The Offeror specified in the Offer Document that it is not acting in concert with any third party or shareholder of the Company.

2. BACKGROUND AND CHARACTERISTICS OF THE OFFER

2.1 Background of the Offer

La Banque Postale, a limited liability corporation (*société anonyme avec directoire et conseil de surveillance*), is the parent company of La Banque Postale group.

CNP assurances, leading actor in the French personal insurance market, has been exclusively controlled by La Banque Postale since March 4, 2020, which is itself controlled by La Poste (which holds the entire share capital and voting rights of La Banque Postale) and, at the highest level, by the Caisse des dépôts et consignations (which holds 66% of the share capital and voting rights of La Poste, the remaining 34% being held by the French State).

⁵ The 374,074 treasury Shares held by the Company, representing 0.05% of the capital of the Company (information as of March 31, 2022), assimilated to those held by the Offeror pursuant to Article L. 233-9, I, 2° of the French Commercial Code, are not targeted by the Offer.

2.1.1 Signing of the Memorandum of Understanding

As mentioned in the Offer Document, LBP and BPCE, also an historical shareholder and distributor of CNP Assurances through its group's establishments, initiated discussions in October 2021 to streamline their shareholding relationships and strengthen their industrial partnerships.

At the initiative of the Offeror, LBP and BPCE have signed a memorandum of understanding on October 27, 2021 (the "**MoU**") providing for the BPCE Block Acquisition and the filing by LBP with the AMF, as soon as possible after the completion of the BPCE Block Acquisition, of a simplified tender offer for the Shares that it does not hold, at a price per Share identical to the Price per Share of the BPCE Block, which offer would be followed, if applicable, by the implementation of a squeeze-out if the legal conditions are met. The main stipulations of the MoU are described in the Offer Document and in section 6 of the Response Document. The signing of the MoU was announced in a joint press release issued by the Offeror and BPCE on October 28, 2021.

As announced on the same day in a press release issued by the Company, the board of directors of the Company decided on October 28, 2021 to set up an *ad hoc* committee, composed of independent directors and of the two directors representing the employees of the Company, which is responsible for monitoring the work of the independent expert.

Upon proposal of the *ad hoc* committee set up on October 28, 2021, the board of directors of the Company has appointed on November 18, 2021 Ledouble, represented by Mrs. Agnès Piniot and Mr. Sébastien Sancho, as independent expert with the role of preparing a report on the financial terms of the Offer and of the possible Squeeze-Out. This appointment was announced in a press release issued by the Company on the same day.

2.1.2 Completion of the BPCE Block Acquisition

As mentioned in the Offer Document, the completion of the BPCE Block Acquisition was subject to BPCE obtaining a non-objection decision from the *Autorité de contrôle prudentiel et de résolution*, in accordance with the Article R. 322-11-3 of the French Insurance Code (obtained on December 6, 2021).

On December 16, 2021, LBP and BPCE entered into an agreement relating to the BPCE Block Acquisition (the "**BPCE Block Acquisition Agreement**"), the main terms of which are described in the Offer Document and in section 6 of the Response Document.

The BPCE Block Acquisition was completed on December 17, 2021.

The Offeror mentioned that the financing of the amounts due by the Offeror in connection with the BPCE Block Acquisition, representing a total price of EUR 2,429,229,612.93 (including brokerage fees and the tax on financial transactions), has been done from its own resources.

2.2 Reasons for the Offer

In its Offer Document, the Offeror indicated that by increasing LBP's stake in CNP Assurances, the Offer would represent a new step in the creation of the large public financial group announced by the French Minister of the Economy and Finance on August 31, 2018. It would allow for the consolidation of a public bancassurance group, through simplification and integration of the group while preserving the multi-partnership and international model which has shaped CNP Assurances' success.

Moreover, the Offeror pointed out that the Offer would also accelerate the integration of CNP Assurances' and LBP's insurance business, allowing LBP to pursue its project of transferring its IARD insurance activities to CNP Assurances, in order to accelerate its ongoing diversification strategy, and to make CNP Assurances the sole insurer of LBP.

According to the Offeror, the Offer is also intended to promote the development of CNP Assurances in its domestic market as well as abroad.

As a result, if the minority shareholders do not represent more than 10% of the share capital and voting rights of CNP Assurances at the end of this Offer, LBP has announced its intention to require the AMF the implementation of the squeeze-out procedure as described in section 2.3.7 below. In this respect, the Offeror has mandated the Presenting Institutions to carry out an evaluation of the CNP Assurances shares⁶, a summary of which is reproduced below. In addition, the Company's board of directors appointed an independent expert to assess the valuation of the Company's share price, whose report is provided in section 9 of the Response Document.

2.3 Terms of the Offer

2.3.1 Main terms of the Offer

In accordance with the provisions of Articles 231-13 and 231-18 of the AMF's general regulation, the Presenting Institutions, acting on behalf of the Offeror, filed the Offer on March 16, 2022. A notice of filing has been published by the AMF on its website (www.amf-france.org) on March 16, 2022⁷. Barclays Bank Ireland PLC guarantees the content and the irrevocable nature of the commitments made by the Offeror in connection with the Offer and, as the case may be, the Squeeze-Out, in accordance with the Article 231-13 of the AMF's general regulation.

In accordance with Articles 233-1 and *seq.* of the AMF's general regulation, the Offer will be conducted following the simplified tender offer procedure.

In accordance with the provisions of Article 231-6 of the AMF's general regulation, the Offeror irrevocably undertakes to the Company's shareholders to acquire, at the Price Offer, all the Shares that will be tendered in the Offer during a period of twenty-two (22) trading days. The Price Offer equals to EUR 21.90 per Share (dividend coupon attached), i.e. EUR 20.90 per Share (dividend coupon detached)⁸.

2.3.2 Adjustment to the terms of the Offer

The Offeror stated that in the event that the Company proceeds to a Distribution (as defined below), in any form whatsoever, for which the reference date on which it is necessary to be a shareholder in order to be entitled to such Distribution is set between the date of the Offer Document and the settlement-delivery date of the Offer (included), the Offer Price per Share of the Company will be adjusted accordingly, on a euro per euro basis, to take into account this Distribution.

For the purposes of this paragraph, a "Distribution" means the amount per Share of any distribution in any form whatsoever (in cash or in kind), including (i) any distribution of a dividend, interim dividend, reserves or premiums, or (ii) any redemption or reduction by the Company of its share capital, or any acquisition or repurchase by the Company of its own shares.

It is specified that following the approval by the Company's annual general meeting held on April 22, 2022 of a distribution of a dividend of one (1) euro per Share, the Offer Price of 21.90 euros per Share (dividend attached) will be adjusted by an amount of one (1) euro as from the detachment date

⁶ A summary of such financial assessment is described in section 3 of the Offer Document.

⁷ Filing notice n°222C0622 dated March 16, 2022.

⁸ Following the vote by the Company's annual general meeting held on April 22, 2022 to distribute a dividend of one (1) euro per Share, the Offer Price of 21.90 euros per Share (dividend attached) will be adjusted by an amount of one (1) euro as from the detachment date scheduled for April 27, 2022, and will consequently amount to 20.90 euros per Share (dividend detached).

The AMF has published the declaration of conformity on its website (www.amf-france.org).

The Response Document having thus received the AMF's approval ("visa") will, in accordance with the provisions of Article 231-27 of the AMF's general regulation, be made available to the public free of charge, before the opening of the Offer and no later than the second trading day following the declaration of conformity, at the Company's registered office. The Response Document will also be published on the websites of the AMF (www.amf-france.org) and the Company (www.cnp.fr). As of the date of the Response Document, LBP holds 585,329,268 Shares and 1,011,927,783 theoretical voting rights in the Company, representing 85.25% of the share capital and 90.83% of the theoretical voting rights of the Company⁹.

The Offer targets all the Shares which are not held by LBP or assimilated thereto, i.e., as of the date of the Response Document, a maximum of 100,915,135 Shares, it being specified that the treasury Shares held by the Company are not targeted by the Offer¹⁰.

As of the date of the Response Document, there are no other equity securities or other financial instruments issued by the Company or rights conferred by the Company that may give access, immediately or in the future, to the share capital or voting rights of the Company.

2.3.5 Situation of the shareholders whose Shares are held via a FCPE

On March 31, 2022, 1,335,106 Shares of the Company are held by the *fonds commun de placement d'entreprise "Actions CNP"* (the "FCPE") set up within the Company, which are targeted by the Offer.

The FCPE's supervisory board will decide whether to tender to the Offer the Shares of the Company that it holds, subject to a modification of the FCPE's internal rules.

2.3.6 Conditions for the Offer's opening

As stated in the Offer Document, the opening of the Offer is not subject to any prior regulatory authorization, it being specified that the authorization from the Bank of Greece in favor of the Caisse des dépôts et consignations for the insurance company CNP Zois has been obtained on March 3, 2022.

2.3.7 Intentions of the Offeror regarding the squeeze-out

The Offer Document states that in accordance with Articles L. 433-4 II of the French Monetary and Financial Code and 237-1 et seq. of the AMF's general regulation, the Offeror intends to require the AMF, within three (3) months from the closing of the Offer, to implement a squeeze-out procedure for the Shares, if the number of shares not tendered to the Offer by the Company's minority shareholders (other than the treasury Shares held by the Company) does not represent, at the end of the Offer, more than 10% of the share capital and voting rights of CNP Assurances.

In such a case, the Squeeze-Out would relate to the Shares other than those held by La Banque Postale or assimilated to them (i.e. treasury Shares held by the Company). It would be made in consideration for an indemnification of the concerned shareholders at the Offer Price. The implementation of this procedure will result in the delisting of the Shares from Euronext Paris.

As mentioned in the Offer Document, in the event that the Offeror is not in a position, following the Offer, to implement a squeeze-out, it reserves the right to file a public tender offer followed, if applicable, by a squeeze-out for the shares it does not hold directly or indirectly or in concert at that date. In this context,

⁹ Based on a total number of 686,618,477 shares and 1,114,146,958 theoretical voting rights of the Company (information as of March 31, 2022 published by the Company on its website with, regarding the Company's theoretical voting rights, addition of the 7,645,754 additional voting rights acquired by the Offeror on April 2, 2022 as a result of the allocation of double voting rights). In accordance with Article 223-11 of the AMF's general regulation, the total number of voting rights is calculated based on all the shares to which voting rights are attached, including shares without voting rights such as treasury shares.

¹⁰ The 374,074 treasury Shares held by the Company, representing 0.05% of the capital of the Company (information as of March 31, 2022), assimilated to those held by the Offeror pursuant to Article L. 233-9, I, 2° of the French Commercial Code, are not targeted by the Offer.

the Offeror does not exclude increasing its stake in the Company after the end of the Offer and prior to the filing of a new offer in accordance with the applicable legal and regulatory provisions. In this case, the squeeze-out will be subject to the control review of the AMF, which will rule on its conformity in light of the independent expert's report to be appointed in accordance with the provisions of Article 261-1 of the AMF's general regulation.

2.4 Procedure for tendering in the Offer

As mentioned in the Offer Document, the Offer will be open for a period of twenty-two (22) trading days.

The Company will not be liable for any breach by any person of any rules and restrictions applicable to such person.

United-States of America

The Offer will be made in the United States of America in accordance with Section 14(e) of the U.S. Securities Exchange Act of 1934 as amended (the "**1934 Act**"), and the rules and regulations promulgated thereunder, including Regulation 14E after applying the exemptions provided by Rule 14d-1(d) of the 1934 Act ("Tier II" exemption) and the requirements of French law. Accordingly, the Offer will be subject to certain procedural rules, in particular those relating to the timing of the settlement, waiver of conditions and payment dates, which are different from U.S. rules and procedures relating to public offers.

The receipt of an amount of money under the Offer by a U.S. shareholder of CNP Assurances may be a taxable transaction for U.S. tax purposes, including U.S. federal income tax purposes, and may be a taxable transaction under state or local tax laws, as well as foreign or other tax laws. It is strongly recommended that each CNP Assurances U.S. shareholder should immediately seek independent professional advice regarding the tax consequences of accepting the Offer.

It may be difficult for U.S. shareholders of CNP Assurances to enforce their rights and claims under U.S. federal securities laws, since the Offeror and CNP Assurances are companies with their respective headquarters outside the United States of America and all or some of their respective officers and directors are residents of countries other than the United States of America. U.S. shareholders of CNP Assurances may not be able to sue proceedings in a court outside the United States against a non-U.S. company or its officers or directors alleging violations of U.S. securities laws. In addition, it may also be

difficult to compel a non-U.S. company and its affiliates to submit to judgments that would be rendered by a U.S. court.

To the extent permitted by applicable Laws and regulations, including Rule 14e-5 of the 1934 Act, and in accordance with customary practices in France, the Offeror and its affiliates or its broker(s) (acting as agent or in the name and on behalf of the Offeror or its Affiliates, where applicable) and CNP Assurances and its affiliates or its broker(s) (acting as agent or in the name and on behalf of CNP Assurances or its affiliates, where applicable) may, before or after the date of the Offer Document, directly or indirectly, purchase or arrange for the purchase of Shares outside of the Offer¹¹. Such purchases may be made on the market, on the basis of an order made at the Offer Price, or in off-market transactions at a price per Share equal to the Offer Price in accordance with the provisions of Article 231-39, II of the AMF's general regulation. These purchases will not be concluded at a price per Share higher than the Offer Price. To the extent that information concerning these purchases or these provisions is made public in France, it will also be made public by means of a press release or any other means that informs the U.S. shareholders of CNP Assurances, at the following address: www.cnp.fr. No purchases outside the Offer will be made by or on behalf of the Offeror, CNP Assurances or their respective affiliates in the United States of America. Offeror's and CNP Assurances' financial advisory affiliates may engage in ordinary trading activities in CNP Assurances securities, which may include making purchases or arranging for the making of certain arrangements for the purchase of such securities.

The Offer Document and/or the Response Document have not been filed with or reviewed by any market authority (federal or state) or other regulatory authority in the United States of America, nor have any such authority passed upon the accuracy or adequacy of the information contained in the Offer Document and/or the Response Document. Any statement to the contrary would be unlawful and may constitute a criminal offence.

3. REASONED OPINION OF THE COMPANY'S BOARD OF DIRECTORS

As of the date of the Response Document, the Company's board of directors is composed of:

- nine directors proposed by LBP:
 - La Banque Postale represented by Perrine Kaltwasser;
 - Yves Brassart;
 - Bertrand Cousin;
 - Sonia de Demandolx;
 - Nicolas Eyt;
 - François Géronde;
 - Philippe Heim;
 - Christine Marcellier;
 - Philippe Wahl;
- one director proposed by BPCE:
 - Laurent Mignon;

¹¹ It is specified that, on March 16, 2022, the Offeror realized the Off-market acquisition; such acquisition corresponding to the maximum number of Shares that may be acquired by the Offeror until the opening of the Offer in accordance with the provisions of Article 231-38, IV of the AMF's general regulation (see section 2.7 of the Offer Document).

- five independent directors:
 - Véronique Weill (chairwoman of CNP's board of directors);
 - Amélie Breitburd;
 - Marcia Campbell;
 - Stéphane Pallez;
 - Rose-Marie Van Leberghe;
- two directors representing employees:
 - Chahan Kazandjian;
 - Laurence Guitard.

Pursuant to Article 261-1, III of the AMF's general regulation, the board of directors held on October 28, 2021, decided to form an *ad-hoc* committee responsible for (i) making a recommendation to the board of directors on the selection of the independent expert, (ii) ensuring the supervision of its review, and (iii) preparing the draft reasoned opinion of the board of directors on the draft Offer.

The *ad-hoc* committee is composed of the independent directors and the directors representing employees, i.e.:

- Véronique Weill (chairwoman of CNP's board of directors);
- Amélie Breitburd;
- Marcia Campbell;
- Stéphane Pallez;
- Rose-Marie Van Leberghe;
- Chahan Kazandjian; and
- Laurence Guitard.

Based on a proposal of the *ad-hoc* committee, the board of directors decided on November 18, 2021, to appoint, in accordance with Articles 261-1, I, 1° and 4° and II of the AMF's general regulations, the financial firm Ledouble, represented by Agnès Piniot and Sébastien Sancho, as independent expert in charge of issuing a report including an opinion as to the fairness of the terms of the contemplated tender offer, followed by a squeeze-out if the conditions for implementation are met.

In accordance with the provisions of Article 231-19 of the AMF's general regulation, the Company's board of directors met on April 7, 2022, convened by Véronique Weill, chairwoman of the board of directors, in order to review the proposed Offer and to issue a reasoned opinion on the interest and consequences of the proposed Offer for the Company, its shareholders and its employees. All the members of the board were present or represented with the exception of Mr. Chahan Kazandjian, absent. The board of directors met under the chairmanship of Véronique Weill, chairwoman of the board of directors.

The reasoned opinion issued on April 7, 2022 is set out in full below:

« The Chairwoman reminds the members of the Board of Directors that they have been asked to convene today in order, inter alia and in accordance with the provisions of Article 231-19 of the General Regulation of the Autorité des Marchés Financiers (the French Financial Markets Authority or 'AMF'), to issue a reasoned opinion regarding the benefits and the consequences for the Company, its

shareholders and its employees of the proposed public tender offer (the '**Offer**') for the Company's shares at a price of €21.90 per share (cum dividend), initiated by La Banque Postale SA ('**La Banque Postale**' or the '**Offeror**').

The Chairwoman reminds that the proposed Offer was filed by the Offeror with the AMF on 16 March 2022.

The Chairwoman reminds the members that, prior to today's meeting, the members of the Board of Directors have been able to study the following documents in order to enable them to issue a reasoned opinion:

- the Draft Offer Document by the Offeror, filed with the AMF on 16 March 2022 and that contains, *inter alia*, the reasons for the Offer, the Offeror's intentions, the terms and conditions of the Offer (including an indicative timetable), and the elements for assessing the Offer price that have been prepared by the banks presenting the Offer;
- the Company's Draft Response Document which is intended to be filed with the AMF on 7 April 2022, together with the report by Ledouble (acting as independent expert) and the reasoned opinion of the Board of Directors;
- the report by Ledouble (acting as independent expert) that concludes that the financial terms of the Offer are fair, including for a potential squeeze-out and that there are no provisions in the related agreements and transactions that could adversely affect the interests of minority shareholders;
- the unanimous opinion of CNP Assurances' Social and Economic Committee on 8 March 2022 regarding the Offer; and
- the recommendation by the ad hoc committee of CNP Assurances which met prior to this meeting.

1. Creation of the ad hoc Committee

The Chairwoman reminded the members that, at its meeting of 28 October 2021, the Board of Directors set up an ad hoc committee (the '**Committee**'), responsible for preparing the Board of Directors' work on the proposed offer that had been announced by La Banque Postale that same day. As part of that, it was decided that the Committee's main task, in the context of the offer initiated by La Banque Postale, would be to examine all the terms and conditions of the proposed public Offer that was to be made, including the agreements or elements that could have an effect on the assessment or outcome of the Offer, to monitor progress and any discussions that may be held in that context, to recommend an independent expert responsible for preparing a report on the financial terms of the proposed Offer pursuant to Article 261-1 et seq. of the General Regulation of the AMF, to supervise the work of the independent expert in the context of the proposed Offer and to issue a recommended reasoned opinion on the proposed Offer to the Board of Directors.

When it was formed on 28 October 2021, the Committee was composed of six members:

- Véronique Weill, Chairwoman of the Board of Directors and of the Committee;
- Marcia Campbell;
- Rose-Marie Van Lerberghe;
- Stéphane Pallez;
- Laurence Guitard; and
- Chahan Kazandjian,

i.e., all the independent directors and directors representing the employees of the Company.

Amélie Breitburd, who was co-opted as an independent director at the meeting of the Board of Directors on 22 December 2021, was appointed to the Committee at that same meeting, taking the number of Committee members to seven.

2. Ad hoc Committee's work

Véronique Weill, as chairwoman of the Committee, then gives an account of its work and briefly summarizes the work carried out by the Committee as part of that.

i. Appointment of the independent expert

The Chairwoman reminds that, at its meeting on 10 November 2021, the Committee had examined the profiles and experience of several firms identified as able to meet the standard of skill required by applicable regulations. Following that review, the Committee chose Ledouble having paid particular attention to (i) the fact that it had no past or present connection with the Company, (ii) the recent experience of the proposed experts with public offers followed by squeeze-outs, notably with related agreements and (iii) generally, the professional reputation and the human and material resources of those experts.

At its meeting on 18 November 2021, the Board of Directors thus, on a recommendation by the Committee, appointed Ledouble (represented by Agnès Piniot and Sébastien Sancho) as independent expert pursuant to Article 261-1 for it to issue a report on the financial terms of the Offer.

Ledouble confirmed that it had no conflict of interest with the various parties involved and that it had the sufficient material resources and the availability required to carry out its tasks.

Furthermore, at the meeting of the Board of Directors on 18 November 2021, Viguié Schmidt & Associés A.A.R.P.I. was confirmed as legal adviser and Lazard was appointed as financial adviser, in order to assist the members of the Committee in the context of the transaction that was announced and the proposed Offer.

ii. The Committee's work and the Committee's monitoring of the independent expert's work

Since the independent expert was appointed on 18 November 2021, the Committee has met fourteen times, including eight times with the independent expert present. On each occasion, the Committee made sure that the independent expert had all the information it requires to carry out its tasks and that it was in a position to carry out its work under appropriate conditions.

The members of the Committee met for the purposes of their tasks, on each occasion with its legal advisers (Viguié Schmidt & Associés) and financial advisers (Lazard) present:

- on 10 November 2021, in order to examine at that first meeting the role of the Committee in the context of the transaction proposed by La Banque Postale. The Committee studied the profiles of several firms of independent experts and then decided to recommend to the Board of Directors that Ledouble be appointed. The Committee also studied and discussed the terms of the document that formalises the agreement between La Banque Postale and the BPCE Group and that was announced on 28 October 2021. Lastly, the Committee studied the profiles of the banks that may advise the Committee in the context of the transaction proposed by La Banque Postale and decided to appoint Lazard as adviser;*
- on 15 November 2021, with the independent expert present for some of the time, in order that Ledouble could set out its tasks as independent expert. The Committee also took stock, with its advisers, of the work being done in relation to La Banque Postale's proposed Offer;*
- on 23 November 2021, with the independent expert present for some of the time, in order that Ledouble could give an update regarding the work to obtain documents from La Banque Postale and CNP Assurances which will enable the independent expert to start work. The Chief*

Executive Officer of the Company also participated in order to present the organisational structure set up within the Company in the context of the proposed Offer;

- *on 7 December 2021, with the Chief Executive Officer of the Company present, in order that the Committee and its advisers could discuss the terms on which, as was indicated in the joint press release by La Banque Postale and the BPCE Group announcing their transaction, discussions could be held between the BPCE Group and CNP Assurances to extend the current savings/pensions (épargne-retraite) partnership until 2035. The Chief Executive Officer of the Company presented to the Committee his analysis and his proposals following meetings with the La Banque Postale and the BPCE Group teams. The Chief Executive Officer gave an account of what LBP and BPCE had agreed that CNP Assurances and BPCE would discuss in good faith a change to their partnership agreements for savings/pensions (épargne-retraite), term creditor insurance, personal risk insurance and group health insurance (assurance des emprunteurs, de prévoyance et de santé collective) to provide, by changing certain parameters while maintaining the main economic equilibrium of the partnership, for the savings/pensions (épargne-retraite) agreements to be extended until 31 December 2035. If, at the end of September 2023, those discussions have not been successful, the current agreements will be kept in place with no changes. As regards asset management, the Chief Executive Officer set out the current position regarding the discussions which were already underway between CNP Assurances and Ostrum Asset Management when the transaction by La Banque Postale and the BPCE Group was announced;*
- *on 14 December 2021, with the independent expert present for some of the time, in order that Ledouble could give an update on the progress with its work and the work to obtain the documents required for it to carry out its duties. The Chief Executive Officer, assisted by the Company's legal adviser (De Pardieu Brocas Maffei), gave an update on the discussions to be held with the BPCE Group between now and September 2023 regarding savings/pensions (épargne-retraite) and presented the current position regarding the discussions on extending the current asset management agreements between CNP Assurances and Ostrum Asset Management and between CNP Assurances and AEW Europe until 2030;*
- *on 21 December 2021, with the Chief Executive Officer present, for a presentation of the latest position on the negotiations regarding the current asset management agreements between CNP Assurances and both Ostrum Asset Management and AEW Europe that would be extended;*
- *on 4 January 2022, with the independent expert present, in order to give an update on the progress with its work and the work to obtain the documents required for it to carry out its duties. The Committee also examined the timetable for providing the 'business plan' that is to be given to the independent expert in accordance with stock exchange regulations in order that the independent expert can incorporate it into its valuation work;*
- *on 25 January 2022, in order that the Company's management could present the business plan entitled 'Plan stratégique 2021-2030' (Strategic Plan 2021-2030) that has to be approved by the Board of Directors. The Committee noted that the acquisition by CNP Assurances of La Banque Postale's non-life insurance businesses was not included in the business plan because its economic and financial terms had yet to be finalised. The Committee noted that that acquisition would be carried out after the Offer. The Committee emphasised the valuation and acquisition process aspects as a point to which particular attention should be paid;*
- *on 8 February 2022, in order that Lazard could present its preliminary work to value CNP Assurances. The members of the Committee were able to discuss these elements and in particular the sample of trading comparables;*
- *on 15 February 2022, with the independent expert present for some of the time, in order that Ledouble could give an update on the position regarding the information it has, both for its*

valuation work and for the related agreements which are the proposed disposals by La Banque Postale to the BPCE Group of its interests in AEW and Ostrum AM;

- on 8 March 2022, with the independent expert present for some of the time, in order that Ledouble could give an update on its valuation work and give an account of the ranges of value of the Company resulting from the multi-criteria valuation that it is carrying out. Ledouble indicated that its calculations will be updated with the market data at the end of March, for the preparation of its fairness opinion. The Committee noted that La Banque Postale has undertaken that the integration of its non-life insurance businesses within CNP Assurances will be carried out at a fair value and according to a process that complies with best governance practice;
- on 15 March 2022, in order to learn of further issues in addition to the 'Plan stratégique 2021-2030' that had been requested by the independent expert and Lazard which were presented by the Company's management. Lazard furthermore presented its work to value Ostrum Asset Management and AEW Europe in the context of the disposals of the minority interests held in those entities by La Banque Postale to the BPCE Group;
- on 29 March 2022, with the independent expert present for some of the time, in order that the independent expert could present its draft report which will be updated with the market data as at 31 March 2022;
- on 5 April 2022, with the independent expert and the Chief Executive Officer present, and at which the Committee studied the independent expert's draft report updated with the market data as at 31 March 2022. Management presented the main terms of the asset management agreements to be entered into between the Company and Ostrum Asset Management and between the Company and AEW; and
- on 7 April 2022, with the independent expert present, at which the independent expert presented its final report and the Committee finalised its recommendation to the Board of Directors.

The Committee noted that the independent expert has had access, as part of its work, to the estimated data that the Company believes are pertinent in order to satisfy the requirements of the stock exchange regulations in the event of a public offer. The Company's management has updated its 2030 strategic plan which has been sent to the Committee, the Board of Directors, the Offeror and the independent expert. The Central Scenario of that business plan incorporates a certain number of macroeconomic and commercial assumptions that management has deemed appropriate to CNP Assurances' position. That Central Scenario of CNP Assurances' 'Plan stratégique 2021-2030' was presented to the Committee on 25 January 2022 and approved by the Board of Directors on 16 February 2022. Furthermore, the independent expert has had access to sensitivity analyses of the Central Scenario, which have been carried out by CNP Assurances at the request notably of the independent expert, with the aim of illustrating the distortion of the financial trajectory in macroeconomic assumptions that are different from those used in the Central Scenario. In those analyses, the financial management assumptions of the Central Scenario were reviewed, marginally, in order to reflect as realistic a financial trajectory as possible. Those sensitivity analyses are an illustration only and have not been confirmed by CNP Assurances' Board of Directors.

Furthermore, the Committee indicated that it has not been informed of or noted any factors that could interfere with the independent expert's work proceeding smoothly.

A detailed account of the interactions between the Committee and the independent expert is contained in Ledouble's appraisal report.

iii. Conclusions of the independent expert's report

The Chairwoman of the Board of Directors then gave the floor to Agnès Piniot and Sébastien Sancho in order that they could present the conclusions of the report prepared by Ledouble under the supervision of the Committee in accordance with the provisions of Article 261-1 of the General Regulation of the AMF and AMF Instruction 2006-15 on fairness opinions in the context of corporate finance transactions.

Ledouble (represented by Agnès Piniot and Sébastien Sancho) summarised the conclusions of its work to the Board of Directors:

'In accordance with the terms of reference of the Independent Expert (Section 1.1), we have endeavoured to check:

- that the Offer Price is fair in view of the value of the Share that is derived from the Multi-criteria Valuation, for a potential squeeze-out, in the event that, when the Offer ends, the Shares that have not been contributed to the Offer by CNP's Minority Shareholders would not represent more than 10% of the share capital and voting rights in the Company;*
- that there are no provisions in the Related Agreements and Transactions that could adversely affect the interests of the Minority Shareholders.*

Please note that we are assessing the Offer Price by reference to the financial terms of the Offer and the valuation of the Share in the present circumstances, which, by definition, differ from the conditions under which the Minority Shareholders have been able, case-by-case, to acquire their shares.

We have found that:

- the VWAPs, notably those recorded over the '60 days, 120 days and 180 days of trading preceding the announcement or the event giving rise to the offer', and the analysts' price targets on the date the Offer was announced, are well below the Offer Price (Section 4.3.1 and Section 4.3.3);*
- the fundamental value of the Share by means of its intrinsic valuation (DDM) on the basis of the Central Scenario or its valuation by using comparables (Trading Comparables and Transaction Comparables), confirms that there is a premium generated by the Offer Price with all of the valuation methods used (Section 4.7);*
- the sensitivity analyses carried out with the alternative scenarios confirm that the Offer Price reflects a value of the Share that is based on an anticipated increase in interest rates and a CAC 40 target at a high level. The scenarios characterised as stress tests show a value of the Share that is well below the Offer Price (Section 4.5.1.3).*

Furthermore:

- no transaction has been carried out by the Offeror relating to the Company's share capital during the last 18 months at a price greater than the Offer Price;*
- we have obtained confirmation that:*
 - as indicated in the Draft Offer Document, the Offeror does not expect any cost synergies as a result of the Offer (Section 2.3.1);*
 - the Offeror has not received any offer for the Company's shares at a price greater than the Offer Price;*
 - the Offeror has not anticipated any substantial changes to its day-to-day contractual relationship with the BPCE Group, which could benefit BPCE favourably and that could be likened to an earn-out granted to BPCE.*

The Related Agreements and Transactions have no effect on our assessment of the fairness of the Offer Price (Section 6).

We have not received any letters or emails from minority shareholders and we have not been notified of any by Management, by the Offeror or by the departments of the AMF (Section 7).

At the end of our work to value the Share:

- we are in a position to conclude that the Offer Price is fair from a financial point of view for the shareholders contributing their shares to the Offer, and for a potential squeeze-out;
- we have not identified, in the Related Agreements and Transactions, any provisions that could adversely affect the interests of CNP's shareholders whose shares are covered by the Offer.'

The Board of Directors noted that, according to the report prepared by Ledouble, the Offer price offered by the Offeror, of €21.90 per CNP Assurances share (cum dividend), is fair for the Company's shareholders in the context of the Offer, including for a squeeze-out and that Ledouble has not identified, in the related agreements and transactions, any provisions that could adversely affect the interests of CNP Assurances' shareholders whose shares are covered by the Offer.

3. Measures that could cause the Offer to fail that have been introduced by CNP Assurances

The Chairwoman reminds that the Company has not taken any decisions that could be characterised as measures that could cause the Offer to fail.

4. Principal written observations from shareholders received in accordance with stock exchange regulations

The Chairwoman indicates that since La Banque Postale's proposed Offer was announced on 28 October 2021, the Company has not received any written observations from any shareholders.

5. Recommendation of the ad hoc Committee

The Chairwoman indicates that on 7 April 2022, the Committee finalised its recommendation to the Board of Directors regarding inter alia the draft report by the independent expert.

- Benefit of the Offer for the Company

The Committee noted that the proposed Offer is of strategic interest to CNP Assurances for several reasons.

The Committee noted that the proposed Offer is the continuation of Project Mandarine that began in June 2019 and was implemented in March 2020, the aim of which, under the aegis of La Caisse des Dépôts, was to consolidate the public bancassurance group with La Poste, La Banque Postale and CNP Assurances by promoting the emergence of a simplified group, while retaining CNP Assurances' multi-partner and international model.

The Committee also noted the Offeror's intentions, as described in the Draft Offer Document, and notably that the Offeror does not envisage changing the governance of the Company regardless of the outcome of the Offer and intends to continue the Company's business activities in accordance with the strategy currently being implemented, which will not be affected regardless of the outcome of the Offer; the Committee noted in particular that the multi-partner and international model which has made the Company a success will be retained, and noted that retaining the committee that monitors distribution partnerships, as it is currently comprised and with its current powers, will contribute to that.

The Committee noted that the proposed transaction would enable CNP Assurances to:

- (i) strengthen the integrated bancassurance model, added to by the integration and consolidation of all the insurance businesses of La Banque Postale within CNP Assurances;

- (ii) further align the interests of CNP Assurances and La Banque Postale through better integration of the product creation (CNP Assurances) and distribution (La Banque Postale) chain;
- (iii) position itself as the group's insurance vehicle, the main driving force behind La Banque Postale's external growth and internationalisation strategy, strengthening its positioning on high-growth markets;
- (iv) accelerate the transformation of its model (via digitisation notably) while remaining multi-partner;
- (v) implement its new ambitions in IARD (fire, accidents and multi-risk insurance) with La Banque Postale's non-life businesses coming together and thus transform CNP Assurances which would become a significant IARD player.

The Committee indicated that it has paid particular attention to the following matters regarding the proposed Offer:

- (i) the agreements to be entered into between CNP Assurances and Ostrum Asset Management on the one hand and AEW on the other hand, extending the asset management agreements on the current terms until 2030;
- (ii) the agreement entered into between La Banque Postale and the BPCE Group which provides that discussions must take place between the BPCE Group and CNP Assurances regarding their partnership agreements relating to savings/pensions (épargne-retraite), term creditor insurance, personal risk insurance and group health insurance (assurance des emprunteurs, de prévoyance et de santé collective); the Committee noted that the principle of the agreement gives CNP Assurances the right not to agree to the proposed changes if those changes would not enable the main economic equilibrium of the partnership to be maintained, on the understanding that such equilibrium will be sought when extending the agreements until 31 December 2035, in amending CNP Assurances' co-insurance allocation for term creditor insurance (assurance des emprunteurs) and in other parameters to be agreed to the extent required in order to achieve the stated aim. If the negotiations to extend the agreements until 31 December 2035 have not been successful by the end of September 2023, then the current conditions of the partnership will remain unchanged;
- (iii) the proposal to transfer the non-life insurance businesses of La Banque Postale to CNP Assurances, in order to accelerate the current strategy to diversify CNP Assurances and to make it the sole insurer of La Banque Postale; the Committee noted that La Banque Postale has undertaken that the integration of its non-life insurance businesses within CNP Assurances will be carried out at a fair value and according to a process that complies with best governance practice. The Committee would have liked to have had a clearer view of the integration of these non-life insurance businesses of La Banque Postale, including regarding the consequences for CNP Assurances' staff.

Having studied the above information, the Committee is of the opinion that the Offer is clearly in the Company's interests.

– The Offer price and benefit of the Offer for the shareholders

The Committee noted that the Offeror is proposing to acquire, in cash and at a price of €21.90 per share, all of the Company's shares that it does not hold as at the date the Offer was filed.

The Committee noted that the tentative timetable for the Offer provides that the Offer is opened after (2 May 2022) the date of the general meeting of the shareholders of CNP Assurances (22 April 2022), at which the shareholders will be asked to vote on a dividend of €1. The Offeror

has indicated that if the detachment date of the €1 dividend proposed for the 2021 accounting period is prior to the settlement-delivery date of the Offer, the amount thereof will be deducted from the price per share for the Offer, i.e., €20.90 per share. The Committee emphasised the fact that the shareholders contributing their shares to the Offer will consequently have to be very closely monitored.

The Committee noted that the price offered in the context of the Offer is identical to the price paid by La Banque Postale to acquire the minority interest in the Company's share capital held by the BPCE Group on 17 December 2021.

The Committee has studied the elements for assessing the offer price of €21.90 per share presented by the banks presenting the Offer in the Offeror's Draft Offer Document.

The Committee has studied the details of the multi-criteria analysis carried out by Lazard for the valuation of the Company which shows that the Offer price compares favourably with all the criteria used.

The Committee has examined the report prepared by Ledouble and the multi-criteria analysis followed by the independent expert, leading Ledouble (represented by Agnès Piniot and Sébastien Sancho) to conclude that the offer price offered by the Offeror is fair from a financial point of view for the Company's shareholders, including for a squeeze-out.

The Committee noted that the Offer price shows a premium of 36% on the quoted price pre-announcement and 50% on the volume-weighted average price over the twenty (20) days pre-announcement.

The Committee noted that Ledouble has indicated in its fairness opinion that:

- the volume-weighted average prices (VWAPs) for the CNP Assurances share, notably those recorded over the '60 days, 120 days and 180 days of trading preceding the announcement or the event giving rise to the offer', and the analysts' price targets on the date the Offer was announced, are well below the Offer price;
- the fundamental value of the CNP Assurances share by means of its intrinsic valuation (DDM) on the basis of the central scenario or its valuation by using comparables (Trading Comparables and Transaction Comparables), confirms that there is a premium generated by the Offer Price with all of the valuation methods used; and
- the sensitivity analyses carried out with the alternative scenarios confirm that the Offer Price reflects a value of the Share that is based on an anticipated increase in interest rates and a CAC 40 target at a high level. The scenarios characterised as stress tests show a value of the Share that is well below the Offer Price.

Consequently, the Committee is of the opinion that the Offer represents an opportunity for the shareholders to have immediate liquidity, on price terms that are considered fair by the independent expert, including if the squeeze-out is implemented and in the absence of provisions in the related agreements and transactions that could adversely affect the interests of the Minority Shareholders.

- Benefit of the Offer for the employees

The Committee noted that the Offeror has indicated that the proposed Offer would enable the collaboration between CNP Assurances and La Banque Postale to be strengthened and would have:

- (i) no effect on CNP Assurances' strategy:

- the CNP Assurances name and brand are retained;
 - CNP Assurances' international and multi-partner strategy is continued;
- (ii) no effect on the organisational structure of CNP Assurances:
- the governance of CNP Assurances will remain unchanged;
 - no change of organisational structure is envisaged as a result of the proposed Offer;
 - the aim of the proposed Offer is simply to allow a closer working relationship and better collaboration;
- (iii) no effect on CNP Assurances' staff levels:
- the Offeror does not anticipate any effects on CNP Assurances' staff levels, with the exception of the positions dedicated to the listing on a regulated market which may be affected by the proposed Offer, although the Offeror has undertaken that CNP Assurances will propose adjustments to their positions and that CNP Assurances' financial communication department teams will continue to perform their duties that are unrelated to the Company's listing. Quite the reverse, the proposed Offer would create career opportunities for CNP Assurances' employees;
- (iv) no effect on the individual or collective status of CNP Assurances:
- no impact on the employment contracts or place of employment of CNP Assurances' employees;
 - no effect on the collective-bargaining agreements, company-wide agreements, unilateral undertakings and habitual practices in place within CNP Assurances or on the employee representative bodies which will remain unchanged.

Furthermore, the Committee noted that the Offeror has indicated that it does not intend to merge with CNP Assurances and that the Offer would have no effect on the Company's legal structure.

The Committee noted the terms of the unanimous opinion that CNP Assurances' Social and Economic Committee issued on 8 March 2022. The Committee emphasised that the Social and Economic Committee noted *inter alia* that this transaction does not create any new obligation or restrictions for CNP Assurances, and that La Banque Postale has an interest in CNP Assurances' earnings increasing and in facilitating the search for partnerships outside the group and the development of the open model.

In light of this, the Committee is of the opinion that the Offer as described in the Offeror's Draft Offer Document is in accordance with the interests of the Company's employees and should not have any specific effects in terms of employment.

Having completed its tasks and having studied the work of the independent expert and all the information above, the Committee, by a unanimous vote of the members present with the exception of Laurence Guitard who abstained and it being specified that Chahan Kazandjian was absent, **recommended** to the Board of Directors, that it conclude that the Offer is in the interests of the Company, its shareholders and its employees.

5. INTENTIONS OF THE COMPANY WITH REGARD TO THE TREASURY SHARES

6. AGREEMENTS THAT MAY MATERIALLY AFFECT THE ASSESSMENT OF THE OFFER OR ITS OUTCOME

The agreements that may materially affect the assessment of the Offer or its outcome are detailed in the Offer Document whose description is provided in the section 6 of the Response Document.

7. COMPANY'S BUSINESS PLAN

In order to perform their analysis of the financial terms of the Offer, the independent expert, the Offeror and the Presenting Institutions have had access to the business plan prepared by the Company, also called "2021-2030 Strategic Plan", and approved by the board of directors of the Company on February 16, 2022 (the "**Strategic Plan**").

The Strategic Plan is based on the following main assumptions:

- Macroeconomic conditions and assets yields in line with market conditions observed as of December 1, 2021;
- Continuation of the Company's commercial expansion plan consistent with the strategy established by CNP Assurances' management and its commercial partners prior to the Offer – notably a shift in product mix towards unit-linked contracts (inflow to unit-linked savings/pensions contracts up to 12 pts over the 2021-2030 period and linked liabilities up to 17 pts over the 2021-2030 period in France) – resulting in an average annual growth rate of CNP Assurances' total revenue of 3.4% over the 2021-2030 period;
- Continuation of the Company's strategy and financial management consistent with its historical practices:
 - o an annual growth rate of CNP Assurances' attributable net profit of 2.6% over the 2021-2030 period, reflecting the significant increase of international activities' contribution;
 - o a dividend distribution rate (or "payout") of 45%, in line with CNP Assurances' historical practices;
 - o an annual growth rate of CNP Assurances' group Solvency Capital Requirement ("SCR") of 1.9% over the 2021-2030 period.

Under these assumptions, CNP Assurances' solvency ratio would stand within a range of 215%-220% over the 2021-2030 period, after taking into account eligible policyholder surplus reserve.

In addition, several sensitivity analyses of the central scenario have been carried out by CNP Assurances management, with the aim of illustrating the distortion of such central scenario in different macroeconomic environments, covering both more favourable and worse situations.

The Strategic Plan reflects the management's objectives and includes forward-looking information, expectations and assumptions involving risks, uncertainties and other factors, about which no guarantee

can be given and which may lead to actual figures differing materially from what is being shown in the Response Document.
