provider or entity is not located in a Non-Cooperative State; or
- admitted, at the time of their issue, to the clearing operations of a central depository or of a securities clearing and delivery and payments systems operator within the meaning of Article L.561-2 of the French *Code monétaire et financier*, or of one or more similar foreign depositories or operators provided that such depository or operator is not located in a Non-Cooperative State.

3. Interest and other revenues on Notes issued (or deemed issued) outside France as provided under Article 131 *quater* of the French *Code général des impôts*, prior to 1 March 2010 (or Notes that are issued after 1 March 2010 and which are to be assimilated (*assimilées*) and form a single series with such Notes) will continue to be exempt from the withholding tax set out under Article 125 A III of the French *Code général des impôts*.

In addition, interest and other revenues paid by the Issuer on

Notes issued before 1 March 2010 (or Notes issued after 1 March 2010 and which are to be assimilated (*assimilées*) and form a single series with such Notes) will not be subject to the withholding tax set out in Article 119 *bis* of the French *Code général des impôts* solely on account of their being paid in a Non-Cooperative State or accrued or paid to persons established or domiciled in a Non-Cooperative State.

See section “Taxation”.

Governing Law

The Notes will be governed by French law.

Selling Restrictions

For a description of certain restrictions on offers, sales and deliveries of Notes and on the distribution of offering material, see “Subscription and Sale” below.

2 Key information about Schneider Electric SA

A. Key information about the Issuer

Schneider Electric SA (the “**Issuer**” or the “**Company**” and, together with its consolidated subsidiaries, the “**Group**”) is an international company, incorporated in France as a *société anonyme*, registered with the French registrar of companies (*registre du commerce et des sociétés*) under No. 542 048 574. Its head office is located at 35 rue Joseph Monier, 92500 Rueil-Malmaison, France.

Summary of the Group’s main activities and markets

The Group is an international group that designs, manufactures and sells products, solutions and services related to the metering, management and use of energy in all its forms and delivering reliability, efficiency and productivity, in particular through the pursuance, whether by creating, acquiring or otherwise, of all activities related to:

- Electrical equipment manufacturing, electrical distribution and secured power supply;
- Building control, automation and safety;
- Industrial control and automation, including software;
- Management of all types of data centers, networks, equipment and other infrastructure.

The Group is present on five promising markets: *Energy & Infrastructure, Industry, Buildings, Data Centers & Networks and Residential*.

Share capital

The Company’s share capital as at 15 June 2010 amounted to Euro 2,141,526,608 represented by 267,690,826 shares with a par value of Euro 8.00, all fully paid up. A total of 285,060,556 voting rights were attached to the 267,690,826 outstanding shares.

B. Key information concerning selected financial data of the Issuer as of 31 December 2009

(in millions of euros except for earnings per share)

	Year ending 31 December	
	2009	2008
Revenue	15,793	18,311
EBITAR* before one-off gain**	2,044	2,937
Profit before tax	1,208	2,266
Profit for the period	894	1,723
- attributable to holders of the parent	852	1,682
- attributable to minority interests	42	41
Basic earnings per share	3.43	7.02
Diluted earnings per share	3.43	7.00
Total assets	25,649	24,807
Total non-current assets	15,918	16,029
Total current assets	9,731	8,778
Total liabilities	25,649	24,807
Total shareholder's equity	11,757	10,906

* *EBITAR corresponds to operating profit before amortisation and impairment of purchase accounting intangible assets, before goodwill impairment and before restructuring costs.*

** *One-off gain in 2009 of EUR92m related to a US pension curtailment.*

Risk factors relating to the Issuer

Prospective investors should consider, among other things, the risk factors described in "Risk Factors" below, which include the following risk factors related to the Group, its operations and its industry and which are inherent in investing in Notes under the Programme:

- The Group operates worldwide, in competitive and cyclical markets
- The growth and success of the Schneider Electric's products depend on its ability to develop new products and services and adapt to the market and to customer needs
- The Group's strategy involves growth through acquisitions, joint ventures and mergers, which may be difficult to identify and/or execute
- The Group is dependent upon hiring and retaining highly qualified management and technical personnel
- The Group may be the subject of product liability claims and other adverse effects due to defective products, design faults or harm caused to persons and property
- The Group's plants and products are subject to environmental regulations
- Information systems risks
- Interest rate risk

- The Group's international operations expose it to the risk of fluctuations in foreign exchange rates
- Equity risk
- An increase in raw material prices could have negative consequences
- Counterparty risk
- Liquidity risk
- The Group's products are subject to varying national and international standards and regulations
- The development and success of the Group's products depend on its ability to protect its intellectual property against competitors
- Claims, litigation and other risks
- Insurance risks (liability insurance, property damage and business interruption insurance, shipping and transport insurance, self insurance, cost of insurance programmes)

Any and all of these risks could have a significant adverse effect on the Company, its strategy, its operations, its assets, its prospects, its financial position, results or on its share price.

Risk Factors relating to the Notes

There are certain factors that may affect the Issuer's ability to fulfil its obligations under Notes issued under the Programme.

The trading market for debt securities may be volatile and may be adversely impacted by many events.

The market for debt securities issued by issuers is influenced by economic and market conditions and, to varying degrees, market conditions, interest rates, currency exchange rates and inflation rates in other European and other industrialised countries.

An active trading market for the Notes may not develop.

There can be no assurance that an active trading market for the Notes will develop, or, if one does develop, that it will be maintained. If an active trading market for the Notes does not develop or is not maintained, the market or trading price and liquidity of the Notes may be adversely affected.

Any early redemption at the option of the Issuer, if provided for in any Final Terms for a particular issue of Notes, could cause the yield anticipated by Noteholders to be considerably less than anticipated.

The Final Terms for a particular issue of Notes may provide for early redemption at the option of the Issuer. Such right of termination is often provided for bonds or notes in periods of high interest rates. If the market interest rates decrease, the risk to Noteholders that the Issuer will exercise its right of termination increases. As a consequence, the yields received upon redemption may be lower than expected, and the redeemed face amount of the Notes may be lower than the purchase price for the Notes paid by the Noteholder. As a consequence, part of the capital invested by the Noteholder may be lost.

Investors will not be able to calculate in advance their rate of return on Floating Rate Notes.

Interest income on Floating Rate Notes cannot be anticipated. Due to varying interest income, investors are not able to determine a definite yield of Floating Rate Notes at the time they purchase them, so that their return on investment cannot be compared with that of investments having longer fixed interest periods.

Exercise of Change of Control Put Option in respect of certain Notes may affect the liquidity of the Notes of the same Series in respect of which such option is not exercised.

Depending on the number of Notes of the same Series in respect of which the Change of Control Put Option provided in the relevant Final Terms is exercised, any trading market in respect of those Notes in respect of which such option is not exercised may become illiquid.

Zero Coupon Notes are subject to higher price fluctuations than non-discounted bonds.

Due to their leverage effect, Zero Coupon Notes are a type of investment associated with a particularly high price risk. Further, if market interest rates increase, Zero Coupon Notes can suffer higher price losses than other Notes having the same maturity and credit rating.

Investments in Index Linked Interest Notes entail significant risks and may not be appropriate for investors lacking financial expertise.

An investment in Index Linked Interest Notes entails significant risks that are not associated with similar investments in a conventional fixed or floating rate debt security. The Issuer believes that Index Linked Interest Notes should only be purchased by investors who are, or who are purchasing under the guidance of, financial institutions or other professional investors that are in a position to understand the special risks that an investment in these instruments involves.

Please see “Risk factors” below for further details.

RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under Notes issued under the Programme. All of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring. The risk factors may relate to the Issuer or to any of its subsidiaries.

In addition, factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

The Issuer believes that the factors (although not exhaustive) described below represent the principal risks inherent in investing in Notes issued under the Programme, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons and the Issuer does not represent that the statements below regarding the risks of holding any Notes are exhaustive. The risks described below are not the only risks the Issuer faces. Additional risks and uncertainties not currently known to the Issuer or that it currently believes to be immaterial could also have a material impact on its business operations. Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus and reach their own views prior to making any investment decision. In particular, investors should make their own assessment as to the risks associated with the Notes prior to investing in Notes issued under the Programme.

Risk Factors relating to the Issuer that may affect the Issuer's ability to fulfil its obligations in respect of the Notes issued under the Programme

Risk factors related to the Company's business

The Group operates worldwide, in competitive and cyclical markets

The worldwide markets for the Group's products are competitive in terms of pricing, product and service quality, development and introduction time and customer service. The Group faces strong competitors, some of whom are larger or developing in certain lower cost countries. The Group is exposed to cyclical fluctuations in the rate of economic growth of, and level of capital expenditures in, the various countries in which it operates, though the impact of downturns in a particular market may be limited by the diversified nature of its end user markets.

As the Group also operates in emerging or developing countries for approximately 30 per cent. of its business, it is exposed to the risks associated with those markets.

The Group's wide international presence exposes it to many economic, legal and political risks in its host countries. These include risks arising from social unrest (particularly, strikes and walk-outs), political instability, unforeseen regulatory changes, restrictions on capital transfers and other obstacles to free trade, and local tax laws, all of which may have an adverse effect on the Group's business, results of operations or financial position.

The Group has implemented procedures designed to protect it from the effects of these risks, which are generally beyond its control, and to manage them as effectively as possible. The protection provided by these measures may nevertheless prove to be inadequate.

The growth and success of Schneider Electric's products depends on its ability to develop new products and services and adapt to the market and to customer needs

The markets in which the Group operates experience rapid and significant changes due to the introduction of innovative technologies. Introducing new technology products and innovative services, which Schneider Electric must do on an ongoing basis to meet customers' needs, requires a significant commitment to research

and development, which may not result in success. The Group's revenue and margins may suffer if it invests in technologies that do not function as expected or are not accepted in the marketplace or if its products, systems or service offers are not brought to market in a timely manner, become obsolete or are not responsive to our customers' requirements.

To meet these challenges, the Group has an R&D budget which, at around 5 per cent. of revenue, is among the highest in the industry. R&D and forward-looking engineering involves some 7,500 employees around the world, a number of them in development centres located in over 25 countries. This ongoing commitment has allowed the Group to accelerate time to market and leverage the technology of strategic partners with whom it has also forged alliances to expand its line up or geographic coverage. The Group has brought together all of its electrotechnical, electronic, electromechanical, software and other technical competencies by creating technology parks in China, the US, France and Japan.

Support centres have also been established in Mexico, India and China to provide the technology parks with additional skills and development capacity at a very competitive cost.

The Group's business growth depends on its ability to develop, deepen and enhance customer relationships. The Group must constantly offer customers innovative solutions built around high quality products and services incorporating leading-edge technologies that are closely tailored to customer needs and expectations. However, the Group does not have any exposure with a particular customer. Its ten largest customers represent less than 25 per cent. of total revenue.

Increasing customer satisfaction rates represents an important source of competitive advantage for the Group. It closely tracks the results of the quarterly surveys conducted in more than 80 countries among all types of customers. Improvement targets are set for each country, backed by specific action plans and progress monitoring procedures.

The Group's strategy involves growth through acquisitions, joint ventures and mergers that may be difficult to identify and/or execute

The Group's strategy involves strengthening its capabilities through acquisitions, strategic alliances, joint ventures and mergers. Changes in the scope of consolidation during 2009 are described in Note 2 to the consolidated financial statements incorporated by reference in this Base Prospectus.

External growth projects are examined in detail by the Business Units, country organizations and corporate functions (Strategy, Finance, Legal Affairs and Human Resources) concerned under a rigorous internal process developed and led at Group level. A launch committee is responsible for initiating the review process to identify the risks and opportunities associated with each external growth project, while a validation committee reviews the results. Projects that successfully come through the review process are submitted for approval to the Group Acquisitions Committee made up of the main members of Senior Management. The largest projects require the prior approval of the Management Board and, in some cases, the Supervisory Board.

External growth transactions are inherently risky because of the difficulties that may arise in integrating people, operations, technologies and products, and the related acquisition, administrative and other costs.

The Group has therefore developed a process for integrating newly acquired businesses that extends over a period of six to 24 months depending on the type and size of the newly acquired unit. The integration scenario for each acquisition varies depending on whether the business was acquired to strengthen or extend the Group's existing line up or penetrate a new segment. All told, there are five scenarios ranging from total integration to separate organisation. Depending on the strategic objective, a matrix is drawn up showing the required level of integration for each of the newly-acquired business's core functions, i.e., front office (sales force and brand), back office, R&D, corporate functions and management reporting. An integration plan is

drawn up for each acquisition and submitted to the Acquisitions Committee for approval. The plan is implemented by an integration manager who reports to a Steering Committee that initially meets at monthly intervals and then on a quarterly basis.

The unit that presents the external growth project is accountable to Group Senior Management for meeting clearly defined business plan targets covering the performance of the new business and expected synergies with existing businesses. Actual performance is measured against business plan targets during quarterly business reviews and, for the largest acquisitions, by the Management Board and Supervisory Board.

Value in use is determined by discounting estimated future cash flows that will be generated by the tested assets, generally over a period of not more than five years. Estimated future cash flows are based on management's economic assumptions and operating forecasts. The discount rate corresponds to Schneider Electric's weighted average cost of capital (WACC) at the measurement date plus a risk premium depending on the region in question. The Group's WACC stood at 8.1 per cent. at 31 December 2009 compared with 8.2 per cent. at 31 December 2008. The perpetuity growth rate was 2 per cent. in 2009, unchanged from the previous year.

Goodwill is allocated to a Cash Generating Unit (CGU) when initially recognised. The allocation is made on the basis used to track the performance of Group operations and to assess the benefits derived from the synergies of the business combination. Impairment tests are conducted by the CGUs, which at Schneider Electric correspond to the Operating Divisions (Europe, North America, International and Asia-Pacific) and Business Units (Critical Power & Cooling Services (CPCS), Building Automation (BA) and Customised Sensors & Technologies (CST). Details on asset impairment are provided in Note 1.11 to the consolidated financial statements incorporated by reference in this Base Prospectus.

If the recoverable amount of an asset or CGU is lower than its carrying amount, an impairment loss is recognised. To the extent possible, impairment losses on CGUs comprising goodwill are recorded as a deduction from goodwill.

The Group is dependent upon hiring and retaining highly qualified management and technical personnel

Competition for highly qualified management and technical personnel is intense in the Group's industry. Future success depends in part on the Group's ability to hire, assimilate and retain engineers and other qualified personnel.

The Group's human resources strategy is designed to create a motivating working environment. Specific policies have been developed covering international mobility, career development, training and compensation. The Group's expatriates help prepare the future of its business, build local teams and assemble the necessary skill-sets in targeted regions. The Group places considerable emphasis on training to deepen its skills base and retain employees.

Industrial and environmental risks

The Group may be the subject of product liability claims and other adverse effects due to defective products, design faults or harm caused to persons and property

Despite its testing and quality procedures, the Group's products might not operate properly or might contain design faults or defects. These design faults and defects could result in product liability claims, loss of revenue, warranty claims, litigation, a fall-off in demand or harm to Schneider Electric's reputation for safety and quality. To prevent or limit these risks, the Group recalls products if there are any doubts about a component, even if the defect is random and does not pose a safety risk. In 2009, the Group launched a broad recall campaign concerning a range of low voltage capacitors produced between 2004 and 2008. The campaign will be carried out for the most part in 2010.

Some of the expenses incurred by Schneider Electric in the context of its product recall are covered by the liability insurance programme described in the insurance paragraph below.

The Group recorded a provision for product risk in an amount of Euro 264 million in the financial statements for the year ended 31 December 2009 (see Note 23 to the consolidated financial statements incorporated by reference in this Base Prospectus).

The Group's plants and products are subject to environmental regulations

The Group's plants and products are subject to extensive and increasingly stringent environmental laws and regulations in all of its host countries.

To limit risks related to the environment in general, the Group is involved in a process to continuously improve the environmental performance of its plants and products. In 1992, the Group published a formal environmental policy designed to improve manufacturing processes, promote eco-design and integrate customer concerns in the area of environmental protection. This policy also aims to identify, assess and prevent environmental risks, in order to guarantee full compliance with all environmental laws and regulations applicable to the Group's businesses. Environmental provisions are booked when the risks can be reliably measured or it is probable that clean-up work will be performed and the related cost can be reasonably estimated. Provisions for environmental risks totalled Euro 44 million for the year ended 31 December 2009. No estimate is made of the potential cost of unidentified environmental risks. The Group expects its spending on environmental compliance programmes to increase as a result of changes to existing environmental regulations and the introduction of new regulations.

There can be no guarantee that the Group will not be required to pay significant fines or compensation as a result of past, current or future breaches of environmental laws and regulations by companies that are currently or were previously members of the Group. This exposure exists even if the Group is not responsible for the breaches, in cases where they were committed in the past by companies or businesses that were not part of the Group at the time.

The Group may be exposed to the risk of claims for breaches of environmental laws and regulations. Such claims could adversely affect the Group's financial position and reputation, despite the efforts and investments made to comply at all times with all applicable environmental laws and regulations.

If the Group fails to conduct its businesses in full compliance with the applicable environmental laws and regulations, the judicial or regulatory authorities could require the Group to conduct investigations and/or implement costly clean-up measures to deal with the current or past contamination of current or former facilities or off-site waste disposal facilities, and to scale-back or temporarily or permanently close facilities in accordance with the applicable environmental laws and regulations.

Information systems risk

The Group operates, either directly or through service providers, a wide range of highly complex information systems (servers, networks, applications, databases, etc.) that are essential to the efficiency of its sales and manufacturing processes. Failure of any of these hardware or software systems, a fulfilment failure by a service provider, human error or computer viruses could adversely affect the quality of service offered by the Group.

The Group regularly examines alternative solutions to protect against this type of risk and has developed contingency plans to mitigate the effects of any information system failure. Dedicated governance structures have been set up to manage relations with service providers responsible for outsourced IT systems operations.

Problems may also be encountered during the deployment of new applications or software. In particular, a project was launched in 2004 to design, develop and build a Group-wide SAP-based ERP system. The initial

vision and detailed design phases were completed in July 2005 and the core system was built and deployed at several pilot sites in 2008. The system was rolled out in several countries in 2009 and will be extended across the Group over several years.

In view of the project's complexity, extensive functionalities and its worldwide deployment, a dedicated governance and cost control structure has been set up to track attainment of project milestones and limit the related risks.

However, despite the Group's policy of establishing governance structures and contingency plans, there can be no assurance that information systems projects will not be subject to technical problems or execution delays. While it is difficult to accurately quantify the impact of any such problems or delays, they could have an adverse effect on inventory levels, service quality and, consequently, the Group's financial results.

Market risks

Interest rate risk

The Group is exposed to risks associated with the effect of changing interest rates. Interest rate risk on borrowings is managed at Group level, based on consolidated debt and according to market conditions. The core aim of interest rate management policies is to optimise overall borrowing costs. Most bond debt is fixed rate. At 31 December 2009, 84 per cent. of gross debt was fixed rate.

Maturities of financial assets and liabilities are presented in Note 26 to the consolidated financial statements.

A 1 per cent. change in interest rates would have an impact of around Euro 25 million on the Group's financial expense.

The financial instruments used to hedge the exposure of the Group to fluctuations in interest rates are described in Note 26 to the consolidated financial statements for the year ended 31 December 2009.

The Group's international operations expose it to the risk of fluctuations in foreign exchange rates

Because a significant proportion of transactions are denominated in currencies other than the euro, the Group is exposed to risk arising from changes in exchange rates. If the Group is not able to hedge them, fluctuations in exchange rates between the euro and these currencies can have a significant impact on its results of operations and distort year-on-year performance comparisons.

The Group actively manages its exposure to currency risk to reduce the sensitivity of earnings to changes in exchange rates. Hedging programmes mainly concern foreign currency receivables, payables and operating cash flows, which are generally hedged by means of forward purchases and sales.

Depending on market conditions, risks in the main currencies may be hedged based on recurring forecast flows using contracts that expire in 12 months or less.

The Group's currency hedging policy is to protect subsidiaries against risks on all transactions denominated in a currency other than their functional currency. More than twenty currencies are involved, with the US dollar, Hong Kong dollar and British pound representing the most significant sources of risk.

The financial instruments used to hedge the exposure of the Group to fluctuations in exchange rates are described in Note 26 to the consolidated financial statements for the year ended 31 December 2009 incorporated by reference in this Base Prospectus.

In 2009, revenue produced in foreign currencies amounted to Euro 11.2 billion, including around USD4.5 billion and CNY1.5 billion.

The main exposure of the Group in terms of currency exchange risks is related to the US dollar and to currencies influenced by the US dollar. The Group estimates that in the current structure of its operations, a

5 per cent. increase of the euro compared to the US dollar would have a negligible impact on operating margin (translation effect of Euro 45 million on the EBITA).

Equity risk

Exposure to equity risk primarily relates to treasury stock and shares in AXA. These positions are not hedged. At 31 December 2009, the AXA shares' market value exceeded their acquisition cost.

An increase in raw material prices could have negative consequences

The Group is exposed to fluctuations in energy and raw material prices (in particular steel, copper, aluminum, silver, lead, nickel, zinc and plastic). If the Group is not able to hedge, compensate or pass on increased costs to customers, this could have an adverse impact on its financial results.

The Group has, however, implemented certain procedures to limit its exposure to rising non-ferrous and precious raw material prices. The purchasing departments of the operating units report their purchasing forecasts to the Corporate Treasury Centre. Purchase commitments are hedged using forward contracts, swaps and, to a lesser extent, options.

The financial instruments used to hedge the exposure of the Group to fluctuations in raw material prices are described in Note 26 to the consolidated financial statements for the year ended 31 December 2009 incorporated by reference in this Base Prospectus.

In 2009, purchases of raw materials totalled around Euro 951 million, including around Euro 436 million for non-ferrous metals, of which roughly 59 per cent. were for copper. The Group enters into swap and options agreements in order to hedge all or part of its raw material purchases. Decisions to hedge such purchases, mostly of non-ferrous metals, depend on Group forecasts of changes of raw material market prices. As of 31 December 2009, Group hedges for non-ferrous metal purchases amounted to Euro 85 million, of which Euro 54 million for copper.

Counterparty risk

Financial transactions are entered into with carefully selected counterparties. Banking counterparties are chosen according to the customary criteria, including the credit rating issued by an independent rating agency.

Group policy consists of diversifying counterparty risks and periodic controls are performed to check compliance with the related rules.

In addition, the Group takes out substantial credit insurance and uses other types of guarantees to limit the risk of losses on trade accounts receivable.

Liquidity risk

Liquidity is provided by the Group's cash and cash equivalents and commercial paper programmes. These programmes are backed by undrawn confirmed lines of credit. At 31 December 2009, the Group had access to cash and cash equivalents and commercial paper programmes totaling Euro 3.5 billion. In 2009, the Group set up a Euro 1.8 billion line of credit comprising a 3-year Euro 900 million tranche and a five-year Euro 900 million tranche. This new facility replaced the Euro 1.6 billion line of credit maturing in 2010. As of 31 December 2009, the Group had Euro 2.75 billion in undrawn confirmed lines of credit, of which Euro 2.6 billion maturing in June 2012 or later.

The Group's credit rating enables it to raise significant long-term financing and attract a diverse investor base. The Group currently has an A- credit rating from Standard & Poor's (upgraded in November 2008) and an A3 credit rating from Moody's. The Group's liabilities and their terms and conditions are described in Note 24 of the consolidated financial statements for the year ended 31 December 2009 incorporated by reference in this Base Prospectus.

In line with the Group's overall policy of conservatively managing liquidity risk and protecting its financial position, when negotiating new liquidity facilities the Group resists the inclusion of clauses that would have the effect of restricting the availability of credit lines, such as covenants requiring compliance with certain financial ratios and material adverse change clauses. As of 31 December 2009, no financing or confirmed lines of credit were subject to covenants requiring compliance with financial ratios.

The loan agreements for some of its liquidity facilities nevertheless include cross-default clauses whereby if the Group were to default on any of its liquidity facilities, it would immediately be considered as having defaulted on all such facilities.

Moreover, anticipated reimbursement provisions exist for certain financing and lines of credit in case of change of control. Under these provisions, the debt-holders may demand repayment if a shareholder or shareholders acting together hold more than 50 per cent. of the company's shares and this event triggers a down grading of the company's rating. At 31 December 2009, the amount of financing and lines of credit with these types of provisions came to Euro 3.3 billion.

Legal risks

The Group's products are subject to varying national and international standards and regulations

The Group's products, which are sold in national markets worldwide, are subject to regulations in each of those markets, as well as to various supranational regulations. Those regulations include trade restrictions, tariffs, tax regimes and product safety standards. Changes to any of these regulations or standards or their applicability to the Group's business could lead to lower sales or increased operating costs, which would result in lower profitability and earnings.

The Group's products are also subject to multiple quality and safety controls and regulations, and are governed by both national and supranational standards, though the majority of the line up complies with world-recognised International Electrotechnical Commission (IEC) standards. Costs of compliance with new or more stringent standards and regulations could affect its business if the Group is required to make capital expenditures or implement other measures.

The development and success of the Group's products depends on its ability to protect its intellectual property against competitors

The Group's future success depends to a significant extent on the development and maintenance of its intellectual property rights. Third parties may infringe the Group's intellectual property rights, and the Group may expend significant resources monitoring, protecting and enforcing its rights. If the Group fails to protect or enforce its intellectual property rights, its competitive position could suffer, which could have an adverse effect on its business.

To mitigate this risk, the patents developed or purchased by the Group are tracked by the Industrial Property team within the Finance & Control - Legal Affairs Department. All industrial property information for the main Group subsidiaries is transmitted to this team, which is responsible for managing and protecting these intangible assets throughout the world. The same procedure is followed for trademarks.

Claims, litigation and other risks

In 2001, Schneider Electric made a public offer to purchase Legrand as part of a proposed merger project. When the offer closed in July 2001, the Group held 98.1 per cent. of Legrand. In an initial decision dated 10 October 2001, the European Commission vetoed the merger, and in a second decision dated 30 January 2002, it ordered the two companies to separate as quickly as possible. As a result, Schneider Electric sold its interest in Legrand to the KKR-Wendel Investissement consortium even though the Court of First Instance of the European Communities overruled the Commission's decisions on 22 October 2002.

Schneider Electric launched proceedings against the European Commission to obtain damages for the prejudice caused, estimated at Euro 1.6 billion. On 11 July 2007, the Court ordered the Commission to compensate two-thirds of Schneider Electric's losses, once their amount has been determined. The Commission appealed this decision. On 16 July 2009, the Court of Justice confirmed the Commission's non-contractual responsibility in the matter, acknowledging that the Commission had been at fault and that prejudice had been caused. However, the Court of Justice overturned the Court of First Instance's ruling concerning damages, finding that the Commission was not liable for the loss in value incurred by Schneider Electric on its Legrand shares. According to the ruling, the only compensation due to Schneider Electric concerns the legal fees from the second merger investigation in October 2002. The Court is expected rule on the final amount to be recovered by Schneider Electric in 2010.

Following public offers launched in 1993 by SPEP (the Group holding company at the time) for its Belgian subsidiaries Cofibel and Cofimines, Belgium initiated proceedings against former Schneider Electric executives in connection with the former Empain-Schneider Group's management of its Belgian subsidiaries, notably the Tramico sub-group. At the end of March 2006, the Brussels criminal court ruled that some of the defendants were responsible for certain of the alleged offenses and that certain of the plaintiffs' claims were admissible. The plaintiffs claim losses of Euro 5.3 million stemming from management that reduced the value of or under-valued assets presented in the offering prospectus, as well as losses of Euro 4.9 million concerning transactions carried out by PB Finance, a company in which Cofibel and Cofimines had a minority interest. In its ruling, the court also appointed an expert to assess the loss suffered by those plaintiffs whose claims were ruled admissible. The expert's report was submitted in 2008. The defendants contest the amounts provided by the expert in their entirety, based notably on reports produced by Deloitte. Schneider Electric and its Belgian subsidiaries Cofibel and Cofimines were held civilly liable for the actions of their senior executives who were found liable. Schneider Electric is paying the legal expenses not covered by insurance of the former executives involved. The case is pending before both the Brussels Court of First Instance and the Brussels Appeals Court, as parts of the March 2006 ruling have been appealed.

In addition, the new owners of the Tramico sub-group, to which a Cofimines subsidiary had advanced funds during the sub-group's liquidation, refuse to pay back said funds and are claiming compensation for having been involved in the Belgian legal proceedings. Arbitration proceedings are currently under way in Geneva.

In connection with the divestment of Spie Batignolles, Schneider Electric booked provisions to cover the risks associated with certain major contracts and projects. Most of the risks were extinguished during 1997. Provisions were booked for the remaining risks, based on management's best estimate of the expected financial impact.

Schneider Electric has been ordered to pay Chint RMB330 million (around Euro 31 million) in compensation for patent infringement by one of its Chinese subsidiaries. Schneider Electric has appealed this decision. The dispute concerns production of a circuit breaker that uses technology for which Chint filed a utility model patent in 1997. The patent has since expired. Schneider Electric had already used this technology for more than 15 years on products sold in numerous countries, including China, before the Chint filing. Schneider Electric contested the validity of Chint's utility model and appealed to the Beijing High People's Court following the Beijing Intermediate People's Court's rejection of its request that the utility model be ruled null and void. In the interim, the parties came to an agreement that settled all of their pending disputes and claims in return for a lump-sum payment by Schneider Electric to Chint of RMB157 million (around Euro 17 million). Pursuant to this agreement, the parties are currently terminating all legal proceedings in the countries involved.

Schneider Electric, along with other companies in the industry, was involved in an investigation concerning Gas Insulated Switchgear launched by New Zealand's Commerce Commission. The Group, which was implicated through two former subsidiaries sold in 2001, decided to settle amicably and signed an agreement

with New Zealand's Commerce Commission on 1 September 2008 that called for the payment of a fine capped at NZD1,100,000 (around Euro 500,000). The competent New Zealand court approved this transaction in early 2009 and the fine was paid immediately. Schneider Electric is required to cooperate in the local investigation with New Zealand's Commerce Commission if requested.

Schneider Electric has been notified that a class-action type proceeding in Israel concerning the same equipment manufactured by the same former subsidiaries and other competitors has been abandoned.

Various other claims, administrative notices and legal proceedings have been filed against the Group concerning such issues as contractual demands, counterfeiting, bodily harm and work contracts.

Although it is impossible to forecast the results and/or costs of these proceedings with certainty, Schneider Electric considers that they will not, by their nature, have significant effects on the Group's business, assets, financial position or profitability.

Insurance

Schneider Electric's strategy for managing insurable risks is designed to defend the interests of employees and customers and to protect the Company's assets, the environment, employees, customers and its shareholders' investment.

This strategy entails:

- identifying and quantifying the main areas of risk;
- preventing risks and protecting manufacturing through site audits, hazard and vulnerability studies and safety management for people and equipment;
- organising and deploying business continuity plans and crisis management resources, notably for health risks such as pandemics, technical and political risks and natural disasters;
- maintaining the necessary insurance cover for the main risks facing Group companies under global programmes. The Group carefully screens insurance and reinsurance companies and evaluates their solvability.

In addition, the Group has taken out specific cover in response to certain local conditions, regulations or the requirements of certain risks, projects and businesses. To extend guarantees and reduce budgets, the Group coordinates purchasing of local cover.

Liability insurance

The Group is covered by an integrated global liability insurance programme set up on 1 January 2007 and extended until 31 December 2010. Insured values under this "all risks except" programme total Euro 230 million per claim and per year, representing adequate coverage of the Group's exposure to liability claims in connection with its businesses.

Certain specific risks, such as aeronautic or environmental risk, are covered by specific programmes.

Property damage and business interruption insurance

This global property damage and business interruption insurance programme was renewed for a two-year period on 1 July 2008. A new insurance programme for an additional two-year period is currently being finalised. An "all risks except" contract which covers fire, explosion, natural disaster, machinery breakdown and other events that could affect Schneider Electric's property, as well as operating losses caused by business interruption. Settlements under the global programme are capped at Euro 350 million per claim and specific limits apply to certain risks, such as natural disasters and machinery breakdown. These limits were

determined on the basis of scenarios of loss established by specialists and available capacity in the insurance market.

Assets are insured at replacement value. Specialized engineers from the programme's main insurance companies visit the Group's largest sites.

Shipping and transport insurance

On 1 January 2009, the Group implemented a new global shipping/transport insurance programme that covers all goods shipments, including between Group facilities, by all means of transport, with a maximum insured value of Euro 15.2 million per convoy. The two-year programme covers Group subsidiaries that had previously been insured under local, non-integrated contracts.

Self insurance

To optimise costs, Schneider Electric self insures certain frequent risks through two captive insurance companies:

- outside North America, a captive reinsurance company offers property/casualty and liability coverage capped at Euro 11 million per year;
- in North America, a captive reinsurance company is used to align deductibles and self-insured retentions imposed by the insurers of automobile, liability and workers' compensation primary layers. Self-insured retentions range from USD0.5 million to USD5 million per claim, depending on the risk. An actuary validates the provisions recorded by the captive reinsurance company each year.

The cost of self-insured claims is not material at the Group level.

Cost of insurance programmes

The cost of the Group's main insurance programmes totalled around Euro 15 million in 2009.

Risk Factors relating to the Notes

The trading market for debt securities may be volatile and may be adversely impacted by many events.

The market for debt securities issued by issuers is influenced by economic and market conditions and, to varying degrees, market conditions, interest rates, currency exchange rates and inflation rates in other European and other industrialised countries. There can be no assurance that events in France, Europe or elsewhere will not cause market volatility or that such volatility will not adversely affect the price of Notes or that economic and market conditions will not have any other adverse effect.

An active trading market for the Notes may not develop.

There can be no assurance that an active trading market for the Notes will develop, or, if one does develop, that it will be maintained. If an active trading market for the Notes does not develop or is not maintained, the market or trading price and liquidity of the Notes may be adversely affected. The Issuer and any of its subsidiaries are entitled to buy the Notes, as described in Condition 6(h), and the Issuer may issue further notes, as described in Condition 13. Such transactions may favourably or adversely affect the price development of the Notes. If additional and competing products are introduced in the markets, this may adversely affect the value of the Notes.

The Notes may be redeemed prior to maturity.

Unless in the case of any particular Tranche of Notes the relevant Final Terms specify otherwise, in the event that the Issuer would be obliged to increase the amounts payable in respect of any Notes due to any withholding or deduction for or on account of, any present or future taxes, duties, assessments or

governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of the jurisdiction of the Issuer or a political subdivision thereof or any authority therein or thereof having power to tax, the Issuer may redeem all outstanding Notes in accordance with the Conditions.

Any early redemption at the option of the Issuer, if provided for in any Final Terms for a particular issue of Notes, could cause the yield anticipated by Noteholders to be considerably less than anticipated.

The Final Terms for a particular issue of Notes may provide for early redemption at the option of the Issuer. Such right of termination is often provided for bonds or notes in periods of high interest rates. If the market interest rates decrease, the risk to Noteholders that the Issuer will exercise its right of termination increases. As a consequence, the yields received upon redemption may be lower than expected, and the redeemed face amount of the Notes may be lower than the purchase price for the Notes paid by the Noteholder. As a consequence, part of the capital invested by the Noteholder may be lost, so that the Noteholder in such case would not receive the total amount of the capital invested. In addition, investors that choose to reinvest monies they receive through an early redemption may be able to do so only in securities with a lower yield than the redeemed Notes.

Investors will not be able to calculate in advance their rate of return on Floating Rate Notes.

A key difference between Floating Rate Notes and Fixed Rate Notes is that interest income on Floating Rate Notes cannot be anticipated. Due to varying interest income, investors are not able to determine a definite yield of Floating Rate Notes at the time they purchase them, so that their return on investment cannot be compared with that of investments having longer fixed interest periods. If the terms and conditions of the Notes provide for frequent interest payment dates, investors are exposed to the reinvestment risk if market interest rates decline. That is, investors may reinvest the interest income paid to them only at the relevant lower interest rates then prevailing.

Exercise of Change of Control Put Option in respect of certain Notes may affect the liquidity of the Notes of the same Series in respect of which such option is not exercised.

Depending on the number of Notes of the same Series in respect of which the Change of Control Put Option provided in the relevant Final Terms is exercised, any trading market in respect of those Notes in respect of which such option is not exercised may become illiquid. In addition, investors may only be able to reinvest the moneys they receive upon such early redemption in securities with a lower yield than the redeemed Notes.

Zero Coupon Notes are subject to higher price fluctuations than non-discounted bonds.

Changes in market interest rates have a substantially stronger impact on the prices of Zero Coupon Notes than on the prices of ordinary Notes because the discounted issue prices are substantially below par. If market interest rates increase, Zero Coupon Notes can suffer higher price losses than other Notes having the same maturity and credit rating. Due to their leverage effect, Zero Coupon Notes are a type of investment associated with a particularly high price risk.

Investments in Index linked interest notes entail significant risks and may not be appropriate for investors lacking financial expertise.

An investment in Index Linked Interest Notes entails significant risks that are not associated with similar investments in a conventional fixed or floating rate debt security. The Issuer believes that Index Linked Interest Notes should only be purchased by investors who are, or who are purchasing under the guidance of, financial institutions or other professional investors that are in a position to understand the special risks that an investment in these instruments involves. These risks include, among other things, the possibility that:

- such index or indices may be subject to significant changes, whether due to the composition of the index itself, or because of fluctuations in value of the indexed assets;

- the resulting interest rate will be less (or may be more) than that payable on a conventional debt security issued by the Issuer at the same time;
- the repayment of principal can occur at times other than that expected by the investor;
- the holder of an Index Linked Interest Note could lose all or a substantial portion of the principal of such Note (whether payable at maturity or upon redemption or repayment), and, if the principal is lost, interest may cease to be payable on the Index Linked Interest Note;
- the risks of investing in an Index Linked Interest Note encompasses both risks relating to the underlying indexed securities or commodities and risks that are unique to the Note itself;
- any Index Linked Interest Note that is indexed to more than one type of underlying asset, or on formulae that encompass the risks associated with more than one type of asset, may carry levels of risk that are greater than Notes that are indexed to one type of asset only;
- it may not be possible for investors to hedge their exposure to these various risks relating to Index Linked Interest Notes; and
- a significant market disruption could mean that the index on which the Index Linked Interest Notes are based ceases to exist.

In addition, the value of Index Linked Interest Notes on the secondary market is subject to greater levels of risk than is the value of other Notes. The secondary market, if any, for Index Linked Interest Notes will be affected by a number of factors, independent of the creditworthiness of the Issuer and the value of the applicable currency, commodity, stock, interest rate or other index, including the volatility of the applicable currency, commodity, stock, interest rate or other index, the time remaining to the maturity of such Notes, the amount outstanding of such Notes and market interest rates. The value of the applicable currency, commodity, stock or interest rate index depends on a number of interrelated factors, including economic, financial and political events, over which the Issuer has no control. Additionally, if the formula used to determine the amount of principal, premium and/or interest payable with respect to Index Linked Interest Notes contains a multiplier or leverage factor, the effect of any change in the applicable currency, commodity, stock, interest rate or other index will be increased. The historical experience of the relevant currencies, commodities, stocks or interest rate indices should not be taken as an indication of future performance of such currencies, commodities, stock, interest rate or other indices during the term of any Index Linked Interest Note. Additionally, there may be regulatory and other ramifications associated with the ownership by certain investors of certain Index Linked Interest Notes.

The credit ratings assigned to the Issuer's Programme are a reflection of the credit status of the Issuer, and in no way are a reflection of the potential impact of any of the factors discussed above, or any other factors, on the market value of any Index Linked Interest Note. Accordingly, prospective investors should consult their own financial and legal advisors as to the risks entailed by an investment in Index Linked Interest Notes and the suitability of such Notes in light of their particular circumstances.

Various transactions by the Issuer could impact the performance of any Index Linked Interest Notes, which could lead to conflicts of interest between the Issuer and holders of its Index Linked Interest Notes.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Notes in the Specified Currency (as defined in the relevant Final Terms). This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that

authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency-equivalent yield on the Notes, (2) the Investor's Currency-equivalent value of the principal payable on the Notes and (3) the Investor's Currency-equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Taxation

Potential purchasers and sellers of the Notes should be aware that they may be required to pay taxes or other documentary charges or duties in accordance with the laws and practices of the country where the Notes are transferred or other jurisdictions. In some jurisdictions, no official statements of the tax authorities or court decisions may be available for innovative financial obligations such as the Notes. Potential investors are advised not to rely upon the tax summary contained in this Base Prospectus and/or in the Final Terms but to ask for their own tax adviser's advice on their individual taxation with respect to the acquisition, holding, sale and redemption of the Notes. Only these advisors are in a position to duly consider the specific situation of the potential investor. This investment consideration has to be read in connection with the taxation sections of this Base Prospectus and the additional tax sections, if any, contained in the relevant Final Terms.

EU Savings Directive

On 3 June 2003, the European Council of Economics and Finance Ministers adopted a directive 2003/48/EC regarding the taxation of savings income in the form of interest payments (the "**Directive**"). The Directive requires Member States, subject to a number of conditions being met, to provide to the tax authorities of other Member States details of payments of interest and other similar income made by a paying agent located within their jurisdiction to an individual resident in that other Member State, except that, for a transitional period, Luxembourg and Austria will instead withhold an amount on interest payments unless the relevant beneficial owner of such payment elects otherwise and authorises the paying agent to disclose the above information (see "Taxation – EU Taxation").

If a payment were to be made or collected through a Member State which has opted for a withholding system and an amount of, or in respect of, tax were to be withheld from that payment, neither the Issuer nor any Paying Agent nor any other person would be obliged to pay additional amounts with respect to any Note as a result of the imposition of such withholding tax. If a withholding tax is imposed on a payment made by a Paying Agent, the Issuer will be required to maintain a Paying Agent in a Member State that will not be obliged to withhold or deduct tax pursuant to the Directive.

French insolvency law

Under French insolvency law as amended by ordinance n°2008-1345 dated 18 December 2008 which came into force on 15 February 2009, holders of debt securities are automatically grouped into a single assembly of holders (the "**Assembly**") in order to defend their common interests if a preservation (*procédure de sauvegarde*) or a judicial reorganisation procedure (*procédure de redressement judiciaire*) is opened in France with respect to the Issuer. The Assembly comprises holders of all debt securities issued by the Issuer (including the Notes), whether or not under a debt issuance programme (EMTN) and regardless of their governing law. The Assembly deliberates on the proposed safeguard (*projet de plan de sauvegarde*) or judicial reorganisation plan (*projet de plan de redressement*) applicable to the Issuer and may further agree to:

- increase the liabilities (*charges*) of holders of debt securities (including the Noteholders) by rescheduling due payments and/or partially or totally writing off receivables in form of debt securities;

- establish an unequal treatment between holders of debt securities (including the Noteholders) as appropriate under the circumstances; and/or
- decide to convert debt securities (including the Notes) into securities that give or may give right to share capital.

Decisions of the Assembly will be taken by a two-third majority (calculated as a proportion of the debt securities held by the holders attending such Assembly or represented thereat). No quorum is required to convoke the Assembly.

For the avoidance of doubt, the provisions relating to the Representation of the Noteholders described in this Base Prospectus will not be applicable to the extent they are not in compliance with compulsory insolvency law provisions that apply in these circumstances.

DOCUMENTS INCORPORATED BY REFERENCE

The following documents which have previously been published or are published simultaneously with this Base Prospectus and have been filed with the *Commission de Surveillance du Secteur Financier* (the “CSSF”) shall be incorporated in, and form part of, this Base Prospectus:

- The 2008 annual report, except for the text appearing in the box at the bottom of page 1 relating to the registration with the AMF and the third paragraph of the section “Attestation by the person responsible for the registration document” on page 195 (the 2008 annual report without the excluded sections, the “**2008 AR**”); and
- The 2009 annual report, except for the text appearing in the box at the bottom of page 1 relating to the registration with the AMF and the third paragraph of the section “Attestation by the person responsible for the registration document” on page 237 (the 2009 annual report without the excluded sections, the “**2009 AR**”).

Any reference in this Base Prospectus, in the 2009 AR or in the 2008 AR to the registration documents and/or annual reports (either 2009 or 2008) shall be deemed to exclude the above-mentioned excluded sections.

This Base Prospectus should be read and construed in conjunction with the 2008 AR and the 2009 AR.

Any statement contained in a document which is deemed to be incorporated by reference herein shall be deemed to be modified or superseded for the purpose of this Base Prospectus to the extent that a statement contained herein modifies or supersedes such earlier statement (whether expressly, by implication or otherwise). Any statement so modified or superseded shall not be deemed, except as so modified or superseded, to constitute a part of this Base Prospectus.

All documents incorporated by reference in this Base Prospectus may be obtained, free of charge, at the offices of each Paying Agent set out at the end of this Prospectus during normal business hours so long as any of the Notes are outstanding.

The information incorporated by reference in this Base Prospectus shall be read in connection with the cross-reference list as set out below.

Any information not listed in the cross-reference list below but included in the documents incorporated by reference is given for information purposes only.

Copies of the documents incorporated by reference will be published on the website of the Luxembourg Stock Exchange (“*www.bourse.lu*”).

SUPPLEMENT TO THE BASE PROSPECTUS

If at any time the Issuer shall be required to prepare a supplement to this Base Prospectus pursuant to the provisions of Article 16 of the Prospectus Directive 2003/71/EC, the Issuer will prepare and make available an appropriate supplement to this Base Prospectus or a restated Base Prospectus, which in respect of any subsequent issue of Notes to be listed and admitted to trading on the Luxembourg Stock Exchange or on a Regulated Market of an EEA State, shall constitute a supplement to this Base Prospectus for the purpose of the relevant provisions of the Prospectus Directive 2003/71/EC.

GENERAL DESCRIPTION OF THE PROGRAMME

Issuer	Schneider Electric SA
Description	Euro Medium Term Note Programme (the “ Programme ”)
Size	Up to Euro 6,000,000,000 (or the equivalent in other currencies at the date of issue) aggregate nominal amount of Notes outstanding at any one time.
Arranger	BNP PARIBAS
Dealers	<p>Barclays Bank PLC, BNP PARIBAS, Crédit Agricole Corporate and Investment Bank, Deutsche Bank AG, London Branch, Natixis, Société Générale and The Royal Bank of Scotland plc.</p> <p>The Issuer may from time to time terminate the appointment of any Dealer, including any Permanent Dealer, under the Programme or appoint additional dealers either in respect of one or more Tranches or in respect of the whole Programme. References in this Base Prospectus to “Permanent Dealers” are to the persons listed above as Dealers and to such additional persons that are appointed as dealers in respect of the whole Programme (and whose appointment has not been terminated). References to “Dealers” are to all Permanent Dealers and all persons appointed as a dealer in respect of one or more Tranches.</p> <p>At the date of this Base Prospectus, only credit institutions and investment firms incorporated in a Member State of the European Union (“EU”) and which are authorised by the relevant authority of such Member State to lead-manage bond issues in such member state may act (a) as Dealers with respect to non-syndicated issues of Notes denominated in Euro and (b) as lead manager of issues of Notes denominated in Euro issued on a syndicated basis.</p>
Fiscal Agent and Principal Paying Agent	BNP Paribas Securities Services
Paying Agent	BNP Paribas Securities Services, Luxembourg Branch
Method of Issue	The Notes will be issued on a syndicated or non-syndicated basis. The Notes will be issued in series (each a “ Series ”) having one or more issue dates and on terms otherwise identical (or identical other than in respect of the first payment of interest), the Notes of each Series being intended to be interchangeable with all other Notes of that Series. Each Series may be issued in tranches (each a “ Tranche ”) on the same or different issue dates. The specific terms of each Tranche (which will be supplemented, where necessary, with supplemental terms and conditions and, save in respect of the issue date, issue price, first payment of interest and nominal amount of the Tranche, will be identical to the terms of other Tranches of the same

	Series) will be set out in the relevant Final Terms.
Redenomination	Notes issued in the currency of any Member State of the EU which participates in the third stage of the Economic and Monetary Union of the EU may be redenominated into Euro, all as more fully provided in the relevant Final Terms, pursuant to “Terms and Conditions of the Notes - Form, Denomination, Title and Redenomination” below.
Issue Price	Notes may be issued at their nominal amount or at a discount or premium to their nominal amount. Partly-Paid Notes may be issued, the issue price of which will be payable in two or more instalments.
Form of Notes	Notes may be issued in either dematerialised form (“ Dematerialised Notes ”) or in materialised form (“ Materialised Notes ”). Dematerialised Notes may be issued in bearer dematerialised form (<i>au porteur</i>) or in registered dematerialised form (<i>au nominatif</i>). Materialised Notes will be issued in bearer form only and may only be issued outside of France.
Clearing Systems	Euroclear France acts as central depository in relation to Dematerialised Notes, and Clearstream, Luxembourg, Euroclear or any other clearing system (provided proper clearing and settlement procedures have previously been put in place) that may be agreed between the Issuer, the Fiscal Agent and the relevant Dealer in relation to Materialised Notes.
Initial Delivery of Dematerialised Notes	One Paris business day before the issue date of each Tranche of Dematerialised Notes, the <i>lettre comptable</i> relating to such Tranche shall be deposited with Euroclear France as central depository.
Initial Delivery of Materialised Notes	On or before the issue date for each Tranche of Materialised Notes, the Temporary Global Certificate issued in respect of such Tranche shall be deposited with a common depository for Euroclear and Clearstream, Luxembourg or with any other clearing system or may be delivered outside any clearing system provided that the method of such delivery has been agreed in advance by the Issuer, the Fiscal Agent and the relevant Dealer.
Currencies	Subject to compliance with all relevant laws, regulations and directives, Notes may be issued in any currency agreed between the Issuer, and the relevant Dealers, including Euros, Swiss Francs, U.S. dollars, Sterling and Japanese Yen.
Maturities	Subject to compliance with all relevant laws, regulations and directives, any maturity equal to or greater than seven days.
Denominations	The Notes will be in such denominations as may be specified in the relevant Final Terms, save that in respect of any Notes which are to be offered to the public and/or admitted to trading on a Regulated Market in the EEA, such Notes will have a minimum

	denomination of Euro 1,000 (or its equivalent in other currencies).
Fixed Rate Notes	Fixed interest will be payable in arrear on the date or dates in each year specified in the relevant Final Terms.
Floating Rate Notes	Floating Rate Notes will bear interest determined separately for each Series as follows: <ul style="list-style-type: none"> (i) on the same basis as the floating rate under a notional interest rate swap transaction in the relevant Specified Currency governed by an agreement incorporating the 2006 ISDA Definitions as published by the International Swaps and Derivatives Association, Inc; or (ii) by reference to LIBOR, LIBID, LIMEAN or EURIBOR (or such other benchmark as may be specified in the relevant Final Terms) as adjusted for any applicable margin. Interest periods will be specified in the relevant Final Terms.
Zero Coupon Notes	Zero Coupon Notes may be issued at their nominal amount or at a discount and will not bear interest.
Dual Currency Notes	Payments (whether in respect of principal or interest and whether at maturity or otherwise) in respect of Dual Currency Notes will be made in such currencies, and based on such rates of exchange as may be specified in the relevant Final Terms.
Index Linked Notes	Payments of principal in respect of Index Linked Redemption Notes or of interest in respect of Index Linked Interest Notes will be calculated by reference to such index and/or formula as may be specified in the relevant Final Terms.
Interest Periods and Interest Rates	The length of the interest periods for the Notes and the applicable interest rate or its method of calculation may differ from time to time or be constant for any Series. Notes may have a maximum interest rate, a minimum interest rate, or both. The use of interest accrual periods permits the Notes to bear interest at different rates in the same interest period. All such information will be set out in the relevant Final Terms.
Redemption Amount	The relevant Final Terms will specify the basis for calculating the redemption amounts payable.
Redemption by Instalments	The Final Terms issued in respect of each issue of Notes that are redeemable in two or more instalments will set out the dates on which, and the amounts in which, such Notes may be redeemed.
Other Notes	Terms applicable to high interest Notes, low interest Notes, step-up Notes, step-down Notes, reverse dual currency Notes, optional dual currency Notes, partly paid Notes and any other type of Note that the Issuer and any Dealer or Dealers may agree to issue under the Programme will be set out in the relevant Final Terms.
Optional Redemption	The Final Terms issued in respect of each issue of Notes will

state whether such Notes may be redeemed (either in whole or in part) prior to their stated maturity at the option of the Issuer and/or the holders, and if so, the terms applicable to such redemption.

If a Change of Control Put Option is specified in the relevant Final Terms, following the occurrence of a Change of Control, the Noteholders will be entitled to request the Issuer to redeem or, at the Issuer's option, procure the purchase of their Notes, as more fully set out in "Terms and Conditions of the Notes - Redemption, Purchase and Options".

Status of Notes

The obligations of the Issuer under the Notes may be unsubordinated ("**Unsubordinated Notes**") or subordinated, including deeply subordinated pursuant to the provisions of Article L.228-97 of the French *Code de commerce* ("**Subordinated Notes**"). Unsubordinated Notes will constitute unsubordinated and unsecured obligations of the Issuer and Subordinated Notes will constitute subordinated and unsecured obligations of the Issuer, all as described in "Terms and Conditions of the Notes - Status".

Negative Pledge

There will be a negative pledge as set out in Condition 4 - see "Terms and Conditions of the Notes - Negative Pledge".

Events of Default

The terms and conditions of the Notes will contain events of default as set out in Condition 10 in "Terms and Conditions of the Notes – Events of Default", including a Cross-Default provision.

Early Redemption

Except as provided in "Optional Redemption" above, Notes will be redeemable at the option of the Issuer prior to maturity only for tax reasons. See "Terms and Conditions of the Notes - Redemption, Purchase and Options".

Withholding Tax

1. All payments of principal and interest by or on behalf of the Issuer in respect of the Notes shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within France or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law.

2. Notes issued on or after 1 March 2010 (except Notes that are issued on or after 1 March 2010 and which are to be assimilated (*assimilées*) and form a single series with Notes issued before 1 March 2010 having the benefit of Article 131 *quater* of the French *Code général des impôts*) fall under the new French withholding tax regime pursuant to the French *loi de finances rectificative pour 2009* no. 3 (n°2009-1674 dated 30 December 2009), applicable as from 1 March 2010 (the "**Law**"). Payments of interest and other revenues made by the Issuer on such Notes will not be subject to the withholding tax set out under Article 125 A III of the French *Code général des*

impôts unless such payments are made outside France in a non-cooperative State or territory (*Etat ou territoire non coopératif*) within the meaning of Article 238-0 A of the French *Code général des impôts* (a “**Non-Cooperative State**”). If such payments under the Notes are made in a Non-Cooperative State, a 50 per cent. withholding tax will be applicable (subject to certain exceptions described below and the more favourable provisions of any applicable double tax treaty) by virtue of Article 125 A III of the French *Code général des impôts*.

Furthermore, interest and other revenues on such Notes will no longer be deductible from the Issuer's taxable income, as from the fiscal years starting on or after 1 January 2011, if they are paid or accrued to persons established in a Non-Cooperative State or paid in such a Non-Cooperative State. Under certain conditions, any such non-deductible interest and other revenues may be recharacterised as constructive dividends pursuant to Article 109 of the French *Code général des impôts*, in which case such non-deductible interest and other revenues may be subject to the withholding tax set out under Article 119 *bis* of the French *Code général des impôts*, at a rate of 25 per cent. or 50 per cent.

Notwithstanding the foregoing, the Law provides that neither the 50 per cent. withholding tax nor the non-deductibility will apply in respect of a particular issue of Notes if the Issuer can prove that the principal purpose and effect of such a particular issue of Notes was not that of allowing the payments of interest or other revenues to be made in a Non-Cooperative State (the “**Exception**”). Pursuant to the ruling (*rescrit*) 2010/11 (FP and FE) of the *Direction générale des impôts* dated 22 February 2010, an issue of Notes will benefit from the Exception without the Issuer having to provide any proof of the purpose and effect of such issue of Notes, if such Notes are:

- offered by means of a public offer within the meaning of Article L.411-1 of the French *Code monétaire et financier* or pursuant to an equivalent offer in a State other than in a Non-Cooperative State. For this purpose, an “**equivalent offer**” means any offer requiring the registration or submission of an offer document by or with a foreign securities market authority; or
- admitted to trading on a regulated market or on a French or foreign multilateral securities trading system provided that such market or system is not located in a Non-Cooperative State, and the operation of such market is carried out by a market operator or an investment services provider, or by such other similar foreign entity, provided further that such market operator, investment services provider or entity is not located in a Non-Cooperative State; or
- admitted, at the time of their issue, to the clearing

operations of a central depository or of a securities clearing and delivery and payments systems operator within the meaning of Article L.561-2 of the French *Code monétaire et financier*, or of one or more similar foreign depositories or operators provided that such depository or operator is not located in a Non-Cooperative State.

3. Interest and other revenues on Notes issued (or deemed issued) outside France as provided under Article 131 *quater* of the French *Code général des impôts*, prior to 1 March 2010 (or Notes that are issued after 1 March 2010 and which are to be assimilated (*assimilées*) and form a single series with such Notes) will continue to be exempt from the withholding tax set out under Article 125 A III of the French *Code général des impôts*.

In addition, interest and other revenues paid by the Issuer on Notes issued before 1 March 2010 (or Notes issued after 1 March 2010 and which are to be assimilated (*assimilées*) and form a single series with such Notes) will not be subject to the withholding tax set out in Article 119 *bis* of the French *Code général des impôts* solely on account of their being paid in a Non-Cooperative State or accrued or paid to persons established or domiciled in a Non-Cooperative State.

See section “Taxation”.

Governing Law

French law.

Listing and Admission to Trading

Application has been made to list the Notes issued under the Programme on the official list of the Luxembourg Stock Exchange and admit such Notes to trading on the Regulated Market of the Luxembourg Stock Exchange and/or as otherwise specified in the relevant Final Terms. If so specified in the relevant Final Terms, a Series of Notes need not be listed on any stock exchange.

Selling Restrictions

There are restrictions on the sale of Notes and the distribution of offering material in various jurisdictions. See “Subscription and Sale”. In connection with the offering and sale of a particular Tranche, additional selling restrictions may be imposed which will be set out in the relevant Final Terms.

The Issuer is a Category 2 issuer for the purposes of Regulation S under the Securities Act.

Materialised Notes will be issued in compliance with U.S. Treas. Reg. §1.163-5(c)(2)(i)(D) (the “**D Rules**”) unless (i) the relevant Final Terms states that such Materialised Notes are issued in compliance with U.S. Treas. Reg. §1.163-5(c)(2)(i)(C) (the “**C Rules**”) or (ii) the Materialised Notes are issued other than in compliance with the D Rules or the C Rules but in circumstances in which the Notes will not constitute “registration required obligations” under §163(f)(2) of the U.S. Internal Revenue Code of 1986, as amended, which

circumstances will be referred to in the relevant Final Terms as a transaction to which TEFRA is not applicable.

Dematerialised Notes do not require compliance with the TEFRA rules.

TERMS AND CONDITIONS OF THE NOTES

The following is the text of the terms and conditions that, subject to completion in accordance with the provisions of the relevant Final Terms, shall be applicable to the Notes. In the case of Dematerialised Notes, the text of the terms and conditions will not be endorsed on physical documents of title but will be constituted by the following text as completed, amended or varied by the relevant Final Terms. In the case of Materialised Notes, either (i) the full text of these terms and conditions together with the relevant provisions of the Final Terms or (ii) these terms and conditions as so completed, amended, supplemented or varied (and subject to simplification by the deletion of non-applicable provisions), shall be endorsed on Definitive Materialised Notes. All capitalised terms that are not defined in these Conditions will have the meanings given to them in the relevant Final Terms. Those definitions will be endorsed on the definitive Notes, as the case may be. References in these Conditions to “Notes” are to the Notes of one Series only, not to all Notes that may be issued under the Programme.

An Amended and Restated Agency Agreement (as amended or supplemented as at the Issue Date, the “**Agency Agreement**”) dated 22 May 2008 has been agreed between Schneider Electric SA (the “**Issuer**”), BNP Paribas Securities Services as fiscal agent and the other agents named in it. The fiscal agent, the paying agents, and the calculation agent(s) for the time being (if any) are referred to below respectively as the “**Fiscal Agent**”, the “**Paying Agents**” (which expression shall include the Fiscal Agent), and the “**Calculation Agent(s)**”. The holders of Dematerialised Notes and Materialised Notes, the holders of the interest coupons (the “**Coupons**”) relating to interest bearing Materialised Notes and, where applicable in the case of such Notes, talons for further Coupons (the “**Talons**”) (the “**Couponholders**”) and the holders of the receipts (the “**Receipts**”) for the payment of instalments of principal (the “**Receiptholders**”) relating to Materialised Notes of which the principal is payable in instalments are deemed to have notice of all of the provisions of the Agency Agreement applicable to them. Copies of the Agency Agreement are available for inspection at the specified offices of each of the Paying Agents.

References below to “**Conditions**” are, unless the context requires otherwise, to the numbered paragraphs below.

1 Form, Denomination and Title

- (a) **Form:** Notes may be issued either in dematerialised form (“**Dematerialised Notes**”) or in materialised form (“**Materialised Notes**”).
 - (i) Title to Dematerialised Notes will be evidenced in accordance with Articles L.211-3 and R.211-1 of the French *Code monétaire et financier* (the “**Code**”) by book entries (*inscriptions en compte*). No physical document of title (including *certificats représentatifs* pursuant to Article R.211-7 of the Code) will be issued in respect of the Dematerialised Notes.

Dematerialised Notes are issued, at the option of the Issuer and as specified in the relevant Final Terms (the “**Final Terms**”), in either (i) bearer dematerialised form (*au porteur*) only, in which case they are inscribed in the books of Euroclear France S.A. (acting as central depository) (“**Euroclear France**”) which shall credit the accounts of Account Holders, or (ii) in registered dematerialised form (*au nominatif*) and, in such latter case, at the option of the relevant Noteholder in either administered registered form (*au nominatif administré*) inscribed in the books of an Account Holder or in fully registered form (*au nominatif pur*) inscribed in an account in the books of Euroclear France maintained by the Issuer or the Registration Agent (designated in the relevant Final Terms) acting on behalf of the Issuer (the “**Registration Agent**”).

For the purpose of these Conditions, “**Account Holder**” means any authorised financial intermediary institution entitled directly or indirectly to hold accounts on behalf of its customers with Euroclear France, and includes Euroclear Bank S.A./N.V. (“**Euroclear**”) and the depository bank for Clearstream Banking, société anonyme (“**Clearstream, Luxembourg**”).

- (ii) Materialised Notes are issued in bearer form (“**Materialised Notes**”) in the Specified Denomination(s) shown in the relevant Final Terms. Materialised Notes are serially numbered and are issued with Coupons (and, where appropriate, a Talon) attached, save in the case of Zero Coupon Notes in which case references to interest (other than in relation to interest due after the Maturity Date), Coupons and Talons in these Conditions are not applicable. Instalment Notes are issued with one or more Receipts attached.

In accordance with Article L.211-3 of the Code, securities (such as Notes) which are governed by French law and are in materialised form must be issued outside the French territory.

- (b) **Denomination:** Notes shall be issued in the specified denomination(s) as set out in the relevant Final Terms (the “**Specified Denomination(s)**”) save that the minimum denomination of each Note listed and admitted to trading on a Regulated Market in a Member State of the European Economic Area (“**EEA**”) in circumstances which require the publication of a Base Prospectus under the Prospectus Directive will be Euro 1,000 (or, if the Notes are denominated in a currency other than euro, the equivalent amount in such currency at the issue date) or such other higher amount as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the relevant Specified Currency. Dematerialised Notes shall be issued in one Specified Denomination only.

(c) **Title:**

- (i) Title to Dematerialised Notes in bearer dematerialised form (*au porteur*) and in administered registered form (*au nominatif administré*) shall pass upon, and transfer of such Notes may only be effected through, registration of the transfer in the accounts of Account Holders. Title to Dematerialised Notes in fully registered form (*au nominatif pur*) shall pass upon, and transfer of such Notes may only be effected through, registration of the transfer in the accounts of the Issuer or of the Registration Agent.
- (ii) Title to Materialised Notes in definitive form having, where appropriate, Coupons, Receipt(s) and/or a Talon attached thereto on issue (“**Definitive Materialised Notes**”), shall pass by delivery.
- (iii) Except as ordered by a court of competent jurisdiction or as required by law, the holder (as defined below) of any Note, Receipt, Coupon or Talon shall be deemed to be and may be treated as its absolute owner for all purposes, whether or not it is overdue and regardless of any notice of ownership, trust or an interest in it, any writing on it or its theft or loss and no person shall be liable for so treating the holder.
- (iv) In these Conditions, “**holder of Notes**”, “**holder of any Notes**” or “**Noteholder**” means (i) in the case of Dematerialised Notes, the person whose name appears in the account of the relevant Account Holder or the Issuer or the Registration Agent (as the case may be) as being entitled to such Notes and (ii) in the case of Materialised Notes, the bearer of any Definitive Materialised Note and the Receipts relating to it, and capitalised terms have the meanings given to them in the relevant Final Terms, the absence of any such meaning indicating that such term is not applicable to the Notes.

- (d) **Redenomination:** The Issuer may (if so specified in the relevant Final Terms), without the consent of the holder of any Note, Receipt, Coupon or Talon, by giving at least 30 days' notice in accordance with Condition 14, redenominate, on any Interest Payment Date all, but not some only, of the Notes of any Series into Euro and adjust the aggregate principal amount and the Specified Denomination(s) set out in the relevant Final Terms accordingly on or after the date on which the Member State of the European Union in whose national currency such Notes are denominated has become a participant member in the third stage of the European economic and monetary union (as provided in the Treaty establishing the European Community (the "EC"), as amended from time to time), or events have occurred which have substantially the same effects all as more fully provided in the relevant Final Terms.

2 Conversion and Exchange of Notes

(a) Dematerialised Notes:

- (i) Dematerialised Notes being issued in bearer dematerialised form (*au porteur*) may not be converted into Dematerialised Notes in registered dematerialised form, whether in fully registered form (*au nominatif pur*) or in administered registered form (*au nominatif administré*).
- (ii) Dematerialised Notes issued in registered dematerialised form (*au nominatif*) may not be converted into Dematerialised Notes in bearer dematerialised form (*au porteur*).
- (iii) Dematerialised Notes issued in fully registered form (*au nominatif pur*) may, at the option of the Noteholder, be converted into Notes in administered registered form (*au nominatif administré*), and *vice versa*. The exercise of any such option by such Noteholder shall be made in accordance with Article R.211-4 of the Code. Any such conversion shall be effected at the cost of such Noteholder.

(b) Materialised Notes:

Materialised Notes of one Specified Denomination may not be exchanged for Materialised Notes of another Specified Denomination.

3 Status

- (a) **Status of Unsubordinated Notes:** Unsubordinated Notes (being those Notes the status of which the applicable Final Terms specifies as being Unsubordinated Notes) and, where applicable, the Receipts and Coupons relating to them, constitute direct, unconditional, unsubordinated and (subject to Condition 4) unsecured obligations of the Issuer and rank and will rank *pari passu* and without any preference among themselves and (subject to such exceptions as are from time to time mandatory under French law), equally and rateably with all other present or future unsecured and unsubordinated obligations of the Issuer.

(b) Status of Subordinated Notes:

- (i) The principal and (if the applicable Final Terms so specify) interest on Subordinated Notes (being those Notes the status of which the applicable Final Terms specify as being Subordinated Notes) constitute direct, unconditional and unsecured obligations of the Issuer and (other than in the case of any Deeply Subordinated Notes (as defined to in Condition 3(b)(iii) below)) ("**Ordinary Subordinated Notes**") rank and will rank *pari passu* and rateably without any preference among themselves together with all other unsecured subordinated obligations of the Issuer with the exception of the *prêts participatifs* granted to, and *titres participatifs* and any such Deeply Subordinated Notes issued by, the Issuer. If any judgment is rendered by any competent court declaring the judicial liquidation (*liquidation judiciaire*) of the Issuer or,

following an order of *redressement judiciaire*, the sale of the whole business (*cession totale de l'entreprise*) of the Issuer, or if the Issuer is liquidated for any other reason, the payment obligations of the Issuer under the Subordinated Notes and the Receipts and, if the applicable Final Terms so specify, interest on such Notes shall be subordinated to the payment in full of the unsubordinated creditors of the Issuer and, subject to such payment in full, the holders of the Ordinary Subordinated Notes and the holders of the Receipts and, if the applicable Final Terms specify that the interest payment obligations of the Issuer under such Notes are subordinated, of interest relating to them, will be paid in priority to any *prêts participatifs* granted to, and any *titres participatifs* and any such Deeply Subordinated Notes issued by, the Issuer.

- (ii) In the event of incomplete payment of unsubordinated creditors on the *liquidation judiciaire* of the Issuer, the obligations of the Issuer in connection with the Subordinated Notes and the Receipts and, if the applicable Final Terms specify that the interest payment obligations of the Issuer under such Notes are subordinated, the interest, will be terminated by operation of law.
- (iii) The applicable Final Terms may contain other provisions relating to Subordinated Notes including for the purposes of issuing deeply subordinated notes (“**Deeply Subordinated Notes**”) pursuant to the provisions of Article L.228-97 of the French *Code de commerce*. Such Deeply Subordinated Notes will, unless otherwise provided in the applicable Final Terms rank *pari passu* and rateably amongst themselves and after all other Ordinary Subordinated Notes, *prêts participatifs* and *titres participatifs*.

4 Negative Pledge

So long as any of the Unsubordinated Notes or, if applicable, any Receipts or Coupons relating to them, remain outstanding (as defined in the Agency Agreement), the Issuer will not, and will ensure that none of its Principal Subsidiaries (as defined below) will, create or permit to subsist any mortgage, lien, charge, pledge or other form of security interest (*sûreté réelle*) (“**Security**”) upon any of their respective assets or revenues, present or future, to secure (i) any Relevant Debt (as defined below) or (ii) any guarantee or indemnity in respect of any Relevant Debt unless, at the same time or prior thereto, the Issuer’s obligations under the Notes are equally and rateably secured therewith, except for any Security created by the Issuer over any equity share capital acquired by the Issuer in any company resulting in that company becoming a majority-owned subsidiary of the Issuer after the issue of the Notes for the sole purpose of financing that acquisition and securing principal moneys not exceeding the cost of that acquisition.

For the purposes of this Condition:

- (i) “**Principal Subsidiary**” means at any relevant time a Subsidiary of the Issuer:
 - (a) whose net operating income is at least 10 per cent. of the consolidated net operating income of the Issuer and its consolidated subsidiaries (the “**Consolidated Group**”) or whose total assets amount to at least 10 per cent. of the total consolidated assets of the Consolidated Group, in each case calculated by reference to the latest audited consolidated accounts of the Issuer.
 - (b) to which is transferred all or substantially all the assets and undertakings of a Subsidiary which immediately prior to such transfer is a Principal Subsidiary.
- (ii) “**Relevant Debt**” means any present or future indebtedness for borrowed money in the form of, or represented by, bonds (*obligations*) which are for the time being, or are capable of being, quoted, admitted to trading or ordinarily dealt in on any stock exchange, over-the-counter market or other securities market.

- (iii) “**Subsidiary**” means, in relation to any person or entity at any time, any other person or entity (whether or not now existing) as defined in Article L.233-1 of the French *Code de commerce* or any other person or entity controlling directly or indirectly such person or entity within the meaning of Article L.233-3 of the French *Code de commerce*.

5 Interest and Other Calculations

- (a) **Interest on Fixed Rate Notes:** Each Fixed Rate Note bears interest on its outstanding nominal amount from the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date.

If a Fixed Coupon Amount or a Broken Amount is specified in the relevant Final Terms, the amount of interest payable on each Interest Payment Date will amount to the Fixed Coupon Amount or, if applicable, the Broken Amount so specified and in the case of the Broken Amount will be payable on the particular Interest Payment Date(s) specified in the relevant Final Terms.

- (b) **Interest on Floating Rate Notes and Index Linked Interest Notes:**

- (i) **Interest Payment Dates:** Each Floating Rate Note and Index Linked Interest Note bears interest on its outstanding nominal amount from the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date. Such Interest Payment Date(s) is/are either shown in the relevant Final Terms as Specified Interest Payment Dates or, if no Specified Interest Payment Date(s) is/are shown in the relevant Final Terms, Interest Payment Date shall mean each date which falls the number of months or other period shown in the relevant Final Terms as the Interest Period after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

- (ii) **Business Day Convention:** If any date referred to in these Conditions that is specified to be subject to adjustment in accordance with a Business Day Convention would otherwise fall on a day that is not a Business Day, then, if the Business Day Convention specified is:

- (A) the Floating Rate Business Day Convention or “**FRN Convention**”, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event (x) such date shall be brought to the immediately preceding Business Day and (y) each subsequent such date shall be the last Business Day of the month in which such date would have fallen had it not been subject to adjustment,
- (B) the Following Business Day Convention, such date shall be postponed to the next day that is a Business Day,
- (C) the Modified Following Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought to the immediately preceding Business Day or
- (D) the Preceding Business Day Convention, such date shall be brought to the immediately preceding Business Day.

- (iii) **Rate of Interest for Floating Rate Notes:** The Rate of Interest in respect of Floating Rate Notes for each Interest Accrual Period shall be determined in the manner specified in the relevant Final Terms and the provisions below relating to either ISDA Determination or Screen Rate Determination shall apply, depending upon which is specified in the relevant Final Terms.

(A) ISDA Determination for Floating Rate Notes

Where ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate plus or minus (as indicated in the relevant Final Terms) the Margin (if any). For the purposes of this sub-paragraph (A), “**ISDA Rate**” for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (x) the Floating Rate Option is as specified in the relevant Final Terms;
- (y) the Designated Maturity is a period specified in the relevant Final Terms; and
- (z) the relevant Reset Date is the first day of that Interest Accrual Period unless otherwise specified in the relevant Final Terms.

For the purposes of this sub-paragraph (A), “**Floating Rate**”, “**Calculation Agent**”, “**Floating Rate Option**”, “**Designated Maturity**”, “**Reset Date**” and “**Swap Transaction**” have the meanings given to those terms in the ISDA Definitions.

(B) Screen Rate Determination for Floating Rate Notes

Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent at or about the Relevant Time on the Interest Determination Date in respect of such Interest Accrual Period in accordance with the following:

- (i) if the Primary Source for Floating Rate is a Page, subject as provided below, the Rate of Interest shall be:
- (ii) the Relevant Rate (where such Relevant Rate on such Page is a composite quotation or is customarily supplied by one entity); or
- (iii) the arithmetic mean of the Relevant Rates of the persons whose Relevant Rates appear on that Page,

in each case appearing on such Page at the Relevant Time on the Interest Determination Date;

- (y) if the Primary Source for the Floating Rate is Reference Banks or if sub-paragraph (x)(i) applies and no Relevant Rate appears on the Page at the Relevant Time on the Interest Determination Date or if sub-paragraph (x)(ii) applies and fewer than two Relevant Rates appear on the Page at the Relevant Time on the Interest Determination Date, subject as provided below, the Rate of Interest shall be the arithmetic mean of the Relevant Rates that each of the Reference Banks (as defined below) is quoting to leading banks in the Relevant Financial Centre at the Relevant Time on the Interest Determination Date, as determined by the Calculation Agent; and
- (z) if paragraph (y) above applies and the Calculation Agent determines that fewer than two Reference Banks are so quoting Relevant Rates, subject as provided below, the Rate of Interest shall be the arithmetic mean of the rates per annum

(expressed as a percentage) that the Calculation Agent determines to be the rates (being the nearest equivalent to the Benchmark) in respect of a Representative Amount of the Specified Currency that at least two out of five leading banks selected by the Calculation Agent in the principal financial centre of the country of the Specified Currency or, if the Specified Currency is Euro, in the Euro-zone as selected by the Calculation Agent (the “**Principal Financial Centre**”) are quoting at or about the Relevant Time on the date on which such banks would customarily quote such rates for a period commencing on the Effective Date for a period equivalent to the Specified Duration (I) to leading banks carrying on business in Europe, or (if the Calculation Agent determines that fewer than two of such banks are so quoting to leading banks in Europe) (II) to leading banks carrying on business in the Principal Financial Centre; except that, if fewer than two of such banks are so quoting to leading banks in the Principal Financial Centre, the Rate of Interest shall be the Rate of Interest determined on the previous Interest Determination Date (after readjustment for any difference between any Margin, Rate Multiplier or Maximum or Minimum Rate of Interest applicable to the preceding Interest Accrual Period and to the relevant Interest Accrual Period).

- (iv) **Rate of Interest for Index Linked Interest Notes:** The Rate of Interest in respect of Index Linked Interest Notes for each Interest Accrual Period shall be determined in the manner specified in the relevant Final Terms and interest will accrue by reference to an Index or Formula as specified in the relevant Final Terms.
- (c) **Zero Coupon Notes:** Where a Note the Interest Basis of which is specified to be Zero Coupon is repayable prior to the Maturity Date and is not paid when due, the amount due and payable prior to the Maturity Date shall be the Early Redemption Amount of such Note. As from the Maturity Date, the Rate of Interest for any overdue principal of such a Note shall be a rate per annum (expressed as a percentage) equal to the Amortisation Yield (as defined in Condition 6(b)(i)).
- (d) **Dual Currency Notes:** In the case of Dual Currency Notes, if the rate or amount of interest falls to be determined by reference to a Rate of Exchange or a method of calculating Rate of Exchange, the rate or amount of interest payable shall be determined in the manner specified in the relevant Final Terms.
- (e) **Partly Paid Notes:** In the case of Partly Paid Notes (other than Partly Paid Notes which are Zero Coupon Notes), interest will accrue as aforesaid on the paid-up nominal amount of such Notes and otherwise as specified in the relevant Final Terms.
- (f) **Accrual of Interest:** Interest shall cease to accrue on each Note on the due date for redemption unless, upon due presentation, payment is improperly withheld or refused, in which event interest shall continue to accrue (as well after as before judgement) at the Rate of Interest in the manner provided in this Condition 5 to the Relevant Date (as defined in Condition 8).
- (g) **Margin, Maximum/Minimum Rates of Interest, Instalment Amounts and Redemption Amounts, Rate Multipliers and Rounding:**
 - (i) If any Margin or Rate Multiplier is specified in the relevant Final Terms (either (x) generally, or (y) in relation to one or more Interest Accrual Periods), an adjustment shall be made to all Rates of Interest, in the case of (x), or the Rates of Interest for the specified Interest Accrual Periods, in the case of (y), calculated in accordance with (b) above by adding (if a positive number) or subtracting the absolute value (if a negative

number) of such Margin or multiplying by such Rate Multiplier, subject always to the next paragraph.

- (ii) If any Maximum or Minimum Rate of Interest, Instalment Amount or Redemption Amount is specified in the relevant Final Terms, then any Rate of Interest, Instalment Amount or Redemption Amount shall be subject to such maximum or minimum, as the case may be.
 - (iii) For the purposes of any calculations required pursuant to these Conditions (unless otherwise specified), (x) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up), (y) all figures shall be rounded to seven significant figures (with halves being rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with halves being rounded up), save in the case of Yen, which shall be rounded down to the nearest Yen. For these purposes “unit” means the lowest amount of such currency that is available as legal tender in the country/ies of such currency.
- (h) **Calculations:** The amount of interest payable in respect of any Note for any period shall be calculated by multiplying the product of the Rate of Interest and the outstanding nominal amount of such Note by the Day Count Fraction, unless an Interest Amount (or a formula for its calculation) is specified in respect of such period, in which case the amount of interest payable in respect of such Note for such period shall equal such Interest Amount (or be calculated in accordance with such formula). Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable in respect of such Interest Period shall be the sum of the amounts of interest payable in respect of each of those Interest Accrual Periods.
- (i) **Determination and Publication of Rates of Interest, Interest Amounts, Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts and Instalment Amounts:** As soon as practicable after the relevant time on such date as the Calculation Agent may be required to calculate any rate or amount, obtain any quotation or make any determination or calculation, it shall determine such rate and calculate the Interest Amounts in respect of each Specified Denomination of the Notes for the relevant Interest Accrual Period, calculate the Final Redemption Amount, Early Redemption Amount, Optional Redemption Amount or Instalment Amount, obtain such quotation or make such determination or calculation, as the case may be, and cause the Rate of Interest and the Interest Amounts for each Interest Period and the relevant Interest Payment Date and, if required to be calculated, the Final Redemption Amount, Early Redemption Amount, Optional Redemption Amount or any Instalment Amount to be notified to the Fiscal Agent, the Issuer, each of the Paying Agents, the Noteholders, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are admitted to trading on a stock exchange and the rules of such exchange so require, such exchange as soon as possible after their determination but in no event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification to such exchange of a Rate of Interest and Interest Amount, or (ii) in all other cases, the second Business Day after such determination. Where any Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Condition 5(b)(ii), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 10, the accrued interest and the Rate of Interest payable in respect of the Notes shall nevertheless continue to be calculated as

previously in accordance with this Condition but no publication of the Rate of Interest or the Interest Amount so calculated need be made. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.

- (j) **Definitions:** In these Conditions, unless the context otherwise requires, the following defined terms shall have the meanings set out below:

“**Business Day**” means:

- (i) in the case of a currency other than Euro, a day (other than a Saturday or Sunday) on which commercial banks and foreign exchange markets settle payments in the principal financial centre for such currency; and/or
- (ii) in the case of Euro, a day on which the TARGET system is operating (a “**TARGET Business Day**”); and/or
- (iii) in the case of a currency and/or one or more Business Centres, a day (other than a Saturday or a Sunday) on which commercial banks and foreign exchange markets settle payments in such currency in the Business Centre(s) or, if no currency is indicated, generally in each of the Business Centres.

“**Day Count Fraction**” means, in respect of the calculation of an amount of interest on any Note for any period of time (whether or not constituting an Interest Period, the “Calculation Period”):

- (i) if “**Actual/Actual**” or “**Actual/Actual - ISDA**” or “**Act/Act**” or “**Act/Act - ISDA**” is specified in the relevant Final Terms, the actual number of days in the Calculation Period divided by 365 (or, if any portion of that Calculation Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Calculation Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Calculation Period falling in a non-leap year divided by 365);
- (ii) if “**Actual/365 (Fixed)**” is specified in the relevant Final Terms, the actual number of days in the Calculation Period divided by 365;
- (iii) if “**Actual/360**” is specified in the relevant Final Terms, the actual number of days in the Calculation Period divided by 360;
- (iv) if “**Actual/Actual ICMA**” is specified in the relevant Final Terms:
 - a. if the Calculation Period is equal to or shorter than the Determination Period during which it falls, the number of days in the Calculation Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Periods normally ending in any year; and
 - b. if the Calculation Period is longer than one Determination Period, the sum of:
 - (x) the number of days in such Calculation Period falling in the next Determination Period in which it begins divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Periods normally ending in any year;
 - (y) the number of days in such Calculation Period falling in the next Determination Period divided by the product of (1) the number of days in

such Determination Period and (2) the number of Determination Periods normally ending in any year,

where:

“**Determination Period**” means the period from and including a Determination Date in any year to but excluding the next Determination Date; and

“**Determination Date**” means the date specified herein or, if none is so specified, the Interest Payment Date.

- (v) if “**30/360**” or “**360/360 (Bond Basis)**” is specified in the relevant Final Terms, the number of days in the Calculation Period by 360 calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“**Y₁**” is the year, expressed as a number, in which the first day of the Calculation Period falls;

“**Y₂**” is the year, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

“**M₁**” is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

“**M₂**” is the calendar month, expressed as number, in which the day immediately following the last day included in the Calculation Period falls;

“**D₁**” is the first calendar day, expressed as a number, of the Calculation Period, unless such number would be 31, in which case D₁ will be 30; and

“**D₂**” is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless such number would be 31 and D₁ is greater than 29, in which case D₂ will be 30

- (vi) if “**30E/360**” or “**Eurobond Basis**” is specified in the relevant Final Terms, the number of days in the Calculation Period divided by 360 calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“**Y₁**” is the year, expressed as a number, in which the first day of the Calculation Period falls;

“**Y₂**” is the year, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

“**M₁**” is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

“**M₂**” is the calendar month, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

“**D₁**” is the first calendar day, expressed as a number, of the Calculation Period, unless such number would be 31, in which case **D₁** will be 30; and

“**D₂**” is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless such number would be 31, in which case **D₂** will be 30

- (vii) if “**30E/360 (ISDA)**” is specified hereon, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“**Y₁**” is the year, expressed as a number, in which the first day of the Calculation Period falls;

“**Y₂**” is the year, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

“**M₁**” is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

“**M₂**” is the calendar month, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

“**D₁**” is the first calendar day, expressed as a number, of the Calculation Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case **D₁** will be 30; and

“**D₂**” is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless (i) that day is the last day of February but not the Maturity Date or (ii) such number would be 31, in which case **D₂** will be 30

“**Effective Date**” means, with respect to any Floating Rate to be determined on an Interest Determination Date, the date specified as such in the relevant Final Terms or, if none is so specified, the first day of the Interest Accrual Period to which such Interest Determination Date relates.

“**Euro-zone**” means the region comprised of member states of the European Union that adopt or have adopted the single currency in accordance with the Treaty establishing the EC as amended.

“**Interest Accrual Period**” means the period beginning on (and including) the Interest Commencement Date and ending on (but excluding) the first Interest Period Date and each successive period beginning on (and including) an Interest Period Date and ending on (but excluding) the next succeeding Interest Period Date.

“**Interest Amount**” means the amount of interest payable, and in the case of Fixed Rate Notes, means the Fixed Coupon Amount or Broken Amount, as the case may be.

“**Interest Commencement Date**” means the Issue Date or such other date as may be specified in the relevant Final Terms.

“**Interest Determination Date**” means, with respect to a Rate of Interest and Interest Accrual Period, the date specified as such in the relevant Final Terms or, if none is so specified, (i) the first day of such Interest Accrual Period if the Specified Currency is Sterling or (ii) the day falling two Business Days in London for the Specified Currency prior to the first day of such Interest Accrual Period if the Specified Currency is neither Sterling nor Euro or (iii) the day falling two TARGET Business Days prior to the first day of such Interest Accrual Period if the Specified Currency is Euro.

“**Interest Period**” means the period beginning on (and including) the Interest Commencement Date and ending on (but excluding) the first Interest Payment Date and each successive period beginning on (and including) an Interest Payment Date and ending on (but excluding) the next succeeding Interest Payment Date.

“**Interest Period Date**” means each Interest Payment Date unless otherwise specified in the relevant Final Terms.

“**ISDA Definitions**” means the 2006 ISDA Definitions as published by the International Swaps and Derivatives Association, Inc., unless otherwise specified in the relevant Final Terms.

“**Page**” means such page, section, caption, column or other part of a particular information service (including, but not limited to, Reuters Markets 3000 (“**Reuters**”)) as may be specified for the purpose of providing a Relevant Rate, or such other page, section, caption, column or other part as may replace it on that information service or on such other information service, in each case as may be nominated by the person or organisation providing or sponsoring the information appearing there for the purpose of displaying rates or prices comparable to that Relevant Rate.

“**Rate of Interest**” means the rate of interest payable from time to time in respect of any particular Note and that is either specified or calculated in accordance with the provisions in the relevant Final Terms.

“**Reference Banks**” means the institutions specified as such in the relevant Final Terms or, if none, four major banks selected by the Calculation Agent in the interbank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the benchmark (which, if EURIBOR is the relevant benchmark, shall be the Euro-zone).

“**Relevant Financial Centre**” means, with respect to any Floating Rate to be determined in accordance with a Screen Rate Determination on an Interest Determination Date, the financial centre as may be specified as such in the relevant Final Terms or, if none is so specified, the financial centre with which the relevant Benchmark is most closely connected (which, in the case of EURIBOR, shall be the Euro-zone) or, if none is so connected, London.

“**Relevant Rate**” means the Benchmark for a Representative Amount of the Specified Currency for a period (if applicable or appropriate to the Benchmark) equal to the Specified Duration commencing on the Effective Date.

“**Relevant Time**” means, with respect to any Interest Determination Date, the local time in the Relevant Financial Centre specified in the relevant Final Terms or, if no time is specified, the local time in the Relevant Financial Centre at which it is customary to determine bid and offered rates in respect of deposits in the Specified Currency in the interbank market in the

Relevant Financial Centre or, if no such customary local time exists, 11.00 hours in the Relevant Financial Centre and, for the purpose of this definition, “**local time**” means, with respect to Europe and the Euro-zone as a Relevant Financial Centre, Brussels Time.

“**Representative Amount**” means, with respect to any Floating Rate to be determined in accordance with a Screen Rate Determination on an Interest Determination Date, the amount specified as such in the relevant Final Terms or, if none is specified, an amount that is representative for a single transaction in the relevant market at the time.

“**Specified Currency**” means the currency specified as such in the relevant Final Terms or, if none is specified, the currency in which the Notes are denominated.

“**Specified Duration**” means, with respect to any Floating Rate to be determined in accordance with a Screen Rate Determination on an Interest Determination Date, the duration specified in the relevant Final Terms or, if none is specified, a period of time equal to the relative Interest Accrual Period, ignoring any adjustment pursuant to Condition 5(b)(ii).

“**TARGET System**” means the Trans-European Automated Real-Time Gross Settlement Express Transfer (known as TARGET 2) System which was launched on 19 November 2007 or any successor thereto.

- (k) **Calculation Agent and Reference Banks:** The Issuer shall procure that there shall at all times be four Reference Banks (or such other number as may be required) with offices in the Relevant Financial Centre and one or more Calculation Agents if provision is made for them in the relevant Final Terms and for so long as any Note is outstanding (as defined in the Agency Agreement). If any Reference Bank (acting through its relevant office) is unable or unwilling to continue to act as a Reference Bank, then the Issuer shall appoint another Reference Bank with an office in the Relevant Financial Centre to act as such in its place. Where more than one Calculation Agent is appointed in respect of the Notes, references in these Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under the Conditions. If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent fails duly to establish the Rate of Interest for an Interest Period or Interest Accrual Period or to calculate any Interest Amount, Instalment Amount, Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, or to comply with any other requirement, the Issuer shall appoint a leading bank or investment banking firm engaged in the interbank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the calculation or determination to be made by the Calculation Agent (acting through its principal London office or any other office actively involved in such market) to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid and notice of any such change of Calculation Agent shall promptly be given to the Noteholders in accordance with Condition 14 below.

6 Redemption, Purchase and Options

(a) Redemption by Instalments and Final Redemption:

- (i) Unless previously redeemed, purchased and cancelled as provided in this Condition 6 or the relevant Instalment Date (being one of the dates so specified in the relevant Final Terms) is extended pursuant to any Issuer’s or Noteholder’s option in accordance with Condition 6(d) or 6(e), each Note that provides for Instalment Dates and Instalment Amounts shall be partially redeemed on each Instalment Date at the related Instalment Amount specified in the relevant Final Terms. The outstanding nominal amount of each such Note shall be reduced by the

Instalment Amount (or, if such Instalment Amount is calculated by reference to a proportion of the nominal amount of such Note, such proportion) for all purposes with effect from the related Instalment Date, unless payment of the Instalment Amount is improperly withheld or refused (i) in the case of Dematerialised Notes, on the due date for such payment or (ii) in the case of Materialised Notes, on presentation of the related Receipt, in which case, such amount shall remain outstanding until the Relevant Date relating to such Instalment Amount.

- (ii) Unless previously redeemed, purchased and cancelled as provided below or its maturity is extended pursuant to any Issuer's or Noteholder's option in accordance with Condition 6(d) or 6(e), each Note shall be finally redeemed on the Maturity Date specified in the relevant Final Terms at its Final Redemption Amount (which, unless otherwise provided, is its nominal amount) or, in the case of a Note falling within paragraph (i) above, its final Instalment Amount.

(b) Early Redemption:

(i) Zero Coupon Notes:

- (A) The Early Redemption Amount payable in respect of any Zero Coupon Note, the Early Redemption Amount of which is not linked to an index and/or a formula, upon redemption of such Note pursuant to Condition 6(c) or upon it becoming due and payable as provided in Condition 10 shall be the Amortised Nominal Amount (calculated as provided below) of such Note unless otherwise specified in the relevant Final Terms.
- (B) Subject to the provisions of sub-paragraph (C) below, the “**Amortised Nominal Amount**” of any such Note shall be the scheduled Final Redemption Amount of such Note on the Maturity Date discounted at a rate per annum (expressed as a percentage) equal to the Amortisation Yield (which, if none is shown in the relevant Final Terms, shall be such rate as would produce an Amortised Nominal Amount equal to the issue price of the Notes if they were discounted back to their issue price on the Issue Date) compounded annually.
- (C) If the Early Redemption Amount payable in respect of any such Note upon its redemption pursuant to Condition 6(c) or upon it becoming due and payable as provided in Condition 10 is not paid when due, the Early Redemption Amount due and payable in respect of such Note shall be the Amortised Nominal Amount of such Note as defined in sub-paragraph (B) above, except that such sub-paragraph shall have effect as though the date on which the Note becomes due and payable were the Relevant Date. The calculation of the Amortised Nominal Amount in accordance with this sub-paragraph shall continue to be made (as well after as before judgement) until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the scheduled Final Redemption Amount of such Note on the Maturity Date together with any interest that may accrue in accordance with Condition 5(c).

Where such calculation is to be made for a period of less than one year, it shall be made on the basis of the Day Count Fraction shown in the relevant Final Terms.

- (ii) **Other Notes:** The Early Redemption Amount payable in respect of any Note (other than Notes described in (i) above), upon redemption of such Note pursuant to Condition 6(c) or upon it becoming due and payable as provided in Condition 10, shall be the Final Redemption Amount unless otherwise specified in the relevant Final Terms.

(c) **Redemption for Taxation Reasons:**

- (i) If, by reason of any change in French law, or any change in the official application or interpretation of such law, becoming effective after the Issue Date, the Issuer would on the occasion of the next payment of principal or interest due in respect of the Notes, not be able to make such payment without having to pay additional amounts as specified under Condition 8 below, the Issuer may, at its option, on any Interest Payment Date or, if so specified in the relevant Final Terms, at any time, subject to having given not more than 45 nor less than 30 days' prior notice to the Noteholders (which notice shall be irrevocable) in accordance with Condition 14, redeem all, but not some only, of the Notes at their Redemption Amount together with, unless otherwise specified in the Final Terms, any interest accrued to the date set for redemption provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the latest practicable date on which the Issuer could make payment of principal and interest without withholding for French taxes.
- (ii) If the Issuer would on the next payment of principal or interest in respect of the Notes be prevented by French law from making payment to the Noteholders or, if applicable, Couponholders of the full amount then due and payable, notwithstanding the undertaking to pay additional amounts contained in Condition 8 below, then the Issuer shall forthwith give notice of such fact to the Fiscal Agent and the Issuer shall upon giving not less than seven days' prior notice to the Noteholders in accordance with Condition 14, redeem all, but not some only, of the Notes then outstanding at their Redemption Amount together with, unless otherwise specified in the Final Terms, any interest accrued to the date set for redemption on (A) the latest practicable Interest Payment Date on which the Issuer could make payment of the full amount then due and payable in respect of the Notes, provided that if such notice would expire after such Interest Payment Date the date for redemption pursuant to such notice of Noteholders shall be the later of (i) the latest practicable date on which the Issuer could make payment of the full amount then due and payable in respect of the Notes and (ii) 14 days after giving notice to the Fiscal Agent as aforesaid or (B) if so specified on this Note, at any time, provided that the due date for redemption of which notice hereunder shall be given shall be the latest practicable date at which the Issuer could make payment of the full amount payable in respect of the Notes, Receipts or Coupons or, if that date is passed, as soon as practicable thereafter.

- (d) **Redemption at the Option of the Issuer and Exercise of Issuer's Options and Partial Redemption:** If Call Option is specified in the relevant Final Terms, the Issuer may, on giving not less than 15 nor more than 30 days' irrevocable notice to the Noteholders (or such other notice period as may be specified in the relevant Final Terms) redeem, or exercise any Issuer's Option (as may be described in the relevant Final Terms) in relation to, all or, if so provided, some, of the Notes on any Optional Redemption Date or Option Exercise Date, as the case may be. Any such redemption of Notes shall be at their Optional Redemption Amount together with interest accrued to the date fixed for redemption. Any such redemption or exercise must relate to Notes of a nominal amount at least equal to the minimum nominal amount to be redeemed specified in the relevant Final Terms and no greater than the maximum nominal amount to be redeemed specified in the relevant Final Terms.

All Notes in respect of which any such notice is given shall be redeemed, or the Issuer's Option shall be exercised, on the date specified in such notice in accordance with this Condition.

In the case of a partial redemption or a partial exercise of an Issuer's Option in respect of Materialised Notes, the notice to holders of such Materialised Notes shall also contain the certificate numbers of the Definitive Materialised Notes to be redeemed or in respect of which such option has been exercised, which shall have been drawn in such place and in such manner as may be fair and reasonable in the

circumstances, taking account of prevailing market practices, subject to compliance with any applicable laws and stock exchange requirements.

In the case of a partial redemption of or a partial exercise of an Issuer's option in respect of Dematerialised Notes of any Series, the redemption may be effected, at the option of the Issuer, either (i) by reducing the nominal amount of all such Dematerialised Notes in proportion to the aggregate nominal amount redeemed or (ii) by redeeming in full some only of such Dematerialised Notes and, in such latter case, the choice between those Dematerialised Notes that will be fully redeemed and those Dematerialised Notes that will not be redeemed shall be made in accordance with Article R.213-16 of the Code and the provisions of the relevant Final Terms, subject to compliance with any other applicable laws and stock exchange requirements.

So long as the Notes are admitted to trading on the Regulated Market of the Luxembourg Stock Exchange and the rules of the Luxembourg Stock Exchange so require, the Issuer shall, once in each year in which there has been a partial redemption of the Notes, cause to be published on the website of the Luxembourg Stock Exchange (*www.bourse.lu*) a notice specifying the aggregate nominal amount of Notes outstanding and a list of the Notes drawn for redemption but not surrendered.

- (e) **Redemption at the Option of Noteholders and Exercise of Noteholders' Options:** If Put Option is specified in the relevant Final Terms, the Issuer shall, at the option of the holder of any such Note, upon the holder of such Note giving not less than 15 nor more than 30 days' notice to the Issuer (or such other notice period as may be specified in the relevant Final Terms) redeem such Note on the Optional Redemption Date(s) at its Optional Redemption Amount together with interest accrued to the date fixed for redemption.

To exercise such option or any other Noteholders' Option that may be set out in the relevant Final Terms (which must be exercised on an Option Exercise Date) the holder must deposit with any Paying Agent at its specified office, together with a duly completed option exercise notice ("**Exercise Notice**") in the form obtainable from any Paying Agent within the notice period. In the case of Materialised Notes, the Exercise Notice shall have attached to it the relevant Notes (together with all unmatured Receipts and Coupons and unexchanged Talons). In the case of Dematerialised Notes, the Noteholder shall transfer, or cause to be transferred, the Dematerialised Notes to be redeemed to the account of the Fiscal Agent or the Paying Agent with a specified office in Paris as specified in the Exercise Notice. No option so exercised and, where applicable, no Note so deposited or transferred, may be withdrawn without the prior consent of the Issuer.

- (f) **Redemption at the Option of Noteholders following a Change of Control:** If Change of Control Put Option is specified in the relevant Final Terms, and if at any time while any such Note remains outstanding there occurs a Change of Control of the Issuer and within the Change of Control Period a Rating Downgrade occurs as a result of that Change of Control or as a result of a Potential Change of Control (a "**Put Event**"), then the holder of such Note will have the option (the "**Change of Control Put Option**") (unless, prior to the giving of the Put Event Notice (as defined below), the Issuer gives notice of its intention to redeem such Note under Condition 6(c)) to require the Issuer to redeem or, at the Issuer's option, to procure the purchase of that Note on the Optional Redemption Date (all as defined below) at its principal amount together with (or, where purchased, together with an amount equal to) accrued interest to but excluding the Optional Redemption Date.

A "**Change of Control**" shall be deemed to have occurred at each time that any person or persons acting in concert come(s) to own or acquire(s) (i) more than 50 per cent. of the issued share capital of the Issuer or (b) such number of the shares in the capital of the Issuer carrying more than 50 per cent. of the voting rights.

“**Change of Control Period**” means:

- (i) pursuant to a Change of Control, the period commencing on the date of the public announcement of the result (*avis de résultat*) by the *Autorité des marchés financiers* (the “**AMF**”) of the relevant Change of Control and ending on the date which is 90 days (inclusive) after the date of the public announcement by the AMF of the relevant Change of Control provided that (a) a Rating Downgrade occurs during that period and (b) such Rating Downgrade results from a Change of Control; or
- (ii) pursuant to a Potential Change of Control, the period commencing 180 days prior to the date of the public announcement of the result (*avis de résultat*) by the AMF of the relevant Change of Control and ending on the date of such announcement (inclusive) provided that (a) a Rating Downgrade occurs during that period and (b) such Rating Downgrade results from a Potential Change of Control.

“**Rating Agency**” means Standard & Poor's Rating Services or any other rating agency of equivalent international standing requested from time to time by the Issuer to grant a rating to the Notes and, in each case, their respective successors or affiliates.

A “**Rating Downgrade**” shall be deemed to have occurred in respect of a Change of Control or in respect of a Potential Change of Control if within the Change of Control Period the rating previously assigned to the Notes by any Rating Agency is (x) withdrawn or (y) changed from an investment grade rating (BBB-, or its respective equivalents for the time being, or better) to a non-investment grade rating (BB+, or their respective equivalents for the time being, or worse) or (z) if the rating previously assigned to the Notes by any Rating Agency was below an investment grade rating (as described above), lowered by at least one full rating notch, provided that (i) a Rating Downgrade otherwise arising by virtue of a particular change in rating shall be deemed not to have occurred in respect of a particular Change of Control or Potential Change of Control, as the case may be, if the Rating Agency making the change in rating does not publicly announce or publicly confirm that the reduction was the result of the Change of Control or the Potential Change of Control, as the case may be, and (ii) any Rating Downgrade has to be confirmed in a letter, or other form of written communication, sent to the Issuer and publicly disclosed.

“**Potential Change of Control**” means any public announcement or statement by the Issuer, any actual or potential bidder relating to any potential Change of Control of the Issuer.

Promptly upon the Issuer becoming aware that a Put Event has occurred, the Issuer shall give notice (a “**Put Event Notice**”) to the Noteholders in accordance with Condition 14 specifying the nature of the Put Event and the circumstances giving rise to it and the procedure for exercising the Change of Control Put Option.

To exercise the Change of Control Put Option to require redemption or, as the case may be, purchase of a Note following a Put Event, the holder of that Note must in the case of Dematerialised Notes, transfer or cause to be transferred or, in the case of Materialised Notes, deposit or cause to be deposited such Note (together, if applicable, with all unmatured Receipts and Coupons and unexchanged Talons) with any Paying Agent at its specified office within the period (the “**Put Period**”) of 45 days after the Put Event Notice is given together with a duly signed and completed notice of exercise in the form (for the time being current) obtainable from the specified office of any Paying Agent (as applicable) (a “**Put Option Notice**”) and in which the holder may specify a bank account to which payment is to be made.

The Issuer shall redeem or, at the option of the Issuer, procure the purchase of, the Notes in respect of which the Change of Control Put Option has been validly exercised as provided above, and subject to

the transfer of such Notes to the account of the relevant Paying Agent for the account of the Issuer as described above on the date which is the fifth Business Day following the end of the Put Period (the “**Optional Redemption Date**”). Payment in respect of any Note so transferred will be made in Euro to the holder to the specified Euro-denominated bank account in the Change of Control Put Option Notice on the Optional Redemption Date via the relevant Paying Agent.

- (g) **Partly Paid Notes:** Partly Paid Notes will be redeemed, whether at maturity, early redemption or otherwise, in accordance with the provisions of this Condition and the provisions specified in the relevant Final Terms.
- (h) **Purchases:** The Issuer and any of its Subsidiaries may at any time purchase Notes (provided that, in the case of Materialised Notes, all unmatured Receipts and Coupons and unexchanged Talons relating thereto are attached thereto or surrendered therewith) in the open market or otherwise at any price.
- (i) **Cancellation:** All Notes purchased by or on behalf of the Issuer or any of its Subsidiaries shall (or may, should French law cease to require so) be cancelled, in the case of Dematerialised Notes, by transfer to an account in accordance with the rules and procedures of Euroclear France and, in the case of Materialised Notes, by surrendering each such Materialised Note together with all unmatured Receipts and Coupons and all unexchanged Talons to the Fiscal Agent and, in each case, if so transferred or surrendered, shall, together with all Notes redeemed by the Issuer, be cancelled forthwith (together with, in the case of Dematerialised Notes, all rights relating to payment of interest and other amounts relating to such Dematerialised Notes and, in the case of Materialised Notes, all unmatured Receipts and Coupons and unexchanged Talons attached thereto or surrendered therewith). Any Notes so cancelled or, where applicable, transferred or surrendered for cancellation may not be reissued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.

7 Payments and Talons

- (a) **Dematerialised Notes:** Payments of principal and interest in respect of Dematerialised Notes shall be made (i) in the case of Dematerialised Notes in bearer dematerialised form or administered registered dematerialised form, by transfer to the account denominated in the relevant currency of the relevant Account Holders for the benefit of the relevant Noteholder and (ii) in the case of Dematerialised Notes in fully registered form, to an account denominated in the relevant currency with a Bank designated by the relevant Noteholder. All payments validly made to such Account Holders will constitute an effective discharge of the Issuer in respect of such payments.
- (b) **Materialised Notes:** Payments of principal and interest in respect of Materialised Notes shall, subject as mentioned below, be made against presentation and surrender of the relevant Receipts (in the case of payments of Instalment Amounts other than on the due date for redemption and provided that the Receipt is presented for payment together with its relative Note), Materialised Notes (in the case of all other payments of principal and, in the case of interest, as specified in Condition 7(e)(vi)) or Coupons (in the case of interest, save as specified in Condition 7(e)(vi)), as the case may be, at the specified office of any Paying Agent outside the United States by a cheque payable in the relevant currency drawn on, or, at the option of the holder, by transfer to an account denominated in such currency with, a Bank. “**Bank**” means a bank in the principal financial centre for such currency or, in the case of Euro, in a city in which banks have access to the TARGET System.
- (c) **Payments in the United States:** Notwithstanding the foregoing, if any Materialised Notes are denominated in U.S. dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Materialised Notes in the

manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law, without involving, in the opinion of the Issuer, any adverse tax consequence to the Issuer.

- (d) **Payments Subject to Fiscal Laws:** All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives, but without prejudice to the provisions of Condition 8. No commission or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.
- (e) **Appointment of Agents:** The Fiscal Agent, the Paying Agents, the Calculation Agent, the Redenomination Agent, the Consolidation Agent and the Registration Agent initially appointed by the Issuer and their respective specified offices are listed below. The Fiscal Agent, the Paying Agents, the Redenomination Agent, the Registration Agent and the Consolidation Agent act solely as agents of the Issuer and the Calculation Agent(s) act(s) as independent expert(s) and, in each case, do not assume any obligation or relationship of agency or trust for or with any Noteholder or Couponholder. The Issuer reserves the right at any time to vary or terminate the appointment of the Fiscal Agent, any other Paying Agent, the Redenomination Agent, the Registration Agent, the Consolidation Agent and the Calculation Agent(s), and to appoint additional or other Paying Agents, provided that the Issuer shall at all times maintain (i) a Fiscal Agent, (ii) one or more Calculation Agent(s) where the Conditions so require, (iii) a Redenomination Agent and a Consolidation Agent where the Conditions so require, (iv) Paying Agents having specified offices in at least two major European cities of which, so long as the Notes are admitted to trading on the Regulated Market of the Luxembourg Stock Exchange and the rules of such Regulated Market so require, one shall be Luxembourg, and a Paying Agent having a specified office in a major European city outside France, (v) in the case of Dematerialised Notes in fully registered form, a Registration Agent, (vi) in the case of Materialised Notes, a Paying Agent with a specified office in a European Union member state that will not be obliged to withhold or deduct tax pursuant to European Council Directive 2003/48/EC or any European Union Directive implementing the conclusions of the ECOFIN Council meeting of 26-27 November, 2000 on the taxation of savings income or any law implementing or complying with or introduced in order to conform to such Directive (which may be any of the Paying Agents referred to in (iv) above) and (vii) such other agents as may be required by the rules of any other stock exchange on which the Notes may be listed.

In addition, the Issuer shall forthwith appoint a Paying Agent in New York City in respect of any Materialised Notes denominated in U.S. dollars in the circumstances described in paragraph (c) above.

Notice of any such change or any change of any specified office shall promptly be given to the Noteholders in accordance with Condition 14 below.

- (f) **Unmatured Coupons and Receipts and Unexchanged Talons:**
- (i) Unless Materialised Notes provide that the relative Coupons are to become void upon the due date for redemption of those Notes, Materialised Notes should be surrendered for payment together with all unexpired Coupons (if any) relating thereto, failing which an amount equal to the face value of each missing unexpired Coupon (or, in the case of payment not being made in full, that proportion of the amount of such missing unexpired Coupon that the sum of principal so paid bears to the total principal due) shall be deducted from the Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, due for payment. Any amount so deducted shall be paid in the manner mentioned above against surrender of such missing Coupon within a period of 10 years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 9).

- (ii) If Materialised Notes so provide, upon the due date for redemption of any such Materialised Note, unmatured Coupons relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of them.
 - (iii) Upon the due date for redemption of any Materialised Note, any unexchanged Talon relating to such Note (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.
 - (iv) Upon the due date for redemption of any Materialised Note that is redeemable in instalments, all Receipts relating to such Note having an Instalment Date falling on or after such due date (whether or not attached) shall become void and no payment shall be made in respect of them.
 - (v) Where any Materialised Note that provides that the relative unmatured Coupons are to become void upon the due date for redemption of those Notes is presented for redemption without all unmatured Coupons, and where any such Note is presented for redemption without any unexchanged Talon relating to it, redemption shall be made only against the provision of such indemnity as the Issuer may require.
 - (vi) If the due date for redemption of any Materialised Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be, shall only be payable against presentation (and surrender if appropriate) of the relevant Note representing it, as the case may be. Interest accrued on a Materialised Note that only bears interest after its Maturity Date shall be payable on redemption of such Note against presentation of the relevant Note representing it, as the case may be.
- (g) **Talons:** On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Materialised Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Fiscal Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 9).
- (h) **Non-Business Days:** If any date for payment in respect of any Note, Receipt or Coupon is not a business day, the holder shall not be entitled to payment until the next following business day nor to any interest or other sum in respect of such postponed payment. In this paragraph, “**business day**” means a day (other than a Saturday or a Sunday) (A) (i) in the case of Dematerialised Notes, on which Euroclear France is open for business or (ii) in the case of Materialised Notes, on which banks and foreign exchange markets are open for business in the relevant place of presentation, (B) on which banks and foreign exchange markets are open for business in such jurisdictions as shall be specified as “**Financial Centres**” in the relevant Final Terms and (C) (i) (in the case of a payment in a currency other than Euro) where payment is to be made by transfer to an account maintained with a bank in the relevant currency, on which foreign exchange transactions may be carried on in the relevant currency in the principal financial centre of the country of such currency or (ii) (in the case of a payment in Euro) which is a TARGET Business Day.

8 Taxation

- (a) **Tax exemption:** All payments of principal, interest and other revenues by or on behalf of the Issuer in respect of the Notes shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within France or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law.

- (b) **Additional Amounts:** If French law should require that payments of principal, or interest in respect of any Note, Receipt or Coupon be subject to deduction or withholding in respect of any present or future taxes or duties whatsoever, the Issuer will, to the fullest extent then permitted by law, pay such additional amounts as shall result in receipt by the Noteholders or, if applicable, the Receiptholders or the Couponholders, as the case may be, of such amounts as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable with respect to any Note, Receipt or Coupon, as the case may be:
- (i) **Other connection:** to, or to a third party on behalf of, a Noteholder or, if applicable, a Receiptholder or Couponholder, as the case may be, who is liable to such taxes, duties, assessments or governmental charges in respect of such Note, Receipt or Coupon by reason of his having some connection with the Republic of France other than the mere holding of the Note, Receipt or Coupon; or
 - (ii) **Presentation more than 30 days after the Relevant Date:** in the case of Materialised Notes, more than 30 days after the Relevant Date except to the extent that the Noteholder or, if applicable a Receiptholder or Couponholder, as the case may be, would have been entitled to such additional amounts on presenting it for payment on the thirtieth such day; or
 - (iii) **Payment to individuals:** where such withholding or deduction is imposed on a payment to an individual and is required to be made pursuant to EU Directive 2003/48/EC dated 3 June 2003 or any EU Directive implementing the conclusions of the ECOFIN Council meeting of 26-27 November 2000 on the taxation of savings income or any law implementing or complying with, or introduced in order to conform to, such Directive; or
 - (iv) **Payment by another paying agent:** in respect of Definitive Materialised Notes, presented for payment by or on behalf of a Noteholder or, if applicable, a Receiptholder or Couponholder, as the case may be, who would be able to avoid such withholding or deduction by presenting the relevant Note, Receipt or Coupon to another Paying Agent in a Member State of the EU.

As used in these Conditions, “**Relevant Date**” in respect of any Note, Receipt or Coupon means the date on which payment in respect of it first becomes due or (if any amount of the money payable is improperly withheld or refused) the date on which payment in full of the amount outstanding is made or (if earlier) the date seven days after that on which notice is duly given to the Noteholders that, upon further presentation of the Note, Receipt or Coupon being made in accordance with the Conditions, such payment will be made, provided that payment is in fact made upon such presentation.

References in these Conditions to (i) “**principal**” shall be deemed to include any premium payable in respect of the Notes, all Instalment Amounts, Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts, Amortised Nominal Amounts and all other amounts in the nature of principal payable pursuant to Condition 7 or any amendment or supplement to it, (ii) “**interest**” shall be deemed to include all Interest Amounts and all other amounts payable pursuant to Condition 5 or any amendment or supplement to it and (iii) “**principal**” and/or “**interest**” shall be deemed to include any additional amounts that may be payable under this Condition.

- (c) **Supply of Information:** Each Noteholder shall be responsible for supplying, in a timely manner, any information as may be required in order to comply with the identification and reporting obligations imposed on it by the European Council Directive 2003/48/EC dated 3 June 2003 or any EU Directive implementing the conclusions of the ECOFIN Council Meeting of 26-27 November 2000 on the taxation of savings income or any law implementing or complying with, or introduced in order to conform to such Directive.

9 Prescription

Claims against the Issuer for payment in respect of the Notes, Receipts and Coupons (which for this purpose shall not include Talons) shall be prescribed and become void unless made within 10 years (in the case of principal) or five years (in the case of interest) from the appropriate Relevant Date in respect of them.

10 Events of Default

The Representative (as defined under Condition 11(b)), upon request of any Noteholder, may, upon written notice to the Issuer and the Fiscal Agent given before all defaults shall have been cured, cause the principal amount of all the Notes (but not some only) held by such Noteholder to become immediately due and payable, together with accrued interest thereon, as of the date on which such notice for payment is received by the Fiscal Agent without further formality, if any of the following events (each an “**Event of Default**”) shall occur:

- (a) **Subordinated Notes:** In the case of Subordinated Notes and in accordance with Condition 3(b), (i) if any judgment shall be issued for the judicial liquidation (*liquidation judiciaire*) of the Issuer or if the Issuer is liquidated for any other reason then the Subordinated Notes shall become immediately due and payable, in accordance with Condition 3(b), at their principal amount together with any accrued interest to the date of payment; (ii) in the event of any other events of default as may be set out in the relevant Final Terms.
- (b) **Unsubordinated Notes:** In the case of Unsubordinated Notes:
 - (i) in the event of default by the Issuer in the payment of principal and interest on any Note, when and as the same shall become due and payable, if such default shall not have been cured within 7 business days from such due date;
 - (ii) in the event of default by the Issuer in the due performance of any other provision of the Notes, if such default shall not have been cured within 14 business days after receipt by the Fiscal Agent of written notice of such default given by a Noteholder;
 - (iii) any other present or future indebtedness of the Issuer or any of its Principal Subsidiaries for borrowed monies in excess of Euro 40,000,000 (or its equivalent in any other currency), whether individually or in the aggregate, becomes, following, where applicable, the expiry of any originally applicable grace period, due and payable prior to its stated maturity as a result of a default thereunder, or any such indebtedness shall not be paid when due or, as the case may be, within any originally applicable grace period therefor or any steps shall be taken to enforce any security in respect of any such indebtedness or any guarantee or indemnity given by the Issuer or any of its Principal Subsidiaries for, or in respect of, any such indebtedness of others shall not be honoured when due and called upon;
 - (iv) the Issuer or any of its Principal Subsidiaries, applies for the appointment of a *mandataire ad hoc* under French bankruptcy law or enters into an amicable settlement (*procédure de conciliation*) with its creditors or a judgement is issued for the judicial liquidation (*liquidation judiciaire*) or for a transfer of the whole of the business (*cession totale de l'entreprise*) of the Issuer or any of its Principal Subsidiaries or, to the extent permitted by law, the Issuer or any of its Principal Subsidiaries is subject to any other insolvency or bankruptcy proceedings or the Issuer or any of its Principal Subsidiaries makes any conveyance, assignment or other arrangement for the benefit of its creditors or enters into a composition with its creditors. For the purpose solely of this paragraph, the term “**Principal Subsidiaries**” shall have the same meaning as under Condition 4 hereinabove;

- (v) it is or will become unlawful for the Issuer to perform or comply with any one or more of its obligations under the Notes; or
- (vi) in the event that the Issuer or any of its Principal Subsidiaries ceases to carry on all or a material part of its or their business or other operations, except for the purposes of and following a merger or reorganisation (*fusion, scission* or *apport partiel d'actifs*) (i) on terms approved by the General Meeting of the Noteholders to the extent that French law requires such merger or reorganisation to be submitted for the approval to the General Meeting of the Noteholders or (ii) or in the case of a Principal Subsidiary, whereby the undertaking and assets of the Principal Subsidiary are vested in the Issuer, another of its Principal Subsidiaries or any other Subsidiary which as a result of such merger or reorganisation becomes a Principal Subsidiary.

11 Representation of Noteholders

Except as otherwise provided by the relevant Final Terms, Noteholders will, in respect of all Tranches in any Series, be grouped automatically for the defence of their common interests in a masse (in each case, the “**Masse**”). The Masse will be governed by the provisions of the French *Code de commerce*, and, with respect to Notes issued outside France, with the exception of Articles L.228-48, L.228-59, R.228-63, R.228-67 and R.228-69 subject to the following provisions:

- (a) **Legal Personality:** The Masse will be a separate legal entity and will act in part through a representative (the “**Representative**”) and in part through a general meeting of the Noteholders (the “**General Meeting**”).

The Masse alone, to the exclusion of all individual Noteholders, shall exercise the common rights, actions and benefits which now or in the future may accrue respectively with respect to the Notes.

- (b) **Representative:** The office of the Representative may be conferred on a person of any nationality. However, the following persons may not be chosen as Representatives:
 - (i) the Issuer, the members of its Management Board (*Directoire*), its Supervisory Board (*Conseil de surveillance*), its general managers (*directeurs généraux*), its statutory auditors, or its employees as well as their ascendants, descendants and spouses; or
 - (ii) companies guaranteeing all or part of the obligations of the Issuer, their respective managers (*gérants*), general managers (*directeurs généraux*), members of their Board of Directors (*Conseil d'administration*), Management Board (*Directoire*) or Supervisory Board (*Conseil de surveillance*), their statutory auditors, or employees as well as their ascendants, descendants and spouses; or
 - (iii) companies holding 10 per cent. or more of the share capital of the Issuer or companies having 10 per cent. or more of their share capital held by the Issuer; or
 - (iv) persons to whom the practice of banker is forbidden or who have been deprived of the right of directing, administering or managing an enterprise in whatever capacity.

The names and addresses of the initial Representative of the Masse and its alternate will be set out in the relevant Final Terms. The Representative appointed in respect of the first Tranche of any Series of Notes will be the Representative of the single Masse of all Tranches in such Series.

The Representative will be entitled to such remuneration in connection with its functions or duties as set out in the relevant Final Terms.

In the event of death, retirement or revocation of appointment of the Representative, such Representative will be replaced by another Representative. In the event of the death, retirement or revocation of appointment of the alternate Representative, an alternate will be elected by the General Meeting.

All interested parties will at all times have the right to obtain the names and addresses of the initial Representative and the alternate Representative at the head office of the Issuer and the specified offices of any of the Paying Agents.

- (c) **Powers of the Representative:** The Representative shall (in the absence of any decision to the contrary of the General Meeting) have the power to take all acts of management necessary in order to defend the common interests of the Noteholders.

All legal proceedings against the Noteholders or initiated by them, must be brought by or against the Representative.

The Representative may not interfere in the management of the affairs of the Issuer.

- (d) **General Meeting:** A General Meeting may be held at any time, on convocation either by the Issuer or by the Representative. One or more Noteholders, holding together at least one-thirtieth of the principal amount of the Notes outstanding, may address to the Issuer and the Representative a demand for convocation of the General Meeting, together with the proposed agenda for such General Meeting. If such General Meeting has not been convened within two months after such demand, the Noteholders may commission one of their members to petition a competent court in Paris to appoint an agent (*mandataire*) who will call the General Meeting.

Notice of the date, time, place and agenda of any General Meeting will be published as provided under Condition 14 not less than 15 days prior to the date of such General Meeting.

Each Noteholder has the right to participate in a General Meeting in person, by proxy, correspondence, or, if the *statuts* of the Issuer so specify, videoconference or any other means of telecommunications allowing the identification of the participating Noteholders. Each Note carries the right to one vote or, in the case of Notes issued with more than one Specified Denomination, one vote in respect of each multiple of the lowest Specified Denomination comprised in the principal amount of the Specified Denomination of such Note.

- (e) **Powers of the General Meetings:** The General Meeting is empowered to deliberate on the dismissal and replacement of the Representative and the alternate Representative and also may act with respect to any other matter that relates to the common rights, actions and benefits which now or in the future may accrue with respect to the Notes, including authorising the Representative to act at law as plaintiff or defendant.

The General Meeting may further deliberate on any proposal relating to the modification of the Conditions including any proposal, whether for arbitration or settlement, relating to rights in controversy or which were the subject of judicial decisions, it being specified, however, that the General Meeting may not increase the liabilities (*charges*) to Noteholders, nor establish any unequal treatment between the Noteholders, nor to decide to convert Notes into shares.

General Meetings may deliberate validly on first convocation only if Noteholders present or represented hold at least a fifth of the principal amount of the Notes then outstanding. On second convocation, no quorum shall be required. Decisions at meetings shall be taken by a two-third majority of votes cast by Noteholders attending such General Meetings or represented thereat.

In accordance with Article R.228-71 of the French *Code de commerce*, the rights of each Noteholder to participate in General Meetings will be evidenced by the entries in the books of the relevant Account Holder of the name of such Noteholder on the third business day in Paris preceding the date set for the meeting of the relevant General Meeting at 0:00, Paris time.

Decisions of General Meetings must be published in accordance with the provisions set forth in Condition 14.

- (f) **Information to Noteholders:** Each Noteholder or Representative thereof will have the right, during the 15-day period preceding the holding of each General Meeting, to consult or make a copy of the text of the resolutions which will be proposed and of the reports which will be presented at the General Meeting, all of which will be available for inspection by the relevant Noteholders at the registered office of the Issuer, at the specified offices of any of the Paying Agents and at any other place specified in the notice of the General Meeting.
- (g) **Expenses:** The Issuer will pay all expenses relating to the operation of the Masse, including expenses relating to the calling and holding of General Meetings and, more generally, all administrative expenses resolved upon by the General Meeting, it being expressly stipulated that no expenses may be imputed against interest payable under the Notes.
- (h) **Single Masse:** The holders of Notes of the same Series, and the holders of Notes of any other Series which have been assimilated with the Notes of such first mentioned Series in accordance with Condition 13, shall, for the defence of their respective common interests, be grouped in a single Masse. The Representative appointed in respect of the first Tranche of any Series of Notes will be the Representative of the single Masse of all such Series.

12 Replacement of definitive Notes, Receipts, Coupons and Talons

If, in the case of any Materialised Notes, a Definitive Materialised Note, Receipt, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws, regulations and stock exchange regulations, at the specified office of the Fiscal Agent or such other Paying Agent as may from time to time be designated by the Issuer for the purpose and notice of whose designation is given to Noteholders, in each case on payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence, security and indemnity (which may provide, *inter alia*, that if the allegedly lost, stolen or destroyed Definitive Materialised Note, Receipt, Coupon or Talon is subsequently presented for payment or, as the case may be, for exchange for further Coupons, there shall be paid to the Issuer on demand the amount payable by the Issuer in respect of such Definitive Materialised Notes, Receipts, Coupons or further Coupons) and otherwise as the Issuer may require. Mutilated or defaced Definitive Materialised Notes, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

13 Further Issues and Consolidation

The Issuer may from time to time without the consent of the Noteholders, Receiptholders or Couponholders create and issue further notes to be assimilated (*assimilées*) with the Notes provided such Notes and the further Notes carry rights identical in all respects (or in all respects save for the principal amount thereof and the first payment of interest specified in the Final Terms) and that the terms of such Notes provide for such assimilation, and references in these Conditions to “Notes” shall be construed accordingly.

The Issuer may from time to time on any Interest Payment Date occurring on or after the date specified for a redenomination of the notes pursuant to Condition 1(d), on giving not less than 30 days’ prior notice to the Noteholders in accordance with Condition 14, without the consent of the Noteholders or the Couponholders, consolidate the Notes with one or more issues of other notes issued by it, whether or not originally issued in one of the European national currencies or in Euro, provided such other notes have been redenominated in

Euro (if not originally denominated in Euro) and which otherwise have, in respect of all periods subsequent to such consolidation, the same terms and conditions as the Notes.

14 Notices

- (a) Notices to the holders of Dematerialised Notes in registered form (*au nominatif*) shall be valid if either, (i) they are mailed to them at their respective addresses, in which case they will be deemed to have been given on the fourth weekday (being a day other than a Saturday or a Sunday) after the mailing, or, (ii) they are published at the option of the Issuer (a) so long as such Notes are listed on the official list of the Luxembourg Stock Exchange and admitted to trading on the Regulated Market of the Luxembourg Stock Exchange and the rules of the Luxembourg Stock Exchange so permit, on the website of the Luxembourg Stock Exchange (www.bourse.lu) or, (b) in a leading daily newspaper with general circulation in Europe (which is expected to be the *Financial Times*) and so long as such Notes are listed and admitted to trading on any stock exchange including any Regulated Market and the rules of such stock exchange(s) so require, in a leading daily newspaper with general circulation in the city/ies where the stock exchange(s) on which such Notes are listed and admitted to trading is located, which in the case of the Luxembourg Stock Exchange is expected to be the *Luxemburger Wort*.
- (b) Notices to the holders of Materialised Notes and Dematerialised Notes in bearer form (*au porteur*) shall be valid if published at the option of the Issuer (i) so long as such Notes are listed on the official list of the Luxembourg Stock Exchange and admitted to trading on the Regulated Market of the Luxembourg Stock Exchange and the rules of the Luxembourg Stock Exchange so permit, on the website of the Luxembourg Stock Exchange (www.bourse.lu), or (ii) in a daily leading newspaper with general circulation in Europe (which is expected to be the *Financial Times*) and so long as such Notes are listed and admitted to trading on any stock exchange including any Regulated Market, in a leading daily newspaper with general circulation in the city/ies where the stock exchange(s) on which such Notes are listed and admitted to trading is located, which, in the case of the Luxembourg Stock Exchange, is expected to be the *Luxemburger Wort*.
- (c) If any such publication is not practicable, notice shall be validly given if published in another leading daily English language newspaper with general circulation in Europe. Any such notice shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the date of the first publication as provided above. Couponholders shall be deemed for all purposes to have notice of the contents of any notice given to the holders of Materialised Notes in accordance with this Condition.

Notices required to be given to the holders of Dematerialised Notes (whether in registered or in bearer form) pursuant to these Conditions may be given by delivery of the relevant notice to Euroclear France, Euroclear, Clearstream, Luxembourg and any other clearing system through which the Notes are for the time being cleared in substitution for the mailing and publication of a notice required by Conditions 14(a) and (b) above; except that (i) (a) so long as such Notes are listed on the official list of the Luxembourg Stock Exchange and admitted to trading on the Regulated Market of the Luxembourg Stock Exchange and the rules of the Luxembourg Stock Exchange so permit, notices shall also be published on the website of the Luxembourg Stock Exchange (www.bourse.lu), or (b) so long as the Notes are listed and admitted to trading on any Regulated Market(s) and the rules of such Regulated Market(s) so require, notices shall be published in a leading daily newspaper of general circulation in the city/ies where the Regulated Market(s) on which such Notes are listed and admitted to trading is located, which, in the case of the Luxembourg Stock Exchange, is expected to be the *Luxemburger Wort*, and (ii) notices relating to the convocation and decision(s) of the General Meetings pursuant to Condition 11 shall also be published (a) so long as such Notes are listed on the official list of the Luxembourg Stock Exchange and admitted to trading on the Regulated Market of the Luxembourg Stock

Exchange and the rules of the Luxembourg Stock Exchange so permit, on the website of the Luxembourg Stock Exchange (www.bourse.lu), or (b) in a leading daily newspaper of general circulation in Europe.

15 Governing Law and Jurisdiction

- (a) **Governing Law:** The Notes (and, where applicable, the Receipts, the Coupons and the Talons) and all non-contractual obligations arising out of or in connection with them, are governed by, and shall be construed in accordance with, French law.
- (b) **Jurisdiction:** Any claim against the Issuer in connection with any Notes, Receipts, Coupons or Talons may be brought before any competent court located in Paris.

TEMPORARY GLOBAL CERTIFICATES ISSUED IN RESPECT OF MATERIALIZED NOTES

Temporary Global Certificate

A Temporary Global Certificate, without interest Coupons, will initially be issued in connection with Materialised Notes. Upon the initial deposit of such Temporary Global Certificate with a common depositary for Euroclear and Clearstream, Luxembourg (the “**Common Depositary**”), Euroclear or Clearstream, Luxembourg will credit each subscriber with a nominal amount of Notes equal to the nominal amount thereof for which it has subscribed and paid.

The Common Depositary may also (if indicated in the relevant Final Terms) credit the accounts of subscribers with other clearing systems through direct or indirect accounts with Euroclear and Clearstream, Luxembourg held by such other clearing systems with a nominal amount of Notes. Conversely, a nominal amount of Notes that is initially deposited with any clearing system other than Euroclear or Clearstream, Luxembourg may similarly be credited to the accounts of subscribers with Euroclear or Clearstream, Luxembourg.

Exchange

Each Temporary Global Certificate issued in respect of Notes will be exchangeable, free of charge to the holder, on or after its Exchange Date (as defined below):

- (i) if the relevant Final Terms indicates that such Temporary Global Certificate is issued in compliance with the C Rules or in a transaction to which TEFRA is not applicable (as to which, see “**Subscription and Sale**”), in whole, but not in part, for Definitive Materialised Notes; and
- (ii) otherwise, in whole but not in part, upon certification as to non-US beneficial ownership in the form set out in the Agency Agreement for Definitive Materialised Notes.

A Noteholder must exchange its share of the Temporary Global Certificate for Materialised Notes before interest or any amount payable in respect of the Notes will be paid.

Delivery of Definitive Materialised Notes

On or after its Exchange Date, the holder of the Temporary Global Certificate must surrender such Temporary Global Certificate to or to the order of the Fiscal Agent. In exchange for the Temporary Global Certificate so surrendered, the Issuer will deliver, or procure the delivery of, an equal aggregate nominal amount of duly executed and authenticated Definitive Materialised Notes.

In this Base Prospectus, “Definitive Materialised Notes” means, in relation to any Temporary Global Certificate, the Definitive Materialised Notes for which such Temporary Global Certificate may be exchanged (if appropriate, having attached to them all Coupons and Receipts in respect of interest or Instalment Amounts that have not already been paid on the Temporary Global Certificate and a Talon). Definitive Materialised Notes will be security printed in accordance with any applicable legal and stock exchange requirements in, or substantially in, the form set out in Schedule 2 Part A to the Agency Agreement.

Exchange Date

“**Exchange Date**” means, in relation to a Temporary Global Certificate, the day next succeeding the day that is 40 days after its issue date, provided that, in the event any further Materialised Notes are issued prior to such day pursuant to Condition 13, the Exchange Date for such Temporary Global Certificate shall be postponed to the day falling after the expiry of 40 days after the issue of such further Materialised Notes.

USE OF PROCEEDS

The net proceeds of the issue of Notes will be used for the general business of Schneider Electric.

DESCRIPTION OF SCHNEIDER ELECTRIC S.A.

1 Information about the Company

1.1 History and development of the Company

Schneider Electric is a *Société Anonyme* (joint-stock corporation) governed by the French Code de commerce, with issued share capital of Euro 2,141,526,608. Since 3 May 2006, it has a two-tier management structure, with a Supervisory Board and a Management Board. Its head office is located at 35, rue Joseph Monier - 92500 Rueil-Malmaison, France (telephone number: +33 (0)1 41 29 70 00).

The Company is registered in Nanterre under no. 542 048 574, business identifier code (APE) 7010Z.

The Company was founded in 1871. Its term is up to 1 July 2031. The Company, which was called Spie Batignolles, changed its name to Schneider S.A. when it merged with Schneider SA (formerly SPEP) in 1995, and then to Schneider Electric SA in May 1999.

As stated in article 3 of the bylaws, the Company has the following objectives, directly or indirectly, in any form, in France and elsewhere:

- (i) the design, development and sale of products, equipment and solutions related to the metering, management and use of energy in all its forms and delivering reliability, efficiency and productivity, in particular through the pursuance, whether by creating, acquiring or otherwise, of all activities related to:
 - electrical equipment manufacturing, electrical distribution and secured power supply;
 - building control, automation and safety;
 - industrial control and automation, including software;
 - management of all types of data centres, networks, equipment and other infrastructure.
- (ii) the acquisition, purchase, sale and use of any intellectual or industrial property rights relative to these industries.
- (iii) involvement in any way in any enterprise, company or consortium, whatever the type, undertaking activities related to the Company's business or such as to encourage its industry and commerce, and, more generally, all industrial, commercial and financial, real estate and assets operations related directly or indirectly in any way to the above objective.

The Company may perform any operations that fall within the scope of its objectives either alone for its own benefit or on behalf of third parties, either by having an interest in, or by the purchase, subscription, contribution or exchange of company shares, partnership shares and the purchase of any company, irrespective of their type, in pursuance of a similar or related objective, or such as to encourage its extension or development.

Schneider Electric's fiscal year runs from 1 January to 31 December.

The bylaws, minutes of Shareholders' Meetings, auditors' reports and other legal documents concerning the Company are available for consultation at the Company's head office (Management Board Secretariat) located at 35, rue Joseph Monier- 92500 Rueil-Malmaison, France.

The bylaws, regulated information, Registration Document, sustainable development reports, calls to meetings and other documents are also available on the corporate website of the Company (www.schneider-electric.com).

Selected Financial Information

(in millions of euros except for earnings per share)

	Year ending 31 December	
	2009	2008
Revenue	15,793	18,311
EBITAR* before one-off gain**	2,044	2,937
Profit before tax	1,208	2,266
Profit for the period	894	1,723
<ul style="list-style-type: none"> • attributable to holders of the parent 	852	1,682
<ul style="list-style-type: none"> • attributable to minority interests 	42	41
Basic earnings per share	3.43	7.02
Diluted earnings per share	3.43	7.00
Total assets	25,649	24,807
Total non-current assets	15,918	16,029
Total current assets	9,731	8,778
Total liabilities	25,649	24,807
Total shareholder's equity	11,757	10,906

* EBITAR corresponds to operating profit before amortisation and impairment of purchase accounting intangible assets, before goodwill impairment and before restructuring costs.

** One-off gain in 2009 of Euro 92m related to a US pension curtailment.

1.2 Investments

Investments made in 2009

Energy efficiency

On 4 June 2009, Schneider Electric announced the acquisition of Conzerv Systems, the recognised leader in the Indian energy efficiency market, notably among industrial and commercial end users, with 2008 revenue of more than Euro 10 million. This move significantly strengthens Schneider Electric's ability to take advantage of opportunities in India's buoyant energy efficiency market and extends its energy metering and management line up for international markets.

Critical Power

On 22 June 2009, Schneider Electric announced the acquisition of Microsol Tecnologia, a Brazilian manufacturer of UPS systems, voltage regulators and accessories for power protection with 2008 revenue of BRL65 million (around Euro 24 million). This acquisition strengthens Schneider Electric's

presence in Brazil, reinforces its leadership position in the local critical power market, and expands its product and solution development capability specifically for the Brazilian market.

On 6 August 2009, Schneider Electric announced the acquisition of Meher Capacitors, leader in the Indian Power factor correction market, from Meher Group.

Investments made since 31 December 2009

Cimac

On 21 January 2010, Schneider Electric announced the signature of an agreement to acquire Cimac, the leading systems integrator for industrial automation solutions in the Persian Gulf region. Cimac has more than 400 employees and generates revenue of more than Euro 40 million. The completion of the transaction occurred during the second half of January 2010.

Electronic security systems integration business of Zicom Electronic Security Systems Limited

On 5 March 2010, Schneider Electric announced that it has signed an agreement with Zicom Electronic Security Systems Limited to acquire the assets of their electronic security systems integration business, namely the Building Solutions Group and the Special Projects Group. The business recorded revenues of approx. Euro 30 million in fiscal year 2009 and has a headcount of about 200. The transaction excludes Zicom's other group companies, such as the retail business and Dubai-based joint-venture.

Zicom is the largest independent electronic security systems integrator in India. It has completed to date more than 1,000 projects in infrastructure (city surveillance, railways, airports etc.), government facilities, commercial buildings and high-end hotels where it enjoys strong market positions.

The completion of the transaction occurred at the end of April 2010.

SCADAgroup

On 13 April 2010, Schneider Electric announced that it has signed an agreement to acquire SCADAgroup, an Australian based leading provider of telemetry products and solutions for the water and waste-water, oil & gas and electric power end-market segments. Telemetry is a key technology that allows the remote measurement, monitoring, control and data transfer of infrastructures scattered over a wide area or that are hard to access.

SCADAgroup has operations throughout North America, the UK and Australia and employs over 500 staff. It is expected to generate revenues in excess of AU\$110 million (approx. Euro 75 million) for the current fiscal year ending in June 2010.

The company provides a complete portfolio of products and solutions for telemetry applications including:

- a SCADA software allowing consolidation and monitoring of key information on the process
- communication devices using radio for the transmission of information
- a wide offer of remote terminal units (RTU) that collect and consolidate information from the field
- wireless sensors to monitor key variables such as flow, temperature and pressure

In addition, the company has strong project execution capabilities and provides its customers with high valued-added services which represent an important part of its revenues.

Through this acquisition, Schneider Electric further reinforces its presence in the water, waste-water, and oil & gas segments. With SCADAgroup, it acquires technologies and product offers to be pushed through its channels, and execution and service capabilities that are complementary to its own in these segments.

Water, waste-water, and oil & gas are among the key market segments targeted by Schneider Electric and for which best levels of energy efficiency are achieved with integrated solutions combining industry automation and power.

The completion of the transaction occurred during the second half of April. The purchase price of the transaction, expressed as an enterprise value, is AU\$200 million (approx. Euro 140 million), or 11 times fiscal 2010e EBITA.

Areva Distribution

Alstom and Schneider Electric proceeded on 7 June 2010 with the closing of the transaction with Areva for the acquisition of Areva T&D, its transmission and distribution businesses, after obtaining the approvals of the relevant competition authorities and the France's Holdings & Transfers Committee (CPT).

A consortium agreement was signed by the two partners in November 2009 for the purpose of this joint acquisition. The price paid for Areva T&D's shares amounted to EUR 2.29 billion. The net financial debt of Areva T&D was about EUR 0.89 billions as of 31 December 2009 (including 0.24 billions of external gross debt).

This transaction was fully financed with available cash.

The consortium agreement sets out the transfer of the Transmission business (about two thirds of the total) to Alstom and of the Distribution business (about one third) to Schneider Electric, as well as the ways under which they will be managed. The agreement allows both acquirers to immediately assume separate operational responsibility of each of these businesses.

Alstom and Schneider Electric will also develop cooperation between the Transmission and Distribution businesses, via commercial and license agreements. R&D agreements will be put in place for the development of innovating technologies to the benefit of both companies.

Principal future investments on which the Company's management bodies have already made firm commitments

Mandatory offer for 20% of the share capital of Areva T&D India Ltd

The acquisition by Alstom and Schneider Electric in consortium of Areva T&D will lead to an indirect acquisition of 72.18% of the share capital of Areva T&D India, a company listed on the Bombay Stock Exchange, the National Stock Exchange of India and the Calcutta Stock Exchange. Areva T&D India Ltd. is a market leader in India with sales of around Euro 500 million in 2009.

In anticipation of this indirect change of control of Areva T&D India and in accordance with Indian Takeover regulations, Alstom and Schneider Electric have announced on 28 May 2010 a mandatory tender offer, subject to receipt of necessary Indian regulatory approvals, to acquire up to 20% of the share capital of Areva T&D India Ltd. from its public shareholders, at an offer price which is equal to the minimum floor price in accordance with the Indian Takeover Regulations.

With this operation, Alstom and Schneider Electric will be able to strengthen their control over these activities which are well-positioned to take advantage of the opportunities offered by the sharply growing Indian power market.

This transaction will be fully financed with available cash.

2 Business Overview

2.1 Main Activities

As a global specialist in energy management with operations in more than 100 countries, Schneider Electric offers integrated solutions across multiple market segments that make energy safe, reliable, efficient, productive and green. The Group enjoys leadership positions in energy and infrastructure, industry, buildings and data centres & networks, as well as a broad presence in residential applications.

Electrical distribution

Number 1 worldwide in low voltage

Number 3 worldwide in medium voltage

Number 1 worldwide in energy monitoring and control

Number 2 worldwide in installation systems and control

Schneider Electric's Power solutions transform and manage high voltage electricity from the distribution grid. The medium voltage power is then transformed into low voltage power for delivery to end users. The line up includes a very wide range of circuit breakers, transformers, and busbar trunking for industrial, commercial and residential buildings.

Solutions for the residential market include lighting and heating management devices (sockets, switches, drives, thermostats, etc.), control systems for doors, gates and shutters; security, fire alarm and intruder alert systems; and Voice-Data-Image networks that bring phone, TV and Internet capabilities into every room.

As concerns recent strategic transactions, Schneider Electric and Fuji Electric Holdings signed a joint venture agreement in electrical distribution and industrial control in August 2008 to serve Japan, China and other Asian markets.

With the 2008 acquisition of Canada-based Xantrex, a world leader in inverters for solar and wind power installations, the Group added to its stature as a major player in renewable energy solutions.

On 20 January 2010, Alstom and Schneider Electric announced the signature of an agreement with Areva concerning the acquisition of Areva T&D, with the intention of transferring the Transmission business to Alstom and the Distribution business to Schneider Electric. By combining its medium voltage operations with Areva's Distribution activities, Schneider Electric would become a world class player in medium voltage and electrical distribution automation systems. The Group would be able to step up its strategy and act more effectively to seize opportunities in the fast-growing energy management market. Ultimately, it would create a new Energy business.

Critical power and cooling services

Number 1 worldwide in critical power and cooling services

Critical power and cooling services target the growing number of industries-notably those involved in information technology and finance-that require a reliable energy supply and impeccable quality at all times. There is huge demand in both mature and emerging economies for products, services and solutions that are innovative, easy to use and effective.

The February 2007 acquisition of American Power Conversion (APC) allowed Schneider Electric to expand even further in this market and become the world leader. By combining APC with subsidiary

MGE UPS Systems, a Group member since 2004, Schneider Electric has put together an unparalleled portfolio of products and services and gained unrivalled geographic exposure and sales channels-plus the possibility of leveraging the two units' powerful innovation capabilities.

In June 2009, Schneider Electric moved to the top of the Brazilian critical power and cooling services market by acquiring Microsol Tecnologia, a local UPS manufacturer. This move has increased the Group's capabilities for developing specific products and solutions for the Brazilian and South American markets.

Automation & industrial control

Number 1 worldwide in industrial control

Number 3 worldwide in industrial automation

Schneider Electric has constantly strengthened its presence in automation and industrial control. The Group has pursued an active policy of partnerships and acquisitions to broaden its line up, which comprises speed drives, human-machine interface (HMI) terminals, supervision, control and data acquisition (SCADA) software, packaging machine automation systems and motion control solutions.

Schneider Electric supplies programmable logic controllers and automation platforms, as well as specialized configuration, programming, operating assistance and supervision software.

Its vast industrial control line up ranges from contactors, overload relays and motor circuit breakers to speed drives, motion controllers, sensors, control units and operator terminals. The 2008 acquisition of RAM Industries extended Schneider Electric's catalog of products and solutions for OEMs.

Building automation and security systems

Number 4 worldwide in building automation

Number 1 worldwide in video security systems

In the past five years, Schneider Electric has created one of the world's leading players in this market.

The Group has put together a comprehensive, innovative range of automation solutions backed by design and supervision software to manage building utilities. The range is based on open, integrated systems that address operators' real needs. These solutions make it possible to optimise installations, modernize them cost effectively, reduce maintenance costs and energy consumption and enhance comfort and security.

In October 2007, Schneider Electric strengthened the security side of the business by acquiring Pelco, a worldwide leader in the design, development and manufacture of video security systems.

CST Business

Schneider Electric offers the market's broadest line up of customised sensors, with leadership positions in angular speed sensors (number one worldwide in leading-edge quartz gyro technology), and in position and pressure sensors for the automobile, aeronautic and manufacturing industries.

Services

Customers are looking for increasingly effective solutions that meet their performance and reliability needs. When it comes to services, local presence is a major strength.

Around the world, Schneider Electric's 6,000 Services Experts listen carefully to customers' specific needs and, as long-term partners, offer a single, comprehensive line up of life cycle services. These include:

- **audits and consulting:** (engineering, installation and energy audits, energy efficiency solutions, etc.);
- **solutions engineering:** (project deployment and management, site upgrades, tailored projects for critical applications, process simulations, energy management, etc.);
- **installed base services:** (troubleshooting and repairs, maintenance and renovations to enhance the reliability of existing equipment and processes);
- **job training:** personalized or general at the customer's site, in one of the Group's fifty training centres or online through Energy University by Schneider Electric.

Schneider Electric's ability to industrialise services offers customers guaranteed results, thanks to its:

- knowledge of applications and factory floor reality in fast-changing industries;
- practical, innovative contracts that leverage leading-edge technologies;
- ongoing support, from the initial assessment of needs and constraints to project completion.

Schneider Electric has what it takes to provide safe, reliable and efficient services that help customers enhance performance throughout their installations' life cycle.

Energy efficiency solutions

Taken together, industry, infrastructure and buildings account for more than half of the world's energy consumption. At a time when energy use is growing exponentially, when CO₂ emissions must be drastically reduced and when the cost of energy is constantly rising, energy efficiency is clearly of critical importance. To reduce energy's cost and environmental impact, it is urgent that we learn how to use it more efficiently and manage its cost and related pollution more effectively.

In 2005, Schneider Electric launched an energy efficiency programme to focus all of its talent on this issue. Thanks to this major strategic initiative, the Group now has the know-how, skills and technologies to meet the energy challenge of the 21st century.

The Group offers products and solutions that can deliver energy savings of up to 30% without compromising on safety, comfort, performance or reliability. Schneider Electric's line up for this market comprises solutions for energy audits and metering (to establish a baseline and assess the potential for energy savings), management of fundamentals (low energy use devices, current control and reliability), automation (to manage building utilities, electricity use, motors and lighting), and monitoring (surveillance and consulting).

To help customers preserve, optimise and renew their energy sources, Schneider Electric:

- joined the Energy Management Company Association (EMCA) and China Building Electricity Efficiency Committee (CBEEC) in 2007;
- became a member of the Alliance To Save Energy in 2008. This international organisation, founded in 1977, brings together corporate leaders, politicians, environmental protection advocates and consumers with the goal of promoting energy efficiency worldwide to achieve a healthier economy, a cleaner environment, and greater energy security.

In 2009, Schneider Electric acquired Conzerv Systems, the recognised leader in the Indian energy efficiency market, notably among industrial and commercial end users. This move has significantly strengthened the Group's ability in India to take advantage of opportunities in the promising energy efficiency market and extended its energy metering and management line up for international markets.

This document provides information on Schneider Electric's businesses and competitive position in 2009. To the best of the Group's knowledge, no exhaustive report has been drafted on products and systems for electrical distribution, automation and control. The Group has compiled data on its businesses through formal and informal contacts with industry professionals, especially trade associations. Schneider Electric estimates its market positions based on this data and actual revenue in each business.

2.2 Significant new products and solutions

On 20 November 2009, Schneider Electric announced the debut of its EcoStruxure™ solution architecture, which unites its unique expertise in power, data centres, process and machines, building control, and physical security to enable intelligent energy management solutions for customers seeking to optimise energy efficiency across their businesses.

On 15 May 2009, Schneider Electric inaugurated the Vinon-sur-Verdon Solar Park in southeastern France, in partnership with SolaireDirect and Caisse des Dépôts. With this solar farm, Schneider Electric sets the standard for safe, reliable, efficient, productive, green energy. The Group's ability to offer an array-to-grid solution and related services to manage and convert the electricity produced by the photovoltaic modules and feed it to the grid makes Schneider Electric the only market operator to provide end-to-end management of solar array intelligence.

On 17 June 2009, Schneider Electric unveiled a programme deploying its full range of skills and competencies to provide access to renewable energies to residents of Marovato, Madagascar. To carry out this project, the Group forged an innovative partnership with businesses, associations and residents within an association. Schneider Electric and its partners developed a dedicated solution tailored to the nature and size of the project. The solution's components ensure that the system operates smoothly, at top efficiency, and protect the solar installation.

On 13 February 2009, Schneider Electric and Philips launched a new vision for interoperability in home automation and building control, demonstrating innovative multi-vendor system components that operate seamlessly in ZigBee wireless networks.

On 29 June 2009, Schneider Electric achieved a world technological first with the introduction of a ZigBee-based wireless, batteryless switch.

2.3 Main Markets

After strategically repositioning its business portfolio, the Group now enjoys global leadership in five key markets: Energy & Infrastructure, Industry, Buildings, Data Centers and Networks and Residential.

The Group has deepened its knowledge of end users and improved its dialogue with them. This has allowed it to devise a unique array of products and solutions to meet customers' most critical challenges.

Schneider Electric offers solutions in the following areas to serve these five markets:

- transformation and electrical distribution;
- energy management, metering and quality;
- creation and management of smart electric networks;
- utility management (access control, lighting, HVAC, etc.);
- process control and supervision;

- decentralized management of one or several sites;
- surveillance and security;
- critical power and cooling services.

Specific, dedicated solutions are also available for certain markets and segments.

Energy & Infrastructure: *ensuring a safe, reliable power supply and controlling operating costs*

Schneider Electric enjoys long-term growth opportunities in this area fueled by population growth, economic development, the expansion of renewable energies, deregulation of energy markets, growing security needs, and outsourcing of numerous services.

The Energy & Infrastructure market includes energy networks; shipping; transportation; water, gas and oil distribution; water treatment and waste management. It is a market that offers enormous business prospects.

Industry: *enhancing productivity, flexibility, security and traceability*

Business in the Industry market is being driven by the unyielding deployment of automation everywhere, the need for energy efficiency in order to reduce production costs, or to meet regulatory compliance, or in some cases, to cope with limited power generation capability of the utility. In addition, the growing demand for commodities and infrastructure by the emerging economies, and the long overdue upgrading of the industrial infrastructure in developed economies, has provided significant opportunities for our End User segments and OEMs.

Schneider Electric designs energy optimisation solutions for all sectors of this buoyant market, from water and waste water treatment plants to mines and cement plants, from oil and gas pipelines to material handling and packaging machines, to name only a few. It also offers flexible, open and easy-to-install automation solutions and remote management services via the Internet. The Group works closely with customers to get a thorough understanding of their applications and to help them enhance productivity, flexibility, process and installation safety as well as energy management.

Buildings: *reducing investing and operating costs while offering greater comfort and safety*

Over the past ten years, customers have become much more demanding when it comes to comfort, security, communication capabilities and energy savings. Building automation and centralised building management have developed significantly in response to this global trend.

This market covers all types of service, commercial and industrial buildings, including offices, hotels, hospitals, shopping centres, manufacturing facilities, schools, sports and cultural centres and ships. Customers are looking for products and services that can optimise maintenance and energy costs and consumption while enabling simultaneous management of several sites via the Internet.

The line up for buildings covers integrated technical management, transformation and electrical distribution, utility management, data exchange, energy management and metering, critical power and cooling services, surveillance and security. These solutions are available everywhere and comply with local standards and practices. They are devised using networkable products that are easy to install and operate.

Data Centres and Networks: *guaranteed reliability, availability and efficiency*

Metaphorically, data centres, which process and store millions on millions of bytes of information, are the central nervous systems of small businesses, multinational corporations and government services. Physically, they are buildings filled with servers in secure, air conditioned rooms.

Given the growing digitalization of social, professional and personal activities, data centres represent a market destined for exponential growth. By 2010, there should be some 45 million servers worldwide—nine times more than in 1996. This will lead to a substantial increase in electrical consumption for their operation and cooling, to prevent overheating. The cost of cooling server rooms will exceed that of the equipment itself.

With its APC by Schneider Electric solutions, the Group offers a unique line up to meet the ethical and financial imperatives of energy efficiency in data centres and networks. Schneider Electric leverages its global leadership position, backed by unparalleled advanced technological expertise, to guarantee a 30 per cent. reduction in consumption. The energy savings result in a substantial reduction in operating costs—up to several million euros per year—and several thousand metric tons less of CO₂ released into the atmosphere.

Residential: *making technology available to all and facilitating access to all communication resources*

The market for single-family homes and apartment buildings is extremely diverse in terms of standards and local characteristics. It offers significant growth prospects that vary from region to region.

Demand for comfort, safety and energy savings dominate, which is why renovation and home improvement represent around half of the market. The emerging economies have huge needs.

Schneider Electric's easy-to-operate, upgradeable and attractive solutions for electrical distribution, electrical wiring, home automation, Voice-Data-Image networks, critical power and cooling services, surveillance and security make homes safe and comfortable while facilitating communication.

3 Organizational Structure

The Company owns all of the outstanding shares of Schneider Electric Industries SAS, which in turn owns, directly or indirectly, virtually all of the Group's French and foreign subsidiaries.

4 Trend Information

Trends in the Group's core markets

Industry

The industry market contracted sharply between October 2008 and April 2009 after Lehman Brothers filed for bankruptcy. During this period, the global economy went through the deepest recession in decades and companies around the world suddenly cut back on capital spending.

Customers drew down inventories on a massive scale (both for automation products and machines) and all types of credit dried up, amplifying the recession's impact on world trade and on customers' and suppliers' supply chains. This accelerated the industry market's decline to a level below end-user demand in the first half.

The trend began to reverse in the third quarter, with a modest upturn in Europe and the United States and a very strong recovery in Japan, the rest of Asia and, to a lesser extent, the other emerging countries.

Non-residential building

The non-residential building market was also hit hard by the recession and tighter credit, particularly in the mature countries. Offices, stores and industrial buildings, which depend on corporate investment, saw the sharpest declines, while administrative buildings, hospitals and schools held up better as these segments are generally less cyclical and benefited from stimulus spending.

The situation by region was more mixed than in the industry market, with Spain, Ireland and the United States experiencing the greatest downturns and Germany and France showing more resilience.

The market showed signs of stabilising in the mature countries at the end of 2009.

Overall, non-residential building withstood the recession better in emerging markets, with both China and India recording growth. Central and Eastern Europe, however, saw deep declines, as did Russia.

Residential

The residential market, which went into recession in 2008 before the other markets, contracted further in 2009. Demand continued to plummet in the United States for the third year in a row and fell off sharply in Europe. Here too, performance was mixed, with Germany showing good resilience and Spain experiencing a significant downturn. The market contracted in most emerging regions in 2009, with the exception of China and India, which saw growth.

In the second half, the market picked up slightly in the United States and declined at a slower pace in Europe.

Energy and infrastructure

The global financial and economic crisis affected the electric Power market, notably in mature countries, and led decision-makers to postpone spending in the short term. In the new economies, the electric Power market rose as a whole.

Reducing CO₂ emissions is the industry's main concern. Because electricity has to be produced as it is being used, stand-by plants have to be brought on line when demand exceeds forecasts. Very often, these are coal-fired plants that generate CO₂. More sophisticated management systems are needed to take into account the growing amount of electricity generated from renewable sources such as solar, wind and hydroelectric at different locations along the transmission and distribution grid, while responding effectively to consumers' needs.

This means including more intelligence from plant to plug. The Smart Grid has become a reality and a necessity in electricity management. Demand response (DR) solutions are emerging in many countries to align consumption and production more effectively, for the good of the planet.

In the oil & gas segment, excess production capacity has prompted operators to postpone exploration outlays in relation to the very high levels of previous years. The decline was very significant in the United States but relatively small in the Persian Gulf, Africa and Latin America. Downstream, the decrease in refining expenditure was limited due to persistently high energy demand in Asia.

In the water segment, environmental constraints and government support plans helped prop up demand. Infrastructure needs supported the market across the water cycle, from supply and desalination to distribution and wastewater treatment. Because these processes also use a great deal of energy, programmes are being developed to optimise and reduce their energy consumption. These programmes are driven by government policies and, most important, the obligation to control water prices.

Data centres and networks

As in all of Schneider Electric's markets, 2009 was a difficult year for data centres and networks. However, the Group's positioning in the most promising segments, such as energy efficiency and services, helped cushion the decline.

Demand suffered throughout most of the year in mature markets and emerging economies-notably Russia and Eastern Europe-before picking up at the end of the year.

The market's fundamental long-term growth factors remain valid. What's more, the need to measure energy performance and manage carbon emissions will undoubtedly drive growth by encouraging the renewal of data centre and network infrastructure and the development of energy performance services for which Schneider Electric is the market leader.

Other important factors that will promote the development of Schneider Electric's solutions worldwide include the digitisation of the entire economy, the continuous, growing demand for bandwidth and the emergence of new technologies and applications like cloud computing and Web 3.0. At the same time, growing environmental concerns about data centre energy use are creating new opportunities in energy efficient cooling solutions and in real-time management and optimisation of IT and non-IT Power consumption.

No other trends likely to have a material effect

To the Company's knowledge, aside from announced acquisitions described in "Investments" above and in note 29 "Subsequent events" to the consolidated financial statements for fiscal year 2009 incorporated by reference in this Base Prospectus, there are no trends uncertainties, demands, commitments or events, which the Company believes are reasonably likely to have a material effect on the Company's prospects for the current financial year taken as a whole.

Statutory Auditors and substitute statutory auditors

¹ Yvon Salaün replaced Pierre Jouanne as the signing partner on 30 June 2009.

Administrative, Management, and Supervisory Bodies

At the Annual Shareholders' Meeting of 3 May 2006, shareholders approved a recommendation to adopt a two-tier management structure, with a Management Board and a Supervisory Board.

Members of the Administrative, Management, and Supervisory Bodies

The Supervisory Board

The Supervisory Board may have between three and eighteen members, all of whom must be natural persons.

Throughout their term, Supervisory Board members must hold at least 250 Company shares.

Supervisory Board members are elected for a four-year term and are eligible for re-election. However, in line with the AFEP-MEDEF recommendation that Supervisory Board members should retire by rotation, one half of the members of the first Supervisory Board were elected for an initial term of two years. As a result, half of the members stood for re-election or were replaced at the Annual Meeting called in 2008 to approve the financial statements for fiscal year 2007. The other half will stand for re-election or replacement at the Annual Meeting called in 2010 to approve the financial statements for fiscal year 2009.

The age limit for holding office as a member of the Supervisory Board is 74 and no more than one third of the members may be aged over 70.

The Supervisory Board has eleven members and one non-voting member. Nine qualify as independent directors according to the definition contained in the AFEP-MEDEF report on corporate governance guidelines (Serge Weinberg, Léo Apotheker, Gérard de La Martinière, Noël Forgeard, Jérôme Gallot, Willy R. Kissling, Cathy Kopp, James Ross and G. Richard Thoman). Each year, the Supervisory Board reviews its members' status, based on a report from the Remunerations and Appointments & Corporate Governance Committee. Members' directorships and functions in other companies that have business relations with Schneider Electric (primarily AXA and SAP), do not, by their nature, affect the said members' independence in light of the types of transactions involved. These transactions are carried out on arms-length terms and are not material for either party.

Four are foreign nationals (G. Richard Thoman, from the United States; James Ross, from the United Kingdom; Willy R. Kissling, from Switzerland and Léo Apotheker, from Germany).

One member (Claude Briquet), elected by shareholders from a pool of nominees recommended by the Supervisory Boards of the corporate mutual funds, represents employee shareholders in accordance with article L.225-71 of the French Commercial Code.

The average age of Supervisory Board members is 61.

Members of the Supervisory Board as of 22 April 2010:

Management Board

The bylaws of the Company stipulate that the Management Board may have between two and seven members.

Members are appointed by the Supervisory Board – which also designates the Chairman – for a renewable three-year term.

The age limit for holding office as a member of the Management Board is 65. When a member reaches the age of 65, the Supervisory Board may extend his or her term several times, provided that the total extension does not exceed three years.

The Management Board currently has two members - Jean-Pascal Tricoire (Chairman) and Emmanuel Babeau - who were appointed by the Supervisory Board for a three-year term expiring on 2 May 2012. The previous Management Board had two members - Jean-Pascal Tricoire (Chairman) and Pierre Bouchut - whose term expired on 2 May 2009.

Administrative, Management and Supervisory bodies conflicts of interest

To the best of the Company's knowledge, there are no conflicts of interest between any duties to Schneider Electric SA of the members of the Supervisory Board or Management Board and their private interests or other duties.

Board Practices

Audit Committee

Members

The Supervisory Board's internal rules stipulate that the Audit Committee must have at least three members. Two thirds of the members must be independent and at least one must have in-depth knowledge of accounting standards combined with hands-on experience in applying these standards and producing financial statements.

The Audit Committee's membership was modified in April 2009 following the departure of Piero Sierra. The Committee's four members - Gérard de La Martinière (Chairman), Noël Forgeard, Jérôme Gallot and James Ross - are all independent and have the necessary accounting experience to perform their duties. In addition, Mr Forgeard and Mr Ross have specific expertise in industrial issues and sustainable development, respectively.

Meetings

The Audit Committee meets at least four times a year. Meetings are called by the Committee Chairman, the Supervisory Board Chairman or the Management Board Chairman.

The external auditors attend the meetings devoted to examining the annual and interim financial statements, and may be asked to attend all or part of other meetings depending on the agenda. The Committee may also invite any other persons of its choice to answer its questions.

The Audit Committee may ask the Management Board for copies of any and all documents that it considers relevant or useful. It may also commission studies from outside consultants.

Responsibilities

A key component of the Company's internal control system, the Audit Committee is responsible for preparing the decisions of the Supervisory Board, making recommendations to the Board and issuing opinions on financial, accounting and risk management issues. In line with these terms of reference, it:

- prepares the Board's review of the annual and interim financial statements. In this respect, it particularly:
 - ensures that accounting methods used to prepare the consolidated and parent company financial statements are appropriate and applied consistently, that all significant transactions are properly reflected in the consolidated financial statements and that the rules governing the scope of consolidation are correctly applied,
 - analyses risks, off-balance sheet commitments and the cash position.
- reviews the annual Registration Document and any comments by the *Autorité des Marchés Financiers* (AMF), as well as the interim reports;
- makes recommendations concerning the appointment or re appointment of the external Auditors;
- supervises the external audits of the annual and consolidated financial statement, notably by examining the scope of audit engagements and the results of audits;
- verifies the auditors' independence, in particular by reviewing fees paid by the Group to their firm and network and by giving prior approval for missions that fall outside the tightly defined scope of auditing the financial statements;
- monitors the effectiveness of the Group's internal control and risk management systems. In particular, the Committee:
 - reviews the internal audit organisation and resources, as well as the annual internal audit programme. Reviews the executive summary of the internal auditors' reports each quarter,
 - reviews hedging of risks based on reports requested from the internal auditors,
 - reviews the Company's internal control system and reads the Supervisory Board Chairman's draft report on internal control,
 - reviews behavior guidelines, notably concerning fair trade and ethics and examines the measures taken to ensure the guidelines are cascaded and applied.

The Audit Committee examines proposed dividend distributions and the amount of financial authorizations submitted for shareholder approval at the Annual Meeting.

The Audit Committee examines all financial, accounting and risk management issues referred to it by the Management Board, the Supervisory Board or its Chairman.

The Audit Committee presents its findings and recommendations to the Supervisory Board. The Chairman of the Audit Committee immediately informs the Chairman of the Supervisory Board of any difficulties encountered by the Committee.

Meetings in 2009

In 2009, the Audit Committee met four times. The average duration of the meetings was 3 hours and the average attendance rate was 100 per cent.

Each meeting was attended by members of the Finance Department and the head of Internal Audit. The external auditors were also present at three of the four meetings. Representatives of the Finance Department were not present during the auditors' presentation during meetings devoted to the interim and annual financial statements. The Chairman of the Management Board did not attend any of the Audit Committee's meetings.

During the year, the following topics were addressed:

- (1) Accounts and financial disclosures:
 - review of the annual and interim financial statements and the Management Board's reports,
 - review of goodwill and pension obligations,
 - review of investor relations documents concerning the annual and interim financial statements,
 - review of AMF recommendations concerning the 2009 Registration Document.
- (2) Internal audit, internal control and risk management:
 - update on the internal control system's organisation and deployment,
 - review of the main internal audits,
 - monitoring of the 2009 internal audit programme,
 - review of the 2010 internal audit schedule based on risk mapping,
 - review of selected disputes and risks.
- (3) Statutory Auditors:
 - review of the fees paid to the Statutory Auditors and their networks,
 - reappointment of the signing partner from each audit firm,
 - appointment or reappointment of the Statutory Auditors,
 - review of the 2010 external audit schedule.
- (4) Corporate Governance:
 - discussion on the Committee's response to new legal requirements concerning Audit Committees,
 - review of financial authorizations that were renewable in 2009,
 - recommended dividend for 2009.

The Audit Committee reported to the Supervisory Board on its activities in 2009 at the Board meetings held on 18 February, 30 July and 17 December 2009.

Corporate governance compliance

The Group applies the AFEP-MEDEF corporate governance guidelines with the following exceptions:

Recommendation	Schneider Electric practice
<p>Deadline for Audit Committee review of the financial statements</p> <p>The Audit Committee should review the financial statements at least two days before they are reviewed by the Board.</p>	<p>At Schneider Electric, the Audit Committee reviews the financial statements the day before the Board meeting because one of the Committee members lives outside France. However, the Committee members receive a meeting file with the financial statements four to five days before the meeting.</p>
<p>Compensation and benefits paid to corporate officers</p> <p>Fixed salary should be revised only after a relatively long period, such as three years.</p>	<p>The Management Board members' fixed salary is revised each year. When Jean-Pascal Tricoire became Chairman of the Management Board and CEO, his compensation was not (and still is not) aligned with that of CEOs of comparable companies. The Board decided to reduce the gap gradually through annual salary revisions after reviewing Mr Tricoire's performance. In light of the economic situation, the Supervisory Board decided to freeze Mr Tricoire's fixed salary in 2009 on Mr Tricoire's recommendation.</p>
<p>Top-hat pension plan</p> <p>The increase in potential rights should correspond to a limited percentage of the beneficiary's compensation.</p>	<p>Under the top-hat pension plan for Schneider Electric senior executives, most rights are originally acquired. However, the plan complies with the recommendation's intention, given that:</p> <ul style="list-style-type: none"> • the rights are capped at 25% of average compensation; • the current members still have many years of service to perform before they can benefit from the plan.
<p>Upon expiration of their terms of office, selection of the Statutory Auditors or extension of their terms should be preceded by a tender offer</p>	<p>On the basis of the Audit Committee's analysis and recommendations, the Supervisory Board has decided to ask shareholders to reappoint the Statutory Auditors at the Annual Meeting without conducting a tender offer. The analysis notes that:</p> <ul style="list-style-type: none"> • in accordance with the provisions of France's <i>Loi de Sécurité Financière</i> (LSF), the signing partners from both auditing firms will have been reappointed in 2009 and 2010; • in addition to the current economic and financial crisis, the Company has completely revamped its managerial structure and organisation. In this environment, the Statutory Auditors' past knowledge of the Group enhances security.

The guidelines are available online at www.medef.fr

5 Interim and other financial information

The Company's first quarter results for the period until 31 March 2010 (unaudited) (Press release dated 21 April 2010)

- Q1 2010 renewed with organic growth led by strong rebound of Industry, IT and new economies
- Improving trends for all businesses
- Industry (+19%) and IT (+6%) led the rebound
- Non-residential construction downturn in mature markets still weigh on performance of Power and Buildings
- New economies confirmed robust growth momentum, at +12%
- Q1 performance supports full year sales and profitability targets

In the first quarter, the Company recorded sales of Euro 3,910 million, up 2.3 per cent. on a current structure and exchange rate basis. Like-for-like sales were also up 2.3 per cent. Working days effect is insignificant in the quarter.

The breakdown of sales by business was as follows :

€ million	Q1 2010 sales	Organic growth	Changes in scope of consolidation	Currency effect	Reported growth
Power	2,211	-2.7%	+0.2%	+0.5%	-2.0%
Industry	764	+18.7%	-0.4%	+0.4%	+18.7%
IT	542	+6.4%	+1.3%	-3.0%	+4.7%
Buildings	303	-3.6%	+0.0%	-0.9%	-4.5%
CST	90	+6.3%	+0.0%	-3.8%	+2.5%
Total	3,910	+2.3%	+0.2%	-0.2%	+2.3%

Jean-Pascal Tricoire, President and CEO, commented: *“With Q1 2010, we are back on the growth track. As expected, we see a strong recovery of industrial activities after the sharp adjustment last year and a rebound in secured power investment. New economies, led by Asia and Middle East, confirm their robust growth momentum. On the other hand, the business environment in mature countries remains uncertain even though some end-market segments are starting to show early signs of recovery.*

In this backdrop, we continue to focus on driving efficiency and productivity while investing selectively in growth areas, in particular in the new economies, energy efficiency and services.

Q1 sales performance supports our full year targets set earlier this year, with low single-digit organic sales growth, and an EBITA margin of around 14% before restructuring costs, excluding impact of integration of Areva Distribution upon closing”.

Organic growth by business

Power (56 per cent. of Group sales) first quarter sales dropped 2.7 per cent. like-for-like. Medium Voltage remained, as in the latter part of 2009, significantly impacted by the decline of construction and utilities end-markets. Low Voltage was overall stable. The positive impact of infrastructure and construction spending in Asia, the rebound of industrial demand and sustained investment in natural resources (mining, oil and gas) in its key regions made up for lower equipment sales and the weak non-residential market. Recovery of residential markets in mature countries is yet to come. In the Solutions field, projects and services were negative in first quarter due to their later cycle profile. However, energy efficiency and renewable energy, in Europe in particular, remain a support for growth with healthy order intake.

By region, growth was strong across Asia-Pacific. China continued to benefit from good domestic industrial demand and government stimulus in infrastructure. India and South Korea also recorded strong performance. The Rest of the World region was close to stable in the quarter. While Russia was in rebound, Africa faced a difficult base of comparison and Central Europe remained sluggish. Western Europe was down in the quarter. While France was resilient, Spain and the Scandinavia continued to be affected by the weak construction markets. In North America, the Power business was in negative territory, essentially due to the non-residential market decline.

Industry (20 per cent. of Group sales) sales were up an impressive 18.7 per cent., compared to a low first quarter last year. As expected, the business enjoyed a broad based rebound driven by strong recovery of

industrial demand, in particular from OEMs, and some building and infrastructure investment in the new economies. Commercial success following new offer launches, such as SoMachine for OEMs, generated strong growth for the Solutions business. Trends in all regions were strong, with new economies accounting for two thirds of the growth in this quarter.

IT (14 per cent. of Group sales) sales were up 6.4% compared to prior year quarter, with all business lines in rebound. Momentum was strong in small systems which benefited from robust demand on business networks, in particular in the US. Solutions recorded good dynamics in most regions thanks to demand from datacenters, with services continuing to be a strong growth driver. By region, markets were strong in US and Asia Pacific while Europe was lagging in its pace of recovery.

Buildings (8 per cent. of Group sales) first quarter organic sales were down 3.6 per cent. year-on-year. While Western Europe and Rest of World regions showed early signs of recovery, the business continued to be impacted by the construction downturn in US. This was partly offset by the strong growth of services driven by energy efficiency projects in Scandinavia and the US. Good order intake in this quarter for energy efficiency solutions should also provide support for the rest of the year.

CST (2 per cent. of Group sales) sales were up 6.3 per cent., like-for-like versus prior year period. It benefited from a significant improvement of demand from automotive/truck customers and the recovery of industrial demand in Western Europe and to a lesser extent in the US. However, aerospace segment still suffered from weak demand from commercial jets.

Organic growth by geography*

Western Europe (36 per cent. of Group sales) was down 4 per cent. compared to prior year quarter. Germany and Italy were back to growth driven mainly by the rebound of OEM demand. France continued to show resilience as in last year while UK stabilised. Spain and Scandinavia were still impacted by the construction downturn.

North America (25 per cent. of Group sales) posted a slight decline at -2 per cent. year-on-year. Though the region benefited from the good momentum of IT and the rebound of the industrial end-market, the construction downturn continued to be a drag on the performance.

Asia-Pacific (23 per cent. of Group sales) posted a strong quarter, with sales up 23 per cent like-for-like. All countries were back to growth, confirming the good dynamics of the region with China, India and Japan taking the lead.

Rest of World** (16 per cent. of Group sales) was stable at -1 per cent. versus Q1 2009. While Middle East posted double-digit growth, Eastern Europe was still in decline, despite the sequential rebound of Russia. South America was stable.

New economies as a whole generated 12 per cent. of organic growth in the first quarter and represented 34 per cent. of reported sales. Mature countries recorded a negative growth of -2 per cent.

€ million	Q1 2010 sales	Organic growth (quarter)
Western Europe	1,404	-4%
North America	973	-2%

* Starting from 2010, the geographical reporting is based on sales by destination. Some differences can exist compared to numbers in 2009 financial reports which are based on sales by country of invoicing.

** Note that compared to 2009 reporting, the Rest of World region includes Eastern Europe, in addition to Middle East, Africa and South America, consistently with Schneider Electric's new organization.

Asia-Pacific	888	23%
Rest of the World**	645	-1%
Total	3,910	2%

Consolidation and foreign exchange impacts

Acquisitions contributed +0.2 per cent. or €8 million. Such contribution includes €11 million from acquisitions (mainly Microsol in IT and Conzerv in Power) and a negative €3 million impact related to the disposal of Selectron (in Industry).

Impact of foreign exchange fluctuations was negative at -Euro 6million, or -0.2 per cent. The negative US dollar and Chinese yuan impact was partly offset by appreciation of the Australian dollar and some other emerging currencies against the euro for the period.

Recent highlights

Schneider Electric reinforces its position in complete automation solutions in the Middle East

On 21 January, Schneider Electric announced that it has signed an agreement to acquire Cimac, the leading systems integrator for industrial automation solutions in the Middle East Gulf region, primarily for water-waste water and oil & gas customers. It generates sales in excess of Euro 40 million and employs over 400 people. This acquisition meets Schneider Electric's Return on Capital Employed criteria and is consolidated as of April 2010.

Schneider Electric takes a leading position in integrated building management systems for the fast growing Indian market

On 5 March, Schneider Electric announced that it has signed an agreement with Zicom Electronic Security Systems Limited to acquire the assets of their electronic security systems integration business that recorded revenues of approx. Euro 30 million in fiscal 2009 and has a headcount of about 200. The completion of the transaction, subject to conditions precedent and Zicom shareholders' approval, is expected to occur in April 2010. This acquisition meets Schneider Electric's Return on Capital Employed criteria.

The European Commission has approved the proposed acquisition by Schneider Electric and Alstom of Areva's T&D business

On 26 March, Schneider Electric and Alstom received the approval by the European Commission of their joint acquisition of Areva's Transmission & Distribution business. The closing of the transaction remains subject to the approvals of competition authorities in some countries and of the French *Commission des Participations et des Transferts* (CPT).

Schneider Electric acquires SCADAgroup, a leader in telemetry technologies and solutions for water and oil & gas segments

On 13 April, Schneider Electric announced that it had signed an agreement to acquire SCADAgroup, an Australian based leading provider of telemetry products and solutions for the water and waste-water, oil & gas and electric power end-market segments. SCADAgroup has operations throughout North America, the UK and Australia and is expected to generate revenues in excess of AU\$110 million (~ Euro 75 million) for the current fiscal year ending in June 2010. The closing of the transaction, subject to regulatory approvals, is expected to occur soon. The purchase price of the transaction, expressed as an enterprise value, is AU\$200 million (~ Euro 140 million), or 11 times fiscal 2010e EBITA. This acquisition should be accretive on earnings per share from year 1 and meets Schneider Electric's Return on Capital Employed criteria.

Success of the dividend reinvestment option in shares

On 28 May 2010, Schneider Electric announced that the Schneider Electric SA shareholders' meeting approved on 22 April 2010 the payment of a dividend for the fiscal year 2009 at Euro 2.05 per share and decided to offer shareholders the option to receive the dividend in cash or in new shares. The issue price of the new shares was fixed at Euro 76.15 per share. 62.4 per cent. of the rights have been exercised in favour of this option. The success of the dividend reinvestment option allowed Schneider Electric to increase its shareholders' equity by Euro 331 millions with the issuance of 4,345,794 new shares (1.7 per cent. of its share capital), which were delivered and admitted for trading on Euronext Paris on 1 June 2010. The new shares issued carry dividend rights from 1 January 2010 and are assimilated to the existing shares of the Company. The cash dividend, which amounted to a total of Euro 199 millions, was also paid on 1 June 2010.

Outlook

The improved momentum of the new economies and the rebound of the industry and data centers markets should continue to support growth in 2010. However, the business environment in the mature countries is still uncertain and demand in these markets is expected to remain relatively soft.

Q1 sales performance supports Schneider Electric's targets of a return to topline growth in 2010, at low single-digit (on organic basis), and of an improvement of profitability with an EBITA margin of around 14 per cent. before restructuring cost (and before any impact of integration of Areva Distribution upon closing).

6 Share capital

The Company's share capital as at 15 June 2010 amounted to Euro 2,141,526,608 represented by 267,690,826 shares with a par value of Euro 8.00, all fully paid up. A total of 285,060,556 voting rights were attached to the 267,690,826 outstanding shares.

7 Material Contracts

The Company has not entered into contracts outside the ordinary course of the Group's business that could result in the Group or any member of the Group being under an obligation or entitlement that is material to the Company's ability to meet its obligation to holders of Notes in respect of the Notes being issued.

TAXATION

The statements herein regarding taxation in France and Luxembourg are based on the laws in force in the Republic of France and in the Grand Duchy of Luxembourg as of the date of this Base Prospectus and are subject to any changes in law. The following summary does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to purchase, own or dispose of the Notes. Each prospective Noteholders should consult its tax advisor as to the French and Luxembourg tax consequences of the ownership and disposition of the Notes.

EU TAXATION

On 3 June 2003, the European Council of Economic and Finance Ministers adopted the Directive 2003/48/EC on the taxation of savings income (the “**Directive**”). Pursuant to the Directive and subject to a number of conditions being met, Member States are required, since 1 July 2005, to provide to the tax authorities of another Member State, *inter alia*, details of payments of interest within the meaning of the Directive (interest, premiums or other debt income) made by a paying agent located within its jurisdiction to, or for the benefit of, an individual resident in that other Member State (the “**Disclosure of Information Method**”).

For these purposes, the term “paying agent” is defined widely and includes in particular any economic operator who is responsible for making interest payments, within the meaning of the Directive, for the immediate benefit of individuals.

However, throughout a transitional period, certain Member States (the Grand-Duchy of Luxembourg and Austria), instead of using the Disclosure of Information Method used by other Member States, unless the relevant beneficial owner of such payment elects for the Disclosure of Information Method, withhold an amount on interest payments. The rate of such withholding tax equals 15% during the first three years, 20% during the subsequent three years and 35% until the end of the transitional period.

Such transitional period will end at the end of the first full fiscal year following the later of (i) the date of entry into force of an agreement between the European Community, following a unanimous decision of the European Council, and the last of Switzerland, Liechtenstein, San Marino, Monaco and Andorra, providing for the exchange of information upon request as defined in the OECD Model Agreement on Exchange of Information on Tax Matters released on 18 April 2002 (the “**OECD Model Agreement**”) with respect to interest payments within the meaning of the Directive, in addition to the simultaneous application by those same countries of a withholding tax on such payments at the rate applicable for the corresponding periods mentioned above and (ii) the date on which the European Council unanimously agrees that the United States of America is committed to exchange of information upon request as defined in the OECD Model Agreement with respect to interest payments within the meaning of the Directive.

A number of non-EU countries and dependent or associated territories have agreed to adopt similar measures (transitional withholding or exchange of information) with effect since 1 July 2005.

LUXEMBOURG WITHHOLDING TAX

Under Luxembourg tax laws currently in effect and with the possible exception of interest paid to individuals and to certain residual entities (as described below), there is no Luxembourg withholding tax on payments of interest, including accrued but unpaid interest. There is also no Luxembourg withholding tax, with the possible exception of payments made to individuals and to certain residual entities (as described below), upon repayment of principal in case of reimbursement, redemption, repurchase or exchange of the Notes.

Individuals

Luxembourg residents

A 10 per cent. withholding tax is levied on interest payments made by Luxembourg paying agents (defined in the same way as in the Directive) to Luxembourg individual residents or to certain residual entities (as described below) that secure interest payments on behalf of such individuals (unless such entities have opted either to be treated as UCITS recognised in accordance with the Council Directive 85/611/EC or for the exchange of information regime).

Only interest accrued after 1 July 2005 falls within the scope of this withholding tax. Interest income from current and sight accounts (*comptes courants et à vue*) provided that the remuneration on these accounts is not higher than 0.75% are exempt from the withholding tax. Furthermore, interest which is accrued once a year on savings accounts (short and long term) and which does not exceed €250 per person and per paying agent is exempt from the withholding tax.

This withholding tax represents the final tax liability for the Luxembourg individual resident taxpayers.

Luxembourg non-residents

Under the Luxembourg laws dated 21 June 2005 implementing the Directive and several agreements concluded between Luxembourg and certain dependent or associated territories of the European Union (“EU”), a Luxembourg based paying agent (within the meaning of the Directive) is required since 1 July 2005 to withhold tax on interest and other similar income paid by it to (or under certain circumstances, to the benefit of) an individual resident in another Member State or in certain EU dependent or associated territories, unless the beneficiary of the interest payments elects for an exchange of information or for the tax certificate procedure. The same regime applies to payments of interest and other similar income made to certain so-called “residual entities” within the meaning of Article 4.2 of the Directive (i.e. an entity established in a Member State or in certain EU dependent or associated territories without legal personality (the Finnish and Swedish companies listed in Article 4.5 of the Directive are not considered as legal persons for this purpose), whose profits are not taxed under the general arrangements for the business taxation and that is not, or has not opted to be considered as, a UCITS recognised in accordance with Council Directive 85/611/EEC).

The withholding tax rate is 20 per cent. (as from 1 July 2008) increasing to 35 per cent. (as from 1 July 2011). The withholding tax system will only apply during a transitional period, the ending of which depends on the conclusion of certain agreements relating to information exchange with certain third countries.

Corporations

There is no Luxembourg withholding tax for Luxembourg resident and non-resident corporations holders of the Notes on payments of interest (including accrued but unpaid interest).

FRENCH TAXATION

The comments below are intended as a basic summary of certain tax consequences in relation to the purchase, ownership and disposition of the Notes under French law. Persons who are in any doubt as to their tax position should consult a professional tax adviser.

The Savings Directive was implemented into French law under Article 242 *ter* of the French *Code général des impôts*, which imposes on paying agents based in France an obligation to report to the French tax authorities certain information with respect to interest payments made to beneficial owners domiciled in another Member State, including, among other things, the identity and address of the beneficial owner and a detailed list of the different categories of interest paid to that beneficial owner.

Notes issued as from 1 March 2010

Following the introduction of the French *loi de finances rectificative pour 2009* no. 3 (n° 2009-1674 dated 30 December 2009 applicable as from 1 Mars 2010) (the “**Law**”), payments of interest and other revenues made by the Issuer with respect to notes issued on or after 1 March 2010 (other than Notes (described below) which are assimilated (*assimilées*) and form a single series with Notes issued prior to 1 March 2010 having the benefit of Article 131 *quater* of the French *Code général des impôts*) will not be subject to the withholding tax set out under Article 125 A III of the French *Code général des impôts* unless such payments are made outside France in a non-cooperative State or territory (*Etat ou territoire non coopératif*) within the meaning of Article 238-0 A of the French *Code général des impôts* (a “**Non-Cooperative State**”). If such payments under the Notes are made in a Non-Cooperative State, a 50 per cent. withholding tax will be applicable (subject to certain exceptions and to the more favourable provisions of any applicable double tax treaty) by virtue of Article 125 A III of the French *Code général des impôts*.

Furthermore, interest and other revenues on such Notes will no longer be deductible from the Issuer's taxable income, as from the fiscal years starting on or after 1 January 2011, if they are paid or accrued to persons established in a Non-Cooperative State or paid in such a Non-Cooperative State. Under certain conditions, any such non-deductible interest and other revenues may be recharacterised as constructive dividends pursuant to Article 109 of the French *Code général des impôts*, in which case such non-deductible interest and other revenues may be subject to the withholding tax set out under Article 119 *bis* of the French *Code général des impôts*, at a rate of 25 per cent. or 50 per cent.

Notwithstanding the foregoing, the Law provides that neither the 50 per cent. withholding tax nor the non-deductibility will apply in respect of a particular issue of Notes if the Issuer can prove that the principal purpose and effect of such a particular issue of Notes was not that of allowing the payments of interest or other revenues to be made in a Non-Cooperative State (the “**Exception**”). Pursuant to the ruling (*rescrit*) 2010/11 (FP and FE) of the *Direction générale des impôts* dated 22 February 2010, an issue of Notes will benefit from the Exception without the Issuer having to provide any proof of the purpose and effect of such issue of Notes, if such Notes are:

- offered by means of a public offer within the meaning of Article L.411.1 of the French *Code monétaire et financier* or pursuant to an equivalent offer in a State other than in a Non-Cooperative State. For this purpose, an “**equivalent offer**” means any offer requiring the registration or submission of an offer document by or with a foreign securities market authority; or
- admitted to trading on a regulated market or on a French or foreign multilateral securities trading system provided that such market or system is not located in a Non-Cooperative State, and the operation of such market is carried out by a market operator or an investment services provider, or by such other similar foreign entity, provided further that such market operator, investment services provider or entity is not located in a Non-Cooperative State; or
- admitted, at the time of their issue, to the clearing operations of a central depository or of a securities clearing and delivery and payments systems operator within the meaning of Article L.561-2 of the French *Code monétaire et financier*, or of one or more similar foreign depositories or operators provided that such depository or operator is not located in a Non-Cooperative State.

Notes issued before 1 March 2010 and Notes which are assimilated (*assimilées*) with Notes issued before 1 March 2010

Payments of interest and other revenues with respect to (i) Notes issued (or deemed issued) outside France as provided under Article 131 *quater* of the French *Code général des impôts*, before 1 March 2010 and (ii) Notes which are assimilated (*assimilées*) and form a single series with such Notes, will continue to be exempt from the withholding tax set out under Article 125 A III of the French *Code général des impôts*.

Notes issued before 1 March 2010, whether denominated in Euro or in any other currency, and constituting *obligations* under French law, or *titres de créances négociables* within the meaning of rulings (*rescrits*) 2007/59 (FP) and 2009/23 (FP) of the *Direction générale des impôts* dated 8 January 2008 and 7 April 2009, respectively, or other debt securities issued under French or foreign law and considered by the French tax authorities as falling into similar categories, are deemed to be issued outside the Republic of France for the purpose of Article 131 *quater* of the French *Code général des impôts*, in accordance with Circular 5 I-11-98 of the *Direction générale des impôts* dated 30 September 1998 and the aforementioned rulings (*rescrits*) 2007/59 (FP) and 2009/23 (FP).

In addition, interest and other revenues paid by the Issuer on Notes issued before 1 March 2010 (or Notes issued after 1 March 2010 and which are to be assimilated (*assimilées*) and form a single series with such Notes) will not be subject to the withholding tax set out in Article 119 *bis* of the French *Code général des impôts* solely on account of their being paid in a Non-Cooperative State or accrued or paid to persons established or domiciled in a Non-Cooperative State.

See “Terms and Conditions of the Notes – Taxation”.

SUBSCRIPTION AND SALE

SUMMARY OF DEALER AGREEMENT

Subject to the terms and on the conditions contained in an Amended and Restated Dealer Agreement dated 22 May 2008 (the “**Dealer Agreement**”) between the Issuer, the Permanent Dealers and the Arranger, the Notes will be offered on a continuous basis by the Issuer to the Permanent Dealers. However, the Issuer has reserved the right to sell Notes directly on its own behalf to Dealers that are not Permanent Dealers. The Notes may be resold at prevailing market prices, or at prices related thereto, at the time of such resale, as determined by the relevant Dealer. The Notes may also be sold by the Issuer through the Dealers, acting as agents of the Issuer. The Dealer Agreement also provides for Notes to be issued in syndicated Tranches that are jointly and severally underwritten by two or more Dealers.

The Issuer will pay each relevant Dealer a commission as agreed between them in respect of Notes subscribed by such Dealer. The commissions in respect of an issue of Notes on a syndicated basis will be stated in the relevant Final Terms.

The Issuer has agreed to indemnify the Dealers against certain liabilities in connection with the offer and sale of the Notes. The Dealer Agreement entitles the Dealers to terminate any agreement that they make to subscribe Notes in certain circumstances prior to payment for such Notes being made to the Issuer.

SELLING RESTRICTIONS

United States

The Notes have not been and will not be registered under the Securities Act or with any securities commission or any regulatory authority of any state or other jurisdiction of the United States and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in transactions exempt from the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act (“**Regulation S**”).

Materialised Notes in bearer form having a maturity of more than one year are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a U.S. person, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986, as amended, and the regulations thereunder.

Each Dealer has agreed and each further Dealer appointed under the Programme will be required to agree that, except as permitted by the Dealer Agreement, it will not offer, sell or, in the case of Notes in bearer form, deliver the Notes of any identifiable Tranche, (i) as part of their distribution at any time or (ii) otherwise until 40 days after completion of the distribution of such Tranche, as determined, and certified to the Issuer, by the Fiscal Agent, or in the case of Notes issued on a syndicated basis, the Lead Manager, within the United States or to, or for the account or benefit of, U.S. persons, and it will have sent to each dealer to which it sells Notes during the distribution compliance period (as defined in Regulation S, the “**Distribution Compliance Period**”) a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons. Terms used in the preceding sentence have the meanings given to them by Regulation S.

The Notes are being offered and sold outside the United States to non-U.S. persons in reliance on Regulation S.

In addition, until 40 days after the commencement of the offering of any identifiable Tranche of Notes, an offer or sale of Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act and the laws of certain states and jurisdictions of the United States if such offer or sale is made otherwise than in accordance with an exemption from such registration requirements.

Each issue of Indexed Notes and Dual Currency Notes may be subject to such additional U.S. selling restrictions as the Issuer and the relevant Dealer may agree as indicated in the applicable Final Terms. Each Dealer has agreed and will be required to agree that it will offer, sell or deliver such Notes only in compliance with such additional U.S. selling restrictions.

Public Offer Selling Restriction Under the Prospectus Directive

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a “**Relevant Member State**”), each Dealer has represented and agreed that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the “**Relevant Implementation Date**”) it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the final terms in relation thereto to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Notes to the public in that Relevant Member State:

- (i) if the final terms in relation to the Notes specify that an offer of those Notes may be made other than pursuant to Article 3(2) of the Prospectus Directive in that Relevant Member State (a “Non-exempt Offer”), following the date of publication of a prospectus in relation to such Notes which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, provided that any such prospectus has subsequently been completed by the final terms contemplating such Non-exempt Offer, in accordance with the Prospectus Directive, in the period beginning and ending on the dates specified in such prospectus or final terms, as applicable;
- (ii) at any time to legal entities which are authorised or regulated to operate in the financial markets or, if not so authorised or regulated, whose corporate purpose is solely to invest in securities;
- (iii) at any time to any legal entity which has two or more of (a) an average of at least 250 employees during the last financial year; (b) a total balance sheet of more than €43,000,000 and (c) an annual net turnover of more than €50,000,000, as shown in its last annual or consolidated accounts;
- (iv) at any time to fewer than 100 natural or legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (v) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Notes referred to in (ii) to (v) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an “**offer of Notes to the public**” in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression “Prospectus Directive” means Directive 2003/71/EC and includes any relevant implementing measure in each Relevant Member State.

United Kingdom

Each Dealer has represented and agreed that:

- (i) **Investment advertisements:** it has only communicated or caused to be communicated and will only communicate or cause to be communicated any invitation or inducement to engage in investment activity (within the meaning of section 21 of the Financial Services and Markets Act 2000 (the “FSMA”)) received by it in connection with the issue or sale of any Notes in circumstances in which section 21(1) of the FSMA does not apply to the Issuer;
- (vi) **General compliance:** it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to such Notes in, from or otherwise involving the United Kingdom; and
- (vii) **Accepting Deposits in the United Kingdom:** in relation to any Notes having a maturity of less than one year from the date of their issue, (a) it is a person whose ordinary activities involve it in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of its business and (b) it has not offered or sold and will not offer or sell any Notes other than to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of their businesses or who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses where the issue of the Notes would otherwise constitute a contravention of section 19 of FSMA by the Issuer.

France

In respect of Notes which constitute *obligations* or *titres de créances négociables*, or other debt securities issued under French or foreign law and considered by the French tax authorities as falling into similar categories, each of the Dealers has represented and agreed that:

- (i) Offer to the public in France

it has only made and will only make an offer of Notes to the public in France (i) on or after the date of publication of the prospectus relating to those Notes approved by the *Autorité des marchés financiers* (“AMF”) or (ii) when a prospectus has been approved by the competent authority of another Member State of the European Economic Area which has implemented the EU Prospectus Directive 2003/71/EC, on the date of notification of such approval to the AMF, all in accordance with Articles L.412-1 and L.621-8 of the French *Code monétaire et financier* and the *Règlement général* of the AMF, and ending at the latest on the date which is 12 months after the date of the approval of the Base Prospectus; or

- (ii) Private Placement in France

it has not offered or sold and will not offer or sell, directly or indirectly, any Notes to the public in France and it has not distributed or caused to be distributed and will not distribute or cause to be distributed to the public in France, the Base Prospectus, the relevant Final Terms or any other offering material relating to the Notes and such offers, sales and distributions have been and will be made in France only to (a) persons providing investment services relating to portfolio management for the account of third parties, and/or (b) qualified investors (*investisseurs qualifiés*), as defined in, and in accordance with, Articles L.411-1, L.411-2 and D.411-1 to D.411-3 of the French *Code monétaire et financier*.

If necessary, these selling restrictions will be amended in the relevant Final Terms.

Japan

The Notes have not been and will not be registered under the Financial Instruments and Exchange Act of Japan (the “**Financial Instruments and Exchange Act**”). Accordingly, each of the Dealers has represented and agreed that it has not, directly or indirectly, offered or sold and will not, directly or indirectly, offer or sell any Notes in Japan or to, or for the benefit of, any resident of Japan (which term as used herein means any person resident in Japan, including any corporation or other entity organised under the laws of Japan) or to others for re-offering or re-sale, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan, except pursuant to an exemption from the registration requirements of, and otherwise in compliance with the Financial Instruments and Exchange Act and other relevant laws and regulations of Japan.

General

These selling restrictions may be modified by the agreement of the Issuer and the Dealers following a change in a relevant law, regulation or directive. Any such modification will be set out in the Final Terms issued in respect of the issue of Notes to which it relates or in a supplement to this Base Prospectus.

Except in respect of Luxembourg, no action has been taken in any jurisdiction that would permit a public offering of any of the Notes, or possession or distribution of the Base Prospectus or any other offering material or any Final Terms, in any country or jurisdiction where action for that purpose is required.

Each Dealer has agreed that it will comply with all relevant laws, regulations and directives in each jurisdiction in which it purchases, offers, sells or delivers Notes or has in its possession or distributes the Base Prospectus, the Final Terms or any other offering material, in all cases at its own expense and neither the Issuer nor any other Dealer shall have responsibility therefor.

Each of the Dealers and the Issuer has represented and agreed and will be required to represent and agree that Materialised Notes may only be issued outside of France.

FINAL TERMS

PRO FORMA FINAL TERMS FOR USE IN CONNECTION WITH ISSUES OF SECURITIES WITH A DENOMINATION OF LESS THAN €50,000 TO BE ADMITTED TO TRADING ON AN EU REGULATED MARKET AND/OR OFFERED TO THE PUBLIC IN THE EUROPEAN ECONOMIC AREA

Final Terms dated [●]

SCHNEIDER ELECTRIC SA

Issue of Euro [Aggregate Nominal Amount of Tranche] [Title of Notes]
under the Euro 6,000,000,000 Euro Medium Term Note Programme

[The Base Prospectus referred to below (as completed by these Final Terms) has been prepared on the basis that, except as provided in sub-paragraph (ii) below, any offer of Notes in any Member State of the European Economic Area which has implemented the Prospectus Directive (2003/71/EC) (each, a “**Relevant Member State**”) will be made pursuant to an exemption under the Prospectus Directive, as implemented in that Relevant Member State, from the requirement to publish a prospectus for offers of the Notes. Accordingly any person making or intending to make an offer of the Notes may only do so in:

(i) in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive, in each case, in relation to such offer; or

(ii) in those Public Offer Jurisdictions mentioned in Paragraph 39 of Part A below, provided such person is one of the persons mentioned in Paragraph 39 of Part A below and that such offer is made during the Offer Period specified for such purpose therein.

Neither the Issuer nor any Dealer has authorised, nor do they authorise, the making of any offer of Notes in any other circumstances] [*Include this legend where a non-exempt offer of Notes is anticipated*].

[The Base Prospectus referred to below (as completed by these Final Terms) has been prepared on the basis that any offer of Notes in any Member State of the European Economic Area which has implemented the Prospectus Directive (2003/71/EC) (each, a “**Relevant Member State**”) will be made pursuant to an exemption under the Prospectus Directive, as implemented in that Relevant Member State, from the requirement to publish a prospectus for offers of the Notes. Accordingly any person making or intending to make an offer in that Relevant Member State of the Notes may only do so in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive, in each case, in relation to such offer. Neither the Issuer nor any Dealer has authorised, nor do they authorise, the making of any offer of Notes in any other circumstances] [*Include this legend where an exempt offer of Notes is anticipated*].

PART A – CONTRACTUAL TERMS

Terms used herein shall be deemed to be defined as such for the purposes of the Conditions set forth in the Base Prospectus dated [●] 2010 [and the supplement(s) to the Base Prospectus dated [●]] which [together] constitute[s] a Base Prospectus for the purposes of the Prospectus Directive (Directive 2003/71/EC) (the “**Prospectus Directive**”). This document constitutes the Final Terms of the Notes described herein for the

purposes of Article 5.4 of the Prospectus Directive and must be read in conjunction with such Base Prospectus [as so supplemented]. Full information on the Issuer and the offer of the Notes is only available on the basis of the combination of these Final Terms and the Base Prospectus. [The Base Prospectus [and the supplement(s) to the Base Prospectus] and Final Terms are available for viewing at the office of the Fiscal Agent or each of the paying agents and on the [website of the Issuer (www.schneider-electric.com), and copies may be obtained from Schneider Electric S.A., 35, rue Joseph Monier - 92500 Rueil-Malmaison, France.]

The following alternative language applies if the first tranche of an issue which is being increased was issued under a Base Prospectus with an earlier date.

Terms used herein shall be deemed to be defined as such for the purposes of the Conditions (the “**Conditions**”) set forth in the Base Prospectus dated [original date] [and the supplement(s) to the Base Prospectus dated [●]]. This document constitutes the Final Terms of the Notes described herein for the purposes of Article 5.4 of the Prospectus Directive (Directive 2003/71/EC) (the “**Prospectus Directive**”) and must be read in conjunction with the Base Prospectus dated [current date] [and the supplement(s) to the Base Prospectus dated [●]], which [together] constitute[s] a Base Prospectus for the purposes of the Prospectus Directive, save in respect of the Conditions which are extracted from the Base Prospectus dated [original date] [and the supplement(s) to the Base Prospectus dated [●]] and are attached hereto. Full information on the Issuer and the offer of the Notes is only available on the basis of the combination of these Final Terms and the Base Prospectuses dated [original date] and [current date] [and the supplement(s) to the Base Prospectuses dated [●] and [●]]. [The Base Prospectuses [and the supplement(s) to the Base Prospectuses] are available for viewing at the office of the Fiscal Agent or each of the paying agents and on the [website of the Issuer (www.schneider-electric.com), and copies may be obtained from Schneider Electric S.A., 35, rue Joseph Monier - 92500 Rueil-Malmaison, France.]

[Include whichever of the following apply or specify as “Not Applicable” (N/A). Note that the numbering should remain as set out below, even if “Not Applicable” is indicated for individual paragraphs or subparagraphs. Italics denote guidance for completing the Final Terms.]

[When completing any final terms, or adding any other final terms or information, consideration should be given as to whether such terms or information constitute “significant new factors” and consequently trigger the need for a supplement to the Base Prospectus under Article 16 of the Prospectus Directive.]

PROVISIONS RELATING TO REDEMPTION

- 20 Call Option** [Applicable/Not Applicable]
(If not applicable, delete the remaining sub-paragraphs of this paragraph)

- (i) Optional Redemption Date(s): [•]
 - (ii) Optional Redemption Amount(s) of each Note and method, if any, of calculation of such amount(s): [•] per Note of [•] specified denomination
 - (iii) If redeemable in part:
 - (a) Minimum nominal amount to be redeemed: [•]
 - (b) Maximum nominal amount to be redeemed: [•]
 - (iv) Option Exercise Date(s): [•]
 - (v) Description of any other Issuer's option: [•]
 - (vi) Notice period: [•]
- 21 **Put Option** [Applicable/Not Applicable]
(If not applicable, delete the remaining sub-paragraphs of this paragraph)
- (i) Optional Redemption Date(s): [•]
 - (ii) Optional Redemption Amount(s) of each Note and method, if any, of calculation of such amount(s): [•] per Note of [•] specified denomination
 - (iii) Option Exercise Date(s): [•]
 - (iv) Description of any other Noteholders' option: [•]
 - (v) Notice period: [•]
- 22 **Change of Control Put Option** [Applicable/Not Applicable]
- 23 **Final Redemption Amount of each Note** [[•] per Note of [•] specified denomination /other/see Appendix]
- In cases where the Final Redemption Amount is Index-Linked or other variable-linked:
- (i) Index/Formula/variable: [give or annex details]
 - (ii) Calculation Agent responsible for calculating the Final Redemption Amount: [•]
 - (iii) Provisions for determining Final Redemption Amount where calculated by reference to Index and/or Formula and/or other variable: [•]

- (iv) Provisions for determining Final Redemption Amount where calculation by reference to Index and/or Formula and/or other variable is impossible or impracticable or otherwise disrupted: [●]
- (v) Minimum Final Redemption Amount: [●]
- (vi) Maximum Final Redemption Amount: [●]

24 Early Redemption Amount

- (i) Early Redemption Amount(s) of each Note payable on redemption for taxation reasons or on event of default or other early redemption and/or the method of calculating the same (if required or if different from that set out in the Conditions): [●]
- (ii) Redemption for taxation reasons permitted on days other than Interest Payment Dates : [Yes/No]
- (iii) Unmatured Coupons to become void upon early redemption (Bearer Notes only): [Yes/No/Not Applicable]

GENERAL PROVISIONS APPLICABLE TO THE NOTES

- 25 Form of Notes: [Dematerialised Notes/ Materialised Notes]
(Materialised Notes are only in bearer form)
(delete as appropriate)
- (i) Form of Dematerialised Notes: [Not Applicable/ Bearer dematerialised form (*au porteur*) only/ Registered dematerialised form (*au nominatif*)]
- (ii) Registration Agent: [Not Applicable/ *if Applicable give name and details*]
(Note that a Registration Agent must be appointed in relation to Registered Dematerialised Notes only)
- (iii) Temporary Global Certificate: Temporary Global Certificate exchangeable for Definitive Materialised Bearer Notes on [●] (the “**Exchange Date**”), being 40 days after the Issue Date subject to postponement as provided in the Temporary Global Certificate
- (iv) Applicable TEFRA exemption: [C Rules / D Rules / Not Applicable]
- 26 Financial Centre(s) or other special provisions relating to Payment Dates: [Not Applicable/*give details*.
Note that this item relates to the date and place of payment, and not interest period end dates, to which items 15 (ii), 16 (ii) and 18(ix) relates]

- 27 Talons for future Coupons or Receipts to be attached to Definitive Notes (and dates on which such Talons mature): [Yes/No. *If yes, give details*]
- 28 Details relating to Partly Paid Notes: amount of each payment comprising the Issue Price and date on which each payment is to be made [and consequences (if any) of failure to pay, including any right of the Issuer to forfeit the Notes and interest due on late payment]: [Not Applicable/*give details*]
- 29 Details relating to Instalment Notes: [Not Applicable/*give details*]
- (i) Instalment Amount(s): [●]
Instalment Date(s): [●]
Minimum Instalment Amount: [●]
Maximum Instalment Amount: [●]
- 30 Redenomination, renominatisation and reconventioning provisions: [Not Applicable/The provisions [in Condition [●]] annexed to the applicable Final Terms apply]
- 31 Consolidation provisions: [Not Applicable/The provisions [in Condition [●]] annexed to the applicable Final Terms apply]
- 32 Masse [Applicable/ Not Applicable/ Condition 11 replaced by the full provisions of French *Code de commerce* relating to the Masse] (*Note that: (i) in respect of any Tranche of Notes issued outside France, Condition 11 may be waived, amended or supplemented, and (ii) in respect of any Tranche of Notes issued inside France, Condition 11 must be waived in its entirety and replaced by the provisions of French Code de commerce relating to the Masse. If Condition 11 (as it may be amended or supplemented) applies or if the full provisions of French Code de commerce apply, insert details of Representative and Alternative Representative and remuneration, if any.*)
- 33 Other final terms: [Not Applicable/*give details*]
(*When adding any other final terms or special conditions consideration should be given as to whether such terms constitute “significant new factors” and consequently trigger the need for a supplement to the Base Prospectus under Article 16 of the Prospectus Directive.*)

DISTRIBUTION

- 34 (i) If syndicated, names and addresses of Managers and underwriting commitments: [Not Applicable/give names, addresses and underwriting commitments]
(Include names and addresses of entities agreeing to underwrite the issue on a firm commitment basis and names and addresses of the entities agreeing to place the issue without a firm commitment or on a “best efforts” basis if such entities are not the same as the Managers.)
- (ii) Date of [Subscription] Agreement: [●]
- (iii) Stabilising Manager(s) (if any): [Not Applicable/give name]
- (iv) Dealer’s Commission: [●]
- 35 If non-syndicated, name and address of Dealer: [Not Applicable/give name and address]
- 36 Total commission and concession: [●] per cent. of the Aggregate Nominal Amount
- 37 Additional selling restrictions: [Not Applicable/give details]
- 38 The aggregate principal amount of Notes issued has been translated into [Euro] at the rate of [●], producing a sum of (for Notes not denominated in [Euro]): [Not Applicable/[Euro][●]]
- 39 Non-exempt offer: [Not Applicable] [An offer of the Notes may be made by the Managers [and [specify, if applicable]] other than pursuant to Article 3(2) of the Prospectus Directive in [specify relevant Member State(s) - which must be jurisdictions where the Prospectus and any supplements have been passported] (“**Public Offer Jurisdictions**”) during the period from [specify date] until [specify date] (“**Offer Period**”). See further paragraph 13 of Part B below.

[LISTING AND ADMISSION TO TRADING APPLICATION

These Final Terms comprise the final terms required to list and have admitted to trading the issue of Notes described herein pursuant to the Euro 6,000,000,000 Euro Medium Term Note Programme of Schneider Electric SA.]

RESPONSIBILITY

The Issuer accepts responsibility for the information contained in these Final Terms.

Signed on behalf of the Issuer:

By:

Duly authorised

PART B – OTHER INFORMATION

1 RISK FACTORS

[[Insert any issue specific risk factors that are material to the Notes being offered and/or admitted to trading in order to assess the market risk associated with these Notes and that may affect the Issuer's ability to fulfil its obligations under the Notes which are not covered under "Risk Factors" in the Base Prospectus. If any such additional risk factors need to be included consideration should be given as to whether they constitute a "significant new factors" and consequently triggers the need for a supplement to the Base Prospectus under Article 16 of the Prospectus Directive.][Where the underlying is an index need to include the name of the index and a description if composed by the Issuer and if the index is not composed by the Issuer need to include details of where the information about the index can be obtained. Where the underlying is not an index need to include equivalent information.]]

2 LISTING AND ADMISSION TO TRADING

- (i) Listing: [Luxembourg/other (*specify*)/None]
- (ii) Admission to trading: [Application has been made for the Notes to be admitted to trading on [●] with effect from [●].] [Not Applicable.]
(Where documenting a fungible issue need to indicate that original securities are already admitted to trading.)
- (iii) All the regulated markets on which, to the knowledge of the Issuer, securities of the same class of the securities to be offered or admitted to trading are already admitted to trading. [●]

3 RATINGS

- Ratings: The Notes to be issued have been rated:
[S & P: [●]]
[Moody's: [●]]
[[Other]: [●]]
[Need to include a brief explanation of the meaning of the ratings if this has previously been published by the rating provider.]
(The above disclosure should reflect the rating allocated to Notes of the type being issued under the Programme generally or, where the issue has been specifically rated, that rating.)

4 [NOTIFICATION]

The [*include name of competent authority in EEA home Member State*] [has been requested to provide/has provided - include first alternative for an issue which is contemporaneous with the establishment or update of the Programme and the second alternative for subsequent issues] the [*include names of competent authorities of host Member States*] with a certificate of approval attesting that the Base Prospectus has been drawn up in accordance with the Prospectus Directive.]

5 [INTERESTS OF NATURAL AND LEGAL PERSONS INVOLVED IN THE [ISSUE/OFFER]

Need to include a description of any interest, including conflicting ones, that is material to the issue/offer, detailing the persons involved and the nature of the interest. May be satisfied by the inclusion of the following statement:

“Save as discussed in [*“Subscription and Sale”*], so far as the Issuer is aware, no person involved in the offer of the Notes has an interest material to the offer.”]

6 REASONS FOR THE OFFER, ESTIMATED NET PROCEEDS AND TOTAL EXPENSES

(i) Reasons for the offer: [•]
(See [*“Use of Proceeds”*] wording in Base Prospectus – if reasons for offer different from making profit and/or hedging certain risks will need to include those reasons here.)]

(ii) Estimated net proceeds: [•]
(If proceeds are intended for more than one use will need to split out and present in order of priority. If proceeds insufficient to fund all proposed uses state amount and sources of other funding.)

(iii) Estimated total expenses: [•] [*Include breakdown of expenses.*]
(If the Notes are derivative securities to which Annex XII of the Prospectus Directive Regulation applies it is only necessary to include disclosure of net proceeds and total expenses at (ii) and (iii) above where disclosure is included at (i) above.)

7 [FIXED RATE NOTES ONLY – YIELD]

Indication of yield: [•]
Calculated as [*include details of method of calculation in summary form*] on the Issue Date.
As set out above, the yield is calculated at the Issue Date on the basis of the Issue Price. It is not an indication of future yield.]

8 [FLOATING RATE NOTES ONLY - HISTORIC INTEREST RATES]

Details of historic [LIBOR/EURIBOR/other] rates can be obtained from [Reuters].]

9 [INDEX-LINKED OR OTHER VARIABLE-LINKED NOTES ONLY – PERFORMANCE OF INDEX/FORMULA/OTHER VARIABLE, EXPLANATION OF EFFECT ON VALUE OF INVESTMENT AND ASSOCIATED RISKS AND OTHER INFORMATION CONCERNING THE UNDERLYING

Need to include details of where past and future performance and volatility of the index/formula/other variable can be obtained and a clear and comprehensive explanation of how the value of the investment is affected by the underlying and the circumstances when the risks are most evident.[Where the underlying is an index need to include the name of the index and a description if composed by the Issuer and if the index is not composed by the Issuer need to include details of where the information about the index can be obtained. Where the underlying is not an index need to include equivalent information.]]*

10 [DUAL CURRENCY NOTES ONLY – PERFORMANCE OF RATE[S] OF EXCHANGE AND EXPLANATION OF EFFECT ON VALUE OF INVESTMENT

Need to include details of where past and future performance and volatility of the relevant rate[s] can be obtained and a clear and comprehensive explanation of how the value of the investment is affected by the underlying and the circumstances when the risks are most evident.]

11 [DERIVATIVES ONLY – OTHER INFORMATION CONCERNING THE SECURITIES TO BE [OFFERED]/[ADMITTED TO TRADING]]

Name of the issuer of the underlying security: [•]

ISIN Code: [•]

Underlying interest rate: [•]

Relevant weightings of each underlying in the basket: [•]

Adjustment rules with relation to events concerning the underlying: [•]

Source of information relating to the [Index]/[Indices]: [•]

Place where information relating to the [Index]/[Indices] can be obtained: [•]

Details of any market disruption/settlement disruption events affecting the underlying: [•]

Exercise price/final reference price of underlying: [•]

Details of how the value of investment is affected by the value of the underlying instrument(s): [•]

Details of settlement procedure of derivative securities: [•]

Details of how any return on derivative securities takes place, payment or delivery date, and manner of calculation: [•]

12 [DERIVATIVES ONLY – POST-ISSUANCE INFORMATION CONCERNING THE UNDERLYING

[Indicate whether or not the Issuer intends to provide post-issuance information concerning the underlying. If the Issuer intends to report such information, specify what information will be reported and where such information can be obtained.]

13 [TERMS AND CONDITIONS OF THE OFFER]

Offer Price: [Issue Price][specify]

Description of the application process: [Not Applicable/give details]

The time period, including any possible amendments, during which the offer will be open and description of the application process: [Not Applicable/give details]

Details of the possibility to reduce subscriptions and the manner for refunding excess amount paid by applicants: [Not Applicable/give details]

Details of the minimum and/or maximum amount of application: [Not Applicable/give details]

Details of method and time limits for paying up and delivering securities: [Not Applicable/give details]

Manner and date in which results of the offer are to be made public: [Not Applicable/give details]

Procedure for exercise of any right of pre-emption, negotiability of subscription rights and treatment of unexercised subscription rights: [Not Applicable/give details]

Categories of potential investors to which the securities are offered and whether tranche(s) have been reserved for certain countries: [Not Applicable/give details]

Process for notification to applicants of the amount allotted and indication whether dealing may begin before notification is made: [Not Applicable/give details]

Details of any post-issuance information to be provided and where such information can be obtained: [Not Applicable/give details]

14 PLACING AND UNDERWRITING

Name and address of the co-ordinator(s) of the global offer and of single parts of the offer: [•]

Name and address of any paying agents and depository agents in each country (in addition to the Principal Paying Agent): [•]

Names and addresses of entities agreeing to underwrite the issue on a firm commitment basis, and entities agreeing to place the issue without a firm commitment or under “best efforts” arrangements: [•]

When the underwriting agreement has been or will be reached: [•]

Name and address of entities which have a firm commitment to act as intermediaries in secondary trading: [•]

15 OPERATIONAL INFORMATION

ISIN Code: [•]

Common Code: [•]

Any clearing system(s) other than Euroclear Bank S.A./N.V. and Clearstream Banking, société anonyme and the relevant identification number(s): [Not Applicable/*give name(s) and number(s)*]

Delivery: Delivery [against/free of] payment

Names and addresses of additional Paying Agent(s) (if any): [•]

**PRO FORMA FINAL TERMS FOR USE IN CONNECTION WITH ISSUES OF SECURITIES WITH
A DENOMINATION OF AT LEAST €50,000 TO BE ADMITTED TO TRADING ON AN EU
REGULATED MARKET**

Final Terms dated [●]

SCHNEIDER ELECTRIC SA

**Issue of [Aggregate Nominal Amount of Tranche][Title of notes]
under the Euro 6,000,000,000 Euro Medium Term Note Programme**

PART A – CONTRACTUAL TERMS

Terms used herein shall be deemed to be defined as such for the purposes of the Conditions set forth in the Base Prospectus dated [●] 2010 [and the supplement(s) to the Base Prospectus dated [●]] which [together] constitute[s] a Base Prospectus for the purposes of the Prospectus Directive (Directive 2003/71/EC) (the “**Prospectus Directive**”). This document constitutes the Final Terms of the Notes described herein for the purposes of Article 5.4 of the Prospectus Directive and must be read in conjunction with such Base Prospectus [as so supplemented]. Full information on the Issuer and the offer of the Notes is only available on the basis of the combination of these Final Terms and the Base Prospectus. [The Base Prospectus [and the supplement(s) to the Base Prospectus] and Final Terms are available for viewing at the office of the Fiscal Agent or each of the paying agents and on the [website of the Issuer (www.schneider-electric.com), and copies may be obtained from Schneider Electric S.A., 35, rue Joseph Monier - 92500 Rueil-Malmaison, France.]

The following alternative language applies if the first tranche of an issue which is being increased was issued under a Base Prospectus with an earlier date.

Terms used herein shall be deemed to be defined as such for the purposes of the Conditions (the “**Conditions**”) set forth in the Base Prospectus dated [original date] [and the supplement(s) to the Base Prospectus dated [●]]. This document constitutes the Final Terms of the Notes described herein for the purposes of Article 5.4 of the Prospectus Directive (Directive 2003/71/EC) (the “**Prospectus Directive**”) and must be read in conjunction with the Base Prospectus dated [current date] [and the supplement(s) to the Base Prospectus dated [●]], which [together] constitute[s] a Base Prospectus for the purposes of the Prospectus Directive, save in respect of the Conditions which are extracted from the Base Prospectus dated [original date] [and the supplement(s) to the Base Prospectus dated [●]] and are attached hereto. Full information on the Issuer and the offer of the Notes is only available on the basis of the combination of these Final Terms and the Base Prospectuses dated [original date] and [current date] [and the supplement(s) to the Base Prospectuses dated [●] and [●]]. [The Base Prospectuses [and the supplement(s) to the Base Prospectuses] are available for viewing at the office of the Fiscal Agent or each of the paying agents and on the [website of the Issuer (www.schneider-electric.com), and copies may be obtained from Schneider Electric S.A., 35, rue Joseph Monier - 92500 Rueil-Malmaison, France.]

[Include whichever of the following apply or specify as “Not Applicable” (N/A). Note that the numbering should remain as set out below, even if “Not Applicable” is indicated for individual paragraphs or subparagraphs. Italics denote guidance for completing the Final Terms.]

[When completing final terms or adding any other final terms or information consideration should be given as to whether such terms or information constitute “significant new factors” and consequently trigger the need for a supplement to the Base Prospectus under Article 16 of the Prospectus Directive.]

Common Code: [•]

Any clearing system(s) other than [Not Applicable/give name(s) and number(s)]
Euroclear Bank S.A./N.V. and
Clearstream Banking, société
anonyme and the relevant
identification number(s):

Delivery: Delivery [against/free of] payment

Names and addresses of [•]
additional Paying Agent(s) (if
any):

GENERAL INFORMATION

- 1 Application has been made to list the Notes issued under the Programme on the official list of the Luxembourg Stock Exchange and admit such Notes to trading on the Regulated Market of the Luxembourg Stock Exchange and/or on any other Regulated Market in a Member State of the EEA.
- 2 No authorisation procedures are required of the Issuer under French law for the establishment or update of the Programme. However, any drawdown of Notes under the Programme, to the extent such Notes constitute *obligations*, requires the prior authorisation of the *Directoire* of the Issuer.
- 3 Except as disclosed in this Base Prospectus, there has been no significant change in the financial or trading position of the Issuer or the Group since 31 December 2009 and no material adverse change in the prospects or affairs of the Issuer since 31 December 2009.
- 4 The Issuer is not aware of any governmental, legal or arbitration proceedings (including any such proceedings which are pending or threatened) involving the Issuer during the past 12 months which may have, or have had in the recent past, significant effects on the Issuer's and/or the Group's financial position or profitability.
- 5 Notes have been accepted for clearance through the Euroclear and Clearstream, Luxembourg systems which are entities in charge of keeping the records. The Common Code, the International Securities Identification Number (ISIN) and (where applicable) the identification number for any other relevant clearing system for each Series of Notes will be set out in the relevant Final Terms.

The address of Euroclear is 1 boulevard du Roi Albert II, 1210 Brussels, Belgium and the address of Clearstream, Luxembourg is 42 avenue John Fitzgerald Kennedy, L- 1855 Luxembourg, Grand-Duchy of Luxembourg.

- 6 Dematerialised Notes will be inscribed in the books of Euroclear France (acting as central depository). Dematerialised Notes which are in registered form (*au nominatif*) will also be inscribed either with the Issuer or with the registration agent.

The address of Euroclear France is 115, rue Réaumur, 75081 Paris Cedex 02, France.

- 7 For so long as Notes may be issued pursuant to this Base Prospectus, the following documents will be available, during usual business hours on any weekday (Saturdays and public holidays excepted), for inspection at the office of the Fiscal Agent and the Paying Agents:
 - (i) the constitutive documents of the Issuer;
 - (ii) the published annual report of the Issuer for the financial year ended 31 December 2008 and 31 December 2009;
 - (iii) each Final Terms for Notes that are admitted to trading on the regulated market of the Luxembourg Stock Exchange or any other Regulated Market;
 - (iv) a copy of this Base Prospectus together with any Supplement to this Base Prospectus or further Base Prospectus;
 - (v) all reports, letters and other documents, balance sheets, valuations and statements by any expert any part of which is extracted or referred to in this Base Prospectus.
- 8 For so long as Notes may be issued pursuant to this Base Prospectus, the following documents will be available on the website of the Luxembourg Stock Exchange (www.bourse.lu):
 - (i) the Final Terms for Notes that are listed and admitted to trading on the Regulated Market of the Luxembourg Stock Exchange;

- (ii) the Base Prospectus; and
 - (iii) the documents incorporated by reference in this Base Prospectus.
- 9 The by-laws, reports, letters, and other documents, historical financial information, valuations and statements prepared by the Auditors or any expert at Schneider Electric's request, any part of which is included or referred to in this document, as well as Schneider Electric and the Group's historical financial information for the financial years 2008 and 2009 are available for consultation at the Company's head office (*Directoire's Secrétariat*) located at 35, rue Joseph Monier - 92500 Rueil-Malmaison, France.
- In addition to the annual report and a summary report, the Company also publishes on its corporate website, www.schneider-electric.com, Schneider Electric "In brief" presentations, a Shareholders' Letter (three times a year), and general, economic and financial information (presentations, press releases).
- 10 Copies of the latest constitutive documents (*statuts*) and annual report of the Issuer, including its consolidated accounts and non consolidated accounts and the semi-annual unaudited consolidated financial statements of the Issuer may be obtained, and copies of the Agency Agreement will be available for inspection, at the specified offices of each of the Paying Agents during normal business hours, so long as any of the Notes is outstanding. The Issuer does not publish interim non-consolidated financial statements.
- 11 In respect of derivatives securities as defined in Article 15.2 of Commission Regulation no.809/2004, the Final Terms will indicate whether or not the Issuer intends to provide post-issuance information concerning the underlying. If the Issuer intends to report such information, the Final Terms will specify what information will be reported and where such information can be obtained.
- 12 The Notes to be issued by the Issuer qualify under Category 2 for the purposes of Regulation S under the Securities Act ("**Regulation S**"). Notes will be issued in compliance with US Treas. Reg. §1.163-5(c)(2)(i)(D) (the "**D Rules**") unless (i) the relevant Final Terms states that such Materialised Notes are issued in compliance with US Treas. Reg. §1.163-5(c)(2)(i)(C) (the "**C Rules**"), or (ii) such Notes are issued other than in compliance with the D Rules or the C Rules but in circumstances in which the Notes will not constitute "registration required obligations" under the United States Tax Equity and Fiscal Responsibility Act of 1982 ("**TEFRA**"), which circumstances will be referred to in the relevant Final Terms as a transaction to which TEFRA is not applicable.
- 13 Mazars at Tour Exaltis, 61, rue Henri Regnault, 92075 La Défense Cedex, France, and Ernst & Young & Autres at 41, rue Ybry, 92576 Neuilly-sur-Seine, France (both entities regulated by the *Haut Conseil du Commissariat aux Comptes* and duly authorised as *Commissaires aux Comptes*) have audited and rendered unqualified audit reports on the consolidated financial statements of the Issuer for the years ended 31 December 2008 and 2009. The French auditors carry out their duties in accordance with the principles of *Compagnie Nationale des Commissaires aux Comptes* and are members of the CNCC professional body.
