Outlook

As mentioned in our previous press releases since end-March 2020, the global coronavirus health crisis is changing by the day, with persistent uncertainty surrounding its duration, extent and impacts on corporate production lines as well as consumption in general.

The potential impacts in the medium term remain difficult to anticipate. This crisis still calls for cautious measures. Due to the exceptional circumstances, the Group has suspended its financial targets and strategic business objectives until the situation becomes clearer.

NEXT FINANCIAL DISCLOSURE:
