(the **Issuer, Renault or Renault S.A.**), subject to compliance with all relevant laws, regulations and directives, may from time to time issue Euro Medium Term Notes governed by French law (the **Notes**). The aggregate nominal amount of Notes outstanding will not at any time exceed Euro 10,000,000,000 (or the equivalent in other currencies).

This document constitutes a base prospectus (the **Base Prospectus**) for the purposes of Article 8 of Regulation (EU) 2017/1129, as amended (the **Prospectus Regulation**). This Base Prospectus received the approval number 25-145 on 7 May 2025 from the *Autorité des marchés financiers* (the **AMF**) and shall be in force for a period of one (1) year as of the date of its approval by the AMF. The obligation to supplement this Base Prospectus in the event of a significant new factor, material mistake or material inaccuracy does not apply when this Base Prospectus is no longer valid.

This Base Prospectus has been approved by the AMF in France in its capacity as competent authority pursuant to the Prospectus Regulation. The AMF only approves this Base Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Such approval should not be considered as an endorsement of the Issuer or of the quality of the Notes which are the subject of this Base Prospectus. Investors should make their own assessment as to the suitability of investing in the Notes.

This Base Prospectus contains all relevant information concerning the Issuer, the Issuer and its subsidiaries consolidated on a full integration basis (*filiales consolidées par intégration globale*) taken as a whole (the **Group, Groupe Renault or the Renault Group**) and the base terms and conditions of the Notes to be issued under the Programme, together with supplements to this Base Prospectus from time to time (each, a **Supplement** and together the **Supplements**). In relation to each Tranche of Notes, the Base Prospectus must be read in conjunction with the applicable Final Terms (as defined below).

This Base Prospectus supersedes and replaces the Base Prospectus dated 3 May 2024 and any Supplements thereto.

Application may be made to Euronext Paris for the period of twelve (12) months from the date of this Base Prospectus, for Notes issued under the Programme to be admitted to trading on the regulated market of Euronext Paris (**Euronext Paris**) and/or to the competent authority of any other Member State of the European Economic Area (**EEA**) for Notes issued under the Programme to be admitted to trading on a Regulated Market (as defined below) in such Member State. Euronext Paris is a regulated market for the purposes of the Markets in Financial Instrument Directive 2014/65/EU, as amended, appearing on the list of regulated markets (a **Regulated Market**) published on the European Securities and Markets Authority (the **ESMA**). However, Notes may be issued pursuant to the Programme which are not admitted to trading on any Regulated Market. The relevant final terms (the **Final Terms**) (a form of which is contained herein) in respect of the issue of any Notes will specify whether or not such Notes will be admitted to trading, and, if so, the relevant Regulated Market.

Notes may be issued either in dematerialised form (**Dematerialised Notes**) or in materialised form (**Materialised Notes**) as more fully described herein.

Dematerialised Notes will at all times be in book entry form in compliance with Articles L. 211-3 *et seq.* and R. 211-1 *et seq.* of the French *Code monétaire et financier*. No physical documents of title will be issued in respect of the Dematerialised Notes. Dematerialised Notes may, at the option of the Issuer, be in bearer form (*au porteur*) inscribed as from the issue date in the books of Euroclear France (**Euroclear France**) (acting as central depository) which shall credit the accounts of Account Holders (as defined in "Terms and Conditions of the Notes - Form, Denomination, Title Redenomination and Currency") including Euroclear Bank SA/NV (**Euroclear**) and the depository bank for Clearstream Banking S.A. (**Clearstream**) or in registered form (*au nominatif*) and, in such latter case, at the option of the relevant Noteholder (as defined in Condition 1(c)(iv)), in either fully registered form (*au nominatif pur*), in which case they will be inscribed either in an account maintained by the Issuer or by the registration agent (designated in the relevant Final Terms) for the Issuer, or in administered registered form (*au nominatif administré*) in which case they will be inscribed in the accounts of the Account Holders designated by the relevant Noteholder.

Materialised Notes will be in bearer form only and may only be issued outside France. A temporary global certificate in bearer form without interest coupons attached (a **Temporary Global Certificate**) will initially be issued in connection with Materialised Notes. Such Temporary Global Certificate will be exchanged for Definitive Materialised Notes in bearer form with, where applicable, coupons for interest attached, on or after a date expected to be on or about the 40th calendar day after the issue date of the Notes (subject to postponement as described in "Temporary Global Certificates issued in respect of Materialised Bearer Notes") upon certification as to non U.S. beneficial ownership as more fully described herein.

Temporary Global Certificates will (a) in the case of a Tranche intended to be cleared through Euroclear and/or Clearstream, be deposited on the issue date with a common depository on behalf of Euroclear and/or Clearstream and (b) in the case of a Tranche intended to be cleared through a clearing system other than or in addition to Euroclear and/or Clearstream or delivered outside a clearing system, be deposited as agreed between the Issuer and the relevant Dealer (as defined below).

The Programme has been rated BB+ by S&P Global Ratings Europe Limited (**S&P**) and Ba1 by Moody's Deutschland GmbH (**Moody's**). The long term debt of the Issuer is rated BB+ with a positive outlook by S&P and Ba1 with a positive outlook by Moody's. Each of S&P and Moody's is established in the European Union and is registered under Regulation (EC) No 1060/2009 (as amended) (the **CRA Regulation**). As such, each of S&P and Moody's is included in the list of registered credit rating agencies published by the European Securities and Markets Authority on its website (<https://www.esma.europa.eu/credit-rating-agencies/cra-authorisation>) in accordance with the CRA Regulation. Notes issued under the Programme may be rated or unrated. Notes will have such rating, if any, as is assigned to them by the relevant rating organisation as specified in the relevant Final Terms. Where an issue of Notes is rated, its rating will not necessarily be the same as the rating assigned under the Programme. Tranches of Notes issued under the Programme may be rated or unrated. The rating of a Tranche of Notes (if any) will be specified in the Final Terms. The relevant Final Terms will specify whether or not such credit ratings are issued by a credit rating agency established in the European Union and registered under the CRA Regulation. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the assigning rating agency without notice.

The final terms of the relevant Notes will be determined at the time of the offering of each Tranche based on then prevailing market conditions and will be set out in the relevant Final Terms.

This Base Prospectus and any supplement thereto will be published on the websites of (a) the *Autorité des marchés financiers* (www.amf-france.org) during a period of twelve (12) months from the date of this Base Prospectus and (b) the Issuer (www.renaultgroup.com). The Final Terms related to Notes admitted to trading on any Regulated Market will be published on the websites of (a) the AMF (www.amf-france.org), as the case may be, and (b) the Issuer (www.renaultgroup.com).

This Base Prospectus, together with supplements to this Base Prospectus from time to time (each a Supplement), constitutes a base prospectus for the purpose of Article 8 of the Prospectus Regulation, and contains all relevant information concerning the Issuer, the Issuer and its subsidiaries consolidated on a full integration basis (*filiales consolidées par intégration globale*) taken as a whole (the Group or the Renault Group) and the base terms and conditions of the Notes to be issued under the Programme, which is necessary to enable investors to make an informed assessment of the assets and liabilities, financial position, profits and losses and prospects of the Issuer, the rights attaching to the Notes and the reason for the issuance and its impact on the Issuer. In relation to each Tranche (as defined herein) of Notes, the Base Prospectus must be read in conjunction with the applicable Final Terms.

This Base Prospectus is to be read in conjunction with any information which is or may be incorporated by reference in accordance with Article 19 of the Prospectus Regulation (see "Documents Incorporated by Reference") and may only be used for the purpose for which it has been published.

No person has been authorised to give any information or to make any representation other than those contained in this Base Prospectus in connection with the issue or sale of the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer or any of the Dealers or the Arranger. Neither the delivery of this Base Prospectus nor any sale made in connection herewith shall, under any circumstances, create any implication that there has been no change in the affairs of the Issuer or the Group since the date hereof or the date upon which this Base Prospectus has been most recently supplemented or that there has been no adverse change in the financial position of the Issuer or the Group since the date hereof or the date upon which this Base Prospectus has been most recently amended or supplemented or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

Other than in relation to the information which is deemed to be incorporated by reference, the information on the websites to which this Base Prospectus (including for the avoidance of doubt any information on the websites which appear in the documents containing the information incorporated by reference) refers does not form part of this Base Prospectus unless that information is incorporated by reference into the Base Prospectus (see "Documents Incorporated by Reference") and has not been scrutinised or approved by the AMF.

The distribution of this Base Prospectus and the offering or sale of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Base Prospectus comes are required by the Issuer, the Dealers and the Arranger to inform themselves about and to observe any such restriction. The Notes have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the Securities Act) or with any securities regulatory authority of any State or other jurisdiction of the United States and may include Materialised Notes in bearer form that are subject to U.S. tax law requirements. Subject to certain exceptions, Notes may not be offered, sold or, in the case of Materialised Notes in bearer form, delivered within the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S under the Securities Act (Regulation S) or, in the case of Materialised Notes in bearer form, the U.S. Internal Revenue Code of 1986, as amended (the U.S. Internal Revenue Code and the regulations thereunder)). For a description of certain restrictions on offers and sales of Notes and on distribution of this Base Prospectus, see "Subscription and Sale".

PRIIPs REGULATION / PROHIBITION OF SALES TO EEA RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (EEA). For these purposes, a retail investor means a person who is one (or both) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU on markets in financial instruments (as amended, MiFID II); or (ii) a customer within the meaning of Directive (EU) 2016/97 on insurance distribution (as amended or superseded, the IDD), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II. Consequently, no key information document required by Regulation (EU) No 1286/2014 (the PRIIPs Regulation) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

PRIIPs REGULATION / PROHIBITION OF SALES TO UK RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom (UK). For these purposes, a retail investor means a person who is one (or both) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the European Union

(Withdrawal) Act 2018 (EUWA); or (ii) a customer within the meaning of the provisions of the FSMA and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA;. Consequently, no key information document required by Regulation (EU) No 1286/2014 as it forms part of domestic law by virtue of the EUWA (the UK PRIIPs Regulation) for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

MiFID II PRODUCT GOVERNANCE / TARGET MARKET – The Final Terms in respect of any Notes may include a legend entitled "MiFID II Product Governance" which will outline the target market assessment in respect of the Notes, taking into account the five (5) categories referred to in item 19 of the Guidelines published by the European Securities and Markets Authority (ESMA) on 3 August 2023 and which channels for distribution of the Notes are appropriate, determined by the manufacturer(s). Any person subsequently offering, selling or recommending the Notes (a distributor as defined in MiFID II) should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the MiFID II Product Governance rules under Commission Delegated Directive 2017/593 (EU) (the MiFID II Product Governance Rules), any Dealer subscribing for any Notes is a manufacturer, as defined in MiFID II, in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID II Product Governance Rules.

For the avoidance of doubt, the Issuer is not an investment firm as defined by MiFID II and will not be a manufacturer in respect of any Notes issued under the Programme.

UK MiFIR PRODUCT GOVERNANCE / TARGET MARKET – The Final Terms in respect of any Notes may include a legend entitled "UK MiFIR Product Governance" which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a distributor) should take into consideration the target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the UK MiFIR Product Governance Rules) is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the UK MiFIR Product Governance Rules, any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the UK MiFIR Product Governance Rules.

For the avoidance of doubt, the Issuer is not an investment firm as defined by UK MiFIR and will not be a manufacturer in respect of any Notes issued under the Programme.

Notification under Section 309B(1)(c) of the Securities and Futures Act 2001 of Singapore, as modified or amended from time to time (the SFA) – Unless otherwise stated in the Final Terms in respect of any Notes, all Notes issued or to be issued under the Programme shall be prescribed capital markets products (as defined in the Securities and Futures (Capital Markets Products) Regulations 2018 of Singapore) and Excluded Investment Products (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products).

This Base Prospectus does not constitute an offer of, or an invitation by or on behalf of the Issuer or the Dealers or the Arranger to subscribe for, or purchase, any Notes.

The Arranger and the Dealers have not separately verified the information contained or incorporated by reference in this Base Prospectus. None of the Dealers or the Arranger makes any representation, express or implied, or accepts any responsibility, with respect to the accuracy or completeness of any of the information or for any acts or omissions of the Issuer or any other person in connection with this Base Prospectus. Neither this Base Prospectus nor any other financial statements are intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by any of the Issuer,

the Arranger or the Dealers that any recipient of this Base Prospectus or any other financial statements should purchase the Notes. Each potential purchaser of Notes should determine for itself the relevance of the information contained or incorporated by reference in this Base Prospectus and its purchase of Notes should be based upon such investigation as it deems necessary. None of the Dealers or the Arranger undertakes to review the financial condition or affairs of the Issuer or the Group during the life of the arrangements contemplated by this Base Prospectus nor to advise any investor or potential investor in the Notes of any information coming to the attention of any of the Dealers or the Arranger.

In this Base Prospectus, any discrepancies in any table between totals and the sums of the amounts listed in such table are due to rounding.

Prospective investors should have regard to the information set out in the Renault Sustainable Bond Framework (as defined in the section "Use of Proceeds"), the Base Prospectus as supplemented and the Final Terms regarding the use of proceeds and must determine for themselves the relevance of such information for the purpose of any investment in Green Notes, Social Notes or Sustainability Notes (each as defined in the in the section "Use of Proceeds") in connection with Eligible Green Projects and Eligible Social Projects (each as defined in the section "Use of Proceeds") together with any other investigation such prospective investor deems necessary.

In relation to Green Notes, Social Notes or Sustainability Notes, neither the Arranger nor any Dealer makes any representation as to the suitability of such Green Notes, Social Notes or Sustainability Notes, including the listing or admission to trading thereof on any dedicated "green", "social", "sustainable" or other equivalently labelled segment of any stock exchange or securities market, to fulfil any green, social or sustainability criteria required by any prospective investors. The Arranger and the Dealers have not undertaken, nor are responsible for, any assessment of the eligibility criteria for selecting investments in Eligible Green Projects and/or Eligible Social Projects, any verification of whether the Eligible Green Projects and/or the Eligible Social Projects meet such eligibility criteria, the monitoring of the use of proceeds of any Green Notes, Social Notes or Sustainability Notes, or the allocation of the proceeds (or an amount equal or equivalent thereto) by the Issuer to particular Eligible Green Projects and/or Eligible Social Projects. Prospective investors should refer to the Issuer's website, the Renault Sustainable Bond Framework and the Second Party Opinion (each as defined in section "Use of Proceeds") and any public reporting by or on behalf of the Issuer in respect of the application of the proceeds of any issue of Green Notes, Social Notes or Sustainability Notes for information. Any such Renault Sustainable Bond Framework and/or Second Party Opinion and/or public reporting will not form part of, nor be incorporated by reference in this Base Prospectus. No assurance or representation is given by the Issuer, any of the Dealers, the Arranger, or any other person as to the suitability or reliability for any purpose whatsoever of any opinion or certification of any third party (whether or not solicited by the Issuer) on the Renault Sustainable Bond Framework, or on any Green Notes, Social Notes or Sustainability Notes issued in connection with Eligible Green Projects and/or Eligible Social Projects. Any such opinion or certification neither is, nor should be deemed to be, a recommendation by the Issuer, the Dealers, the Arranger, or any other person to buy, sell or hold any such Green Notes, Social Notes or Sustainability Notes.

In addition, payments of principal and interest (as the case may be) on Green Notes, Social Notes or Sustainability Notes shall not depend on the performance of the Eligible Green Projects and/or the Eligible Social Projects, nor on the achievement of any green, social or sustainable objectives.

None of the Arranger or the Dealers will verify or monitor the proposed use of proceeds of the Green Notes, Social Notes or Sustainability Notes issued under the Programme.

Each Series may be issued in tranches (each a **Tranche**) on the same or different issue dates. The specific terms of each Tranche (which will be supplemented, where necessary, with supplemental terms and conditions and, save in respect of the issue date, issue price, first payment of interest and nominal amount of the Tranche, will be identical to the terms of other Tranches of the same Series) will be set out in the relevant final terms in relation to such Tranche (the **Final Terms**).

Unless otherwise permitted by then current laws and regulations, Notes (including Notes denominated in Sterling) which have a maturity of less than one (1) year and in respect of which the issue proceeds are to be accepted by the Issuer in the United Kingdom or whose issue otherwise constitutes a contravention of section 19 of the Financial Services and Markets Act 2000 (the **FSMA**) will have a minimum denomination of £100,000 (or its equivalent in other currencies).

Dematerialised Notes will be issued in one denomination only.

Status of the Notes: The Notes will constitute direct, general, unconditional, unsecured (subject to the provisions of Condition 4) and unsubordinated obligations of the Issuer and will rank at all times *pari passu* without any preference among themselves and (subject to such exceptions as are from time to time mandatory under French law) equally and rateably with all other present or future unsecured and unsubordinated obligations of the Issuer.

Optional Redemption (including Make-Whole Redemption):	<p>The Final Terms issued in respect of each issue of Notes will state whether such Notes may be redeemed prior to their stated maturity at the option of the Issuer (either in whole or in part) and/or the Noteholders and, if so, the terms applicable to such redemption.</p> <p>In particular, if specified in the relevant Final Terms, the Issuer will have the option to redeem the Notes, in whole or in part, at any time or from time to time, prior to their Maturity Date, at the Optional Redemption Amount.</p> <p>See Condition 6 “Terms and Conditions of the Notes – Redemption, Purchase and Options”.</p>
Clean-Up Call Option:	If a Clean-up Call Option by the Issuer is specified in the relevant Final Terms, in the event that at least 75% of the initial aggregate principal amount of a particular Series of Notes (which for the avoidance of doubt include any additional Notes issued subsequently and forming a single series with the first Tranche of a particular Series of Notes) has been purchased or redeemed by the Issuer, the Issuer may have the option to redeem in whole, but not in part, the remaining Notes in that Series at their principal amount together with any interest accrued to the date fixed for redemption.
Residual Maturity Call Option:	If a Residual Maturity Call Option is specified in the relevant Final Terms, the Issuer may, at any time or from time to time, as from the Call Option Date (as specified in the relevant Final Terms) which shall be no earlier than ninety (90) calendar days before the Maturity Date, until the Maturity Date, redeem in whole, but not in part, the Notes then outstanding, at their principal amount together with any interest accrued to the date fixed for redemption.

Early Redemption:

Except as provided in “Redemption at the option of the Issuer”, “Optional Redemption (including Make-Whole Redemption)”, “Clean-Up Call Option” and “Residual Maturity Call Option” above, Notes will be redeemable at the option of the Issuer prior to their stated maturity for tax reasons, as set out in Condition 6(f) - see “Terms and Conditions of the Notes – Redemption for Taxation reasons”.

Taxation:

All payments of principal, interest and other revenues by or on behalf of the Issuer in respect of the Notes or Coupons shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within France or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law.

If French law should require that payments of principal, interest or other revenues in respect of any Note or Coupon be subject to withholding or deduction in respect of any present or future taxes, duties, assessments or governmental charges of whatever nature, the Issuer will (subject to certain limited exceptions), to the fullest extent then permitted by law, pay such additional amounts as shall result in receipt by the Noteholders or, if applicable, the Couponholders, as the case may be, of such amounts as would have been received by them had no such withholding or deduction been required.

Interest Periods and Interest Rates:

The length of the interest periods for the Notes and the applicable interest rate or its method of calculation may differ from time to time or be constant for any Series. Notes may have a maximum interest rate, a minimum interest rate, or both. For the avoidance of doubt, the Minimum Rate of Interest shall be deemed to be zero, unless a higher rate is stated in the applicable Final Terms.

Fixed Rate Notes:

Fixed interest will be payable in arrear on the date or dates in each year specified in the relevant Final Terms.

Floating Rate Notes:

Floating Rate Notes will be payable in arrear and will bear interest determined separately for each Series as follows:

- (i) on the same basis as the floating rate under a notional interest rate swap transaction in the relevant Specified Currency governed by the 2013 FBF Master Agreement relating to transactions on forward financial instruments as supplemented by the FBF Technical Schedules, each as published by the *Fédération Bancaire Française*; or
- (ii) on the same basis as the floating rate under a notional interest rate swap transaction in the relevant Specified Currency governed by an agreement incorporating the ISDA Definitions, as published by the International Swaps and Derivatives Association, Inc. and as amended and updated as of the Issue Date of the first Tranche of the relevant Series; or
- (iii) by reference to EURIBOR, €STR, CMS Rate, SONIA, SARON, SOFR and TONA or any successor rate or any

alternative rate, in each case as adjusted for any applicable margin.

Interest periods will be specified in the relevant Final Terms.

The margin (if any) relating to such floating rate will be agreed between the Issuer and the relevant Dealer for each Series of Floating Rate Notes.

Floating Rate Notes may also have a maximum interest rate, a minimum interest rate or both, provided that in no event will the relevant interest amount be less than zero.

Benchmark Discontinuation:

Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined (except for €STR, SOFR and SONIA), in the event that a Benchmark Event occurs, such that any rate of interest (or any component part thereof) cannot be determined by reference to the original benchmark or screen rate (as applicable) specified in the relevant Final Terms, then the Issuer shall use its reasonable endeavours to appoint an independent adviser to determine a successor or an alternative benchmark and/or screen rate (with consequent amendment to the terms of such Series of Notes and the application of an adjustment spread). See Condition 5(c)(iii)(D) “Terms and Conditions of the Notes – Benchmark discontinuation”.

Fixed/Floating Rate Notes:

Fixed/Floating Rate Notes may bear interest at a rate that, on the Switch Date (i) the Issuer may elect to convert from a Fixed Rate to a Floating Rate, or from a Floating Rate to a Fixed Rate or (ii) will automatically change from a Fixed Rate to a Floating Rate or from a Floating Rate to a Fixed Rate.

Zero Coupon Notes:

Zero Coupon Notes may be issued at their nominal amount or at a discount to it and will not bear interest.

Redenomination:

Notes issued in the currency of any Member State of the EU which will participate in the single currency of the EU may be redenominated into Euro, all as more fully provided in “Terms and Conditions of the Notes – Form, Denomination(s), Title Redenomination and Currency” below.

Consolidation:

Notes of one Series may be consolidated with Notes of another Series as more fully provided in Condition 14(b) - see “Terms and Conditions of the Notes – Consolidation”.

Form of Notes:

Notes may be issued either in dematerialised form (**Dematerialised Notes**) or in materialised form (**Materialised Notes**).

Dematerialised Notes may, at the option of the Issuer, be issued in bearer form (*au porteur*) or in registered form (*au nominatif*) and, in such latter case, at the option of the relevant Noteholder, in either fully registered form (*au nominatif pur*) or administered registered form (*au nominatif administré*). No physical documents of title will be issued in respect of Dematerialised Notes. See Condition 1 “Terms and Conditions of the Notes – Form, Denomination(s), Title Redenomination and Currency”.

Materialised Notes will be in bearer form only. A Temporary Global Certificate will be issued initially in respect of each Tranche of Materialised Notes. Materialised Notes may only be issued outside France.

Governing Law:

French law.

Clearing Systems:

(i) Euroclear France as central depository in relation to Dematerialised Notes and (ii) Clearstream and Euroclear or any other clearing system that may be agreed between the Issuer, the Fiscal Agent and the relevant Dealer(s) in relation to Materialised Notes.

Initial Delivery of Dematerialised Notes:

of Not later than one (1) Paris business day before the issue date of each Tranche of Dematerialised Notes, the *lettre comptable* (in the case of syndicated issue only) or the Euroclear France application form relating to such Tranche shall be deposited with Euroclear France as central depository.

Initial Delivery of Materialised Notes:

On or before the issue date for each Tranche of Materialised Notes, the Temporary Global Certificate issued in respect of such Tranche shall be deposited with a common depository for Euroclear and Clearstream or with any other clearing system or may be delivered outside any clearing system provided that the method of such delivery has been agreed in advance by the Issuer, the Fiscal Agent and the relevant Dealer(s).

Issue Price:

Notes may be issued at their nominal amount or at a discount or premium to their nominal amount.

The price and amount of Notes to be issued under the Programme will be determined by the Issuer and the relevant Dealer(s) at the time of issue in accordance with prevailing market conditions.

Admission to Trading:

Application may be made for Notes to be issued under the Programme, for a period of twelve (12) months from the date of the approval by the AMF on this Base Prospectus, to be admitted to trading on Euronext Paris. The Notes may also be admitted to trading on any other Regulated Market in accordance with the Prospectus Regulation or listed on any other stock exchange or market. As specified in the relevant Final Terms, a Series of Notes may be or may not be admitted to trading and may be unlisted.

No offer to retail investors:

The Notes shall not be offered to retail investors in France and/or in any other Member State of the EEA.

Selling Restrictions:

There are restrictions on the offer and sale of Notes and the distribution of offering material in various jurisdictions including the EEA, France, the United Kingdom, the United States, Japan, Hong Kong, the People's Republic of China, Singapore and Switzerland. See the section headed "Subscription and Sale" of this Base Prospectus.

Rating:

The Programme has been rated BB+ by S&P Global Ratings Europe Limited (**S&P**) and Ba1 by Moody's Deutschland GmbH (**Moody's**). The long term debt of the Issuer is rated BB+ with a positive outlook by S&P and Ba1 with a positive outlook by Moody's.

Notes issued under the Programme may, or may not, be rated. The rating of Notes, if any, will be specified in the relevant Final Terms.

Each of S&P and Moody's is established in the European Union and is registered under Regulation (EC) No 1060/2009, as amended (the **CRA Regulation**) and included in the list of registered credit rating agencies published by the ESMA on its website (<https://www.esma.europa.eu/credit-rating-agencies/cra-authorisation>) in accordance with the CRA Regulation. The relevant Final Terms will specify whether or not such credit ratings are issued by a credit rating agency established in the European Union and registered under the CRA Regulation. Credit ratings are subject to revision, suspension or withdrawal at any time by the relevant rating organisation. Where an issue of Notes is rated, its rating will not necessarily be the same as the rating assigned to the Issuer or the Programme. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change, or withdrawal at any time by the assigning rating agency.

Representation of Noteholders:

Noteholders will, in respect of all Tranches in any Series, be grouped automatically for the defence of their common interests in a *masse* (in each case, the *Masse*).

The *Masse* will be a separate legal entity and will act in part through a representative (the **Representative**) and in part through collective decisions of the Noteholders.

RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under the Notes and may be material for the purpose of assessing the market risks associated with Notes issued under the Programme.

Factors which the Issuer believes are specific to the Issuer and/or the Notes and material for an informed investment decision with respect to investing in Notes issued under the Programme are also described below.

The Issuer believes that the factors described below represent the principal inherent risks in investing in Notes issued under the Programme, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons and the Issuer does not represent that the statements below regarding the risks of holding any Notes are exhaustive. Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus (including any information incorporated by reference herein and the Relevant Final Terms) and reach their own views prior to making any investment decision.

In each sub-category, the most material risk factors are listed in a manner that is consistent with the Issuer's assessment, taking into account the expected magnitude of their negative impact and the probability of their occurrence.

Words and expressions defined under "Terms and Conditions of the Notes" shall have the same meanings in this section.

I. RISKS FACTORS RELATING TO THE ISSUER

The risk factors relating to the Issuer and its activity are set out on pages 371 to 391 of the 2024 Universal Registration Document, as defined and further described under "Documents Incorporated by Reference" in this Base Prospectus.

II. RISKS FACTORS RELATING TO THE NOTES

1. Risks related to the market of the Notes

Market Value of the Notes

Application may be made to list and admit any Series of Notes issued hereunder to trading on Euronext Paris and/or on any other Regulated Market as it shall be specified in the relevant Final Terms. Therefore, the market value of the Notes will be affected by the creditworthiness of the Issuer and a number of additional factors, including, market interest and yield rates and the time remaining to the maturity date. As of the date of this Base Prospectus, the long term debt of the Issuer is rated BB+ with a positive outlook by S&P and Ba1 with a positive outlook by Moody's. However, if the creditworthiness of the Issuer deteriorates, this could have a significant adverse impact on the Noteholders and as a result the Issuer may not be able to fulfil all or part of its payment obligations under the Notes and the value of the Notes may decrease.

The value of the Notes depends on a number of interrelated factors, including economic, financial and political events in France or elsewhere, and including also factors affecting capital markets generally and Euronext Paris and/or any other Regulated Market or stock exchanges on which the Notes are traded. The price at which a Noteholder will be able to sell the Notes prior to maturity may be at a discount, which could be substantial, from the issue price or the purchase price paid by such Noteholder.

Accordingly, this could have a significant adverse impact on the Noteholders, and all or part of the capital invested by the Noteholder may be lost upon any transfer of the Notes, so that the Noteholder in such case would receive significantly less than the total amount of capital invested.

No active Secondary/Trading Market for the Notes

Notes issued under the Programme will be new securities which may not be widely distributed and for which there may be no active trading market (unless in the case of any particular Tranche, such Tranche is to be consolidated with and form a single series with a Tranche of Notes which is already issued). If the Notes are traded after their initial issuance, they may trade at a discount to their initial offering price, depending upon prevailing interest rates, the market for similar securities, general economic conditions and the financial condition of the Issuer. Although particular series of Notes may specify that they are expected to be admitted to trading on Euronext Paris and/or any other Regulated Market in the EEA, an active trading market may not develop. Accordingly, a trading market for any particular Tranche of Notes may not develop or may be illiquid. As a consequence, Noteholders may not be able to sell Notes readily or at prices that will enable them to realise their anticipated yield and as a result, Noteholders could lose all or part of their investment in the Notes.

Currency Risk

The Programme allows for Notes to be issued in a range of currencies. Condition 1 provides that subject to compliance with all relevant laws, regulations and directives, Notes may be issued in Euro, U.S. Dollars, Japanese yen, Swiss francs, Sterling, Renminbi, Australian Dollars, Singaporean Dollars and in any other currency agreed between the Issuer and the relevant Dealers, as such currency shall be specified in the relevant Final Terms.

An investment in the Notes may involve exchange rate risks. The reference assets or the Notes may be denominated in a currency other than the currency of the purchaser's home jurisdiction; and/or the reference assets or the Notes may be denominated in a currency other than the currency in which a purchaser wishes to receive funds. Exchange rates between currencies are determined by factors of supply and demand in the international currency markets which are influenced by macro-economic factors, speculation and central bank and government intervention (including the imposition of currency controls and restrictions). Fluctuations in exchange rates may affect the value of the Notes or the reference assets.

As a result, if this risk ever materialises, Noteholders may receive less interest or principal than expected. This may result in a significant loss on any capital invested from the perspective of a Noteholder whose domestic currency is not the Specified Currency.

2. Risks related to the structure of a particular issue of Notes

2.1 Early Redemption Risks

Notes subject to optional redemption by the Issuer

Condition 6 provides for early redemption features at the option of the Issuer. Any optional feature where the Issuer is given the right to redeem the Notes early may have a significant negative effect on the market value of such Notes.

Unless in the case of any particular Tranche of Notes the relevant Final Terms specifies otherwise, in the event that the Issuer would be obliged to increase the amounts payable in respect of any Notes or Coupons due to any withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or

assessed by, or on behalf of, France, or any political subdivision thereof or any authority therein or thereof having power to tax, the Issuer may redeem all outstanding Notes in accordance with Condition 6(f).

If, in the case of any particular Tranche of Notes, the relevant Final Terms specify that the Notes are redeemable at the Issuer's option in certain other circumstances, the Issuer may choose to redeem the Notes at times when prevailing interest rates may be relatively low. During a period when the Issuer may elect, or has elected, to redeem Notes, such Notes may feature a market value not substantially above the price at which they can be redeemed. In such circumstances a Noteholder may not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as that of the relevant Notes. Should the Notes at such time be trading well above the price set for redemption, the negative impact on the Noteholders' anticipated returns would be significant.

In addition, the yields received upon redemption may be lower than expected, and the redeemed face amount of the Notes may be lower than the purchase price for the Notes paid by the Noteholder. As a consequence, part of the capital invested by the Noteholder may be lost, so that the Noteholder in such case would not receive the total amount of the capital invested. In addition, Noteholders that choose to reinvest monies they receive through an early redemption may be able to do so only in securities with a lower yield than the redeemed Notes.

In particular, with respect to the Clean-up Call Option by the Issuer provided in Condition 6(g), there is no obligation under such Condition 6(g) nor under any of the Conditions for the Issuer to inform Noteholders if and when the threshold of seventy-five per cent. (75%) of the initial aggregate principal amount of a particular Series of Notes has been reached or is about to be reached, and the Issuer's right to redeem will exist notwithstanding that immediately prior to the serving of a notice in respect of the exercise of the Clean-up Call Option, the Notes may have been trading significantly above par, thus potentially resulting in a loss of capital invested.

In addition, the Make-Whole Redemption by the Issuer provided in Condition 6(c) and the Redemption at the Option of the Issuer provided in Condition 6(b) are exercisable in whole or in part. If the Issuer decides to redeem the Notes in part, such partial redemption shall be effected by the application of a pool factor (corresponding to a reduction of the nominal amount of all such Notes in proportion to the aggregate nominal amount redeemed). Depending on the proportion of the principal amount of all of the Notes so reduced, any trading market in respect of those Notes in respect of which such option is not exercised may become illiquid.

Risks related to the exercise of the Residual Maturity Call Option by the Issuer

In accordance with Condition 6(h), if a Residual Maturity Call Option is specified in the relevant Final Terms and if the Issuer decides to redeem the Notes pursuant to the Make-Whole Redemption by the Issuer before the Call Option Date (as specified in the relevant Final Terms) pursuant to Condition 6(c), the Optional Redemption Amount in respect of the Make-Whole Redemption by the Issuer will be calculated taking into account the Call Option Date and not the Maturity Date. It means that the Optional Redemption Amount will be the greater of (x) 100 per cent. of the nominal amount of the Notes so redeemed and, (y) the sum of the then present values of the remaining scheduled payments of principal and interest on such Notes discounted from the Call Option Date (and not the Maturity Date) to the relevant Optional Redemption Date on an annual basis at the Reference Rate (as specified in the relevant Final Terms) plus a Redemption Margin (as specified in the relevant Final Terms), plus in each case, any interest accrued on the Notes to, but excluding, the Optional Redemption Date. It may result in a lower Optional Redemption Amount than Noteholders would have otherwise received pursuant to the Terms and Conditions of a Series of Notes where a Residual Maturity Call Option has not been specified. Furthermore, the exercise of the Make-Whole Redemption by the Issuer may be subject to certain refinancing condition, referred to in the notice published by the Issuer in connection thereto. However, even if notice is given in accordance with the provisions of Condition 6(c), in the event that such refinancing condition has not been satisfied, the Issuer may revoke such notice, in

which case the redemption at the relevant Optional Redemption Amount pursuant to Condition 6(c) will not occur.

Notes subject to optional redemption by the Noteholders

In accordance with Condition 6(d), the Final Terms for a particular issue of Notes may provide for early redemption at the option of the Noteholders (the **Put Option**). Exercise of the Put Option in respect of certain Notes may affect the liquidity of the Notes of the same Series in respect of which such option is not exercised. Depending on the number of Notes of the same Series in respect of which the Put Option provided in the relevant Final Terms is exercised, any trading market in respect of those Notes in respect of which such option is not exercised may become illiquid, which shall in turn adversely impact those Noteholders.

2.2 Interest Rate Risks

Fixed Rate Notes

Condition 5(b) allows for Fixed Rate Notes to be issued. Investment in Notes which bear interest at a Fixed Rate involves the risk that subsequent changes in market interest rates may adversely affect the value of the relevant Tranche of Notes.

In particular, a Noteholder, which pays interest at a Fixed Rate, is exposed to the risk that the market value of such Note could fall as a result of changes in the market interest rate. While the nominal interest rate of a fixed interest rate Note is determined during the term of such Note or within a given period of time, the market interest rate (the **Market Interest Rate**) typically varies on a daily basis. As the Market Interest Rate changes, the price of the Note varies in the opposite direction. If the Market Interest Rate increases, the price of the Note typically decreases, until the yield of the Note equals approximately the Market Interest Rate. If the Market Interest Rate decreases, the price of a fixed-rate Note typically increases, until the yield of the bond equals approximately the Market Interest Rate.

Movements of the Market Interest Rate can significantly affect the price of the Notes and can lead to losses for Noteholders if they sell Notes during the period in which the Market Interest Rate exceeds the Fixed Rate of the Notes.

Floating Rate Notes

Condition 5(c) allows for Floating Rate Notes to be issued. Investment in Notes which bear interest at a Floating Rate comprise (i) a reference rate and (ii) a margin to be added or subtracted, as the case may be, from such base rate. Typically, the relevant margin will not change throughout the life of the Notes but there will be a periodic adjustment (as specified in the relevant Final Terms) of the reference rate (e.g., every three (3) months or six (6) months) which itself will change in accordance with general market conditions. Accordingly, the market value of Floating Rate Notes may be volatile if changes, particularly short term changes, to market interest rates evidenced by the relevant reference rate can only be reflected in the interest rate of these Notes upon the next periodic adjustment of the relevant reference rate.

A key difference between Floating Rate Notes and Fixed Rate Notes is that interest income on Floating Rate Notes cannot be anticipated. Due to varying interest income, Noteholders are not able to determine a definite yield of Floating Rate Notes at the time they purchase them, so that their return on investment cannot be compared with that of investments having longer fixed interest periods. If the relevant Final Terms of the Notes provide for frequent interest payment dates, Noteholders are exposed to the reinvestment risk if market interest rates decline. That is, Noteholders may reinvest the interest income paid to them only at the relevant lower interest rates then prevailing.

These reference rates are not pre-defined for the lifespan of the Notes. Higher reference rates mean a higher interest under the Notes and lower reference rates mean a lower interest under the Notes. The degree to which the reference rates may vary is uncertain. The interest amount payable on any Interest Payment Date may be different from the amount payable on the initial or previous Interest Payment Date and may have a significant negative impact on the return under the Notes and result in a reduced market value of the Notes if a Noteholder were to dispose of its Notes.

Risks related to the regulation and reform of “benchmarks”

In accordance with the provisions of Condition 5(c), the Rate of Interest in respect of the Floating Rate Notes may be determined by reference to Benchmarks that constitute "benchmarks" for the purposes of Regulation (EU) 2016/1011 (the **Benchmarks Regulation**) published in the Official Journal of the EU on 29 June 2016 and applied since 1 January 2018.

Interest rates and indices which are deemed to be “benchmarks” (including EURIBOR, €STR, CMS Rate, SONIA, SARON, SOFR and TONA) are the subject of recent national and international regulatory guidance and reform aimed at supporting the transition to robust benchmarks. Most reforms have now reached their planned conclusion (including the transition away from London interbank offered rates (**LIBOR**)), and benchmarks remain subject to ongoing monitoring. These reforms may cause such benchmarks to perform differently than in the past, to disappear entirely, to be subject to revised calculation methods, or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on any Notes linked to or referencing such a “benchmark”.

If a benchmark were discontinued or otherwise unavailable, the rate of interest on Notes which are linked to or which reference such benchmark will be determined for the relevant period by the fallback provisions applicable to such Notes (please refer to the risk factor entitled “*Risks related to the occurrence of a Benchmark Event*” below). Depending on the manner in which a benchmark is to be determined under Condition 5(c)(iii), this may in certain circumstances (i) if ISDA Determination or FBF Determination applies, result in the application of a backward-looking, risk-free overnight rate, whereas the benchmark rate is expressed on the basis of a forward-looking term and includes a risk-element based on inter-bank lending or (ii) if Screen Rate Determination applies, result in the effective application of a fixed rate based on the rate which applied for the immediately preceding Interest Period for which the benchmark was available. Any of the foregoing could have a material adverse effect on the value or liquidity of, and return on, any Notes linked to or referencing a "benchmark". Notably, the methodology or other terms of the "benchmark" could be changed in order to comply with the requirement of the Benchmark Regulation and such changes could, among other things, have the effect of reducing or increasing the rate or level or otherwise affecting the volatility of the published rate or level of the "benchmark" and as a consequence, Noteholders could lose part of their investment or receive less income than would have been the case without such change.

The Benchmarks Regulation has been amended to introduce a harmonised approach to deal with the cessation or wind-down of certain Benchmarks by conferring on the European Commission the power to designate a statutory replacement for certain benchmarks, resulting in such benchmarks being replaced in contracts and financial instruments that have not been renegotiated before the date of cessation of the relevant benchmarks and contain either no contractual replacement (or so-called "fallback provision") or a fallback provision which is deemed unsuitable by the European Commission or competent national authorities (Article 23b of the Benchmarks Regulation). Besides, the transitional provisions applicable to third-country benchmarks have been further extended until the end of 2025 by Commission Delegated Regulation (EU) 2023/2222 of 14 July 2023.

In addition, the Benchmarks Regulation is under review. The expectation is that the final text will be published in the Official Journal of the European Union by the end of the first semester of 2025 and will apply from 1 January 2026. One of the key changes to the regime is that only benchmarks defined as critical or significant (determined based on quantitative or qualitative criteria), EU Paris-aligned

benchmarks, EU Climate Transition benchmarks, and certain commodity benchmarks which will remain in scope of the mandatory application of the Benchmarks Regulation. An exemption will apply for certain FX benchmarks. Other benchmarks will fall out of mandatory Benchmarks Regulation scope (other than certain limited provisions in relation to statutory replacement of a benchmark, connected with cessation and/or non-representativeness). However, administrators may request voluntary application of the rules (opt-in) by request to their competent authority to designate one or more of the benchmarks that they offer, subject to a EUR 20 billion eligibility threshold. The expectation is that administrators of such non-significant benchmarks will have to reapply for authorisation under the revised voluntary arrangement (with a grace period applying for such reapplication).

These provisions could have a significant negative impact on the market value or liquidity of, and return on, certain Notes issued under the Programme linked to or referencing such benchmarks.

Risks related to the occurrence of a Benchmark Event

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, Condition 5(c)(iii)(D) provides for certain fallback arrangements in the event that a Benchmark Event occurs, including if an inter-bank offered rate (such as EURIBOR) or other relevant reference rate (which could include, without limitation, SARON, TONA or any mid-swap rate, but shall except €STR, SOFR and SONIA), and/or any page on which such benchmark may be published, becomes unavailable, or if the Issuer, the Calculation Agent, any Paying Agent or any other party responsible for the calculation of the Rate of Interest (as specified in the applicable Final Terms) are no longer permitted lawfully to calculate interest on any Notes by reference to such benchmark under the Benchmarks Regulation or otherwise.

Such fallback arrangements include the possibility that the rate of interest could be set by reference to a Successor Rate or an Alternative Rate (both as defined in Condition 5(c)(iii)(D)), with or without the application of an Adjustment Spread (which, if applied, could be positive or negative, and would be applied with a view to reducing or eliminating, to the fullest extent reasonably practicable in the circumstances, any economic prejudice or benefit (as applicable) to Noteholders arising out of the replacement of the relevant benchmark), and may include amendments to the Terms and Conditions of the Notes to ensure the proper operation of the successor or replacement benchmark, all as determined by the Independent Adviser and without the consent of the Noteholders.

In certain circumstances, including where no Independent Adviser has been appointed or no Successor Rate or Alternative Rate (as applicable) is determined, other fallbacks rules may be used, which consist in the rate of interest for such Interest Period to be based on the rate which applied for the immediately preceding Interest Period, as set out in the risk factor above entitled "*Risks related to the regulation and reform of "benchmarks"*".

In addition, due to the uncertainty concerning the availability of Successor Rates and Alternative Rates and the involvement of an Independent Adviser, the relevant fallback provisions may not operate as intended at the relevant time.

Any such consequences could have a material adverse effect on the value of and return on any such Notes and as a consequence, Noteholders may lose part of their investment.

Moreover, any of the above matters or any other significant change to the setting or existence of any relevant rate could affect the ability of the Issuer to meet its obligations under the Notes linked to or referencing a "benchmark" or could have a material adverse effect on the value or liquidity of, and the amount payable under, the Notes linked to or referencing a "benchmark". The Independent Adviser will also have discretion to adjust the relevant Successor Rate or Alternative Rate (as applicable) in the circumstances described above. Any such adjustment could have unexpected consequences and,

due to the particular circumstances of each Noteholder, any such adjustment may not be favourable to each Noteholder.

The market has developed in relation to risk free rates as reference rates for Floating Rate Notes

Condition 5(c) allows Notes referencing the Euro short term rate (**€STR**), the Swiss Average Rate Overnight (**SARON**), the Sterling Overnight Index Average (**SONIA**), the Secured Overnight Financing Rate (**SOFR**) or the Tokyo Overnight Average (**TONA**) to be issued. The market has developed in relation to risk free rates, such as **€STR**, **SARON**, **SONIA**, **SOFR** and **TONA** as reference rate in the capital markets for Euro, Swiss francs, Sterling, U.S. Dollars and Japanese yen bonds, as applicable, and their adoption as alternative to the relevant interbank offered rates. However, the market or a significant part thereof may still adopt an application of risk free rates that differs significantly from that set out in the Terms and Conditions and used in relation to Floating Rate Notes that reference a risk free rate issued under this Base Prospectus.

The developments of the use of **€STR**, **SARON**, **SONIA**, **SOFR** and **TONA** as interest reference rates for bond markets, of the use of **€STR**-, **SARON**-, **SONIA**-, **SOFR**- or **TONA**-based rates for such markets and of the market infrastructure for adopting such rates, could result in reduced liquidity or increased volatility or could otherwise affect the market price of the Notes. Interest on Notes which reference a risk free rate is only capable of being determined shortly prior to the relevant Interest Payment Date.

In addition, as **€STR** is published by the European Central Bank, the Issuer has no control over its determination, calculation or publication. **€STR** might be discontinued or fundamentally altered in a manner that is materially adverse to the interests of Noteholders.

The mismatch between the adoption of such reference rates in the bond, loan and derivatives markets may have a material adverse effect on any hedging or other financial arrangements which they may put in place in connection with any acquisition, holding or disposal of any Notes.

To the extent the **€STR** reference rate is discontinued or is no longer published as described in the Terms and Conditions, the applicable rate to be used to calculate the Rate of Interest on the Notes will be determined using the alternative methods described in Condition 5(c). Such methods may result in interest payments that are lower than, or do not otherwise correlate over time with, the payment that would have been made on the Notes if the **€STR** reference rate had been provided by the European Central Bank in its current form. Accordingly, an investment in any such Floating Rate Notes may entail significant risks not associated with similar investments in convention debt securities and, as a consequence, Noteholders may lose part of their investment.

In addition, market participants and relevant working groups are still exploring alternative reference rates based on risk-free rates, including various ways to produce term versions of certain risk-free rates (which seek to measure the market's forward expectation of an average of these reference rates over a designated term, as they are overnight rates) or different measures of such risk-free rates. If the relevant risk-free rates do not prove to be widely used in securities like the Notes, the trading price of such Notes linked to such risk-free rates may be lower than those of Notes referencing indices that are more widely used.

The use of Secured Overnight Financing Rate (SOFR) or any related index as a reference rate is subject to important limitations

The rate of interest on the Notes may be calculated on the basis of **SOFR**, (as further described under Condition 5(c)(iii)(C)(f) of the Terms and Conditions of the Notes).

In June 2017, the New York Federal Reserve's Alternative Reference Rates Committee (the **ARRC**) announced **SOFR** as its recommended alternative to U.S. dollar **LIBOR**. However, the composition

and characteristics of SOFR are not the same as those of LIBOR. SOFR is a broad U.S. Treasury repo financing rate that represents overnight secured funding transactions. This means that SOFR is fundamentally different from LIBOR for two key reasons. First, SOFR is a secured rate, while LIBOR is an unsecured rate. Second, SOFR is an overnight rate, while LIBOR represents interbank funding over different maturities. As a result, SOFR may not perform in the same way as LIBOR would have at any time, including, without limitation, as a result of changes in interest and yield rates in the market, market volatility or global or regional economic, financial, political, or regulatory events. For example, since publication of SOFR began in April 2018, daily changes in SOFR have, on occasion, been more volatile than daily changes in comparable benchmark or other market rates.

As SOFR is an overnight funding rate, interest on SOFR-based Notes with interest periods longer than overnight will be calculated on the basis of either the arithmetic mean of SOFR over the relevant interest period or compounding SOFR during the relevant interest period. As a consequence of this calculation method, the amount of interest payable on each interest payment date will only be known a short period of time prior to the relevant interest payment date. Noteholders therefore will not know in advance the interest amount which will be payable on such Notes.

Although the Federal Reserve Bank of New York has published historical indicative SOFR information going back to 2014, such prepublication of historical data inherently involves assumptions, estimates and approximations. Noteholders should not rely on any historical changes or trends in the SOFR as an indicator of future changes in the SOFR.

Also, since the SOFR is a relatively new market index, the Notes will likely have no established trading market when issued, and an established trading market may never develop or may not be very liquid. Market terms for debt securities indexed on SOFR, may evolve over time, and trading prices of the Notes may be lower than those of later-issued indexed debt securities as a result. Similarly, if the SOFR does not prove to be widely used in securities like the Notes, the trading price of the Notes may be lower than those of debt securities linked to indices that are more widely used. Noteholders may not be able to sell the Notes at all or may not be able to sell the Notes at prices that will provide them with a yield comparable to similar investments that have a developed secondary market and may consequently suffer from increased pricing volatility and market risk.

The Federal Reserve Bank of New York notes on its publication page for SOFR that use of the SOFR is subject to important limitations and disclaimers, including that the Federal Reserve Bank of New York may alter the methods of calculation, publication schedule, rate revision practices or availability of the SOFR at any time without notice. In addition, SOFR is published by the Federal Reserve Bank of New York based on data received from other sources. The SOFR may be discontinued or fundamentally altered in a manner that is materially adverse to the interests of the Noteholders. If the manner in which the SOFR is calculated is changed or if SOFR is discontinued, that change or discontinuance may result in a reduction or elimination of the amount of interest payable on the Notes and a reduction in the trading prices of the Notes which would negatively impact the Noteholders who could lose part of their investment.

Fixed/Floating Rate Notes

Condition 5(d) allows for Fixed/Floating Rate Notes to be issued. Fixed/Floating Rate Notes may bear interest at a rate that (i) will automatically change from a Fixed Rate to a Floating Rate, or from a Floating Rate to a Fixed Rate on the date set out in the Final Terms, or that (ii) the Issuer may elect to convert on the date set out in the Final Terms from a Fixed Rate to a Floating Rate, or from a Floating Rate to a Fixed Rate. The conversion (whether it be automatic or optional) of the interest rate will affect the secondary market and the market value of the Notes since the conversion may lead to a lower overall cost of borrowing. If a Fixed Rate is converted to a Floating Rate, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new Floating Rate at any time may be lower than the rates on other Notes. If a Floating Rate is converted to a Fixed Rate, the Fixed Rate may be

lower than then prevailing rates on its Notes and any such volatility may have an adverse effect on the market value of the Notes.

Zero Coupon Notes

Condition 5(e) allows for Zero Coupon Notes to be issued. The prices at which Zero Coupon Notes, as well as other Notes issued at a substantial discount from their principal amount payable at maturity, trade in the secondary market tend to fluctuate more in relation to general changes in interest rates than do the prices for conventional interest-bearing securities of comparable maturities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities. Therefore, in similar market conditions, the holders of Zero Coupon Notes, as well as other securities issued at a substantial discount or premium from their principal amount, could be subject to higher losses on their investments than the holders of other instruments such as Fixed Rate Notes or Floating Rate Notes. Any such volatility may have an adverse effect on the market value of the Notes.

2.3 Risks linked to Notes denominated in Renminbi (RMB Notes)

RMB is not completely freely convertible and there are still regulations on the remittance of RMB into and outside of the PRC

In accordance with Condition 5(k) and if RMB is specified as Specified Currency in the relevant Final Terms, RMB Notes may be issued. RMB is not completely freely convertible at present. The PRC government continues to regulate conversion between RMB and foreign currencies.

Although from 1 October 2016, the RMB has been added to the Special Drawing Rights basket created by the International Monetary Fund and policies further improving accessibility to RMB to settle cross-border transactions in foreign currencies were implemented by the People's Bank of China (the **PBOC**) in 2018, the PRC government may not liberalise control over cross-border remittance of RMB in the future or that new regulations in the PRC may be promulgated in the future which have the effect of regulating or eliminating the remittance of RMB into or outside the PRC. In the event that funds cannot be repatriated outside the PRC in RMB, this may affect the overall availability of RMB outside the PRC and the ability of the Issuer to source RMB to finance its obligations under RMB Notes, and therefore, the liquidity of the Notes denominated in RMB may be adversely affected.

There is only limited availability of RMB outside the PRC, which may affect the liquidity of RMB Notes and the Issuer's ability to source RMB outside the PRC to service such RMB Notes

As a result of the regulations imposed by the PRC government on cross-border RMB fund flows, the availability of RMB outside the PRC is limited. While the PBOC has entered into agreements on the clearing of RMB business (the **Settlement Agreements**) with financial institutions in a number of financial centres and cities (the **RMB Clearing Banks**), including but not limited to Hong Kong, and are in the process of establishing RMB clearing and settlement mechanisms in several other jurisdictions, the current size of RMB denominated financial assets outside the PRC is limited.

The relevant RMB Clearing Bank only has access to onshore liquidity support from the PBOC.

The offshore RMB market is subject to many constraints as a result of PRC laws and regulations on foreign exchange and may adversely affect the liquidity of Notes denominated in RMB. New PRC regulations may be promulgated or the Settlement Agreements may be terminated or amended so as to have the effect of restricting availability of RMB offshore. The limited availability of RMB outside the PRC may affect the liquidity of the Notes denominated in RMB and, as a consequence, have an adverse effect on the value of such RMB Notes.

Payments in respect of the RMB Notes will only be made to Noteholders in the manner specified in the RMB Notes.

If RMB is specified as Specified Currency in the relevant Final Terms, all payments of RMB under Notes denominated in RMB to a Noteholder will be made solely by transfer to a RMB bank account maintained in Hong Kong by such Noteholder in accordance with the prevailing rules and regulations, except in the circumstances provided for by Condition 7(i). Other than as described in such Condition, the Issuer cannot be required to make payment by any other means.

In addition, access to RMB for the purposes of making payments under such Notes may not remain or may become restricted. If it becomes impossible to convert RMB from/to another freely convertible currency, or transfer RMB between accounts in Hong Kong, or the general RMB exchange market in Hong Kong becomes illiquid, any payment of RMB under the Notes may be delayed or the Issuer may make such payments in US Dollars or, as the case may be, in Euro using an exchange rate determined by the Calculation Agent. Accordingly, Noteholders may receive less interest or principal than expected and this may result in a loss of part of their investment when converting such currency back into RMB, depending on the prevailing exchange rate at that time.

2.4 Risks related to Green Notes, Social Notes or Sustainability Notes

As described in the section "Use of Proceeds", the Final Terms relating to any specific Tranche of Notes may provide that such Notes constitute Green Notes, Social Notes or Sustainability Notes. In such case, it will be the Issuer's intention to use an amount equivalent to the net proceeds from the issuance of such Green Notes, Social Notes or Sustainability Notes to finance and/or refinance, in whole or in part, investments in new or existing green and/or social projects (respectively, the **Eligible Green Projects** and the **Eligible Social Projects**) meeting certain eligibility criteria as further described in the Renault Sustainable Bond Framework (available on the website of the Issuer) and in the relevant Final Terms.

For reasons unexpected on the date of issue of Green Notes, Social Notes or Sustainability Notes and external to the Issuer, the relevant Eligible Green Projects and Eligible Social Projects may not be (i) capable of being implemented in, or substantially in, such manner and/or in accordance with any timing schedule or (ii) completed within any specified period or at all or with the results or outcome as originally expected or anticipated by the Issuer, acting in good faith. Any such event or failure by the Issuer will not constitute an Event of Default under such Green Notes, Social Notes or Sustainability Notes or give rise to any other claim of a Noteholder.

Regulation (EU) No 2020/852 on the establishment of a framework to facilitate sustainable investment (the **EU Taxonomy Regulation**), as supplemented by Delegated Regulation (EU) 2023/2486, established a single EU-wide classification system, or "taxonomy", which provides companies and investors with a common language for determining which economic activities can be considered environmentally sustainable and technical screening criteria for determining which economic activities can be considered as contributing substantially to one of the six environmental objectives of the EU Taxonomy Regulation, without such economic activity causing any significant harm to any of the other environmental objectives. Based on the Issuer's own analysis, the Renault Sustainable Bond Framework (with respect to Eligible Green Projects only) is aligned with the EU Taxonomy Regulation (including Delegated Regulation (EU) 2023/2486), it being specified that there is no third party confirmation on such alignment as at the date of this Base Prospectus. Such analysis has been conducted by the Issuer after the publication of the Renault Sustainable Bond Framework and, therefor, the Renault Sustainable Bond Framework does not include such analysis as at the date of this Base Prospectus.

An Eligible Green Project and/or Eligible Social Project may not satisfy, whether in whole or in part, any future legislative or regulatory requirements, or any present or future investor expectations regarding such "green", "social", "sustainable" or other equivalently labelled performance objectives

or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply. The expectations of investors may also change over time and may affect the attractiveness and competitiveness of the Green Notes, Social Notes or Sustainability Notes for investors. This may affect the price or the value and the liquidity of the Green Notes, Social Notes or Sustainability Notes.

Any failure to use an amount equivalent to the net proceeds of any issue of Green Notes, Social Notes or Sustainability Notes on Eligible Green Projects and/or Eligible Social Projects or to meet or continue to meet the investment requirements of certain environmentally, socially or sustainably focused investors with respect to such Green Notes, Social Notes or Sustainability Notes may have a material adverse effect on the value of such Green Notes, Social Notes or Sustainability Notes and also potentially on the value of any other Green Notes, Social Notes or Sustainability Notes which are intended to finance Eligible Green Projects and/or Eligible Social Projects. It may also have adverse consequences for certain investors with portfolio mandates to invest in green, social and/or sustainable assets.

3. Risks related to legal issues regarding the Notes

French Insolvency Law

As a *société anonyme* with its registered office in France. In the event that the Issuer becomes insolvent, insolvency proceedings will be generally governed by the insolvency laws of France to the extent that, where applicable, the "centre of main interests" (as construed under Regulation (EU) 2015/848, as amended) of the Issuer is located in France.

The Directive (EU) 2019/1023 on preventive restructuring frameworks, on discharge of debt and disqualifications, and on measures to increase the efficiency of procedures concerning restructuring, insolvency and discharge of debt, and amending Directive (EU) 2017/1132 has been transposed into French law by the *Ordonnance* n°2021-1193 dated 15 September 2021. Such *Ordonnance* has amended French insolvency laws notably with regard to the process of adoption of restructuring plans under insolvency proceedings. According to this *Ordonnance*, "affected parties" (including notably creditors, and therefore the Noteholders) shall be treated in separate classes for the purpose of adopting a restructuring plan. Classes shall be formed in such a way that each class comprises claims or interests with rights that reflect a sufficient commonality of interest based on verifiable criteria. Noteholders will no longer deliberate on the proposed restructuring plan in a separate assembly, meaning that they will no longer benefit from a specific veto power on this plan. Instead, as any other affected parties, the Noteholders will be grouped into one or several classes (with potentially other types of creditors) and their dissenting vote may possibly be overridden by a cross-class cram down.

The decision of each class is taken by a two-third (2/3rd) majority of the voting rights of the participating members, no quorum being required.

If the restructuring plan is not approved by all classes of affected parties, it can still be ratified by the court at the request of the Issuer or the receiver with the Issuer's consent and be imposed on dissenting classes through a cross-class cram down, under certain conditions.

For the avoidance of doubt, the provisions relating to the representation of Noteholders described in Condition 11 of the Terms and Conditions of the Notes will not be applicable to the extent they are not in compliance with compulsory insolvency law provisions that apply in these circumstances.

The commencement of insolvency proceedings against the Issuer would have a material adverse effect on the market value of Notes. As a consequence, any decision taken by a class of affected parties, could negatively and significantly impact the Noteholders and cause them to lose all or part of their investment, should they not be able to recover all or part of the amounts due to them from the Issuer.

Modification, waivers and substitution of the Terms and Conditions of the Notes

Condition 11 provides that the Noteholders will, in respect of all Tranches in any Series, be grouped automatically for the defence of their common interests in a *Masse*, as defined in Condition 11, and a General Meeting can be held or a Consultation in Writing (each as defined in Condition 11 hereafter) can be taken (together, the **Collective Decisions**). Condition 11 permits in certain cases defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant General Meeting or did not consent to the Consultation in Writing or Noteholders who voted in a manner contrary to the majority. Noteholders may through Collective Decisions deliberate on any proposal relating to the modification of the Terms and Conditions of the Notes including any proposal, whether for arbitration or settlement, relating to rights in controversy or which were the subject of judicial decisions, as more fully described in Condition 11. If a decision is adopted by a majority of Noteholders and such modifications were to impair or limit the rights of the Noteholders, this may have a negative impact on the market value of the Notes.

By exception to the above provisions, Condition 11(i) provides that the provisions of Article L.228-65 I. 1° and 3° of the French *Code de commerce* (respectively providing for a prior approval by the General Meeting of the Noteholders (i) of any change in corporate purpose or form of the Issuer and (ii) of any proposal to merge or demerge the Issuer in the cases referred to in Articles L.236-14 and L.236-23 of the French *Code de commerce* (only to the extent that such proposal relates to a merger or demerger with or into another entity of the Group)) shall not apply to the Notes. As a result of these exclusions, the prior approval of the Noteholders will not have to be obtained on any such matters which may affect their interests generally.

SUPPLEMENT TO THE BASE PROSPECTUS

If at any time the Issuer shall be required to prepare a Supplement to the Base Prospectus pursuant to the provisions of Article 23 of the Prospectus Regulation and Article 18 of Commission Delegated Regulation (EU) 2019/979, as amended, following the occurrence of a significant new factor, material mistake or material inaccuracy relating to the information included or incorporated by reference in this Base Prospectus which may affect the assessment of any Notes, the Issuer will prepare and make available an appropriate Supplement to this Base Prospectus or a restated Base Prospectus, which in respect of any subsequent issue of Notes or on a Regulated Market of a Member State of the European Economic Area, shall constitute a Supplement to the Base Prospectus for the purpose of the relevant provisions of the Prospectus Regulation.

TERMS AND CONDITIONS OF THE NOTES

*The following is the text of the terms and conditions that, subject to completion with the provisions of the relevant Final Terms, shall be applicable to the Notes. In the case of Dematerialised Notes, the text of the terms and conditions will not be endorsed on physical documents of title but will be constituted by the following text as completed by the relevant Final Terms. In the case of Materialised Notes, either (i) the full text of these terms and conditions together with the relevant provisions of the Final Terms or (ii) these terms and conditions as so amended or supplemented (and subject to simplification by the deletion of non-applicable provisions), shall be endorsed or attached on Definitive Materialised Bearer Notes. All capitalised terms that are not defined in these Conditions will have the meanings given to them in the relevant Final Terms. References in the Conditions to **Notes** are to the Notes of one Series only, not to all Notes that may be issued under the Programme.*

The Notes are issued by Renault S.A. (the **Issuer** or **Renault**) with the benefit of an amended and restated agency agreement dated 7 May 2025 between the Issuer and BNP PARIBAS as fiscal agent (the **Agency Agreement**). The fiscal agent, the paying agent, the redenomination agent, the consolidation agent and the calculation agent(s) for the time being (if any) are referred to below respectively as the **Fiscal Agent**, the **Paying Agents** (which expression shall include the Fiscal Agent), the **Redenomination Agent**, the **Consolidation Agent** and the **Calculation Agent(s)**. References below to **Conditions** are, unless the context requires otherwise, to the numbered paragraphs below.

Certain defined terms contained in the 2013 FBF Master Agreement relating to transactions on forward financial instruments as supplemented by the Technical Schedules published by the *Fédération Bancaire Française* (**FBF**) (together the **FBF Master Agreement**) have either been used or reproduced in Condition 5 below.

Copies of the Agency Agreement and of the FBF Master Agreement are available for inspection during normal business hours at the specified offices of each of the Paying Agents.

For the purpose of these Terms and Conditions, **Regulated Market** means any regulated market situated in a Member State of the European Economic Area (**EEA**) as defined in the Markets in Financial Instrument Directive 2014/65/EU, as amended.

1. Form, Denomination(s), Title, Redenomination and Currency

(a) **Form:** Notes may be issued either in dematerialised form (**Dematerialised Notes**) or in materialised form (**Materialised Notes**).

(i) Title to Dematerialised Notes will be evidenced in accordance with Article L. 211-3 *et seq.* and R. 211-1 *et seq.* of the French *Code monétaire et financier* by book entries (*inscriptions en compte*). No physical document of title (including *certificats représentatifs* pursuant to Article R. 211-7 of the French *Code monétaire et financier*) will be issued in respect of the Dematerialised Notes.

Dematerialised Notes are issued, at the option of the Issuer, in either bearer form (*au porteur*), which will be inscribed in the books of Euroclear France (**Euroclear France**) (acting as central depository) which shall credit the accounts of Account Holders, or in registered form (*au nominatif*) and, in such latter case, at the option of the relevant Noteholder either in administered registered form (*au nominatif administré*) inscribed in the books of an Account Holder or in fully registered form (*au nominatif pur*) inscribed in an account in the books of Euroclear France maintained by the Issuer or the registration agent (designated in the relevant Final Terms) acting on behalf of the Issuer (the **Registration Agent**).

Unless this possibility is expressly excluded in the relevant Final Terms and to the extent permitted by applicable law, the Issuer may at any time request from the central depository

identification information of the Noteholders such as the name or the company name, nationality, date of birth or year of incorporation and mail address or, as the case may be, e-mail address of holders of Dematerialised Notes in bearer form (*au porteur*).

For the purpose of these Conditions, **Account Holder** means any authorised intermediary institution entitled to hold accounts, directly or indirectly, with Euroclear France, and includes Euroclear Bank SA/NV (**Euroclear**) and the depositary bank for Clearstream Banking S.A. (**Clearstream**).

- (ii) Materialised Notes are issued in bearer form (**Materialised Bearer Notes**). Materialised Bearer Notes are serially numbered and are issued with coupons (each, a **Coupon**) and, where appropriate, a talon (a **Talon**) attached, save in the case of Zero Coupon Notes in which case references to interest (other than in relation to interest due after the Maturity Date), Coupons and Talons in these Conditions are not applicable.

In accordance with Article L. 211-3 et seq. and R. 211-1 et seq. of the French Code monétaire et financier, securities (such as Notes) which are governed by French law and are in materialised form must be issued outside the French territory.

Materialised Notes and Dematerialised Notes may also be cleared through one or more clearing system(s) other than or in addition to Euroclear France, Euroclear and/or Clearstream, as may be specified in the relevant Final Terms.

- (b) **Denomination(s):** Notes shall be issued in the specified denomination(s) as set out in the relevant Final Terms (the **Specified Denomination(s)**) save that the minimum denomination of each Note admitted to trading on a Regulated Market in circumstances which require the publication of a Base Prospectus under the Prospectus Regulation will be €100,000 (or, if the Notes are denominated in a currency other than euro, the equivalent amount in such currency at the issue date) or such other higher amount as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the relevant Specified Currency). Dematerialised Notes shall be issued in one Specified Denomination only.

Unless permitted by the then current laws and regulations, Notes (including Notes denominated in Sterling) which have a maturity of less than one (1) year and in respect of which the issue proceeds are to be accepted by the Issuer in the UK or whose issue otherwise constitutes a contravention of section 19 of the Financial Services and Markets Act 2000 must have a minimum redemption amount of £100,000 (or its equivalent in other currencies).

- (c) **Title:**

- (i) Title to Dematerialised Notes in bearer form (*au porteur*) and in administered registered form (*au nominatif administré*) shall pass upon, and transfer of such Notes may only be effected through, registration of the transfer in the accounts of Account Holders. For such purpose, references to "Relevant Rate" under the ISDA Definitions shall be deemed to be references to the ISDA Rate.

(C) Screen Rate Determination for Floating Rate Notes

Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent (or by any other party (with the necessary expertise and acting independently) responsible for the calculation of the Rate of Interest, as specified in the Final Terms) at or about the Relevant Time on the Interest Determination Date in respect of such Interest Accrual Period in accordance with the following:

- (a) if the Primary Source for Floating Rate is a Page, subject as provided below or (if applicable) in Condition 5(c)(iii)(D) (*Benchmark discontinuation*) below, the Rate of Interest shall be:
 - (i) the Relevant Rate (where such Relevant Rate on such Page is a composite quotation or is customarily supplied by one entity); or
 - (ii) the arithmetic mean of the Relevant Rates of the persons whose Relevant Rates appear on that Page,

in each case appearing on such Page at the Relevant Time on the Interest Determination Date;

- (b) if the Primary Source for the Floating Rate is Reference Banks or if sub-paragraph (a)(i) applies and no Relevant Rate appears on the Page at the Relevant Time on the Interest Determination Date or if sub-paragraph (a)(ii) applies and fewer than two (2) Relevant Rates appear on the Page at the Relevant Time on the Interest Determination Date, subject as provided below or (if applicable) in Condition 5(c)(iii)(D) (*Benchmark discontinuation*) below, the Rate of Interest shall be the arithmetic mean of the Relevant Rates that each of the Reference Banks is quoting to leading banks in the Relevant Financial Centre at the Relevant Time on the Interest Determination Date, as determined by the Calculation Agent (or by any other party (with the necessary expertise and acting independently) responsible for the calculation of the Rate of Interest, as specified in the Final Terms); and
- (c) if paragraph (b) above applies and the Calculation Agent (or any other party (with the necessary expertise and acting independently) responsible for the calculation of the Rate of Interest, as specified in the Final Terms) determines that fewer than two (2) Reference Banks are so quoting Relevant Rates, subject as provided below, the Rate of Interest shall be the arithmetic mean of the rates *per annum* (expressed as a percentage) that the Calculation Agent

determines to be the rates (being the nearest equivalent to the Benchmark) in respect of a Representative Amount of the Specified Currency that at least two out of five leading banks selected by the Calculation Agent in the principal financial centre of the country of the Specified Currency or, if the Specified Currency is Euro, in the Euro-zone as selected by the Calculation Agent (the **Principal Financial Centre**) are quoting at or about the Relevant Time on the date on which such banks would customarily quote such rates for a period commencing on the Effective Date for a period equivalent to the Specified Duration (I) to leading banks carrying on business in Europe, or (if the Calculation Agent determines that fewer than two of such banks are so quoting to leading banks in Europe) (II) to leading banks carrying on business in the Principal Financial Centre; except that, if fewer than two of such banks are so quoting to leading banks in the Principal Financial Centre, the Rate of Interest shall be the Rate of Interest determined on the previous Interest Determination Date (after readjustment for any difference between any Margin, Rate Multiplier or Maximum or Minimum Rate of Interest applicable to the preceding Interest Accrual Period and to the relevant Interest Accrual Period).

- (d) *CMS Rate Notes*: Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined and the Benchmark in respect of the Floating Rate Notes is specified as being CMS Rate, the Rate of Interest for each Interest Accrual Period will, subject as provided below or (if applicable) in Condition 5(c)(iii)(D) (*Benchmark discontinuation*) below, be determined by the Calculation Agent by reference to the following formula:

$$\text{CMS Rate} + \text{Margin}$$

If the Relevant Screen Page is not available, the Calculation Agent shall request each of the CMS Reference Banks to provide the Calculation Agent with its quotation for the Relevant Swap Rate (as defined above) at approximately the Relevant Time on the Interest Determination Date in question. If at least three of the CMS Reference Banks provide the Calculation Agent with such quotations, the CMS Rate for such Interest Accrual Period shall be the arithmetic mean of such quotations, eliminating the highest quotation (or, in the event of equality, one of the highest) and the lowest quotation (or, in the event of equality, one of the lowest).

If on any Interest Determination Date less than three or none of the CMS Reference Banks provides the Calculation Agent with such quotations as provided in the preceding paragraph, the CMS Rate shall be determined by the Calculation Agent on such commercial basis as considered appropriate by the Calculation Agent in its absolute discretion, in accordance with standard market practice.

For the purpose of this Conditions 5(c)(iii)(C)(d), **Calculation Agent** means the Calculation Agent or any other party (with the necessary expertise and acting independently) responsible for the calculation of the Rate of Interest, as specified in the Final Terms.

- (e) *€STR Notes*: Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined and the Benchmark in respect of the Floating Rate Notes is specified as being €STR, the Rate of Interest for each Interest Accrual Period will, subject as

provided below, be the rate of return of a daily compound interest investment (with the daily euro short-term rate as the reference rate for the calculation of interest) plus or minus (as indicated in the applicable Final Terms) the Margin (if any) and will be calculated by the Calculation Agent (as defined below) on the relevant Interest Determination Date, as follows, and the resulting percentage will be rounded, if necessary, to the nearest one ten-thousandth of a percentage point, with 0.00005 being rounded upwards:

$$\left[\prod_{i=1}^{d_0} \left(1 + \frac{\text{€STR}_{i-p\text{TBD}} \times n_i}{360} \right) - 1 \right] \times \frac{360}{d}$$

If the €STR is not published, as specified above, on any particular T2 Business Day and no €STR Index Cessation Event (as defined below) has occurred, the €STR for such T2 Business Day shall be the rate equal to €STR in respect of the last T2 Business Day for which such rate was published on the Website of the European Central Bank.

If no ECB Recommended Rate has been recommended before the end of the first T2 Business Day following the date on which the €STR Index Cessation Event occurs, then the rate of €STR for each T2 Business Day in the relevant Observation Period on or after the €STR Index Cessation Effective Date will be determined as if references to €STR were references to the Modified EDFR.

If an ECB Recommended Rate has been recommended and both an ECB Recommended Rate Index Cessation Event and an ECB Recommended Rate Index Cessation Effective Date subsequently occur, then the rate of €STR for each T2 Business Day in the relevant Observation Period occurring on or after that ECB Recommended Rate Index Cessation Effective Date will be determined as if references to €STR were references to the Modified EDFR.

Any substitution of the €STR, as specified above, will remain effective for the remaining term to maturity of the Notes and shall be published by the Issuer in accordance with Condition 15.

In the event that the Rate of Interest cannot be determined in accordance with the foregoing provisions by the Calculation Agent, (i) the Rate of Interest shall be that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum Rate of Interest or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to the relevant Interest Accrual Period in place of the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to that last preceding Interest Accrual Period) or (ii) if there is no such preceding Interest Determination Date, the Rate of Interest shall be determined as if the rate of

€STR for each T2 Business Day in the relevant Observation Period on or after such €STR Index Cessation Effective Date were references to the latest published ECB Recommended Rate or, if EDFR is published on a later date than the latest published ECB Recommended Rate, the Modified EDFR.

If, in respect of that London Banking Day "i-pLBD", the Calculation Agent determines that the SONIA is not available on the Relevant Screen Page or has not otherwise been published by the relevant authorised distributors, such SONIA shall be: (i) the Bank of England's Bank Rate (the "**Bank Rate**") prevailing at close of business on the relevant London Banking Day; plus (ii) the mean of the spread of the SONIA to the Bank Rate over the previous five London Banking Days on which a SONIA has been published, excluding the highest spread (or, if there is more than one highest spread, one only of those highest spreads) and lowest spread (or, if there is more than one lowest spread, one only of those lowest spreads) to the Bank Rate.

Notwithstanding the paragraph above, in the event the Bank of England publishes guidance as to (i) how the SONIA is to be determined or (ii) any rate that is to replace the SONIA, the Calculation Agent shall, to the extent that it is reasonably practicable, follow such guidance in order to determine SONIA for the purpose of the Notes for so long as the SONIA is not available or has not been published by the authorised distributors.

In the event that the Rate of Interest cannot be determined in accordance with the foregoing provisions by the Calculation Agent, the Rate of Interest shall be (i) that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum Rate of Interest or Minimum Rate of Interest is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to the relevant Interest Period in place of the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to that last preceding Interest Period) or (ii) if there is no such preceding Interest Determination Date, the initial Rate of Interest which would have been applicable to such Notes for the first Interest Period had the Notes been in issue for a period equal in duration to the scheduled first Interest Period but ending on (and excluding) the Interest Commencement Date (but applying the Margin and any Maximum Rate of Interest or Minimum Rate of Interest applicable to the first Interest Period).

If the Notes become due and payable in accordance with the Conditions, the final Interest Determination Date shall, notwithstanding any Interest Determination Date specified in the Final Terms, be deemed to be the date on which such Notes became due and payable and the Rate of Interest on such Notes shall, for so long as any such Notes remains outstanding, be that determined on such date.

- (h) *SARON Notes*: Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined and the Reference Rate in respect of the Floating Rate Notes is specified as being SARON, the Rate of Interest for each Interest Period will be the relevant SARON Benchmark plus or minus (as indicated in the applicable Final Terms) the Margin (if any) (as indicated in the relevant Final Terms), subject to a minimum of zero per cent., all as determined by the Calculation Agent (as defined below).

The **SARON Benchmark** will be determined based on SARON Compound with Lookback, SARON Compound with Observation Period Shift, SARON Compound with Payment Delay or SARON Index Average, as follows:

- (i) if SARON Compound with Lookback (**SARON Compound with Lookback**) is specified as applicable in the relevant Final Terms, the SARON Benchmark for each Interest Period shall be equal to the rate of return of a daily compound SARON interest investment calculated in accordance with the following formula (with the resulting percentage rounded, if necessary, to the nearest one hundred-thousandth of a percentage point, with 0.000005 being rounded upwards to 0.00001):

$$\left(\prod_{i=1}^{d_0} \left(1 + \frac{\text{SARON}_{i-\text{xZBD}} \times n_i}{360} \right) - 1 \right) \times \frac{360}{d}$$

For the purpose of this paragraph (h)(i):

d means the number of calendar days in the relevant Interest Period;

d₀ for any Interest Period, means the number of Zurich Banking Days in the relevant Interest Period;

i is a series of whole numbers from one to d₀, each representing the relevant Zurich Banking Day in chronological order from, and including, the first Zurich Banking Day in the relevant Interest Period;

Lookback Days means the number of Zurich Banking Days specified in the relevant Final Terms;

n_i for any Zurich Banking Day "i" in the relevant Interest Period, means the number of calendar days from, and including, such day "i" up to, but excluding, the following Zurich Banking Day ("i+1");

SARON_{i-xZBD} for any Zurich Banking Day "i" in the relevant Interest Period, is equal to SARON in respect of the Zurich Banking Day falling a number of Zurich Banking Days prior to that day "i" equal to the number of Lookback Days;

- (ii) if SARON Compound with Observation Period Shift (**SARON Compound with Observation Period Shift**) is specified as applicable in the relevant Final Terms, the SARON Benchmark for each Interest Period shall be equal to the rate of return of a daily compound SARON interest investment calculated in accordance with the following formula (with the resulting percentage rounded, if necessary, to the nearest one hundred-thousandth of a percentage point, with 0.000005 being rounded upwards to 0.00001):

$$\left(\prod_{i=1}^{d_0} \left(1 + \frac{\text{SARON}_i \times n_i}{360} \right) - 1 \right) \times \frac{360}{d}$$

For the purpose of this paragraph (h)(ii):

d means the number of calendar days in the relevant Observation Period;

d₀ for any Observation Period, means the number of Zurich Banking Days in the relevant Observation Period;

i is a series of whole numbers from one to d₀, each representing the relevant Zurich Banking Day in chronological order from, and including, the first Zurich Banking Day in the relevant Observation Period;

n_i for any Zurich Banking Day "i" in the relevant Observation Period, means the number of calendar days from, and including, such day "i" up to, but excluding, the following Zurich Banking Day ("i+1");

Observation Period means, in respect of each Interest Period, the period from, and including, the date falling a number of Zurich Banking Days equal to the Observation Shift Days preceding the first day of such Interest Period to, but excluding, the date falling a number of Zurich Banking Days equal to the Observation Shift Days preceding the Interest Payment Date for such Interest Period;

Observation Shift Days means the number of Zurich Banking Days specified in the relevant Final Terms; and

SARON_i for any Zurich Banking Day "i" in the relevant Observation Period, is equal to SARON in respect of that day "i";

- (iii) if SARON Compound with Payment Delay (**SARON Compound with Payment Delay**) is specified as applicable in the relevant Final Terms, the SARON Benchmark for each Interest Period shall be equal to the rate of return of a daily compound SARON interest investment calculated in accordance with the following formula (with the resulting percentage rounded, if necessary, to the nearest one hundred-thousandth of a percentage point, with 0.000005 being rounded upwards to 0.00001):

$$\left(\prod_{i=1}^{d_0} \left(1 + \frac{\text{SARON}_i \times n_i}{360} \right) - 1 \right) \times \frac{360}{d}$$

For the purpose of this paragraph (h)(iii):

d means the number of calendar days in the relevant Interest Period;

d₀ for any Interest Period, means the number of Zurich Banking Days in the relevant Interest Period;

i is a series of whole numbers from one to d₀, each representing the relevant Zurich Banking Day in chronological order from, and including, the first Zurich Banking Day in the relevant Interest Period;

n_i for any Zurich Banking Day "i" in the relevant Interest Period, means the number of calendar days from, and including, such day "i" up to, but excluding, the following Zurich Banking Day ("i+1");

If SARON for a given Zurich Banking Day is not published on the Relevant Screen Page by the Relevant Time and there has not occurred both a Benchmark Event and a SARON Benchmark Cessation Effective Date on or before the Relevant Time on the relevant Zurich Banking Day, the SARON for that Zurich Banking Day will be the rate equal to the SARON published by the SARON Administrator on the SARON Administrator's Website on the last preceding Zurich Banking Day for which the SARON was published by the SARON Administrator on the SARON Administrator's Website.

If the SARON for a given Zurich Banking Day is not published on the Relevant Screen Page by the Relevant Time and both a Benchmark Event and a SARON Benchmark Cessation Effective Date have occurred on or before the Relevant Time on the relevant Zurich Banking Day, then the SARON, for each Zurich Banking Day in the relevant Interest Period falling on the day or days following the SARON Benchmark Cessation Effective Date, will be:

- a) if there is a SARON Recommended Replacement Rate on the Zurich Banking Day following the SARON Benchmark Cessation Effective Date, the SARON Recommended Replacement Rate for that Zurich Banking Day, giving effect to the SARON Recommended Adjustment Difference, if any, published on that Zurich Banking Day; or
- b) if there is no SARON Recommended Replacement Rate on the Zurich Banking Day following the SARON Benchmark Cessation Effective Date, the key rate of the Swiss National Bank (the "SNB Key Rate") for that Zurich Banking Day, giving effect to the SNB Adjustment Spread, if any.

Any substitution of the SARON by the SARON Recommended Replacement Rate or the SNB Key Rate as specified above (the "**SARON Replacement Rate**") will remain effective for the remaining term to maturity of the Notes.

If the Rate of Interest cannot be determined by the Calculation Agent in accordance with the above provisions (or any other party responsible for calculating the Rate of Interest, as specified in the Final Terms), and a Benchmark Event has occurred in respect of the SARON, Condition 5(c)(iii)(D) below shall apply and if none of these conditions would allow the Rate of Interest to be determined, the Rate of Interest shall be (i) that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin, or Maximum Rate of Interest or Minimum Rate of Interest is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin, or Maximum Rate of Interest or Minimum Rate of Interest relating to the relevant Interest Period) or (ii) if there is no such preceding Interest Determination Date, the initial Rate of Interest that would have applied for the first Interest Period if the Notes had been issued for a period equal in duration to the first scheduled Interest Period but ending on, and excluding, the Interest Commencement Date (although substituting the Margin,

Maximum Rate of Interest or Minimum Rate of Interest applicable to the first Interest Period).

- b) in the event of the occurrence of a Benchmark Event described in paragraph (f)(i) of the definition of Benchmark Event in Condition 5(c)(iii)(D)(VIII) below, the later of the following dates: (i) the date of the relevant declaration or publication, (ii) the date, if any, specified in the relevant declaration or publication as the date on which the SARON will no longer be representative, and (iii) if a Benchmark Event described in paragraph (b) of the definition of Benchmark Event in Condition 5(c)(iii)(D)(VIII) below has occurred on or before either or both of the dates specified in items (i) and (ii) of this paragraph b), the date from which the SARON may no longer be used; and
- c) in the event of the occurrence of a Benchmark Event described in paragraph (b) of the definition of Benchmark Event in Condition 5(c)(iii)(D)(VIII) below, the date from which the SARON may no longer be used;

SARON Recommended Adjustment Spread means the spread (which may be positive or negative or zero), or the formula or method for calculating such spread,

- a) that the SARON Recommendation Body has recommended to be applied to the SARON Recommended Replacement Rate in the case of fixed income securities for which the SARON Recommended Replacement Rate has replaced the SARON as the reference rate for the purpose of determining the applicable interest rate; or

- b) if the SARON Recommendation Body has not recommended such a spread, formula or methodology, as described in clause a. above, such spread shall be determined by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest as specified in the Final Terms), acting in good faith and in a commercially reasonable manner and in accordance with accepted industry practice for fixed income securities for which the SARON Recommended Replacement Rate has replaced the SARON as the reference rate for the purposes of determining the applicable interest rate;

SARON Recommended Replacement Rate means the rate that has been recommended as a replacement for the SARON by any working group or committee in Switzerland organised in the same or similar manner as the National Working Group on Swiss Franc Reference Rates which was founded in 2013 for the purpose, *inter alia*, of considering proposals for the reform of reference interest rates in Switzerland (any such working group or committee, the **SARON Recommendation Body**);

SNB Adjustment Spread means, in respect of the SNB Key Rate, the spread to be applied to the SNB Key Rate, such spread being determined by the Calculation Agent, acting in good faith and in a commercially reasonable manner, taking into account the historical median between the SARON and the SNB Key Rate over the two-year period ending on the date on which the Benchmark Event occurred (or, if more than one Benchmark Event occurred, the date on which the first such event occurred); and

Zurich Banking Day means any day on which commercial banks are open for general business (including dealing in foreign exchange and foreign currency deposits) in Zurich.

- (i) **TONA Notes:** Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined and the Benchmark in respect of the Floating Rate Notes is specified as being TONA, the Rate of Interest for each Interest Accrual Period will, subject as provided below, be the rate of return of a daily compound interest investment (with the arithmetic average of the daily overnight interbank market rates in Yen, Tokyo, as the reference rate for the interest calculation), plus or minus (as indicated in the applicable Final Terms) the Margin (if any), and will be calculated by the Calculation Agent (as defined below) on the relevant Interest Determination Date, as follows, and the resulting percentage will be rounded, if necessary, to the nearest one ten-thousandth of a percentage point, with 0.00005 being rounded upwards:

$$\left[\prod_{i=1}^{d_0} \left(1 + \frac{\text{TONA}_{i-\text{PTBD}} \times n_i}{365} \right) - 1 \right] \times \frac{365}{d}$$

For the purpose of this paragraph (i):

Calculation Agent means the Calculation Agent or any other party (with the necessary expertise and acting independently) responsible for the calculation of the Rate of Interest, as specified in the Final Terms;

d is the number of calendar days in the relevant Interest Accrual Period;

d₀ is the number of Tokyo Banking Days in the relevant Interest Accrual Period;

i is a series of whole numbers from one to d₀, each representing the relevant Tokyo Banking Days in chronological order from, and including, the first Tokyo Banking Day, to, but excluding, the Interest Payment Date corresponding to such Interest Accrual Period;

n_i means, for any Tokyo Banking Day "i", the number of calendar days from, and including, the relevant Tokyo Banking Day "i", up to, but excluding the immediately following Tokyo Banking Days "i" ("i+1") in the relevant Interest Accrual Period;

Observation Look-Back Period is as specified in the applicable Final Terms;

p means in relation to any Interest Accrual Period, the number of Tokyo Banking Days included in the Observation Look-Back Period;

Tokyo Banking Day or **TBD** means any day on which commercial banks are open for general business (including dealing in foreign exchange and foreign currency deposits) in Tokyo;

TONA means, in respect of any Tokyo Banking Day, the Tokyo Overnight Average rate for that Tokyo Banking Day, as published by the Bank of Japan, as administrator of that rate (or any successor administrator), on the Relevant Screen Page or, if the Relevant Screen Page is not available, as otherwise published by the authorised distributors, on the Tokyo Banking Day immediately following that Tokyo Banking Day; and

TONA_{i-pTBD}, means, in respect of any Tokyo Banking Day "i" falling in the relevant Interest Accrual Period, the TONA for the Tokyo Banking Day falling "p" Tokyo Banking Days before the relevant Tokyo Banking Day "i".

If, in respect of that Tokyo Banking Day falling on "p" Tokyo Banking Days prior to the relevant Tokyo Banking Day "i", the Calculation Agent determines that the TONA is not available on the Relevant Screen Page or has not otherwise been published by the relevant authorised distributors, such TONA shall be the TONA relating to the first preceding Tokyo Banking Day on which the TONA has been published on the Relevant Screen Page (or otherwise published by the relevant authorised distributors).

Notwithstanding the above, if a Benchmark Event occurs for the TONA, Article 5.3(c)(iii)(D) below shall apply.

If the Rate of Interest cannot be determined in accordance with the foregoing provisions by the Calculation Agent, the Rate of Interest shall be (i) that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum Rate of Interest or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to the relevant Interest Accrual Period in place of the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to that last preceding Interest Accrual Period) or (ii) if there is no such preceding Interest Determination Date, the initial Rate of Interest that would have been

applicable to such Notes for the first Interest Accrual Period had the Notes been issued for a period equal in duration to the first scheduled Interest Accrual Period but ending on, and excluding, the Interest Period Commencement Date (although substituting the Margin, Maximum Rate of Interest or Minimum Rate of Interest applicable to the first Interest Accrual Period).

If the Notes become due and payable in accordance with the Conditions, the final Interest Determination Date shall, notwithstanding any Interest Determination Date specified in the Final Terms, be deemed to be the date on which such Notes became due and payable and the Rate of Interest on such Notes shall, for so long as any such Notes remains outstanding, be that determined on such date.

Any determination, decision or election that may be made by the Calculation Agent pursuant to this provision, including any determination with respect to a rate or adjustment or the occurrence or non-occurrence of any event, circumstance or date and any decision to take or refrain from taking any action or election (i) shall be conclusive and binding in the absence of manifest error, (ii) shall be made in the sole discretion of the Calculation Agent, and (iii) notwithstanding anything to the contrary in the documentation relating to the Notes, shall become effective without consent from the holders of the Notes or any other party.

(D) Benchmark discontinuation

Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, if a Benchmark Event occurs in relation to an Original Reference Rate at any time when the Terms and Conditions of any Notes provide for any remaining rate of interest (or any component part thereof) to be determined by reference to such Original Reference Rate, then the following provisions shall apply and shall prevail over other fallbacks specified in Condition 5(c) (for the avoidance of doubt, these provisions shall not apply to €STR, SONIA and SOFR and shall not prevail over the fallbacks relating to SARON specified in Condition 5(c)(iii)(C)(h)).

I. Independent Adviser

The Issuer shall use reasonable endeavours to appoint an Independent Adviser, as soon as reasonably practicable, to determine a Successor Rate, failing which an Alternative Rate (in accordance with Condition 5(c)(iii)(D)(II)) and, in either case, an Adjustment Spread, if any (in accordance with Condition 5(c)(iii)(D)(III)) and any Benchmark Amendments (in accordance with Condition 5(c)(iii)(D)(IV)).

An Independent Adviser appointed pursuant to this Condition 5(c)(iii)(D) shall act in good faith as an expert and (in the absence of bad faith, manifest error or fraud) shall have no liability whatsoever to the Issuer, the Fiscal Agent, the Paying Agents, the Calculation Agent or any other party responsible for determining the Rate of Interest specified in the applicable Final Terms, or the Noteholders for any determination made by it pursuant to this Condition 5(c)(iii)(D).

II. Successor Rate or Alternative Rate

If the Independent Adviser determines in good faith that:

- (1) there is a Successor Rate, then such Successor Rate shall (subject to adjustment as provided in Condition 5(c)(iii)(D)(IV)) subsequently be used in place of the Original Reference Rate to determine the relevant Rate(s) of Interest (or the relevant component part(s) thereof) for all relevant future payments of interest on the Notes (subject to the further operation of this Condition 5(c)(iii)(D)); or
- (2) there is no Successor Rate but that there is an Alternative Rate, then such Alternative Rate shall (subject to adjustment as provided in Condition 5(c)(iii)(D)(IV)) subsequently be used in place of the Original Reference Rate to determine the relevant Rate(s) of Interest (or the relevant component part(s) thereof) for all relevant future payments of interest on the Notes (subject to the further operation of this Condition 5(c)(iii)(D)).

III. Adjustment Spread

If the Independent Adviser, determines in good faith (i) that an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) and (ii) the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Adjustment Spread shall be applied to the Successor Rate or the Alternative Rate (as the case may be) for each subsequent determination of a relevant Rate of Interest (or a relevant component part thereof) by reference to such Successor Rate or Alternative Rate (as applicable).

IV. Benchmark Amendments

If any Successor Rate, Alternative Rate or Adjustment Spread is determined in accordance with this Condition 5(c)(iii)(D) and the Independent Adviser determines in good faith (A) that amendments to the Terms and Conditions of the Notes (including, without limitation, amendments to the definitions of Day Count Fraction, Business Days or Relevant Screen Page) are necessary to ensure the proper operation of such Successor Rate, Alternative Rate and/or Adjustment Spread (such amendments, the **Benchmark Amendments**) and (B) the terms of the Benchmark Amendments, then the Issuer shall, subject to giving notice thereof in accordance with Condition 5(c)(iii)(D)(V), without any requirement for the consent or approval of Noteholders, vary the Terms and Conditions of the Notes to give effect to such Benchmark Amendments with effect from the date specified in such notice.

In connection with any such variation in accordance with this Condition 5(c)(iii)(D), the Issuer shall comply with the rules of any stock exchange on which the Notes are for the time being listed or admitted to trading.

V. Notices, etc.

The Issuer shall, after receiving such information from the Independent Adviser, notify the Fiscal Agent, the Calculation Agent, the Paying Agents, the Representative (if any) and, in accordance with Condition 15, the Noteholders, promptly of any Successor Rate, Alternative Rate, Adjustment Spread and of the specific terms of any Benchmark Amendments, determined under this Condition 5(c)(iii)(D). Such notice shall be irrevocable and shall specify the effective date of the Benchmark Amendments, if any.

The Successor Rate or Alternative Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any) specified in such notice will (in the absence of manifest error in the determination of the Successor Rate or Alternative Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any)) be binding on the Issuer, the Fiscal Agent, the Calculation Agent, the party responsible for determining the Rate of Interest, the Paying Agents and the Noteholders.

VI. Survival of Original Reference Rate

Without prejudice to the Issuer's obligations under the provisions of this Condition 5(c)(iii)(D), the Original Reference Rate and the fallback provisions provided for in Condition 5(c)(iii)(C) will continue to apply unless and until the party responsible for determining the Rate of Interest has been notified of the Successor Rate or the Alternative Rate (as the case may be), and of any Adjustment Spread and/or Benchmark Amendments.

VII. Fallbacks

If, following the occurrence of a Benchmark Event and in relation to the determination of the Rate of Interest on the immediately following Interest Determination Date, no Independent Adviser has been appointed or no Successor Rate or Alternative Rate (as applicable) is determined pursuant to this provision, the fallback provisions relating to the Original Reference Rate specified in Condition 5(c)(iii)(C), namely the Rate of Interest determined on the preceding Interest Determination Date, will continue to apply to such determination (though substituting, where a different Margin, Rate Multiplier or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Accrual Period, in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Accrual Period).

In such circumstances, the Issuer will be entitled (but not obliged), at any time thereafter, to elect to re-apply the provisions of this Condition 5(c)(iii)(D), *mutatis mutandis*, on one or more occasions until a Successor Rate or Alternative Rate (and, if applicable, any associated Adjustment Spread and/or Benchmark Amendments) has been determined and notified in accordance with this Condition 5(c)(iii)(D) (and, until such determination and notification (if any), the fallback provisions provided elsewhere in these Terms and Conditions including, for the avoidance of doubt, the fallbacks specified in Condition 5(c)(iii)(C), will continue to apply). This may result in

the Rate of Interest for the last preceding Interest Period being the Rate of Interest for the Interest Period in question.

VIII. Definitions

In this Condition 5(c)(iii)(D):

Adjustment Spread means either a spread (which may be positive or negative), or the formula or methodology for calculating a spread, in either case, which the Independent Adviser determines and which is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) to reduce or eliminate, to the fullest extent reasonably practicable in the circumstances, any economic prejudice or benefit (as the case may be) to Noteholders as a result of the replacement of the Original Reference Rate with the Successor Rate or the Alternative Rate (as the case may be) and is the spread, formula or methodology which:

- a) in the case of a Successor Rate, is formally recommended, or formally provided as an option for parties to adopt, in relation to the replacement of the Original Reference Rate with the Successor Rate by any Relevant Nominating Body;
- b) in the case of an Alternative Rate (or in the case of a Successor Rate where (a) above does not apply), is in customary market usage in the international debt capital market for transactions which reference the Original Reference Rate, where such rate has been replaced by the Alternative Rate (or, as the case may be, the Successor Rate); or
- c) if no such recommendation or option has been made (or made available), or the Independent Adviser determines there is no such spread, formula or methodology in customary market usage, the Independent Adviser, acting in good faith, determines to be appropriate.

Alternative Rate means an alternative benchmark or screen rate which the Independent Adviser determines in accordance with this Condition 5(c)(iii)(D) and which is customary market usage in the international debt capital markets for the purposes of determining rates of interest (or the relevant component part thereof) for a commensurate interest period and in the same Specified Currency as the Notes.

Benchmark Event means, with respect to an Original Reference Rate:

- a) the Original Reference Rate ceasing to exist or be published;
- b) the later of (i) the making of a public statement by the administrator of the Original Reference Rate that it will, on or before a specified date, cease publishing the Original Reference Rate permanently or indefinitely (in circumstances where no successor administrator has been appointed that will continue publication of the Original Reference Rate) and (ii) the date falling six (6) months prior to the date specified in (i);
- c) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate has been permanently or indefinitely discontinued;

- d) the later of (i) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate will, on or before a specified date, be permanently or indefinitely discontinued and (ii) the date falling six (6) months prior to the date specified in (i);
- e) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate will be prohibited from being used or that its use will be subject to restrictions or adverse consequences, in each case within the following six (6) months;
- f) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that means that (i) the Original Reference Rate is no longer representative of an underlying market or (ii) the methodology for calculating the Original Reference Rate has changed materially or will change materially;
- g) it has or will prior to the next Interest Determination Date, become unlawful for the Issuer, the party responsible for determining the Rate of Interest (being the Calculation Agent or such other party specified in the applicable Final Terms, as applicable), or any Paying Agent to calculate any payments due to be made to any Noteholder using the Original Reference Rate (including, without limitation, under the Benchmarks Regulation, if applicable); or
- h) that a decision to withdraw the authorisation or registration pursuant to Article 35 of the Benchmarks Regulation of any benchmark administrator previously authorised to publish such Original Reference Rate has been adopted;

it being specified that, in relation to TONA, references to the administrator or the supervisor of the administrator are to the Bank of Japan.

Benchmarks Regulation means Regulation (EU) 2016/1011 of 8 June 2016, as amended or supplemented;

Independent Adviser means an independent financial institution of international repute or an independent adviser of recognised standing with appropriate expertise appointed by the Issuer at its own expense under Condition 5(c)(iii)(D)(I).

Original Reference Rate means the benchmark or screen rate (as applicable) originally specified for the purpose of determining the relevant Rate of Interest (or any relevant component part(s) thereof) on the Notes.

Relevant Nominating Body means, in respect of a benchmark or screen rate (as applicable):

- a) the central bank for the currency to which the benchmark or screen rate (as applicable) relates, or any central bank or other supervisory authority which is responsible for supervising the administrator of the benchmark or screen rate (as applicable); or
- b) any working group or committee sponsored by, chaired or co-chaired by or constituted at the request of (i) the central bank for the currency to which the benchmark or screen rate (as applicable) relates, (ii) any central

bank or other supervisory authority which is responsible for supervising the administrator of the benchmark or screen rate (as applicable), (iii) a group of the aforementioned central banks or other supervisory authorities or (iv) the Financial Stability Board or any part thereof.

Successor Rate means a successor to or replacement of the Original Reference Rate which is formally recommended by any Relevant Nominating Body, and if, following a Benchmark Event, two (2) or more successor or replacement rates are recommended by any Relevant Nominating Body, the Independent Adviser, shall determine which of those successor or replacement rates is most appropriate, having regard to, *inter alia*, the particular features of the relevant Notes and the nature of the Issuer.

- (d) **Fixed/Floating Rate Notes:** If Fixed/Floating Rate Notes is specified as applicable in the relevant Final Terms, then on the date specified in the relevant Final Terms (the **Switch Date**): (x) the Issuer may elect to convert the rate at which the Notes bear interest from a Fixed Rate to a Floating Rate, or from a Floating Rate to a Fixed Rate (the **Issuer Change of Interest Basis**), it being specified that the Issuer Change of Interest Basis shall be deemed effective after notification by the Issuer to the Noteholders within the period specified in the relevant Final Terms in accordance with Condition 15, or (y) the rate at which the Notes bear interest will automatically change from a Fixed Rate to a Floating Rate or from a Floating Rate to a Fixed Rate (the **Automatic Change of Interest Basis**).
- (e) **Zero Coupon Notes:** Where a Note the Interest Basis of which is specified to be Zero Coupon and is repayable prior to the Maturity Date is not paid when due, the amount due and payable prior to the Maturity Date shall be the Early Redemption Amount or the Optional Redemption Amount, as the case may be, of such Note. As from the Maturity Date, the Rate of Interest for any overdue principal of such a Note shall be a rate *per annum* (expressed as a percentage) equal to the Amortisation Yield (as described in Condition 6(e)(i)).
- (f) **Accrual of interest:** Interest shall cease to accrue on each Note on the due date for redemption unless (i) in the case of Dematerialised Notes, on such due date or (ii) in the case of Materialised Notes, upon due presentation, payment is improperly withheld or refused, in which event interest shall continue to accrue (as well after as before judgment) at the Rate of Interest in the manner provided in this Condition 5 to the Relevant Date (as defined in Condition 8).
- (g) **Margin, Maximum/Minimum Rates of Interest and Redemption Amounts, Rate Multipliers and Rounding**
 - (i) If any Margin or Rate Multiplier is specified in the relevant Final Terms (either (x) generally, or (y) in relation to one or more Interest Accrual Periods), an adjustment shall be made to all Rates of Interest, in the case of (x), or the Rates of Interest for the specified Interest Accrual Periods, in the case of (y), calculated in accordance with (c) above by adding (if a positive number) or subtracting the absolute value (if a negative number) of such Margin or multiplying by such Rate Multiplier, subject always to the next paragraph.
 - (ii) If any Maximum or Minimum Rate of Interest or Redemption Amount is specified in the relevant Final Terms, then any Rate of Interest or Redemption Amount shall be subject to such maximum or minimum, as the case may be. For the avoidance of doubt, the Minimum Rate of Interest shall be deemed to be zero, unless a higher rate is stated in the applicable Final Terms.
 - (iii) For the purposes of any calculations required pursuant to these Conditions (unless otherwise specified), (x) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up), (y) all figures shall be rounded to seven significant figures (with halves being rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit of such

currency (with halves being rounded up), save in the case of yen, which shall be rounded down to the nearest yen. For these purposes **unit** means the lowest amount of such currency that is available as legal tender in the country(ies) of such currency.

- (h) **Calculations:** The amount of interest payable in respect of any Note for any period shall be calculated by multiplying the product of the Rate of Interest and the outstanding nominal amount of such Note by the Day Count Fraction, unless an Interest Amount (or a formula for its calculation) is specified in respect of such period, in which case the amount of interest payable in respect of such Note for such period shall equal such Interest Amount (or be calculated in accordance with such formula). Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable in respect of such Interest Period shall be the sum of the amounts of interest payable in respect of each of those Interest Accrual Periods.
- (i) **Determination and Publication of Rates of Interest, Interest Amounts, Final Redemption Amounts, Optional Redemption Amounts and Early Redemption Amounts:** As soon as practicable after the relevant time on such date as the Calculation Agent or the Make-Whole Calculation Agent may be required to calculate any rate or amount, obtain any quotation or make any determination or calculation, it shall determine such rate and calculate the Interest Amounts in respect of each Specified Denomination of the Notes for the relevant Interest Accrual Period, calculate the Final Redemption Amount, Optional Redemption Amount, or Early Redemption Amount, obtain such quotation or make such determination or calculation, as the case may be, and cause the Rate of Interest and the Interest Amounts for each Interest Period and the relevant Interest Payment Date and, if required to be calculated, the Final Redemption Amount, Optional Redemption Amount, or Early Redemption Amount to be notified to the Fiscal Agent, the Issuer, each of the Paying Agents, the Noteholders, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are admitted to trading on a Regulated Market and the rules of, or applicable to, such Regulated Market so require, such Regulated Market as soon as possible after their determination but in no event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification to such Regulated Market of a Rate of Interest and Interest Amount, or (ii) in all other cases, the fourth (4th) Business Day after such determination. Where any Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Condition 5(c)(ii), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) or the Make-Whole Calculation Agent shall (in the absence of manifest error) be final and binding upon all parties.
- (j) **Calculation Agent, Make-Whole Calculation Agent and Reference Banks:** The Issuer shall use its best efforts to procure that there shall at all times be four Reference Banks (or such other number as may be required by the Conditions) with offices in the Relevant Financial Centre and one or more Calculation Agents or one Make-Whole Calculation Agent if provision is made for them in the relevant Final Terms and for so long as any Note is outstanding (as defined in the Agency Agreement). If any Reference Bank (acting through its relevant office) is unable or unwilling to continue to act as a Reference Bank, then the Issuer shall appoint another Reference Bank with an office in the Relevant Financial Centre to act as such in its place. Where more than one Calculation Agent is appointed in respect of the Notes, references in these Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under the Conditions. If the Calculation Agent or the Make-Whole Calculation Agent is unable or unwilling to act as such or if the Calculation Agent or the Make-Whole Calculation Agent fails duly to establish the Rate of Interest for an Interest Period or Interest Accrual Period or to calculate any Interest Amount, Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, or to comply with any other requirement, the Issuer shall appoint a leading bank or investment banking firm engaged in the interbank market (or, if appropriate, money, swap or over-the-counter index options market) that is

most closely connected with the calculation or determination to be made by the Calculation Agent or the Make-Whole Calculation Agent (acting through its principal Paris office or any other office actively involved in such market) to act as such in its place. The Calculation Agent or the Make-Whole Calculation Agent may not resign its duties without a successor having been appointed as aforesaid. So long as the Notes are admitted to trading on a Regulated Market and the rules of, or applicable to, that Regulated Market so require, notice of any change of Calculation Agent or the Make-Whole Calculation Agent shall be given in accordance with Condition 15.

- (k) **RMB Notes:** Notwithstanding the foregoing, each RMB Note which is a Fixed Rate Note bears interest from (and including) the Interest Commencement Date at the rate *per annum* equal to the Rate of Interest. For the purposes of calculating the amount of interest, if any Interest Payment Date would otherwise fall on a day which is not a Business Day, it shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month in which case it shall be brought forward to the immediately preceding Business Day. Interest will be payable in arrear on each Interest Payment Date.

The Calculation Agent will, as soon as practicable after 11.00 a.m. (Hong Kong time) on each Interest Determination Date, calculate the amount of interest payable per Specified Denomination for the relevant Interest Period. The determination of the amount of interest payable per Specified Denomination by the Calculation Agent shall (in the absence of manifest error and after confirmation by the Issuer) be final and binding upon all parties.

The Calculation Agent will cause the amount of interest payable per Specified Denomination for each Interest Period and the relevant Interest Payment Date to be notified to each of the Paying Agents and to be notified to Noteholders as soon as possible after their determination but in no event later than the fourth (4th) Business Day thereafter. The amount of interest payable per Specified Denomination and Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 9, the accrued interest per Specified Denomination shall nevertheless continue to be calculated as previously by the Calculation Agent in accordance with this provision but no publication of the amount of interest payable per Specified Denomination so calculated need be made.

Interest shall be calculated in respect of any period by applying the Rate of Interest to the outstanding nominal amount of such Note, multiplying such product by the actual number of days in the relevant Interest Period or, as applicable, other period concerned and dividing it by 365, and rounding the resultant figure to the nearest Renminbi sub-unit, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

6. Redemption, Purchase and Options

- (a) **Final Redemption:** Unless previously redeemed, purchased and cancelled as provided below, including any Issuer's option in accordance with Conditions 6(b), 6(c), 6(g) or 6(h) or any Noteholders' option in accordance with Condition 6(d), each Note shall be finally redeemed on the Maturity Date specified in the relevant Final Terms at its Final Redemption Amount (which, unless otherwise provided, is its nominal amount).
- (b) **Redemption at the Option of the Issuer, Exercise of Issuer's Options and Partial Redemption:** If a Call Option is specified in the relevant Final Terms, the Issuer may, subject to compliance by the Issuer with all relevant laws, regulations and directives and on giving not less than fifteen (15) nor more than thirty (30) calendar days' irrevocable notice in accordance with Condition 15 to the Noteholders (or such other notice period as may be specified in the relevant Final Terms), redeem all, or, if so provided in the relevant Final Terms, some, of the Notes on any Optional Redemption Date. Any such redemption of Notes shall be at their Optional Redemption Amount together with interest accrued to, but excluding, the date fixed for redemption (including, where applicable, any Arrears of

Interest), if any. Any such redemption or exercise must relate to Notes of a nominal amount at least equal to the minimum nominal amount to be redeemed specified in the relevant Final Terms and no greater than the maximum nominal amount to be redeemed specified in the relevant Final Terms.

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

In the case of a partial redemption of Materialised Notes, the notice to holders of such Materialised Notes shall also contain the number of the Definitive Materialised Bearer Notes to be redeemed taking account of prevailing market practices, subject to compliance with any applicable laws and Regulated Market requirements.

In the case of a partial redemption of Dematerialised Notes, the redemption shall be effected by the application of a pool factor (corresponding to a reduction of the nominal amount of all such Dematerialised Notes in a Series in proportion to the aggregate nominal amount redeemed), subject to compliance with any other applicable laws and Regulated Market or other stock exchange requirements.

So long as the Notes are admitted to trading on Euronext Paris and the rules of, or applicable to, such Regulated Market require, the Issuer shall, each time there has been a partial redemption of the Notes, cause to be published in accordance with Article 221-3 and 221-4 of the General Regulations (*Règlement Général*) of the *Autorité des marchés financiers* (the **AMF**) and on the website of any other competent authority and/or Regulated Market of the EEA Member State where the Notes are admitted to trading, a notice specifying the aggregate nominal amount of Notes outstanding and, in the case of Materialised Notes, a list of any Definitive Materialised Bearer Notes drawn for redemption but not surrendered.

- (c) **Make-Whole Redemption by the Issuer:** If so specified in the relevant Final Terms, in respect of any issue of Notes, the Issuer may, subject to the satisfaction of any refinancing conditions to which the redemption is subject and compliance by the Issuer with all relevant laws, regulations and directives and on giving not less than fifteen (15) nor more than thirty (30) calendar days' notice in accordance with Condition 15 to the Noteholders (or such other notice period as may be specified in the relevant Final Terms) (which notice shall (i) specify the date fixed for redemption, (ii) specify the refinancing conditions to which the redemption is subject (if any) and (iii) be otherwise irrevocable), redeem the Notes, in whole or in part, at any time or from time to time (but no later than the Call Option Date (as defined below) if applicable), prior to their Maturity Date (the **Optional Redemption Date**) at their Optional Redemption Amount.

The **Optional Redemption Amount** will be calculated by the Make-Whole Calculation Agent and will be the greater of (x) 100 per cent. of the nominal amount of the Notes so redeemed and, (y) the sum of the then present values of the remaining scheduled payments of principal and interest on such Notes (not including any interest accrued on the Notes to, but excluding, the relevant Optional Redemption Date) discounted from the Maturity Date to the relevant Optional Redemption Date on an annual basis at the Reference Rate (as specified in the relevant Final Terms) plus a Redemption Margin (as specified in the relevant Final Terms), plus in each case (x) or (y) above, any interest accrued on the Notes to, but excluding, the Optional Redemption Date.

If a Residual Maturity Call Option is specified in the relevant Final Terms and if the Issuer decides to redeem the Notes pursuant to the Make-Whole Redemption by the Issuer before the Call Option Date (as specified in the relevant Final Terms) pursuant to Condition 6(c) above, the Optional Redemption Amount in respect of the Make-Whole Redemption by the Issuer for the purpose of (y) above will be calculated taking into account the Call Option Date and not the Maturity Date.

The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Make-Whole Calculation Agent shall (in the absence of manifest error) be final and binding upon all parties.

In the case of a partial redemption, in respect of Materialised Notes, the notice to holders of such Materialised Notes shall also contain the number of the Definitive Materialised Notes to be redeemed, which shall have been drawn in such place and in such manner as may be fair and reasonable in the circumstances, taking account of prevailing market practices, subject to compliance with any applicable laws and Regulated Market or other stock exchange requirements.

In the case of a partial redemption in respect of, Dematerialised Notes, the redemption shall be effected by the application of a pool factor (corresponding to a reduction of the nominal amount of all such Dematerialised Notes in a Series in proportion to the aggregate nominal amount redeemed), subject to compliance with any other applicable laws and Regulated Market or other stock exchange requirements.

So long as the Notes are admitted to trading on Euronext Paris and the rules of that stock exchange so require, the Issuer shall, once in each year in which there has been a partial redemption of the Notes, cause to be published in accordance with Articles 221-3 and 221-4 of the General Regulations (*Règlement Général*) of the AMF and on the website of any other competent authority and/or Regulated Market of the EEA Member State where the Notes are admitted to trading, a notice specifying the aggregate nominal amount of Notes outstanding and, in the case of Materialised Notes a list of any Definitive Materialised Bearer Notes drawn for redemption but not surrendered.

- (d) **Redemption at the Option of Noteholders and Exercise of Noteholders' Options:** If a Put Option is specified in the relevant Final Terms the Issuer shall, at the option of the Noteholder, upon the Noteholder giving not less than fifteen (15) nor more than thirty (30) calendar days' notice to the Issuer (or such other notice period as may be specified in the relevant Final Terms) redeem such Note on the Optional Redemption Date(s) at its Optional Redemption Amount together with interest accrued to the date fixed for redemption including, where applicable, any Arrears of Interest.

To exercise such option the Noteholder must deposit with any Paying Agent at its specified office during usual business hours a duly completed option exercise notice (the **Exercise Notice**) in the form obtained during usual business hours from any Paying Agent or the Registration Agent, as the case may be, within the notice period. Such notice shall, in the case of Materialised Bearer Notes, have attached to it such Note (together with all Coupons and unexchanged Talons). In the case of Dematerialised Notes, the Noteholder shall transfer, or cause to be transferred, the Dematerialised Notes to be redeemed to the account of the Paris Paying Agent specified in the Exercise Notice. No option so exercised and, where applicable, no Note so deposited or transferred may be withdrawn without the prior consent of the Issuer.

- (e) **Early Redemption:**

- (i) Zero Coupon Notes:

- (A) The Early Redemption Amount payable in respect of any Zero Coupon Note, upon redemption of such Note pursuant to Condition 6(f) or upon it becoming due and payable as provided in Condition 9 shall be the Amortised Nominal Amount (calculated as provided below) of such Note.
- (B) Subject to the provisions of sub-paragraph (C) below, the Amortised Nominal Amount of any such Note shall be the scheduled Final Redemption Amount of such Note on the Maturity Date discounted at a rate *per annum* (expressed as a percentage) equal to the Amortisation Yield (which, if none is shown in the relevant Final Terms, shall be such rate as would produce an Amortised Nominal Amount equal to the issue

price of the Notes if they were discounted back to their issue price on the Issue Date) compounded annually.

- (C) If the Early Redemption Amount payable in respect of any such Note upon its redemption pursuant to Condition 6(f) or upon it becoming due and payable as provided in Condition 9 is not paid when due, the Early Redemption Amount due and payable in respect of such Note shall be the Amortised Nominal Amount of such Note as defined in sub-paragraph (B) above, except that such sub-paragraph shall have effect as though the date on which the Amortised Nominal Amount becomes due and payable were the Relevant Date. The calculation of the Amortised Nominal Amount in accordance with this sub-paragraph shall continue to be made (as well after as before judgment) until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the scheduled Final Redemption Amount of such Note on the Maturity Date together with any interest that may accrue in accordance with Condition 5(d).

Where such calculation is to be made for a period of less than one year, it shall be made on the basis of the Day Count Fraction shown in the relevant Final Terms.

- (ii) Other Notes:

The Early Redemption Amount payable in respect of any Note (other than Notes described in (i) above), upon redemption of such Note pursuant to Condition 6(f), or upon it becoming due and payable as provided in Condition 9 shall be the Final Redemption Amount together with interest accrued to the date fixed for redemption (including, where applicable, any Arrears of Interest).

(f) **Redemption for Taxation Reasons:**

- (i) If, by reason of any change in French law, or any change in the official application or interpretation of such law, becoming effective after the Issue Date, the Issuer would on the occasion of the next payment of principal or interest due in respect of the Notes or Coupons, not be able to make such payment without having to pay additional amounts as specified under Condition 8(b) below, the Issuer may, at its option, on any Interest Payment Date or, if so specified in the relevant Final Terms, at any time, subject to having given not more than sixty (60) nor less than thirty (30) calendar days' notice to the Noteholders (which notice shall be irrevocable), in accordance with Condition 15, redeem in whole, but not in part, the Notes at their Early Redemption Amount together with, interest accrued to the date set for redemption (including, where applicable, any Arrears of Interest) provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the latest practicable date on which the Issuer could make payment of principal and interest without withholding or deduction for French taxes.
- (ii) If the Issuer would on the next payment of principal or interest in respect of the Notes or Coupons be prevented by French law from making payment to the Noteholders or, if applicable, Couponholders of the full amounts then due and payable, notwithstanding the undertaking to pay additional amounts contained in Condition 8(b) below, then the Issuer shall forthwith give notice of such fact to the Fiscal Agent and the Issuer shall upon giving not less than seven (7) calendar days' prior notice to the Noteholders in accordance with Condition 15, redeem in whole, but not in part, the Notes then outstanding at their Early Redemption Amount together with, any interest accrued to the date set for redemption (including, where applicable, any Arrears of Interest) on (A) the latest practicable Interest Payment Date on which the Issuer could make payment of the full amount then due and payable in respect of the Notes or Coupons, provided that if such notice would expire after such Interest Payment Date the date for redemption pursuant to such notice of Noteholders shall be the later of (i)

the latest practicable date on which the Issuer could make payment of the full amount then due and payable in respect of the Notes or Coupons and (ii) fourteen (14) calendar days after giving notice to the Fiscal Agent as aforesaid or (B) if so specified in the relevant Final Terms, at any time, provided that the due date for redemption of which notice hereunder shall be given shall be the latest practicable date at which the Issuer could make payment of the full amount payable in respect of the Notes, or, if applicable or Coupons or, if that date is passed, as soon as practicable thereafter.

- (g) **Clean-up Call Option by the Issuer:** If a Clean-up Call Option by the Issuer is specified in the relevant Final Terms, in the event that at least 75% of the initial aggregate principal amount of a particular Series of Notes (which for the avoidance of doubt include any additional Notes issued subsequently and forming a single series with the first Tranche of a particular Series of Notes) has been purchased or redeemed by the Issuer, the Issuer may, at its option but subject to having given not more than sixty (60) nor less than thirty (30) calendar days' notice to the Noteholders (which notice shall be irrevocable) in accordance with Condition 15, redeem in whole, but not in part, the remaining Notes in that Series at their Early Redemption Amount together with any interest accrued to the date set for redemption (including, where applicable, any Arrears of Interest).
 - (h) **Residual Maturity Call Option:** If a Residual Maturity Call Option is specified in the relevant Final Terms, the Issuer may, on giving not less than fifteen (15) nor more than thirty (30) calendar days' irrevocable notice in accordance with Condition 15 to the Noteholders (or such other notice period as may be specified in the relevant Final Terms), at any time or from time to time, as from the Call Option Date (as specified in the relevant Final Terms) which shall be no earlier than ninety (90) calendar days before the Maturity Date, until the Maturity Date, redeem in whole, but not in part, the Notes then outstanding, at par together with interest accrued to, but excluding, the date fixed for redemption (including, where applicable, any arrears of interest).
- All Notes in respect of which any such notice is given shall be redeemed, on the date specified in such notice in accordance with this Condition.
- (i) **Purchases:** The Issuer shall have the right at all times to purchase Notes (provided that, in the case of Materialised Notes, all Coupons and unexchanged Talons relating thereto are attached thereto or surrendered therewith) in the open market or otherwise at any price, subject to the applicable laws and/or regulations. All Notes so purchased by the Issuer may be held and resold in accordance with applicable laws and regulations.
 - (j) **Cancellation:** So long as French law so requires, all Notes purchased for cancellation by or on behalf of the Issuer will forthwith be cancelled, in the case of Dematerialised Notes, by transfer to an account in accordance with the rules and procedures of Euroclear France and, in the case of Materialised Bearer Notes, by surrendering to the Fiscal Agent the Temporary Global Certificate and the Definitive Materialised Bearer Notes in question together with all Coupons and all unexchanged Talons and, in each case, if so transferred or surrendered, shall, together with all Notes redeemed by the Issuer, be cancelled forthwith (together with, in the case of Dematerialised Notes, all rights relating to payment of interest and other amounts relating to such Dematerialised Notes and, in the case of Materialised Notes, all Coupons and unexchanged Talons attached thereto or surrendered therewith). Any Notes so cancelled or, where applicable, transferred or surrendered for cancellation may not be re-issued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.
 - (k) **Illegality:** If, by reason of any change in French law, or any change in the official application of such law, becoming effective after the Issue Date, it will become unlawful for the Issuer to perform or comply with one or more of its obligations under the Notes, the Issuer will, subject to having given not more than forty-five (45) nor less than thirty (30) calendar days' notice to the Noteholders (which notice shall be irrevocable), in accordance with Condition 15, redeem in whole, but not in part, the Notes at their Early Redemption Amount together with any interest accrued to the date set for redemption (including, where applicable, any Arrears of Interest).

7. Payments and Talons

- (a) **Dematerialised Notes:** Payments other than in Renminbi of principal and interest (including, for the avoidance of doubt, any Arrears of Interest, where applicable) in respect of Dematerialised Notes shall (in the case of Dematerialised Notes in bearer form or administered registered form) be made by transfer to the account denominated in the relevant currency of the relevant Account Holders for the benefit of the Noteholders and, (in the case of Dematerialised Notes in fully registered form), to an account denominated in the relevant currency with a Bank (as defined below) designated by the Noteholders. All payments validly made to such Account Holders will be an effective discharge of the Issuer in respect of such payments. Payments of principal and interest in Renminbi in respect of Dematerialised Notes will be made by a transfer to a Renminbi account maintained by or on behalf of the Noteholder with a bank in Hong Kong.
- (b) **Materialised Bearer Notes:** Payments of principal and interest (including, for the avoidance of doubt, any Arrears of Interest, where applicable) in respect of Materialised Bearer Notes shall, subject as mentioned below, be made against presentation and surrender during usual business hours of the relevant Materialised Bearer Notes (in the case of all other payments of principal and, in the case of interest, as specified in Condition 7(f)(v)) or Coupons (in the case of interest, save as specified in Condition 7(f)(v)), as the case may be, at the specified office of any Paying Agent outside the United States by a cheque payable in the relevant currency drawn on, or, at the option of the Noteholder, by transfer to an account denominated in such currency with, a Bank.

Bank means a bank in the principal financial centre for such currency or, in the case of Euro, in a city in which banks have access to the T2 System.

- (c) **Payments in the United States:** Notwithstanding the foregoing, if any Materialised Bearer Notes are denominated in US Dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law, without involving, in the opinion of the Issuer, any adverse tax consequence to the Issuer.
- (d) **Payments Subject to Fiscal Laws:** All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives in the place of payment, or other laws and regulations to which the Issuer or its Agents are subject, but without prejudice to the provisions of Condition 8. No commission or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.
- (e) **Appointment of Agents:** The Fiscal Agent, the Paying Agents, the Calculation Agent, the Redenomination Agent and the Consolidation Agent initially appointed by the Issuer and their respective specified offices are listed below. The Fiscal Agent, the Paying Agents, the Redenomination Agent, the Consolidation Agent and the Registration Agent act solely as agents of the Issuer and the Calculation Agent(s) act(s) as independent experts(s) and, in each case such, do not assume any obligation or relationship of agency for any Noteholder or Couponholder. The Issuer reserves the right at any time to vary or terminate the appointment of the Fiscal Agent, any other Paying Agent, the Redenomination Agent, the Consolidation Agent and the Registration Agent or the Calculation Agent(s) and to appoint additional or other Paying Agents, provided that the Issuer shall at all times maintain (i) a Fiscal Agent, (ii) one or more Calculation Agent(s) where the Conditions so require, (iii) a Redenomination Agent and a Consolidation Agent where the Conditions so require, (iv) Paying Agents having specified offices in at least two major European cities, (v) in the case of Dematerialised Notes, in fully registered form, a Registration Agent and (vi) such other agents as may be required by any other Regulated Market on which the Notes may be admitted to trading.

In addition, the Issuer shall forthwith appoint a Paying Agent in New York City in respect of any Materialised Bearer Notes denominated in US Dollars in the circumstances described in paragraph (c) above.

On a redenomination of the Notes of any Series pursuant to Condition 1(d) with a view to consolidating such Notes with one or more other Series of Notes, in accordance with Condition 14, the Issuer shall ensure that the same entity shall be appointed as both Redenomination Agent and Consolidation Agent in respect of both such Notes and such other Series of Notes to be so consolidated with such Notes.

Notice of any such change or any change of any specified office shall promptly be given to the Noteholders in accordance with Condition 15.

(f) **Unmatured Coupons and unexchanged Talons:**

- (i) Unless Materialised Bearer Notes provide that the relative Coupons are to become void upon the due date for redemption of those Notes, Materialised Bearer Notes should be surrendered for payment together with all unmaturing Coupons (if any) relating thereto, failing which an amount equal to the face value of each missing unmaturing Coupon (together, where applicable, with the amount of any Arrears of Interest corresponding to such Coupon) (or, in the case of payment not being made in full, that proportion of the amount of such missing unmaturing Coupon (together, where applicable, with the amount of any Arrears of Interest corresponding to such Coupon) that the sum of principal so paid bears to the total principal due) shall be deducted from the Final Redemption Amount, Amortised Nominal Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, due for payment. Any amount so deducted shall be paid in the manner mentioned above against surrender of such missing Coupon within a period of ten (10) years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 10).
- (ii) If Materialised Bearer Notes so provide, upon the due date for redemption of any such Materialised Bearer Note, unmaturing Coupons relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of them.
- (iii) Upon the due date for redemption of any Materialised Bearer Note, any unexchanged Talon relating to such Note (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.
- (iv) Where any Materialised Bearer Note that provides that the relative unmaturing Coupons are to become void upon the due date for redemption of those Notes is presented for redemption without all unmaturing Coupons, and where any Bearer Note is presented for redemption without any unexchanged Talon relating to it, redemption shall be made only against the provision of such indemnity as the Issuer may require.
- (v) If the due date for redemption of any Materialised Bearer Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be, (including, for the avoidance of doubt, any Arrears of Interest if applicable) shall only be payable against presentation (and surrender if appropriate) of the relevant Definitive Materialised Bearer Note. Interest accrued on a Materialised Bearer Note that only bears interest after its Maturity Date shall be payable on redemption of such Note against presentation of the relevant Materialised Bearer Notes.

- (g) **Talons:** On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Materialised Bearer Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Fiscal Agent in exchange for a further Coupon sheet (and

if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 10).

- (h) **Non-Business Days:** If any date for payment in respect of any Note or Coupon is not a business day, the Noteholder shall not be entitled to payment until the next following business day nor to any interest or other sum in respect of such postponed payment. In this paragraph, **business day** means a day (other than a Saturday or a Sunday) (A) (i) in the case of Dematerialised Notes, on which Euroclear France is open for business or (ii) in the case of Materialised Notes, on which banks and foreign exchange markets are open for business in the relevant place of presentation, in such jurisdictions as shall be specified as **Financial Centres** in the relevant Final Terms and (B) (i) (in the case of a payment in a currency other than Euro), where payment is to be made by transfer to an account maintained with a bank in the relevant currency, on which foreign exchange transactions may be carried on in the relevant currency in the principal financial centre of the country of such currency or (ii) (in the case of a payment in Euro), which is a T2 Business Day.
- (i) **Payment of US Dollar Equivalent or Euro Equivalent:** Notwithstanding any other provision in these Conditions, if an Inconvertibility, Non-Transferability or Illiquidity occurs or if Renminbi is otherwise not available to the Issuer as a result of circumstances beyond its control and such unavailability has been confirmed by a Renminbi Dealer, following which the Issuer is unable to satisfy payments of principal or interest (in whole or in part) in respect of RMB Notes, the Issuer upon giving not less than five (5) nor more than thirty (30) calendar days irrevocable notice to the Noteholders prior to the due date for payment, may settle any such payment (in whole or in part) in US Dollar or (if so specified in the relevant Final Terms) in Euro on the due date at the US Dollar Equivalent (or the Euro Equivalent as the case may be) of any such Renminbi denominated amount.

In such event, payments of the US Dollar Equivalent (or Euro Equivalent as the case may be) of the relevant principal or interest in respect of the Notes shall be made by transfer to the US Dollar (or Euro) account of the relevant Account Holders for the benefit of the Noteholders. For the avoidance of doubt, no such payment of the US Dollar Equivalent (or Euro Equivalent as the case may be) shall by itself constitute a default in payment within the meaning of Condition 9.

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition 7(i) by the RMB Rate Calculation Agent, will (in the absence of manifest error) be binding on the Issuer, the Agents and all Noteholders and (in the absence of manifest error) no liability to the Issuer, the Agent and all Noteholders shall attach to the RMB Rate Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

For the purposes of this Condition 7:

Euro Equivalent means the relevant Renminbi amount converted into Euro using the RMB Spot Rate for the relevant RMB Rate Calculation Date, as calculated by the RMB Rate Calculation Agent.

Governmental Authority means any *de facto* or *de jure* government (or any agency or instrumentality thereof), court, tribunal, administrative or other governmental authority or any other entity (private or public) charged with the regulation of the financial markets (including the central bank) of Hong Kong.

Illiquidity means that the general Renminbi exchange market in Hong Kong becomes illiquid, other than as a result of an event of Inconvertibility or Non-Transferability, as determined by the Issuer in good faith and in a commercially reasonable manner following consultation with two Renminbi Dealers.

Inconvertibility means the occurrence of any event that makes it impossible for the Issuer to convert any amount due in respect of RMB Notes in the general Renminbi exchange market in Hong Kong, other than where such impossibility is due solely to the failure of the Issuer to comply with any law,

rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Issue Date and it is impossible for the Issuer, due to an event beyond its control, to comply with such law, rule or regulation).

Non-Transferability means the occurrence of any event that makes it impossible for the Issuer to deliver Renminbi between accounts inside Hong Kong or from an account inside Hong Kong to an account outside Hong Kong, other than where such impossibility is due solely to the failure of the Issuer to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Issue Date and it is impossible for the Issuer, due to an event beyond its control, to comply with such law, rule or regulation).

Renminbi Dealer means an independent foreign exchange dealer of international repute active in the Renminbi exchange market in Hong Kong reasonably selected by the Issuer.

RMB Rate Calculation Agent means the agent appointed from time to time by the Issuer for the determination of the RMB Spot Rate and/or identified as such in the relevant Final Terms.

RMB Rate Calculation Business Day means a day (other than a Saturday or Sunday) on which commercial banks are open for general business (including dealings in foreign exchange) in Hong Kong and (i) in New York City (in the case of payment of the US Dollar Equivalent) or (ii) in Paris (in the case of payment of the Euro Equivalent).

RMB Rate Calculation Date means the day which is two (2) RMB Rate Calculation Business Days before the due date for payment of the relevant Renminbi amount under the Conditions.

RMB Spot Rate for a RMB Rate Calculation Date means the spot CNY/US dollar exchange rate for the purchase of US Dollar with CNY in the over-the-counter CNY exchange market in Hong Kong for settlement on the relevant due date for payment, or as the case may be, the spot CNY/EUR exchange rate for the purchase of Euro with CNY in the over-the-counter CNY exchange market in Hong Kong for settlement on the relevant due date for payment, as determined by the RMB Rate Calculation Agent at or around 11 a.m. (Hong Kong time) on such RMB Rate Calculation Date, on a deliverable basis by reference to Reuters Screen Page CNHFIX=. If such rate is not available, the RMB Rate Calculation Agent will determine the RMB Spot Rate at or around 11 a.m. (Hong Kong time) on the RMB Rate Calculation Date as the most recently available CNY/US Dollar or as the case may be CNY/EUR official fixing rate for settlement on the relevant due date for payment reported by The State Administration of Foreign Exchange of the PRC, which is reported on the Reuters Screen Page CNY=SAEC. If no CNY/EUR official fixing rate is available on the Reuters Screen Page CNY=SAEC on the RMB Rate Calculation Date, the RMB Rate Calculation Agent will determine the RMB Spot Rate as soon as possible using the latest available CNY/US Dollar fixing rate and then the latest US Dollar/EUR official fixing rate available on a Reuters Screen Page selected by the RMB Rate Calculation Agent. Reference to a page on the Reuters Screen means the display page so designated on the Reuter Monitor Money Rates Service (or any successor service) or such other page as may replace that page for the purpose of displaying a comparable currency exchange rate.

US Dollar Equivalent means the relevant Renminbi amount converted into US Dollars using the RMB Spot Rate for the relevant RMB Rate Calculation Date, as calculated by the RMB Rate Calculation Agent.

8. Taxation

- (a) **Withholding Tax:** All payments of principal, interest and other revenues by or on behalf of the Issuer in respect of the Notes or Coupons shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within France or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law.

- (b) **Additional Amounts:** If French law should require that payments of principal, interest or other revenues in respect of any Note or Coupon be subject to withholding or deduction in respect of any present or future taxes, duties, assessments or governmental charges of whatever nature, the Issuer will, to the fullest extent then permitted by law, pay such additional amounts as shall result in receipt by the Noteholders or, if applicable, the Couponholders, as the case may be, of such amounts as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable with respect to any Note or Coupon, as the case may be:
- (i) **Other connection:** to, or to a third party on behalf of, a Noteholder or Couponholder who is liable to such taxes, duties, assessments or governmental charges in respect of such Note or Coupon by reason of his having some connection with France other than the mere holding of such Note or Coupon; or
 - (ii) **Presentation more than thirty (30) calendar days after the Relevant Date in the case of Materialised Notes:** more than thirty (30) calendar days after the Relevant Date except to the extent that the Noteholder or Couponholder would have been entitled to such additional amounts on presenting it for payment on the thirtieth such day.

As used in these Conditions, **Relevant Date** in respect of any Note or Coupon means the date on which payment in respect of it first becomes due (and, for the avoidance of doubt, in the case of Arrears of Interest, references to "becomes due" shall be interpreted in accordance with the provisions of Condition 7(f)) or (if any amount of the money payable is improperly withheld or refused) the date on which payment in full of the amount outstanding is made or, in the case of Materialised Notes (if earlier) the date seven (7) calendar days after that on which notice is duly given to the Noteholders that, upon further presentation of the Note or Coupon being made in accordance with the Conditions, such payment will be made, provided that payment is in fact made upon such presentation.

References in these Conditions to (i) **principal** shall be deemed to include any premium payable in respect of the Notes, all Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts, Amortised Nominal Amounts and all other amounts in the nature of principal payable pursuant to Condition 6 or any amendment or supplement to it, (ii) **interest** shall be deemed to include all Interest Amounts and all other amounts (including, for the avoidance of doubt, all Arrears of Interest) payable pursuant to Condition 5 or any amendment or supplement to it and (iii) **principal** and/or **interest** shall be deemed to include any additional amounts that may be payable under this Condition.

9. Events of Default

The Representative (as defined in Condition 11), upon request of any Noteholder, may, upon written notice to the Fiscal Agent given before all defaults shall have been cured, cause the Notes (in whole but not in part) held by such Noteholder to become immediately due and payable at their principal amount, together with any accrued interest thereon, as of the date on which such notice for payment is received by the Fiscal Agent without further formality, if any of the following events (each an **Event of Default**) shall occur:

- (i) the Issuer defaults in making the payment of any principal or interest (including the payment of any additional amounts in accordance with Condition 8) due in respect of the Notes or any of them and such default continues for a period of seven (7) calendar days in the case of principal and fourteen (14) calendar days in the case of interest; or
- (ii) the Issuer fails to perform or observe any of its other obligations under these Terms and Conditions and (except where such failure is incapable of remedy when no such notice or continuation as is hereinafter mentioned will be required) such failure continues for the period

of thirty (30) calendar days next following the service by the Representative on the Issuer of notice requiring the same to be remedied at the request of any Noteholder; or

- (iii) any Relevant Indebtedness (as defined below) of the Issuer becomes due and repayable prematurely by reason of an event of default (however described) or the Issuer fails to make any payment in respect thereof on the due date for such payment as extended by any applicable grace period as originally provided or the security for any such Relevant Indebtedness becomes enforceable unless, in each case, the Issuer is contesting in good faith in a court of competent jurisdiction that such Relevant Indebtedness is due or that such security is enforceable.

Relevant Indebtedness means Indebtedness (as defined in Condition 4) which (either alone or when aggregated with the principal amounts of any other such Indebtedness in respect of which any of the events described above have occurred) amounts to €100,000,000 in aggregate principal amount; or

- (iv) the Issuer shall cease or threaten to cease to carry on the whole or the major part of its business either through the Issuer or any of its consolidated subsidiaries, or the Issuer shall cease generally to pay, or shall be unable to, or shall admit inability to, service its debt as it falls due, or shall be adjudicated or found bankrupt or insolvent; or
- (v) if a judgment is issued for the judicial liquidation (*liquidation judiciaire*) of the Issuer or for a transfer of the whole of its business (*cession totale de l'entreprise*), or in the absence of legal proceedings, if the Issuer makes a conveyance, assignment or other arrangement for the benefit of its creditors or enters into a composition with its creditors, or a resolution is passed for its winding-up or dissolution except in connection with a merger or other reorganisation, consolidation or amalgamation pursuant to which the surviving entity assumes all of the obligations of the Issuer with respect to the Notes.

10. Prescription

Claims against the Issuer for payment in respect of the Notes and Coupons (which for this purpose shall not include Talons) shall be prescribed and become void unless made within ten (10) years (in the case of principal) or five (5) years (in the case of interest) from the appropriate Relevant Date in respect of them.

11. Representation of Noteholders

The Noteholders will, in respect of all Tranches of the relevant Series, be grouped automatically for the defence of their common interests in a *masse* (the **Masse**) which will be governed by the provisions of the French *Code de commerce* with the exception of Articles L.228-65 I. 1° and 3°, L. 228-71 and R. 228-69 of the French *Code de commerce* and as supplemented by this Condition 11.

- (a) Legal Personality

The *Masse* will be a separate legal entity and will act in part through a representative (the **Representative**) and in part through collective decisions of the Noteholders (the **Collective Decisions**).

The *Masse* alone, to the exclusion of all individual Noteholders, shall exercise the common rights, actions and benefits which now or in the future may accrue respectively with respect to the Notes.

(b) Representative

The names and addresses of the initial Representative of the *Masse* and its alternate (if any) will be set out in the relevant Final Terms. The Representative appointed in respect of the first Tranche of any Series of Notes will be the Representative of the single *Masse* of all Tranches in such Series.

The Representative will be entitled to such remuneration in connection with its functions or duties as set out in the relevant Final Terms. No additional remuneration is payable in relation to any subsequent Tranche of any given Series.

In the event of death, liquidation, retirement, resignation or revocation of appointment of the Representative, such Representative will be replaced by its alternate, if any. Another Representative may be appointed.

All interested parties will at all times have the right to obtain the names and addresses of the initial Representative and the alternate Representative (if any) at the head office of the Issuer and the specified offices of any of the Paying Agents.

(c) Powers of Representative

The Representative shall (in the absence of Collective Decision to the contrary) have the power to take all acts of management necessary in order to defend the common interests of the Noteholders, with the capacity to delegate its powers.

All legal proceedings against the Noteholders or initiated by them, must be brought by or against the Representative.

(d) Collective Decisions

Collective Decisions are adopted either in a general meeting (the **General Meeting**) or by consent following a consultation in writing (the **Consultation in Writing**).

In accordance with Article R. 228-71 of the French *Code de commerce*, the right of each Noteholder to participate in Collective Decisions will be evidenced by the entries in the books of the relevant Account Holder or the Issuer or the Registration Agent (as the case may be) of the name of such Noteholder as of 0:00 Paris time, on the second business day in Paris preceding the date set for the Collective Decision.

Collective Decisions must be published in accordance with Condition 11(h).

The Issuer shall hold a register of the Collective Decisions and shall make it available, upon request, to any subsequent holder of any of the Notes of such Series.

(A) General Meetings

A General Meeting may be called at any time, on convocation either by the Issuer or by the Representative. One or more Noteholders, holding together at least one-thirtieth (1/30) of the principal amount of the Notes outstanding, may address to the Issuer and the Representative a demand for a General Meeting to be called. If such General Meeting has not been convened within two (2) months after such demand, the Noteholders may commission one of their members to petition a competent court in Nanterre to appoint an agent (*mandataire*) who will call the General Meeting.

General Meetings may deliberate validly on first convocation only if Noteholders present or represented hold at least a fifth (1/5) of the principal amount of the Notes then outstanding. On second convocation, no quorum shall be required. The Decisions of the General Meeting shall be taken by a two-third (2/3) majority of votes held by Noteholders attending such General Meetings or represented thereat.

Notice of the date, time, place and agenda of any General Meeting will be published as provided under Condition 11(h) not less than fifteen (15) calendar days prior to the date of the General Meeting on first convocation and not less than five (5) calendar days prior to the date of the General Meeting on second convocation.

Each Noteholder has the right to participate in a General Meeting in person, by proxy or by correspondence.

(B) Consultation in Writing or Electronic Consent

Pursuant to Article L.228-46-1 of the French *Code de commerce*, but in respect of any Series of Dematerialised Notes only, the Issuer shall be entitled in lieu of the holding of a General Meeting to seek approval of a resolution from the Noteholders by way of a Consultation in Writing. Subject to the following sentence a Consultation in Writing may be contained in one document or in several documents in like form, each signed by or on behalf of one or more of the Noteholders. Pursuant to Articles L.228-46-1 and R.225-97 of the French *Code de commerce* approval of a Consultation in Writing may also be given by way of electronic communication allowing the identification of Noteholders (**Electronic Consent**).

Notice seeking the approval of a Consultation in Writing (including by way of Electronic Consent) will be published as provided under Condition 15 not less than fifteen (15) days prior to the date fixed for the passing of such Consultation in Writing (the **Consultation Date**) on first notice and ten (10) days prior to the Consultation Date on second notice. Notices seeking the approval of a Consultation in Writing will contain the conditions of form and time-limits to be complied with by the Noteholders who wish to express their approval or rejection of such proposed Consultation in Writing. Noteholders expressing their approval or rejection before the Consultation Date will undertake not to dispose of their Notes until after the Consultation Date.

A Consultation in Writing will be deemed to have been approved if, on first notice, (i) Noteholders expressing their approval or rejection of such proposed Consultation in Writing hold at least one fifth of the principal amount of the Notes then outstanding and (ii) Noteholders expressing their approval hold at least 75 per cent. of such quorum.

If such quorum is not met, a Consultation in Writing will be deemed to have been approved if, on second notice, Noteholders expressing their approval represent at least 75 per cent. of Noteholders expressing their approval or rejection of such proposed Consultation in Writing.

(e) Expenses

The Issuer will pay all expenses relating to the operation of the *Masse*, including expenses relating to the calling and holding of Collective Decisions and, more generally, all administrative expenses resolved upon by the Collective Decisions, it being expressly stipulated that no expenses may be imputed against interest payable under the Notes.

(f) Single *Masse*

The holders of Notes of the same Series, and the holders of Notes of any other Series which have been assimilated with the Notes of such first mentioned Series in accordance with

Condition 14, shall, for the defence of their respective common interests, be grouped in a single *Masse*. The Representative appointed in respect of the first Tranche of any Series of Notes will be the Representative of the single *Masse* of all such Series.

(g) Sole Noteholder

If and for so long as the Notes of any Series are held by a sole Noteholder and unless a Representative has been appointed in relation to such Series, such Noteholder shall exercise all the powers, rights and obligations entrusted to the *Masse* by the provisions of the French *Code de commerce*. The Issuer shall hold a register of the decisions taken by the sole Noteholder in this capacity and shall make it available, upon request, to any subsequent holder of all or part of the Notes of such Series.

(h) Notice to Noteholders

Any notice to be given to Noteholders in accordance with this Condition 11 shall be given in accordance with Condition 15.

For the avoidance of doubt, in this Condition 11, the term "outstanding " shall not include those Note purchased by the Issuer that are held by it and not cancelled in accordance with applicable laws and regulations as referred to in Condition 6(i).

12. Final Terms

These Conditions shall be completed in relation to any Series of Notes by the terms of the relevant Final Terms in relation to such Series.

13. Replacement of definitive Notes, Coupons and Talons

Mutilated or defaced Materialised Bearer Notes, Coupons or Talons must be surrendered before replacements will be issued.

14. Further Issues and Consolidation

Upon the initial deposit of such Temporary Global Certificate with a common depositary for Euroclear and Clearstream (the **Common Depositary**), Euroclear or Clearstream will credit the accounts of each subscriber with a nominal amount of Notes equal to the nominal amount thereof for which it has subscribed and paid.

The Common Depositary may also credit with a nominal amount of Notes the accounts of subscribers with (if indicated in the relevant Final Terms) other clearing systems through direct or indirect accounts with Euroclear and Clearstream held by such other clearing systems. Conversely, a nominal amount of Notes that is initially deposited with any other clearing system may similarly be credited to the accounts of subscribers with Euroclear, Clearstream or other clearing systems.

Exchange

Each Temporary Global Certificate issued in respect of Notes will be exchangeable, free of charge to the holder, on or after its Exchange Date (as defined below):

- (a) if the relevant Final Terms indicates that such Temporary Global Certificate is issued in compliance with the C Rules or in a transaction to which TEFRA is not applicable (as to which, see "Selling Restrictions"), in whole, but not in part, for the Definitive Materialised Bearer Notes and

Forms of such Definitive Bearer Materialised Notes shall be available at the specified offices of any of the Paying Agent(s).

USE OF PROCEEDS

An amount equivalent to the net proceeds from the issue of the Notes will be used by the Issuer either:

- for its general corporate purposes; or
- as stated in the relevant Final Terms, in the case of issue of green, social or sustainability Notes, to finance and/or refinance, in whole or in part, investments in new or existing (i) green projects (the **Eligible Green Projects**) in the case of issue of green Notes (the **Green Notes**), (ii) social projects (the **Eligible Social Projects**) in the case of issue of social Notes (the **Social Notes**) or (iii) Eligible Green Projects and Eligible Social Projects in the case of issue of sustainability Notes (the **Sustainability Notes**), such projects meeting eligibility criteria as set out in the Issuer's sustainable bond framework, as amended or supplemented from time to time available on the Issuer's website (<https://assets.renaultgroup.com/uploads/2024/08/Conditions-demission-du-Sustainable-Bond-en-anglais-uniquement.pdf>) (the **Renault Sustainable Bond Framework**); or
- as stated in the relevant Final Terms, in respect of any particular issue of Notes for which there is a particular identified use of proceeds (other than as specified above).

The Issuer has appointed Moody's Investors Service to provide an independent second party opinion (the **Second Party Opinion**) on the Renault Sustainable Bond Framework. The Second Party Opinion has confirmed the alignment of the Renault Sustainable Framework with the 2021 Green Bond Principles, the 2021 Social Bond Principles and the 2021 Sustainability Bond Guidelines, each published by the International Capital Market Association. The Second Party Opinion is available on the Issuer's website (<https://assets.renaultgroup.com/uploads/2024/08/Opinion-de-Seconde-Partie-SPO-en-anglais-uniquement.pdf>).

Based on the Issuer's own analysis, the Renault Sustainable Bond Framework (with respect to Eligible Green Projects only) is aligned with the EU Taxonomy Regulation (including Delegated Regulation (EU) 2023/2486), it being specified that there is no third party confirmation on such alignment as at the date of this Base Prospectus. Such analysis has been conducted by the Issuer after the publication of the Renault Sustainable Bond Framework and, therefor, the Renault Sustainable Bond Framework does not include such analysis as at the date of this Base Prospectus.

As detailed in the Renault Sustainable Bond Framework, the Issuer will report on (i) the allocation of an amount equivalent to the net proceeds of an issue of Notes relating to Eligible Green Projects and/or Eligible Social Projects and (ii) the impact of the Eligible Green Projects and Eligible Social Projects. Such reporting will be externally reviewed by an independent auditor and made available on the Issuer's website (<https://www.renaultgroup.com/en/finance/debt-and-ratings/>).

For the avoidance of doubt, the Renault Sustainable Bond Framework, the Second Party Opinion and any information on Eligible Green Projects and Eligible Social Projects on the Issuer's website are not incorporated by reference into, and do not form part of, this Base Prospectus.

DESCRIPTION OF THE ISSUER

The full description of the Issuer is available in Renault's 2024 Universal Registration Document filed with the AMF under n° D.25-0090 on 13 March 2025, which is incorporated by reference in this Base Prospectus (please refer to the cross-reference list on pages 27 to 30 of this Base Prospectus).

Renault Group and Nissan announce new strategic projects

- Renault Group and Nissan today announced new strategic projects:
 - **Renault Group would own 100% of Renault Nissan Automotive India Private Ltd (RNAIPL), by acquiring the 51%-shareholding currently held by Nissan.** This project represents a key opportunity for Renault to expand its international business. Nissan will maintain its presence in India with a strong focus on increasing market coverage. RNAIPL would continue to produce Nissan models, including the New Nissan Magnite, and will serve as a crucial pillar for the company's future expansion plans.
 - **Nissan chooses Renault Group to develop and produce a derivative of Twingo, designed by Nissan.**
 - **The New Alliance Agreement would be amended to increase the flexibility of each party regarding their cross-shareholdings by setting the lock-up undertaking at 10% (instead of 15% currently).**
 - **Nissan would be released from its commitment to invest in Ampere while continuing the agreed product projects.**

“As a long-time partner of Nissan within the Alliance and as its main shareholder, Renault Group has a strong interest in seeing Nissan turnaround its performance as quickly as possible. Pragmatism and business-oriented

mindset were at the core of our discussions to identify the most effective ways of supporting their recovery plan while developing value-creating business opportunities for Renault Group. This Framework Agreement, beneficial for both parties, is the proof of the agile and efficient mindset of the new Alliance. It also confirms the attractiveness of our products with Twingo as well as our ambition to grow our business on international markets. India is a key automotive market and Renault Group will put in place an efficient industrial footprint and ecosystem,” said Luca de Meo, CEO of Renault Group.

“Nissan is committed to preserving the value and benefits of our strategic partnership within the Alliance while implementing turnaround measures to enhance efficiencies. Our goal is to create a more agile and effective business model that allows us to respond quickly to changing market conditions and conserve cash for future investments.

We remain committed to the Indian market, delivering vehicles tailored to local consumer needs while ensuring top-notch sales and service for our existing and future customers. India will remain a hub for our research and development, digital and other knowledge services. Our plans for new SUVs in the India market remain intact, and we will continue our vehicle exports to other markets under the “One Car, One World” business strategy for India,” said Ivan Espinosa, President and CEO of Nissan.¹

Boulogne-Billancourt, France, and Yokohama, Japan, March 31, 2025

The Framework Agreement signed today by Renault Group and Nissan serves as a global framework for the following transactions:

Renault Group’s acquisition of Renault Nissan Automotive India Private Ltd (RNAIPL)

Concurrently with the Framework Agreement, Renault Group and Nissan entered into:

- A Share Purchase Agreement relating to the acquisition by Renault Group of 51% of RNAIPL currently owned by Nissan. As a result, upon the completion of this transaction, Renault Group would own 100% of RNAIPL.
- An Operational Agreement to continue the current projects between Renault Group and Nissan, and to define the future relationship of Renault Group and Nissan in India. Nissan will continue to use RNAIPL as a sourcing for India and export in the coming years.
- This transaction is subject to customary regulatory approvals and its completion is expected by the end of H1 2025.
- Renault Group and Nissan will continue to operate jointly Renault Nissan Technology & Business Center India (RNTBCI) in which Nissan will retain its 49%-stake and Renault Group its 51%-stake.

As part of its “2027 International Game Plan”, Renault Group will accelerate its development in India. The RNAIPL plant in Chennai benefits from a deep and highly competitive supplier ecosystem and has a 400k+ units production capacity. It currently hosts the CMF-A and CMF-A+ platforms and would offer strong opportunities for further developments with the launch of the CMF-B platform next year starting with 4 new models to come.

After the completion of this transaction, RNAIPL would be consolidated at 100% in Renault Group’s consolidated financial statements.

2025 is a year of peak investments for RNAIPL, in line with the launch of new vehicles. Thus, the free cash flow impact for the year is expected to be around €200 million (taking account its completion by the end of H1 2025). **Taking this fact into consideration, Renault Group confirms its 2025 full-year guidance of a free cash flow ≥€2bn including the consolidation of RNAIPL. Renault Group has already identified the**

necessary measures to compensate the free cash flow impact in 2025. Renault Group also confirms its 2025 operating margin guidance.

Nissan to join Twingo project for Europe

Renault Group, through Ampere, the first European intelligent EV pure player, would develop and produce a derivative of Twingo, a A-segment vehicle, for Nissan from 2026, confirming its know-how and roadmap for reducing development costs and time. This model will be designed by Nissan.

Amendment to the New Alliance Agreement

- As part of the Framework Agreement, Renault Group and Nissan today entered into an amendment to the New Alliance Agreement, which aims at increasing the flexibility of each party with respect to their cross-shareholdings, by setting the lock-up undertaking of both Renault Group and Nissan at 10% (instead of 15% currently). Each of Renault Group and Nissan would be entitled, with no obligation, to lower their respective shareholding to a minimum of 10%.
- This amendment would have no impact on the Nissan shares held by Renault Group in a French trust (*i.e.*, 18.66% shareholding in Nissan).
- Under the New Alliance Agreement, any sale of shares would have to be made within a coordinated and orderly process with the other company, in which such other company or a designated third-party benefits from a right of first offer.
- In parallel, Nissan would be released from its commitment to invest in Ampere. Thus, the investment agreement entered into on July 26, 2023, between Renault Group, Nissan and Ampere would be terminated.
- The above amendment to the New Alliance Agreement and the termination of the Ampere investment agreement would become effective subject to certain conditions precedent being fulfilled, which is currently expected by the end of May 2025.
- The other key terms of the New Alliance Agreement would remain unchanged, in particular the standstill and the voting cap at the level of the respective shareholding percentage of each party, and in any event at a maximum of 15% of the exercisable voting rights.

The Issuer has agreed to reimburse the Arranger for its expenses incurred in connection with the Programme and the Dealers for certain of their activities in connection with the Programme.
