Following the Offer period, which ran from 13 February to 13 March 2025, Brookfield Renewable Holdings and its concert parties will hold, following the settlement-delivery of the Offer, 158,568,130 shares² - representing a total aggregated holding of 97.73% of Neoen's share capital and theoretical voting rights³ - as well as 902,796 OCEANES 2020, representing 100% of the remaining outstanding OCEANES 2020 and 610 OCEANES 2022, representing 95.76% of the remaining outstanding OCEANES 2022⁴.

The conditions to implement a squeeze-out procedure on Neoen's shares and OCEANES 2022⁵ being met, and in accordance with the intent expressed in the offer document, Brookfield Renewable Holdings will request that the French financial markets authority (the "**AMF**") initiates the squeeze-out procedure for the remaining shares and OCEANES 2022 at their respective Offer price, net of costs and fees, namely: €39.85 per share, and €103,562.50 (ex-coupon⁶) per OCEANE 2022.

Xavier Barbaro, chairman and chief executive officer of Neoen, stated: *"We wish to express our sincere gratitude to all our shareholders for their trust and support. The success of this offer is an important milestone in our company's history. With this new shareholding structure, Neoen can now, more than ever, cement its position as a leading player in its field."*

⁴ See AMF notice 225C0518 dated 19 March 2025.

⁵ As 100% of the outstanding OCEANES 2020 were tendered to the Offer, the OCEANES 2020 will not be targeted by the squeeze out procedure and will be the subject of a delisting application from Euronext Access.

⁶ The amount of the Offer price per OCEANE 2022 is €103,562.50 following the coupon detachment of 1,437.50 euros on 12 March 2025.
