**Paris, France - June 14, 2024** - As part of the discussions initiated with the French State announced to the market by a press release dated April 29, 2024, Atos SE ("**Atos**" or the "**Company**") today announces it has received a non-binding confirmatory offer letter from the French State regarding the potential acquisition of 100% of the Advanced Computing, Mission-Critical Systems and Cybersecurity Products activities of the Company's BDS (Big Data & Cybersecurity) division.

This non-binding confirmatory offer is for a total enterprise value of €700 million.

The Atos' Board of Directors, under the aegis of the Conciliator Maître Hélène Bourbouloux, and the Company's management will discuss this proposal with the French State, noting that no assurances can be made that the parties will successfully negotiate and enter into a definitive agreement.

Furthermore, the Company confirms its objective of reaching a definitive financial restructuring agreement with the Onepoint consortium and its financial creditors, which will then be implemented through a dedicated accelerated procedure<sup>2</sup> by July 2024.

<sup>1</sup> Onepoint Consortium, comprising Onepoint, Butler Industries and Econocom, as well as a group of certain of the Company's financial creditors (the "**Onepoint Consortium**").

<sup>2</sup> The Company may request the opening of accelerated safeguard proceedings – whose effects would be limited to financial creditors and shareholders only – with the sole view to implement and obtain a Court approval on the terms of the financial restructuring plan agreed in the lock-up agreement. The accelerated safeguard proceedings would concern only the financial indebtedness of Atos and would not impact in any way suppliers, employees, the governance of the Company, or other creditors of the Company or its subsidiaries.
