## Peugeot Invest sells the remainder of its stake in LISI for €116 million

Peugeot Invest announces the sale of the remainder of its stake in LISI, in line with the gradual divestment process initiated in 2024.

The transaction involved the disposal of 2,095,859 LISI shares at an average price of €55 per share. Following completion of the transaction, Peugeot Invest no longer holds any shares in LISI.

A shareholder in LISI since 1977, the Peugeot family group has supported the company's development and transformation into a leading player in its markets, particularly in aerospace. In 2023, Peugeot Invest played an active role in the reorganisation of LISI's shareholder structure, contributing to the stability of its shareholder base and the continuous control by the founding families. The successive disposals have also significantly increased LISI's free float and improved the liquidity of its shares.

The strong appreciation of the share price in recent years has enabled Peugeot Invest to realise nearly €390 million in value creation over the entire holding period, corresponding to an internal rate of return (IRR) of 11% over nearly 50 years.

**Jean-Charles Douin, Chief Executive Officer of Peugeot Invest, stated:** *“This transaction illustrates the momentum we have set in motion at Peugeot Invest: supporting companies over the long term, delivering sustainable value creation, and actively managing our portfolio with agility and discipline. It reflects our ability to seize favorable market conditions and further strengthens our financial flexibility as we continue to deploy capital in line with our long-term investment ambitions”.*

**Guillaume Falguière, Managing Director at Peugeot Invest, added:** *“We have supported LISI for nearly five decades. Our divestment, initiated in 2024, has been carried out successfully and reflects our expertise and execution discipline in capital markets transactions. We wish LISI and its teams every success going forward.”*

---

## ABOUT PEUGEOT INVEST

Peugeot Invest is a publicly listed investment company on Euronext and is majority-owned by Établissements Peugeot Frères. It pursues a long-term, sustainable value creation strategy, grounded in active portfolio management and a strong commitment to governance.

One of the main shareholders of Stellantis, Peugeot Invest builds and actively manages a diversified portfolio of minority interests in both listed and private companies, as well as private equity funds, primarily in Europe and North America. Its investment strategy focuses on four core sectors: healthcare, technology, financial services and business services, and is driven by a selective, high-conviction approach.
