

## Press Release

May 5, 2026

# Completion of the sale of the Software business

Prodways Group announces the final completion of the sale of its Software business, led by its subsidiary AvenAo. As announced in its press release of March 6, 2026, Prodways Group had signed an agreement for the sale of this business, which specializes in the distribution and integration of 3D design software solutions. This transaction is part of the Group's refocusing strategy announced in 2025.

The sale price of the shares in the Software business amounts to €35 million, making it possible to materialize the value of this business for the Group's shareholders.

The Annual General Meeting of Shareholders on April 24, 2026 approved this transaction. All conditions precedent having been lifted, the sale was definitively completed on May 5, 2026.

As a follow-up to this transaction, the Board of Directors announced its intention to propose a redistribution of a significant portion of the proceeds of the sale of €20 million, in the form of a public share buyback offer ("OPRA").

In this context, an independent expert was appointed to assess the conditions of the operation, and the financial advisor and the presenting institution were retained to support its implementation.

Prodways Group will communicate at a later date on the timing and terms of this share buyback offer. It will be submitted to the shareholders for approval at the next Annual General Meeting called to approve the annual financial statements, as well as the declaration of compliance of the French financial markets authority (*Autorité des marchés financiers*).
