CIS posted revenue of €123.1 million on a constant currency basis for the third quarter of 2025, showing 13.9% growth from Q3 2024.

On a reported basis, revenue totalled €121.6 million, for growth of 12.5%.

Business continued to grow thanks to the ramp-up of major contracts in Africa and Eurasia.

Over the first nine months of the year, the Group posted revenue of €362.0 million at constant currency, up 17.7%. On a reported basis, revenue amounted to €358.1 million over this period, an increase of 16.5%. This figure included a negative currency impact of €3.9 million, as opposed to a negative impact of €15.3 million at 30 September 2024.

### Continued growth in Africa and Eurasia

At end-September, Africa accounted for 55.3% of revenue (up 21% at constant currency) and Eurasia 41.9% (up 29% at constant currency). The Americas now only represent 2.8% (down 57% at constant currency) as contracts came to an end, especially in the public sector in Brazil.

## PRESS RELEASE

### Outlook

Given these business levels, CIS forecasts double-digit growth for the full year 2025. Moreover, the Group confirms its goal to surpass the milestone of €500 million in revenue in the medium term, by targeting, as a priority, major projects in the mining, energy and infrastructure sectors.

This positive growth momentum, combined with the ongoing implementation of performance plans Group-wide, contributes to enhancing its profitability profile. It also provides the resources to seize any external growth opportunities that align with its geographical expansion strategy.

#### About CIS

CIS was created in 1992 by Régis Arnoux, the Founder and Chairman. Today, the Group manages remote sites in the four corners of the globe, in the most isolated onshore and offshore environments. CIS supports major players in energy, mining and construction as well as institutions and governments through every step of their projects.

As a service integrator, CIS provides turnkey solutions to bring all of its residents well-being, comfort and a friendly atmosphere, so that its customers can focus on their core businesses.

The Group is committed to the sustainable development of the countries where it operates, by hiring, training its staff, forming partnerships with suppliers close to its sites, and engaging in local community initiatives.

CIS's approach is proactive, based on innovation and continuous improvement to reduce its impact on the environment. Every day, the Group works to improve its practices and guarantee its transparency.
