Second refurbishing center inaugurated in the UK, Europe's leading market for used car sales

Aramis Group [Ticker: ARAMI – ISIN: FR0014003U94], European leader for B2C online used car sales, present in six countries, is announcing the inauguration of its second used vehicle refurbishing center in the United Kingdom, Europe's largest market for used vehicle sales with over 6.5 million units sold in 2022.

Located in Hull, Yorkshire, this new 15,000 sq.m center includes a dedicated refurbishing building of 4,800 sq.m. It will complement the longstanding Goole site and drive productivity and efficiency gains for vehicle preparation. It represents a total investment of around €2.5 million.

Once fully operational, this new center will increase Aramis Group's processing capacity in the UK by around 25,000 vehicles per year, helping serve a growing number of UK customers with quality refurbished cars at the right price, in line with its focus on the circular economy. The Goole center currently processes around 13,000 vehicles annually.

Up to 100 qualified local jobs will be created over time, helping further strengthen the industrial network and strong local roots of CarSupermarket.com, Aramis Group's UK subsidiary. However, in view of current automotive market trends in the UK, the Hull center's ramp-up has been adapted in line with the level of demand, with certain business experts redeployed from Goole to the Hull site and a limited number of new hires. As soon as the economic context improves, CarSupermarket.com will be able to strongly re-accelerate and relaunch its growth, in a structurally deep and attractive UK market.

Nicolas Chartier and Guillaume Paoli, co-founders¹ of Aramis Group: *“Following the opening of the Antwerp refurbishing center in November 2021, the Group's first site in Belgium, then the Nemours facility in June 2022, its second site in France, Aramis Group is delighted to inaugurate its second site in the UK. Thank you to all our teams for this great achievement, and particularly Matt Barrick, who has been with CarSupermarket.com for more than 15 years and was recently appointed as CEO of our UK operations, and who has been a driving force behind its development. This center illustrates the convergence of practices within Aramis Group, with CarSupermarket.com benefiting from the transfer of the industry-leading vehicle refurbishing expertise in Europe built up since 2014 by AramisAuto, our French subsidiary, at its Donzère center in the south of France. Located in Hull, Yorkshire, the region where CarSupermarket.com was founded more than 20 years ago and where the brand has a strong leading position locally, this new center will enable us to triple our vehicle processing capacity in the UK over time, helping consolidate our position in this country and supporting our objectives for growth”.*

¹ Nicolas Chartier is Chairman and Chief Executive Officer of the Company, and Guillaume Paoli is Deputy Chief Executive Officer, based on a two-year rotation
