3. Climate change/ESG

With respect to climate change and the pursuit of our ESG policy, the Group has made long-term commitments and defined clear strategic priorities. Among the objectives for late 2024, when the "BPCE 2024" strategic plan will be coming to an end, the Group has notably included the goal of reducing the temperature of the portfolios of the Corporate & Investment Banking (CIB) division to 2.5°C and the main fund of Natixis Assurances (NA) to 2°C. In the longer term, the aim is to lower the temperature of the CIB portfolios to 2.2°C in 2030 and 1.5°C in 2050, with the goal of lowering the temperature of NA's main fund to 1.5°C in 2030. Another major target for the end of 2024 is to reduce the Group's own carbon footprint by 15% vs. the end of 2019. What is more, in its capacity as a major player in green and social finance, the Group is aiming to complete at least 3 green or social bond issues per year during the 4-year life of the "BPCE 2024" strategic plan.

In this respect, Groupe BPCE had 12.1 billion euros in outstanding green or social bond issues at the end of 2021. In January 2022, the Group achieved a new first for a European bank with a 750 million-euro 5-year green bond issue devoted to sustainable agriculture.

Net banking income including H₂O AM rose by 39.5% in Q4-21 to reach 1,400 million euros and by 21.5% in 2021 to 3,921 million euros (+23.7% at constant exchange rates).

At December 31, 2021, **assets under management²** stood at 1,245 billion euros in the Asset Management segment. Presentation of restated and pro-forma quarterly results

Following the announcement on February 25, 2020 of the sale of a 29.5% stake in Coface, all impacts relating to this transaction are shown, for financial communication purposes, on a separate line in the income statement entitled "Coface net contribution" (at the level of the Corporate center and Groupe BPCE).

From an accounting standpoint, the Coface capital loss in respect of H1-20 is classified under "Gains or losses on other assets" and the impairment loss on the residual stake in Coface in H1-20 is recorded under "Share in net income of associates."

To facilitate comparison with previous publications, the restated quarterly series for Groupe BPCE and the Corporate center are included in these annexes.

In its capacity as the central institution, BPCE SA organizes, coordinates and supervises a certain number of activities or services on behalf of the Group and, notably, of the Banque Populaire and Caisse d'Épargne retail banking networks (strategic oversight, coordination of commercial policies, centralized management of refinancing, major projects, etc.). The contribution of the central institution is presented under the Corporate center division.

The rules governing the re-invoicing by BPCE SA of expenses recorded with respect to the missions it pursues in its central institution capacity were modified in the fourth quarter of 2020. As a result and for comparison purposes, the 2020 quarterly income statements of the Retail Banking & Insurance and Corporate center divisions have been restated for past periods.

Simplified Public Tender Offer on Natixis shares

On February 9, 2021, BPCE SA announced its intent to acquire the shares in Natixis SA's capital that it did not already own, i.e. approximately 29.3% at December 31, 2020, and to file a simplified tender offer ("offre publique d'achat simplifiée") with the French stock market regulator AMF (Autorité des Marchés Financiers).

After the tender offer was declared compliant by the AMF on April 15, the various necessary regulatory approvals were subsequently obtained, enabling the simplified public tender offer to proceed on June 4, 2021.

On June 30, 2021, BPCE SA held 79.71% of Natixis shares (percentage of ownership expressed as a proportion of the total number of shares settled and delivered as at the balance sheet date, excluding treasury shares held by Natixis). The earnings generated by the Natixis Group in the 2nd quarter of the year and attributed to BPCE were computed on the basis of this percentage.

Result of the Simplified Public Tender Offer on Natixis shares

The simplified tender offer for 29.3% of the share capital of Natixis S.A., which closed on July 9, 2021, enabled Groupe BPCE to hold more than 90% of the share capital and voting rights of Natixis. The squeeze-out was subsequently implemented on July 21, 2021.

Exceptional items

The exceptional items and the reconciliation of the reported income statement to the underlying income statement of Groupe BPCE are detailed in an annex to this document.
