Fermentalg once again multi-awarded for the quality of its extra-financial performance

Libourne - October 7, 2024 - Fermentalg (Euronext Growth / ALGAE), expert French microalgae specialist, is proud to have once again been recognized by Ethifinance and EcoVadis for the quality of its extra-financial performance.

First in Ethifinance's sector ranking

As every year, Fermentalg has been evaluated by Ethifinance ESG Ratings, the agency specialized in rating the ESG performance of small and medium-sized companies listed on European markets. Under Ethifinance ESG Ratings 2024, Fermentalg obtained an excellent score of 84/100, placing it :

- 10th in the national ranking out of 358 companies rated;
- 4th in the ranking of companies with sales of less than €150 million;
- 1st among the companies in the sector classification drawn up by Ethifinance, ahead of Afyren and Carbios, two well-known players in organic chemistry.

Ethifinance ESG Ratings assesses the companies it covers according to a reference framework of around 140 criteria divided into 4 pillars: Environment, Social, Governance and External Stakeholders (ESG-PPE). In 2024, Fermentalg outperformed the benchmark on each pillar.

This extra-financial performance has enabled Fermentalg to obtain the Ethifinance 2024 certificate with the Platinum level.

Gold medal awarded by EcoVadis

Fermentalg has also had its extra-financial policy audited by EcoVadis, an agency offering one of the leading CSR monitoring solutions for global supply chains.

Following a rigorous analysis process carried out by EcoVadis, Fermentalg was awarded a gold medal for its CSR performance. This award means that the company ranks in the top 5% of companies assessed by EcoVadis over the last twelve months. Fermentalg is even among the top 2% of companies assessed by EcoVadis in its sector.

The company's environmental commitment

This recognized performance is the fruit of a highly ambitious environmental policy implemented throughout the company.

Fermentalg is committed to promoting sustainable development and minimizing its environmental impact. The company recognizes its responsibility towards the environment and integrates sustainable practices into all its activities. Its efforts are focused on several key themes in line with the new European CSRD (*Corporate Sustainability Reporting Directive*) and ESRS (*European Sustainability Reporting Standards*) to guide its commitments and actions.

Fermentalg's mission is to unlock the potential of marine microorganisms by offering natural solutions with a positive impact on human and animal health, biodiversity and the climate.
