

**LISI AUTOMOTIVE HUNGARY, a subsidiary of LISI AUTOMOTIVE, announces the successful acquisition of the assets of POLYSEMBLE HUNGARY located in Győr. POLYSEMBLE HUNGARY is an affiliate of American Industrial Acquisition Corporation ("AIAC").**

On September 30<sup>th</sup>, 2025, LISI AUTOMOTIVE HUNGARY and POLYSEMBLE HUNGARY have definitively completed the sale of the assets of POLYSEMBLE HUNGARY, transferring POLYSEMBLE HUNGARY's business line located in Győr to LISI AUTOMOTIVE HUNGARY.

POLYSEMBLE HUNGARY is a leading supplier to the automotive industry, manufacturing technical, visual and safety components for premium customers across Central and Northern Europe. The site, strategically located near the Audi Arena in Győr, plays a key role in serving the regional automotive ecosystem with nearly 90 skilled workers and engineers.

This transaction completes the range of plastic assembly solutions parts produced by LISI AUTOMOTIVE clip solutions and will allow LISI AUTOMOTIVE to better serve the central Europe automotive ecosystem (OEMS & Tiers) from Győr. **Mr. François LIOTARD, CEO, LISI AUTOMOTIVE** states: "This new site is part of the division's strategy to strengthen our offering of assembly solutions for the mobility markets, from microcars to heavy goods vehicles, in Central Europe."

"LISI AUTOMOTIVE's scale, experience, and long-term commitment to the automotive ecosystem make them a strong and reliable partner for the future of Győr site. This transaction would not have been possible without the commitment and hard work of the local team who successfully leveraged AIAC's industrial expertise to deliver a successful turnaround." – **Mr. Leonard M. LEVIE, Chairman, AIAC.**

### **About AIAC:**

American Industrial Acquisition Corporation ("AIAC", [www.aiac.com](http://www.aiac.com)) is a group of 84 manufacturing and distribution sites in 24 countries in North America, Europe, Africa, Asia, and Australia. AIAC owns 6.5 million square feet of unleveraged commercial and industrial buildings and 22 million acres of prime Canadian timberland.

AIAC Group companies are experienced in the manufacturing of a wide range of quality products for global customers. AIAC has expertise in processes which include wire and cable manufacturing, precision machining, fabrication, extrusion, casting, investment casting, sintering, forging, rolling, coating, heat treatment, rapid prototyping, assembly of complex components, pharmaceuticals production, and electronic manufacturing.

### **About LISI AUTOMOTIVE:**

LISI AUTOMOTIVE (<https://www.lisi-automotive.com>) is a global leader in high-performance fastening and assembly solutions for the automotive industry. As part of the LISI Group — a French industrial group listed on Euronext Paris — the company designs and manufactures safety-critical fasteners, clipped solutions, and precision mechanical components used in vehicles worldwide. With operations across Europe, Asia, and the Americas, LISI AUTOMOTIVE combines engineering excellence and innovation to support the industry's transition toward lighter, safer, and more sustainable mobility.
