About La Française de l'Énergie

La Française de l'Énergie is a Lorraine SME, leader in industrial ecology, specializing in producing the gas present directly in the coal and in the former coal mines of France and Belgium. Thanks to its recognised know-how in geology and engineering combined to its local positioning, La Française de l'Énergie supplies gas, green electricity and heat to regional players, replacing imported energy by energy local and cleaner energy. La Française de l'Énergie is on a significant growth path and aims to become a major player in the energy sector in Europe. The company is labelled as a young innovative company by Bpifrance.
