

Press release

Completion of Sabadell AM acquisition by Amundi Successful launch of the long-term partnership with Banco Sabadell in Spain

Paris, 30 June 2020 - Following the announcement made on 21 January 2020, Amundi has received all necessary regulatory approvals, and has today finalised the acquisition of 100% of Sabadell Asset Management¹.

The 10-year strategic partnership for the distribution of Amundi products across Banco Sabadell's networks in Spain is starting successfully, while the respective teams have already agreed the commercial strategy and priorities.

The integration and cooperation workflows launched between Banco Sabadell and Amundi since January confirm the partnership's strong potential, as illustrated by the fact that the first products managed by Amundi are already being promoted within the Banco Sabadell retail network.

Sabadell AM has demonstrated its resilience during the pandemic, with assets under management of €21bn as at the end of May 2020, almost stable compared to end 2019.

This transaction and the partnership with Banco Sabadell will allow Amundi to significantly reinforce its position in Spain², a major market in Europe for retail savings, and to consolidate its European leadership while deploying its unique business model aimed at serving retail networks.

Yves Perrier, CEO of Amundi, commented: *"We are pleased to announce the finalisation of the acquisition of Sabadell Asset Management, and the successful start of the strategic partnership with Banco Sabadell. We are convinced that this new growth driver offers a solid potential for development. This partnership is in line with Amundi's strategy in Europe to deliver its capabilities and resources to serve customers through retail networks."*

¹ Excluding Urquijo Gestion which is not included in the scope of the transaction

² As a reminder, Sabadell Asset Management and Amundi Iberia will remain two separate legal entities.

About Amundi

Amundi, the leading European asset manager, ranking among the top 10 global players³, offers its 100 million clients - retail investors, institutional investors and companies - a complete range of savings and investment solutions in active and passive management, in traditional or real assets.
