

Placement of Antin shares by a group of current and former partners

Second free float expansion since IPO

Paris, London, New York | 15 September 2026

Antin Infrastructure Partners (“Antin”) announces that it has been informed of a share placement that expands its free float for the second time since its Initial Public Offering (“IPO”) in September 2021 through the sale (the “Sale”) of Antin shares by a group of current and former partners (the “Sellers”), subject to the settlement of the transaction.

Following the Sale, Antin’s free float increased by c.2.9 million shares, from 15.8% to 17.5% of its outstanding share capital.

The Sellers sold 5.0 million ordinary shares, representing c.2.8% of Antin’s capital, at a price of €7.18 per share. Shares sold by former partners accounted for c.65% of the Sale.

Some members of the Executive Committee, including Alain Rauscher, Chairman and CEO, purchased c.1.4 million shares at the offering price, reflecting their confidence in Antin’s fundamental value and long-term prospects.

Antin purchased c.0.7 million of its own shares at the offering price, pursuant to its share buyback program authorised by Antin’s shareholders at the Annual General Meeting of 10 June 2026.

The Sale follows the second expiry of the IPO lock-up, during which 25% of the shares held by the concert of partners were released. The Sellers and the members of the Executive Committee who placed an order in the Sale have agreed to an additional 90-day lock-up, subject to certain customary exceptions.

The Sale occurred through an accelerated bookbuild offering to certain qualified investors with BNP PARIBAS acting as sole global coordinator and bookrunner.

Alain Rauscher, Chairman and CEO, commented: *“This transaction supports the gradual increase of Antin’s free float. The decision of part of our leadership team to increase their personal holdings in Antin as part of this transaction underscores their confidence in the firm’s long-term prospects, supported by secular trends driving the infrastructure asset class.”*
