TotalEnergies and Casino renew their partnership for supplying over 1,000 service stations in France

Casino Group and TotalEnergies have announced the renewal of their strategic partnership for supplying more than 1,000 service stations in France. The new agreement, consolidating a partnership of over 20 years between the two companies, will come into force on 1 October 2024 for a duration of five years¹.

The partnership includes:

- **A nationwide presence:** Casino will continue to supply food products and other essential items to more than 1,000 TotalEnergies service stations, nearly 140 of which are located on motorways.
- **A wide range of services:** Casino will supply the TotalEnergies service station network in three ways: as a supplier of food products, as a supplier of Casino products and through “Casino Shop” or “Shop by Casino” corners.
- **A sustainable partnership:** Casino is also one of the main suppliers to more than 860 TotalEnergies service stations operating under franchise or business lease.

Jérôme Déchamps, Executive Vice President Retail & Mobility Solutions at TotalEnergies said, *“We are delighted to renew this agreement with our long-standing partner, Casino. The partnership is part of our mission to offer our service station customers not just a place to fill their tank or charge their vehicle, but also a high-quality service, including a wide range of in-store food products.”*

Philippe Palazzi, Chief Executive Officer of Casino Group said, *“The renewal of this partnership with TotalEnergies and its subsidiary Argedis is a perfect reflection of Casino Group’s priorities: providing our partners unbeatable service by capitalising on our logistical agility and the quality of our product offering. This renewed trust of our partner will enable us to consolidate our position as a benchmark player in this market, where we are present in over 1,300 service stations throughout France.”*

¹ Three-year contract, renewable for two years.
