Investor Relations : info.esa@ecoslops.com - 01 83 64 47 43

Player of the circular economy, Ecoslops has developed and implemented a unique technology to upgrade oil residues into new fuels and light bitumen. The solution proposed by Ecoslops is based on a unique micro-refining industrial process that transforms these residues into commercial products that meet international standards. Ecoslops offers an economic and ecological solution to port infrastructure, waste collectors and ship-owners through its processing plants.
