ANNEX A –

TERMS AND CONDITIONS OF THE WARRANTS

§ 1 (Series, Form of Warrants, Issuance of Additional Warrants)

- (1) This series (the "**Series**") of Warrants linked to Commodities (the "**Warrants**") of Bayerische Hypo- und Vereinsbank AG (the "**Issuer**") will be issued on 16 June 2009 (the "**Issue Date**") in the form of call options (with respect to Warrants for which "**Call**" is specified in the column "Call/Put" in the table of Appendix 1) or in the form of put options (with respect to Warrants for which "**Put**" is specified in the column "Call/Put" in the table of Appendix 1) pursuant to these terms and conditions (the "**Terms and Conditions**").

In accordance with the Terms and Conditions, the Issuer shall pay for each Warrant to the holder of such Warrant (each a "**Warrant Holder**") the Differential Amount (§ 3).

- (2) The Warrants are represented by a permanent global bearer warrant (the "**Global Bearer Warrant**"), which bears the manual signatures of two authorised signatories of the Issuer as well as the manual signature of a control officer of Euroclear France S.A. and which is deposited with Euroclear France S.A. (the "**Clearing System**"). Warrants are transferable as co-ownership interests in the Global Bearer Warrant in accordance with the rules and regulations of the Clearing System. The right to request definitive Warrants shall be excluded.
- (3) The Issuer reserves the right to issue additional Warrants on the same terms at any time, without approval of the Warrant Holders, in such manner as to consolidate them with these Warrants forming a single fungible series together with the latter. In that event, the term "*Warrants*" also includes such additionally issued warrants.

§ 2 (Definitions)

Within these Terms and Conditions the following terms shall have the following meanings:

"**Reference Asset**" means each of the commodities described in the table of Appendix 1.

"**Ratio**" means the Ratio specified in the table of Appendix 1.

"**Reference Price**" means the official price of the Reference Asset as published on the Reference Market at the time as specified in the table of Appendix 1.

"**Exchange Rate**" means the European Central Bank settlement spot rates for fixing of the exchange rate of US Dollars ("USD") against EUR at 14:15 CET on the Valuation Date, as published on the Reuters page ECB37, to be used for conversion of any amount into the Specified Currency for the purposes of determining the Differential Amount.

"**Banking Day**" means any day (other than a Saturday or Sunday) on which the Clearing System as well as the Trans-European Automated Real-time Gross settlement Express Transfer system 2 (TARGET) are open for business and commercial banks and foreign exchange markets settle payments in Milan and Paris.

"**Calculation Date**" means any day on which the Reference Asset is calculated by the Reference Market and is published on the Screen Page (as specified in Appendix 1).

"**Valuation Date**" means the Exercise Date or, if the Exercise Date is no Calculation Date, the following Calculation Date.

"**Exercise Date**" means the Maturity Date specified in the table of Appendix 1.

"**Reference Market**" means the Reference Market specified in the table of Appendix 1.

§ 3 (Exercise Right, Differential Amount)

- (1) The Warrant Holder shall be entitled to payment of the Differential Amount by the Issuer according to these Terms and Conditions (the "**Exercise Right**").
- (2) The "**Differential Amount**" shall equal
 - (a) in the case of call warrants, the difference expressed in Euro (the "**Specified Currency**") of the Reference Price on the Valuation Date exceeding the Base Price multiplied with the respective Ratio and divided by the applicable Exchange Rate; or
 - (b) in the case of put warrants, the difference expressed in the Specified Currency of the Reference Price on the Valuation Date falling below the Base Price multiplied with the respective Ratio and divided by the applicable Exchange Rate.
- (3) The provisions to determine the Differential Amount are possibly subject to adjustments and Market Disruptions pursuant to § 6 and § 7.

§ 4 (Maturity, Option Period, Exercise)

- (1) "**Maturity Date**" means the date specified in the table of Appendix 1. The Exercise Right can be exercised by the Warrant Holder on the Exercise Date (*European Style Warrants*). Unless already duly exercised by the Warrant Holder, the Warrants are considered to be exercised on Exercise Date, if the Differential Amount on the Valuation Date is positive. On termination of the Exercise Date, the Exercise Rights expire.
- (2) At least 1,000 Warrants of one series (the "**Unit**") or a multiple thereof are required to make effective use of the Exercise Right. Otherwise, such number of Warrants shall be rounded down to the preceding multiple of 1,000 and the Exercise Notice shall not be valid in respect of the Warrants exceeding such rounded number of Warrants. Exercise of less than 1,000 Warrants is not valid and does not cause effect.
- (3) The Exercise Right is exercised by the Warrant Holder by delivering a duly completed exercise notice (the "**Exercise Notice**"), using the form attached to these Terms and Conditions, by facsimile to the number set out prior to 10:00 a.m. (Milan time).
- (4) The Warrants specified in the Exercise Notice are only considered as validly exercised, if, prior to 5:00 p.m. (Milan time) on this Exercise Date, the Warrants specified in the Exercise Notice are transferred to the Issuer's account with the French Paying Agent, which is set out in the respective form of Exercise Notice (Appendix 3). For this purpose, the Warrant Holder is obliged to instruct its depository bank, which is responsible for forwarding the specified Warrants.

In the event that a Warrant Holder does not perform its obligations and so delivers an Exercise Notice not duly completed or not in accordance with the above provisions, the Exercise Notice shall not be valid. As far as the Exercise Notice is corrected supplementary to the Issuer's content, the Exercise Notice will be classified as new Exercise Notice, which is considered as received by the Issuer at the point in time, on which the corrected Exercise Notice is delivered to the Issuer.

Subject to the above provisions, the delivery of the Exercise Notice shall be an irrevocable declaration of intent of the respective Warrant Holder to exercise the respective Warrants.

When calculating the Differential Amount, no fees, commissions or other costs charged by the Issuer or a third party authorised by the Issuer, will be taken into account.

The Issuer shall not apply any charge for the exercise of the Warrants. Other taxes, duties and/or expenses, including any applicable depository charges, transaction or exercise charges, stamp duty, stamp duty reserve tax, issue, registration, securities transfer and/or other taxes or duties which may arise in connection with the automatic Exercise of the Warrants are in charge of the Warrant Holder.

The Issuer will, in its sole and absolute discretion, determine whether the above conditions are satisfied and its determination will be final, conclusive and binding on the Warrant Holders.

§ 5 (Termination of the Exercise Rights)

In the event that during the tenor of the Warrants, the Issuer is prevented from performing its obligations in relation to the Warrants due to laws, regulations, regulatory measures or any other reason, the Issuer is entitled to declare all Exercise Rights which are valid at that point in time, in whole but not in part, terminated by giving notice pursuant to § 13, even if the exercise of individual Exercise Rights is already effective, but the Differential Amount has not yet been credited to the respective Warrant Holder/s. There will be no further compensation than the reimbursement of the amount expended for the purchase of the Warrants.

§ 6 (Adjustments, Issuer's Irregular Call Rights)

- (1) The basis for calculating the Differential Amount shall be the commodity specified as the Reference Asset considering the method of price determination and the trading conditions applicable on the Reference Market (e.g. in terms of the composition, the quality, the quantity, the currency of trading or the expiry dates).
- (2) If, in the reasonable discretion of the Calculation Agent, the method of price determination or the trading conditions applicable to the Reference Asset on the Reference Market are changed in a way that the new relevant method of price determination or the trading conditions applicable on the Reference Market applicable to the Reference Asset is, as a result of a change, no longer comparable to the previous relevant method or condition, the Calculation Agent is entitled to adjust the method to determine the Differential Amount to account for such change. The Calculation Agent will use reasonable endeavours as to ensure that the economic position of the Warrant Holders remains unchanged to the largest extent possible. Any adjustment will be made by the Calculation Agent taking into account the time to maturity of the Warrants (if applicable) and the latest available price for the Reference Asset. The method to determine the Differential Amount may also be adjusted in case trading in the Reference Asset is cancelled on the Reference Market. The adjusted method to determine the Differential Amount and the time of its initial application shall be published in accordance with § 13.
- (3) If trading in the Reference Asset is at any time cancelled on the Reference Market but is resumed on another market which the Calculation Agent deems suitable in its reasonable discretion (the "**Replacement Reference Market**"), the Calculation Agent is entitled to stipulate that such Replacement Reference Market should in the future be used as the basis for the calculation of the Differential Amount. In such case, the Calculation Agent is also entitled to adjust the method or formula to calculate the Differential Amount to account for any difference in the method of price determination or the trading conditions applicable to the Reference Asset on the Replacement Reference Market, as compared to the methods and conditions applicable on the Reference Market. The Replacement Reference Market and the time that it is first applied shall be published in accordance with § 13. Commencing with the first application of the Replacement Reference Market, any reference to the Reference Market in these Terms and Conditions, depending on the context, refers to the Replacement Reference Market.
- (4) Should the Calculation Agent come to the conclusion that no reasonable adjustment is possible to account for the change in the method of price determination or the trading conditions applicable to the Reference Asset on the Reference Market or should, in the determination of the Calculation Agent, no Replacement Reference Market be available, the Issuer is entitled to terminate the Warrants early by giving notice pursuant to § 13. Such termination shall become effective at the time of the announcement pursuant to § 13 or, as the case may be, at the time indicated in the announcement. In that case, the Calculation Agent shall within ten Banking Days after the termination determine and publish the reasonable market value of the Warrants (the "**Cancellation Amount**"). The Cancellation Amount will be paid within ten Banking Days after determination to the Clearing System with the instruction for immediate forwarding to the Warrant Holders.
- (5) The adjustments and determinations of the Issuer or the Calculation Agent pursuant to the paragraphs above shall be effected by the Issuer at its reasonable discretion (*billigem Ermessen*) pursuant to § 315 or § 317 of the BGB and shall be final, conclusive and binding on all parties, except where there is a manifest error.

§ 7 (Market Disruptions)

- (1) Notwithstanding the conditions of § 6 above, if a Market Disruption occurs on a Valuation Date with respect to the Reference Asset, the Valuation Date will be postponed to the next following Calculation Date on which the Market Disruption no longer exists. If applicable, any payment date relating to such Valuation Date shall be postponed accordingly.
- (2) Should the Market Disruption continue for more than four consecutive Calculation Dates the Issuer, in its sole and absolute discretion shall determine, or cause the Calculation Agent to determine, the Reference Price. The Reference Price required for the determination of the Differential Amount shall be determined in accordance with prevailing market conditions on this fifth day, taking into account the economic position of the Warrant Holders.
- (3) "**Market Disruption**" means:
 - (a) the suspension or the restriction of trading or the price determination relating to the Reference Asset on the Reference Market, or
 - (b) the significant change in the method of price determination or in the trading conditions relating to the Reference Assets on the Reference Market (e.g. in terms of the composition, the quantity or the currency relating to the Reference Asset the respective Basket Component).

Any restriction of the trading hours or the number of calculation days on the Relevant Reference Market shall not constitute a Market Disruption provided that the restriction is due to a previously announced change in the rules of the Relevant Reference Market.

§ 8 (Payments)

- (1) The Issuer undertakes to pay the Differential Amount and all amounts owed under these Terms and Conditions in the Specified Currency within five Banking Days following the Valuation Date. All amounts payable shall be rounded up or down to the nearest 0.01 Euro, with 0.005 Euro being rounded upwards.
- (2) If the due date for any payment under the Warrants (the "**Payment Date**") is not a Banking Day then the Warrant Holders shall not be entitled to payment until the next Banking Day. The Warrant Holders are not entitled to interest or any other payment on the basis of such delay.
- (3) All payments shall be made to the Principal Paying Agent (as defined in § 9). The Principal Paying Agent shall pay all amounts due to the Clearing System for credit to the respective accounts of the depository bank for transfer to the Warrant Holders. The payment to the Clearing System shall discharge the Issuer from its payment obligations under the Warrants in the amount of such payment.

- (2) The Calculation Agent is Bayerische Hypo- und Vereinsbank AG, Milan Branch (the "**Calculation Agent**").
- (3) Should any event occur which results in the Principal Paying Agent or Calculation Agent being unable to continue in its function as Principal Paying Agent or Calculation Agent, the Issuer is authorized to appoint another bank of international standing as Principal Paying Agent or another person or institution with the relevant expertise as Calculation Agent. Any such transfer of the functions of the Principal Paying Agent or Calculation Agent shall be notified promptly by the Issuer pursuant to § 13.
