

## Atos reaches 3<sup>rd</sup> position worldwide in Managed Security Services for the cyberspace according to Gartner

### Evaluation based on 2018 Market Share Revenue

Paris, June 14, 2019 – Atos, a global leader in digital transformation, today announces it has been ranked the 3<sup>rd</sup> global player in [Managed Security Services \(MSS\)](#) in terms of 2018 market share revenue, according to the latest Gartner report<sup>1</sup>.

With a global team of over 5,000 security specialists and a worldwide network of 14 Security Operation Centers operating 24/7, Atos offers end-to-end security solutions. Atos integrates the best-in-breed technologies and offers a full portfolio of advanced [security products](#) and [solutions](#), to help its clients turn risk into business value.

*"Cybersecurity is at the core of the digital space, enabling companies, governments and citizens to evolve with trust. We are proud to be recognized as a global leader with this ranking, which both reinforces our position as the European number one in cybersecurity and demonstrates our breakthrough in the American market. It reflects the expertise of our 5,000-strong team of experts worldwide and our continued commitment to protect our customers."* said **Thierry Breton, Atos Chairman and CEO**.

Clients rely on Atos technologies to reinforce their security. In 2018, Atos won numerous contracts and signed partnerships, including: [protecting key EU institutions](#), a key [cybersecurity industry partnership with NATO](#), and [a deal with the state of Virginia in the USA](#) to protect its technology infrastructure with next generation cybersecurity solutions. In addition, Atos made significant investments to help its clients address their regulatory obligations regarding [data protection](#).

Security is also at the heart of the partnership between Atos and Google Cloud: recently, [Atos was selected by Veolia](#), the world leader in utilities, to develop a secure space in the cloud using Google Cloud's G Suite collaborative suite.

Enforcing its commitment towards a more secure world, Atos is involved in global cybersecurity initiatives such as [The Charter of Trust](#), which gathers 19 leading global organizations from private and public sector.
