
Implementation of the share buyback programme

Boulogne-Billancourt, December 15, 2023

As part of the implementation of its share buyback programme, Renault Group has entrusted an investment services provider with a mandate to purchase a maximum number of 200,000 Renault shares, depending on market conditions, over a period running from December 15 up to and including December 19, 2023.

The purpose of such share buyback is to cover Renault's obligations towards the beneficiaries of performance shares or any long-term incentive plan implemented for the benefit of the Group's CEO and senior managers.

The description of the share buyback programme, as authorized by the Annual General Meeting of May 11, 2023, under the 15th resolution, is detailed on pages 542 of Renault Group's 2022 Universal Registration Document.
