---

This report, prepared in application of the provisions of article L. 225-102-3 of the Commercial Code, lists the payments made during the 2018 financial year by VINCI group subsidiaries involved in an extractive activity, to the public authorities of each of the States or territories in which they perform their activities.

In accordance with the legal and regulatory provisions, this list includes the amounts of individual payments, or all payments when they are interconnected, equal to or greater than 100,000 euros, made per site, per country and per contribution type, to public authorities during the 2018 financial year. If no payment has been made by a subsidiary or if a subsidiary undertaking the extractive project has only made payments below the threshold of 100,000 euros, these projects or payment types are not included in this report's table.

The taxes and duties primarily include corporate tax owed for the financial year, as well as taxes relating to earnings and the production of the companies undertaking the projects. This report excludes taxes and duties collected on the basis of consumption or sales, such as value added taxes.

The fees and rents represent payments made in exchange for rights required for the exploitation of the quarries.

In the 2018 financial year, these payments were the following:
