FINALIZATION OF THE ACQUISITION OF LAMOUROUX, A SPECIALIST IN WINE INDUSTRY TEMPERATURE CONTROL

Oeneo Group announces the completion of the acquisition of 100% of Lamouroux's share capital by its wholly owned subsidiary Vivelys, following the fulfillment of all conditions precedent and other closing conditions set out in the agreement announced in early July with the company's shareholders (see press release dated July 8, 2026).

Based in Beychac-et-Caillau, in the Gironde region of France, Lamouroux specializes in the design, manufacture and installation of automated temperature control and regulation systems for winemaking processes.

The acquisition was financed entirely in cash. Lamouroux's management team will support the company throughout the transition, working alongside Oeneo Group's teams. Lamouroux will be fully consolidated into Oeneo Group's financial statements as of September 1, 2026.

This acquisition further strengthens the offering of Vivelys and Oeneo Group to wine industry professionals by adding dedicated technological expertise in temperature control throughout the winemaking and wine ageing processes.

About OENEO Group

Oeneo Group is a major wine industry player with high-end and innovative brands. Present around the world, the Group covers each stage in the winemaking process through two core and complementary divisions:

- 🌀 Closures, involving the manufacture and sale of cork closures, including high value-added technological closures under the Diam, Mytik Diam and Setop brands.
- 🌀 Winemaking, providing high-end solutions in winemaking and spirits for leading market players through its cooperage brands Seguin Moreau, Millet, Galileo, Boisé, and developing innovative solutions for the wine industry with Vivelys (R&D, consulting, systems).

We are passionate about the art and culture of wine, conscious of the urgent environmental and societal challenges facing our world, and firmly believe that enlightened innovation must serve the common good. We want to use our strengths and expertise to serve the wine industry's sustainable development as we innovate to uphold the great history of wine.
