

Solutions30 acquires a majority stake in Elektra Realizacje in Poland

Solutions30, the European leader in multi-technical field services for the telecommunications, energy, and digital sectors, announces the acquisition of a majority stake in Elektra Realizacje sp. z o.o., strengthening its position in the Polish energy services market.

Headquartered in Węgrów, Elektra Realizacje specializes in the modernization of low and medium voltage electrical networks, a key activity as Poland accelerates its transition to green energy. The company provides a wide range of services, including the replacement of transformer stations, the dismantling and replacement of switchgears, and the maintenance of electrical equipment. Its main clients are energy operators.

This transaction marks a new milestone in the consistent implementation of Solutions30 Poland's strategy to diversify into energy services, following its successful development in telecommunication in recent years, and opening up opportunities for increased synergies between the two segments.

Adam Klein, CEO of Solutions30 Poland, commented: *"Acquiring a majority stake in Elektra Realizacje is a strategic step for us and the result of the intensive work of the team involved in the development of Solutions30 in Poland. We are thus strengthening our presence in the energy sector and creating a solid foundation for the development of new services and innovative projects."*

Lech Milczarczyk, CEO of Elektra Realizacje, added: *"Joining Solutions30 Group opens new avenues for technological and investment development. It will allow us to respond even better to our clients' needs and carry out projects on a larger scale than ever before."*
