

Derichebourg takes note of the press release issued by Chiho Environmental Group

Paris, July 8th, 2026 - Derichebourg SA (ISIN code – FR 000053381, Ticker: DBG) takes note of the press release issued on 7 July 2026 by Chiho Environmental Group Ltd regarding the filing of a claim with the High Court of the Hong Kong Special Administrative Region.

According to a press release from Chiho Environmental Group Limited, this action aims to challenge the validity of the appointment of the independent Receivers appointed following the enforcement of security interests at the level of Scholz Recycling's parent holding company, as well as the actions taken by those Receivers.

This procedure is not directed at Derichebourg; nevertheless, Derichebourg is examining this action with its advisers to assess its implications.

Derichebourg reminds that on 5 May 2026 it announced the signing of a binding agreement to acquire 100 % of the share capital of the Scholz Recycling group, following a competitive process conducted by the Receivers.

Derichebourg is continuing to take the necessary steps to complete the transaction, which remains subject to the usual conditions precedent in such cases, including authorisations relating to merger control and foreign investment. Derichebourg will keep the market informed of any significant developments, in accordance with its regulatory obligations.

About Derichebourg
