: "Today, Worldline reports very solid 2018 results, with all full-year objectives met. I am very proud of our teams, who were able to deliver this performance while actively preparing the integration of SIX Payment Services, which enabled us to launch our new integrated company on December 1st.

Today, leveraging the full benefits from its undisputed European leadership in payment services, Worldline presents its new 3-year plan. For the 2019-2021 period, Worldline intends to accelerate further its profitable growth trajectory extracting fully the benefits of its improved competitive positioning after having doubled in size and geographic reach over the last four years. Our plan will keep an intense commercial focus on large outsourcing deals and new bank alliances, a strong attention to grow online and omni-channel payments and an swift execution of the SIX Payment Services synergy plans.

Based on its recognized track record, Worldline intends to reinforce its position as a premium brand for customers, employees and key talents and is more than ever the long-term payment partner to European banks and merchants. Thanks to its strategic flexibility and proven ability to shape tailor-made M&A transactions, the Group will maintain an absolute priority and focus, in parallel with the SIX Payment Services integration, on the next wave of European payment consolidation opportunities.”
