

## DON'T NOD Unveils Aphelion at the Xbox Games Showcase A new action-adventure IP included in Game Pass offer on release

*The game has been developed in collaboration with the European Space Agency.*

Paris, June 9, 2025 – DON'T NOD, an independent French studio that creates, develops, and publishes video games, today revealed **Aphelion** (P10), a brand-new cinematic third-person action-adventure. The game developed internally will be included in Game Pass offer on release in 2026.

A reveal trailer premiered today at the Xbox Games Showcase.

**Watch the reveal trailer here: [https://youtu.be/RZs\\_lthEb2s](https://youtu.be/RZs_lthEb2s)**

*"Our strategy is to maximize revenue while maintaining our creative goals and reaching a wide audience. Aphelion, an action-adventure game, fits this approach perfectly. We are passionate about this original title in a popular genre and aim to elevate our creative standards. We're thrilled to share this new experience, which embodies DON'T NOD's essence. Collaborating with the European Space Agency for our first space-based story is an honor, and we are proud that Aphelion was featured at the Xbox Games Showcase"* says **DON'T NOD Chairman and CEO Oskar Guilbert**.

Set in a near-future where Earth is on the brink of collapse, **Aphelion** is an emotional journey to the edge of our Solar System to survey a planet that may be humanity's last hope. As astronaut Ariane Montclair, crash landed on the newly discovered Persephone, players must brave harsh landscapes, master survival tools, and navigate reality-bending phenomena on a desperate mission to reunite with her wounded partner, Thomas Cross.

A powerful standalone single-player experience, Aphelion blends gripping exploration and traversal, environmental storytelling, and tense stealth gameplay.

### **A Game Made in Collaboration with the European Space Agency**

**Aphelion** is developed in collaboration with the European Space Agency (ESA), grounding its depiction of space exploration in real scientific knowledge and humanistic values. Ariane and Thomas are both ESA astronauts, part of the fictional Hope 01 mission. This collaboration weaves authentic elements of space science into the emotional core of the game.

*"For fifty years, ESA has combined rigorous space science with the boundless imagination of science fiction to explore solutions to our planet's greatest challenges. Aphelion captures that spirit – where research meets imaginative vision – to inspire the*

## PRESS RELEASE

*next generation to carry Europe's space ambition into the future,"* says Nadia Lüders, ESA Partnership & Brand Licensing Officer.

Aphelion will launch on Steam, Xbox Series X|S, and PlayStation 5 in 2026. More information will be revealed soon. In the meantime, DON'T NOD fans can stay updated through the [official website](#), [Instagram](#), [TikTok](#), [Facebook](#), and [X](#).

### About DON'T NOD

DON'T NOD is an independent French publisher and developer with studios in Paris and Montréal creating original narrative games in the adventure (Life is Strange™, Tell Me Why™, Twin Mirror™), RPG (Vampyr™, Banishers: Ghosts of New Eden™), and action (Remember Me™) genres. The studio is internationally renowned for unique narrative experiences with engaging stories and characters and has worked with industry leading publishers: Square Enix, Microsoft, Bandai Namco Entertainment, Focus Entertainment and Capcom. DON'T NOD creates and publishes its own IPs developed in-house such as Harmony: The Fall of Reverie™, Jusant™ and Lost Records: Bloom & Rage™ as well as using its knowledge and experience to collaborate with third-party developers whose editorial visions parallel the company's own.

### About European Space Agency

The European Space Agency (ESA) provides Europe's gateway to space.

ESA is an intergovernmental organisation, created in 1975, with the mission to shape the development of Europe's space capability and ensure that investment in space delivers benefits to the citizens of Europe and the world.

ESA has 23 Member States: Austria, Belgium, the Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Ireland, Italy, Luxembourg, the Netherlands, Norway, Poland, Portugal, Romania, Slovenia, Spain, Sweden, Switzerland and the United Kingdom. Latvia, Lithuania and Slovakia are Associate Members.

ESA has established formal cooperation with four Member States of the EU. Canada takes part in some ESA programmes under a Cooperation Agreement.

By coordinating the financial and intellectual resources of its members, ESA can undertake programmes and activities far beyond the scope of any single European country. It is working in particular with the EU on implementing the Galileo and Copernicus programmes as well as with Eumetsat for the development of meteorological missions.
