Until the 2018 financial year, payments made under operating leases were charged to profit or loss on a straight line basis over the period of the lease. On adoption of IFRS 16, the Group recognised right-of-use assets and lease liabilities for those leases previously classified as operating leases, except for short-term leases and leases of low-value assets for which associated payments are recognised on a straight-line basis as an expense in profit or loss.

The adoption of IFRS 16 from 1 January 2019 led to the recognition of €2.7 million of operating expenses in Depreciation and Amortisation in Q1 2019 (see appendix for the detailed impact).

♦ Contemplated acquisition of Oslo Børs VPS

On 24 December 2018, Euronext announced it had approached the Board of Directors of Oslo Børs VPS Holding ASA ("Oslo Børs VPS") to seek its support for a €625m¹ cash tender offer for all the outstanding shares of Oslo Børs VPS, the Norwegian Stock Exchange and national CSD operator, headquartered in Oslo. On 14 January 2019, Euronext published the offer document for its previously announced all-cash tender offer to acquire all issued and outstanding shares of Oslo Børs VPS for NOK 6.24 billion (€625m¹). The offer document and other publications in relation to the offer are available on Euronext's website, www.euronext.com².

Following an invitation to consider an acquisition of shares in Oslo Børs VPS organized by a group of its shareholders, Euronext has secured support for the offer from Oslo Børs VPS shareholders representing the majority of the total number of outstanding shares through irrevocable binding pre-commitments to tender shares in the context of the offer and share purchases. These irrevocable undertakings remain valid regardless of any competing offer that has been or may be made in the context of this transaction until 31 August 2019. In addition, 22 shareholders decided on 11 February 2019 to strengthen their commitment to support Euronext's offer by extending the deadline for their irrevocable pre-commitments to the end of December 2019. The original offer price of NOK145 per share, i.e. NOK6.24 billion (€625m¹) for all outstanding shares of Oslo Børs VPS, has been amended to NOK158 per share, i.e. NOK6.79 billion (€692m³) on 11 February 2019, in order to demonstrate Euronext's willingness to share the benefits of this transaction with Oslo Børs VPS shareholders, the majority of whom supports Euronext's offer and to continue the dialogue with the minority of Oslo Børs VPS' shareholders who have not yet committed their shares to Euronext. The acceptance period of the tender

offer commenced on 14 January 2019, and has been amended on 11 March 2019, on 1 April 2019 and on 6 May 2019 so that Euronext will continue to receive and accept acceptances of the Offer up to 31 May 2019 at 18:00 Central European Time.

On 4 March 2019, Euronext noted that the Oslo Børs VPS Board of Directors has considered Euronext's increased offer announced on 11 February 2019 as equal to the updated Nasdaq offer from a purely financial point of view. Euronext also noted that, following Nasdaq's announced decision to match Euronext's offer, the Board of Directors has upheld its recommendation of Nasdaq as the preferred bidder in line with its commitment to do so under any circumstances. Euronext reiterated that it has already secured a majority of the shares of Oslo Børs VPS's, that its minimum ownership condition has therefore been fulfilled and that it will complete the transaction once regulatory clearance has been obtained, after the satisfaction of the other conditions in its offer.

On 8 April 2019, Euronext received the recommendation by the Norwegian Financial Supervisory Authority (Finanstilsynet) to the Norwegian Ministry of Finance, recommending that Euronext should be approved as a suitable owner of up to 100% of the capital of Oslo Børs VPS, as applied for, without ownership or other restrictions. Following this, on 13 May 2019, Euronext received clearance from the Norwegian Ministry of Finance to acquire up to 100% of Oslo Børs VPS capital. Reaching this critical milestone, Euronext confirms its intention to complete the transaction by the end of June 2019.

The Ministry's decision was one of the last major conditions to complete the transaction since most of the other condition precedents highlighted in Euronext's offer document were already met, including but not limited to: (i) Euronext has already secured more than the majority of the capital of Oslo Børs VPS (53.4%) including pre-commitments, shares tendered to the offer, and directly owned shares and (ii) the Euronext's college of regulators has given its non-objection to the contemplated transaction. Euronext's shareholders have been asked to approve the transaction at the AGM on 16 May 2019 and Euronext's Reference Shareholders who represent 23.86% of Euronext's capital have confirmed joint support.

Following requests from Oslo Børs VPS shareholders who to date have either yet to tender their shares to any offer, or tendered to the competing offer, whether Euronext would offer liquidity to all remaining shareholders, Euronext confirms that it will ensure that all remaining shareholders will get an opportunity to tender their shares to Euronext at the same terms in connection with or following final regulatory approval and fulfilment of all offer conditions, through an extended, new or re-opened offer.

Euronext is convinced that the transaction will be of great benefit to Oslo Børs VPS and all its clients, employees and the wider Norwegian financial community. In particular, Euronext remains strongly committed to supporting the strong international listing franchise in the oil, seafood and shipping sectors that Oslo Børs VPS has developed over many years, as well as its very successful listings of bonds and equity certificates. In addition, Euronext will continue to support Norwegian SMEs, leveraging on the strengths of its large SME markets. Euronext remains strongly committed to securing the position of VPS, the national CSD, through technology investments, maintained operational independence and continued local supervision and regulation. Euronext also remains committed to ensuring appropriate Norwegian representation in the Boards of Directors of the acquired entities including independent board members and employee representatives.
