

# Sword Group | eu-LISA framework contract awarded to leading consortium

## Sword ranked first in a €93 million contract for the EU Entry/Exit System

**Sword Services Greece, leading a consortium** alongside Netcompany and Sopra Steria, has been **ranked first** and **awarded a contract** under **eu-LISA's Dynamic Purchasing System** for the **development and maintenance** of the **Entry/Exit System (EES)**. The **4-year framework contract** has an estimated value of **€93 million**.

The **contract covers** the **Application design, development, testing and maintenance** of the **Entry/Exit System (EES) Core, Webservices, Shared Components, API/PNR and elements, components linked to those applications**. This major EU system is designed to modernise the management of the Schengen Area's external borders by digitally recording the entry and exit of non-EU nationals travelling for short stays, contributing to enhanced security and efficiency.

This **new success strengthens Sword's long-standing collaboration with eu-LISA** and **reinforces the Group's position as a trusted partner for European institutions** delivering large-scale, mission-critical digital systems. Sword is already involved in several key initiatives supporting the Agency's broader border management and interoperability programmes.

*"Being ranked first in this strategic competition is a strong recognition of the expertise and commitment demonstrated by our teams in supporting eu-LISA and European institutions. Together with our partners, we are proud to contribute to systems that play a vital role in strengthening Europe's security and digital capabilities,"* said **Nikos Mastroyiannopoulos, Managing Director of Sword Services Greece**.

The **consortium brings together complementary expertise in large-scale public sector transformation, secure software engineering and complex system integration, supporting eu-LISA in delivering resilient and scalable services** aligned with the European Union's evolving requirements.
