

Atos acquires Visual BI to enhance its ability to address customers' increasing need for analytics in the cloud

Paris, France - July 27, 2021 – Atos today announces it has reached an agreement to acquire Visual BI, one of the leading and fastest growing firms focusing exclusively on Cloud Data Analytics and Business Intelligence in the US. Visual BI is a Snowflake Elite partner, Microsoft Gold Partner for Data & Analytics and is an SAP partner. The company also supports the technology platforms from market leading partners such as Fishtown Analytics, Fivetran, Tableau, HVR Software, Qlik, Theobald Software and Alteryx.

By adding Visual BI's cloud data-related capabilities, consulting services and partnerships to its technology portfolio, Atos will enhance its ability to address customers' increasing need for BI and analytics in cloud environments. Atos will also benefit from the expertise of Visual BI's 180+ employees worldwide, based in the United States, Canada, and India, who will reinforce its *Data Analytics* and *Cloud Enterprise Solutions* practices.

This operation, together with the [acquisition of Maven Wave in 2020](#), reinforces Atos's strategic vision for data and cloud as the foundations of digital transformation. The Group aims at supporting organizations in their entire cloud data journey, from data centralization to high-value insight delivery.

Founded in 2010 and headquartered in Plano, Texas (US), Visual BI is an end-to-end BI & Analytics enablement provider offering expert consulting services, analytics solutions and end-user training.

"Atos has made it its mission to help businesses easily and safely mobilize and leverage data from multiple sources to fuel decision making. With the acquisition of Visual BI, we gain access to a broader set of analytics capabilities and tools, greatly enhancing our customers' ability to tackle their most complex business challenges using data," said **Wim Los, SVP Cloud Enterprise Solutions at Atos**. *"This strategic acquisition allows us to further accelerate our global leadership in data-driven transformation, in line with the recent launch of our [Atos Digital Hub](#) initiative."*

"My team and I are super excited to bring our culture, technical expertise and world class client relationships to the illustrious Atos brand. Our technical and operational synergies will result in a clear victory for our clients as we accelerate their Data, AI and Analytics journeys," said **Christopher Holliday, Senior Vice President, Client Management, Visual BI.**

"I am very excited to have this opportunity to bring these two great organizations with amazing employees together to help clients' accelerate modernize their data and analytics journeys in the cloud. This integration is a great blend of strong technical experience and industry expertise to deliver impactful value to our customers," said **Gopal Krishnamurthy, Founder and CEO, Visual BI.**
